# Oversight and Decision Making

# Stretch Run

- Our safety plan said up to 30% of enrollment would be on campus at any given time.
- We anticipated a model where students came either Monday/Tuesday or Thursday/Friday
- At present we have fewer than thirty percent TOTAL who wish to come back at three schools - Mills, Capuchino, and San Mateo
- At these three schools, all students who expressed an interest in returning will be given the opportunity to come four days a week STARTING APRIL 26
- All schools will reach out to families where students are struggling and not coming in for in-person learning and encourage them to come to campus for classes
