

A photograph of a modern classroom. In the foreground, several rows of light-colored desks with black frames and perforated white chairs are visible. In the background, a chalkboard is covered with yellow chemical structures and formulas, including benzene rings, alcohols, and various chemical equations. To the right, there is a decorative wall with a hexagonal pattern. The lighting is bright, suggesting a window on the left.

## ▶ BACKGROUND

### WHAT IS THE CALIFORNIA VOTING RIGHTS ACT (“CVRA”)?

- Took effect January 1, 2003.
- Prohibits the use of “at-large” elections when such an election system:

*“impairs the ability of a protected class to elect candidates of its choice or its ability to influence the outcome of an election....”*

-(Elections Code §14027.)

- On February 26, 2019, Board Adopted Resolution 19-15 declaring its intent to transition from at-large elections to by-area elections by the 2022 election

## ▶ TYPES OF ELECTIONS

### AT-LARGE ELECTIONS

Candidates must reside within the District's boundaries and are elected by all the voters who reside in the District's boundaries (Education Code Section 5030(a)). This is the method of election currently used by Paso Robles Joint Unified School District.

### FROM-TRUSTEE AREA ELECTIONS

Candidates must reside in specific geographic areas within the District's boundaries called "Trustee Areas" but are elected by all the voters who reside in the District's boundaries (Education Code Section 5030(c)).

### BY-TRUSTEE AREA ELECTIONS

Candidates must reside in specific Trustee Areas within the District's boundaries and are elected only by the voters who reside in the same Trustee Areas (Education Code Section 5030(b)). ***This method of election is the only method that is safe from challenge under the California Voting Rights Act.***
