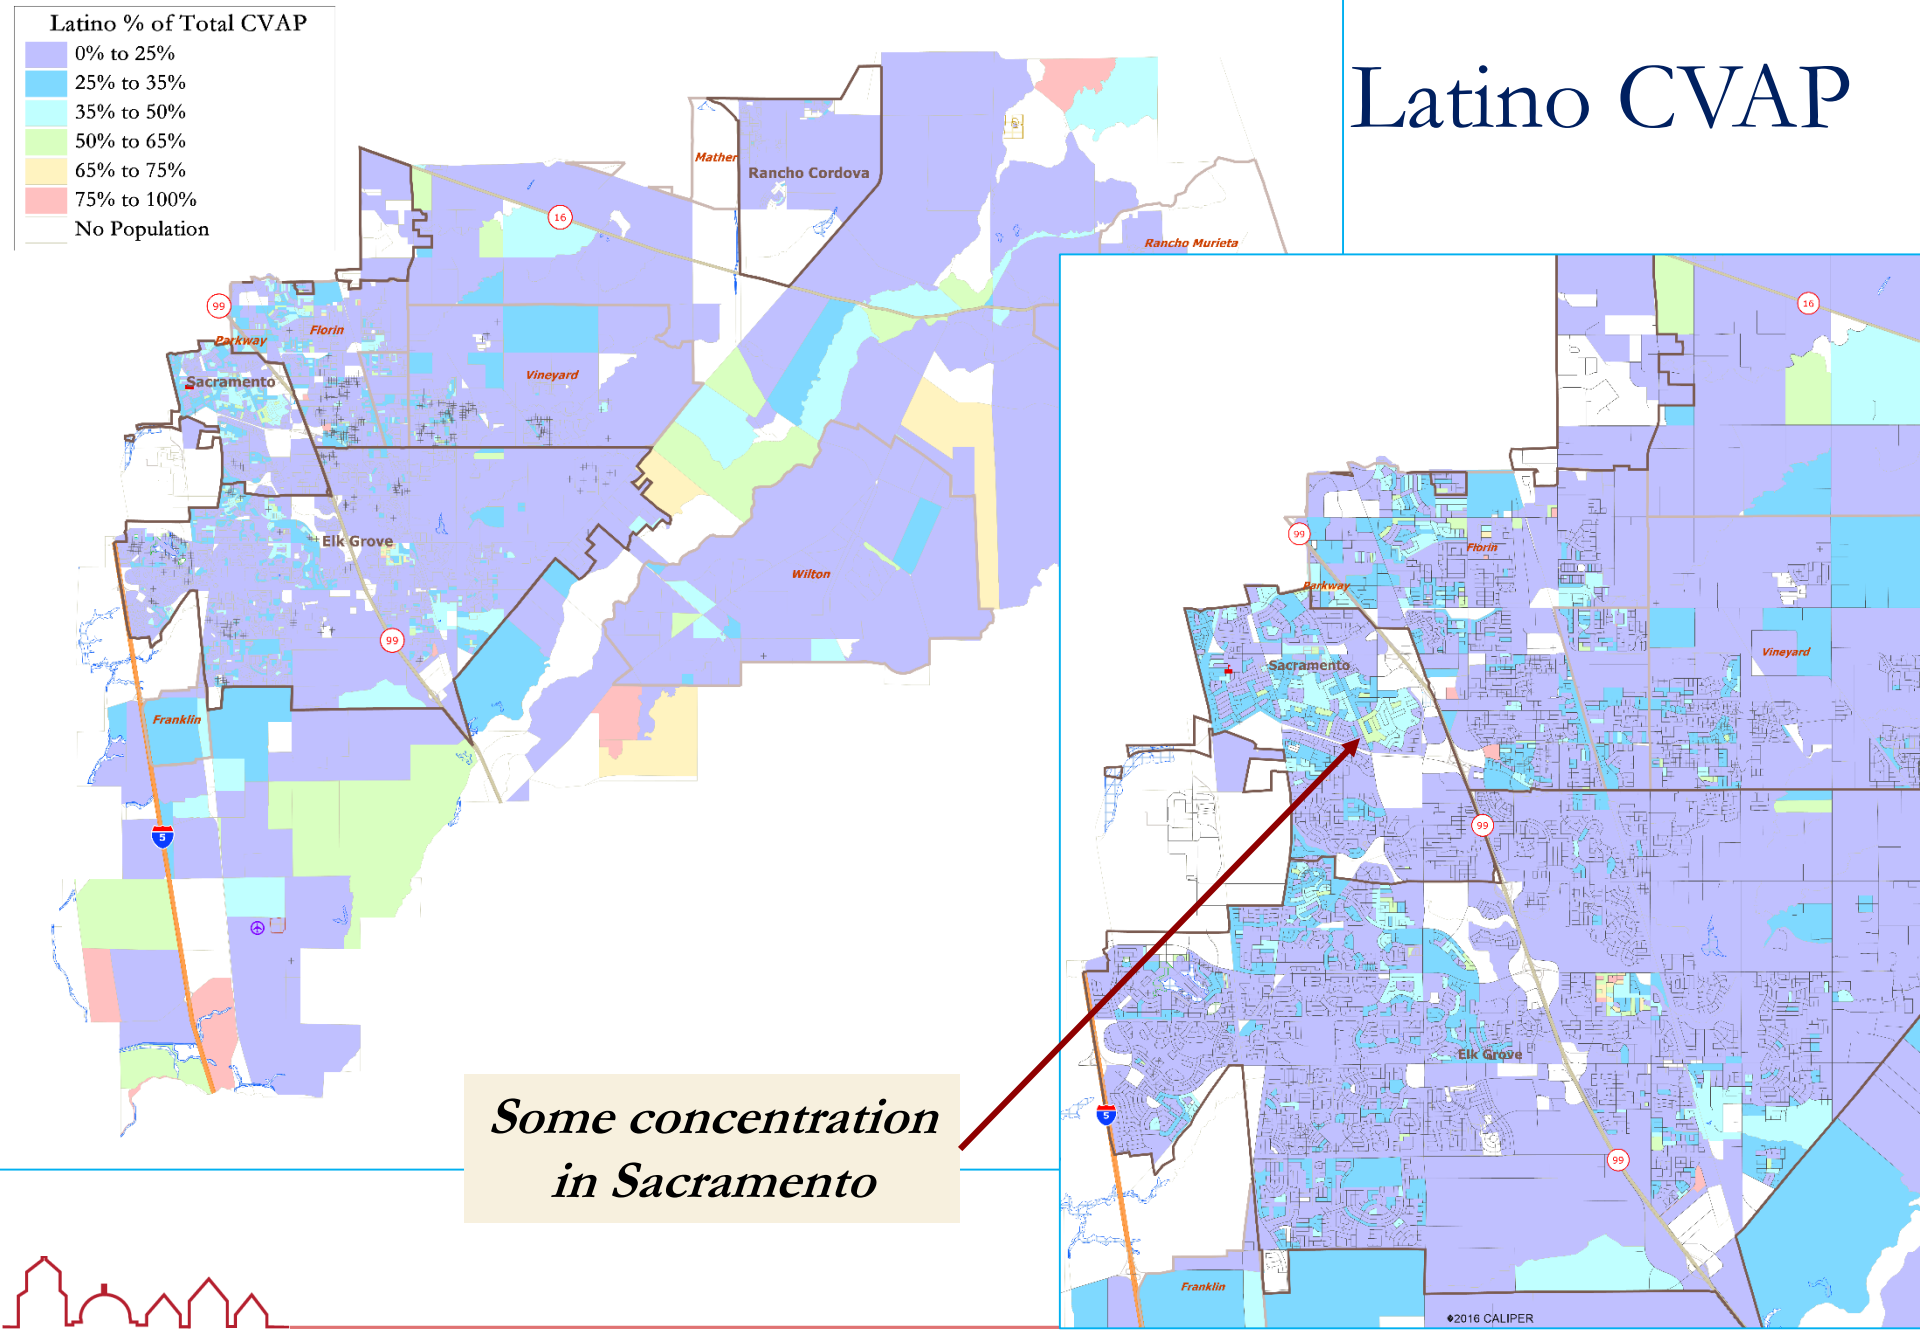
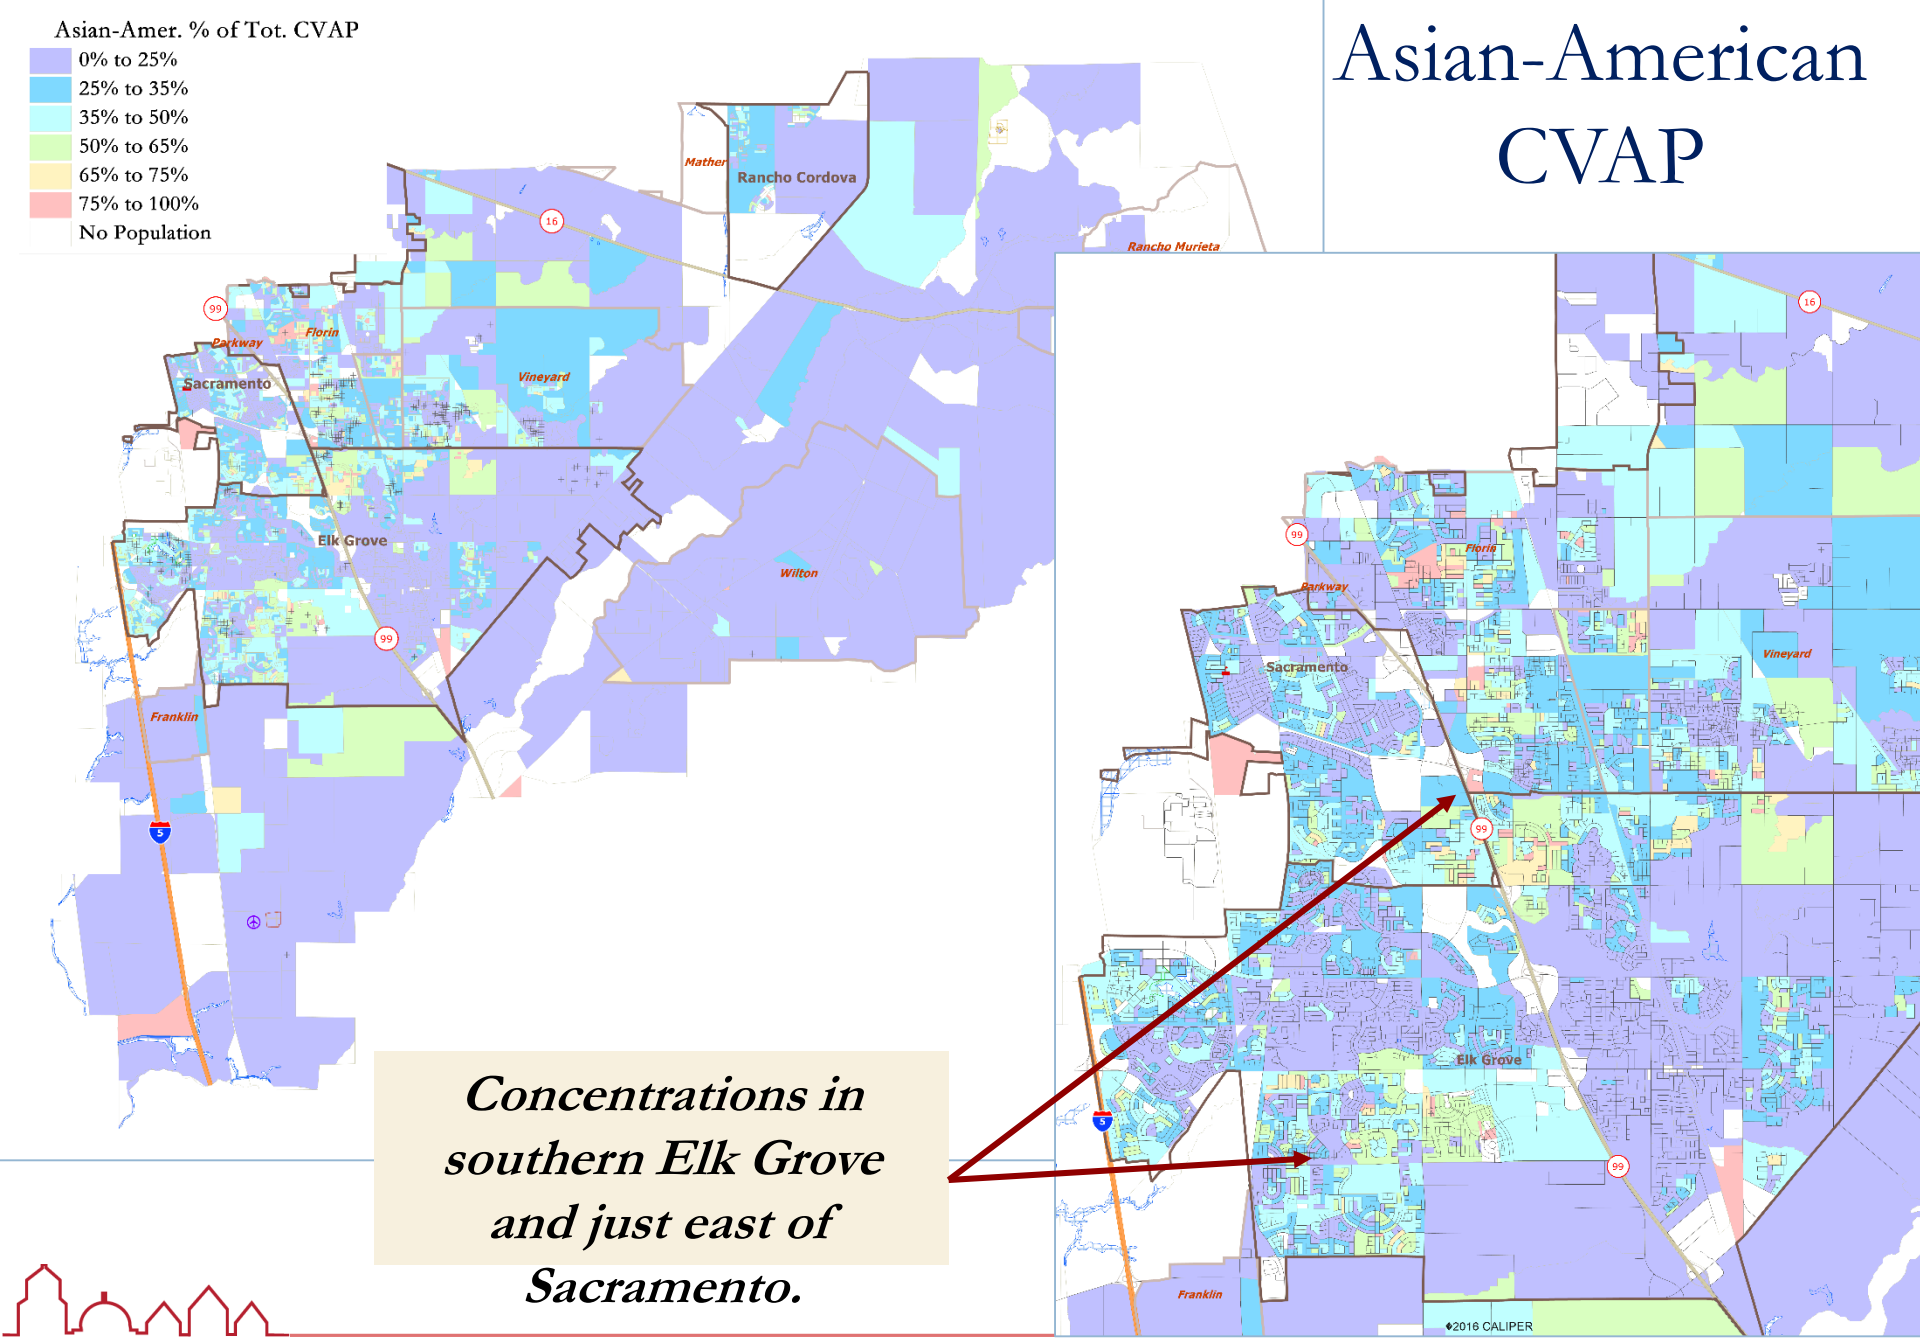
Latino CVAP



Some concentration in Sacramento

The rural yellow and green Census Blocks have very small population counts.

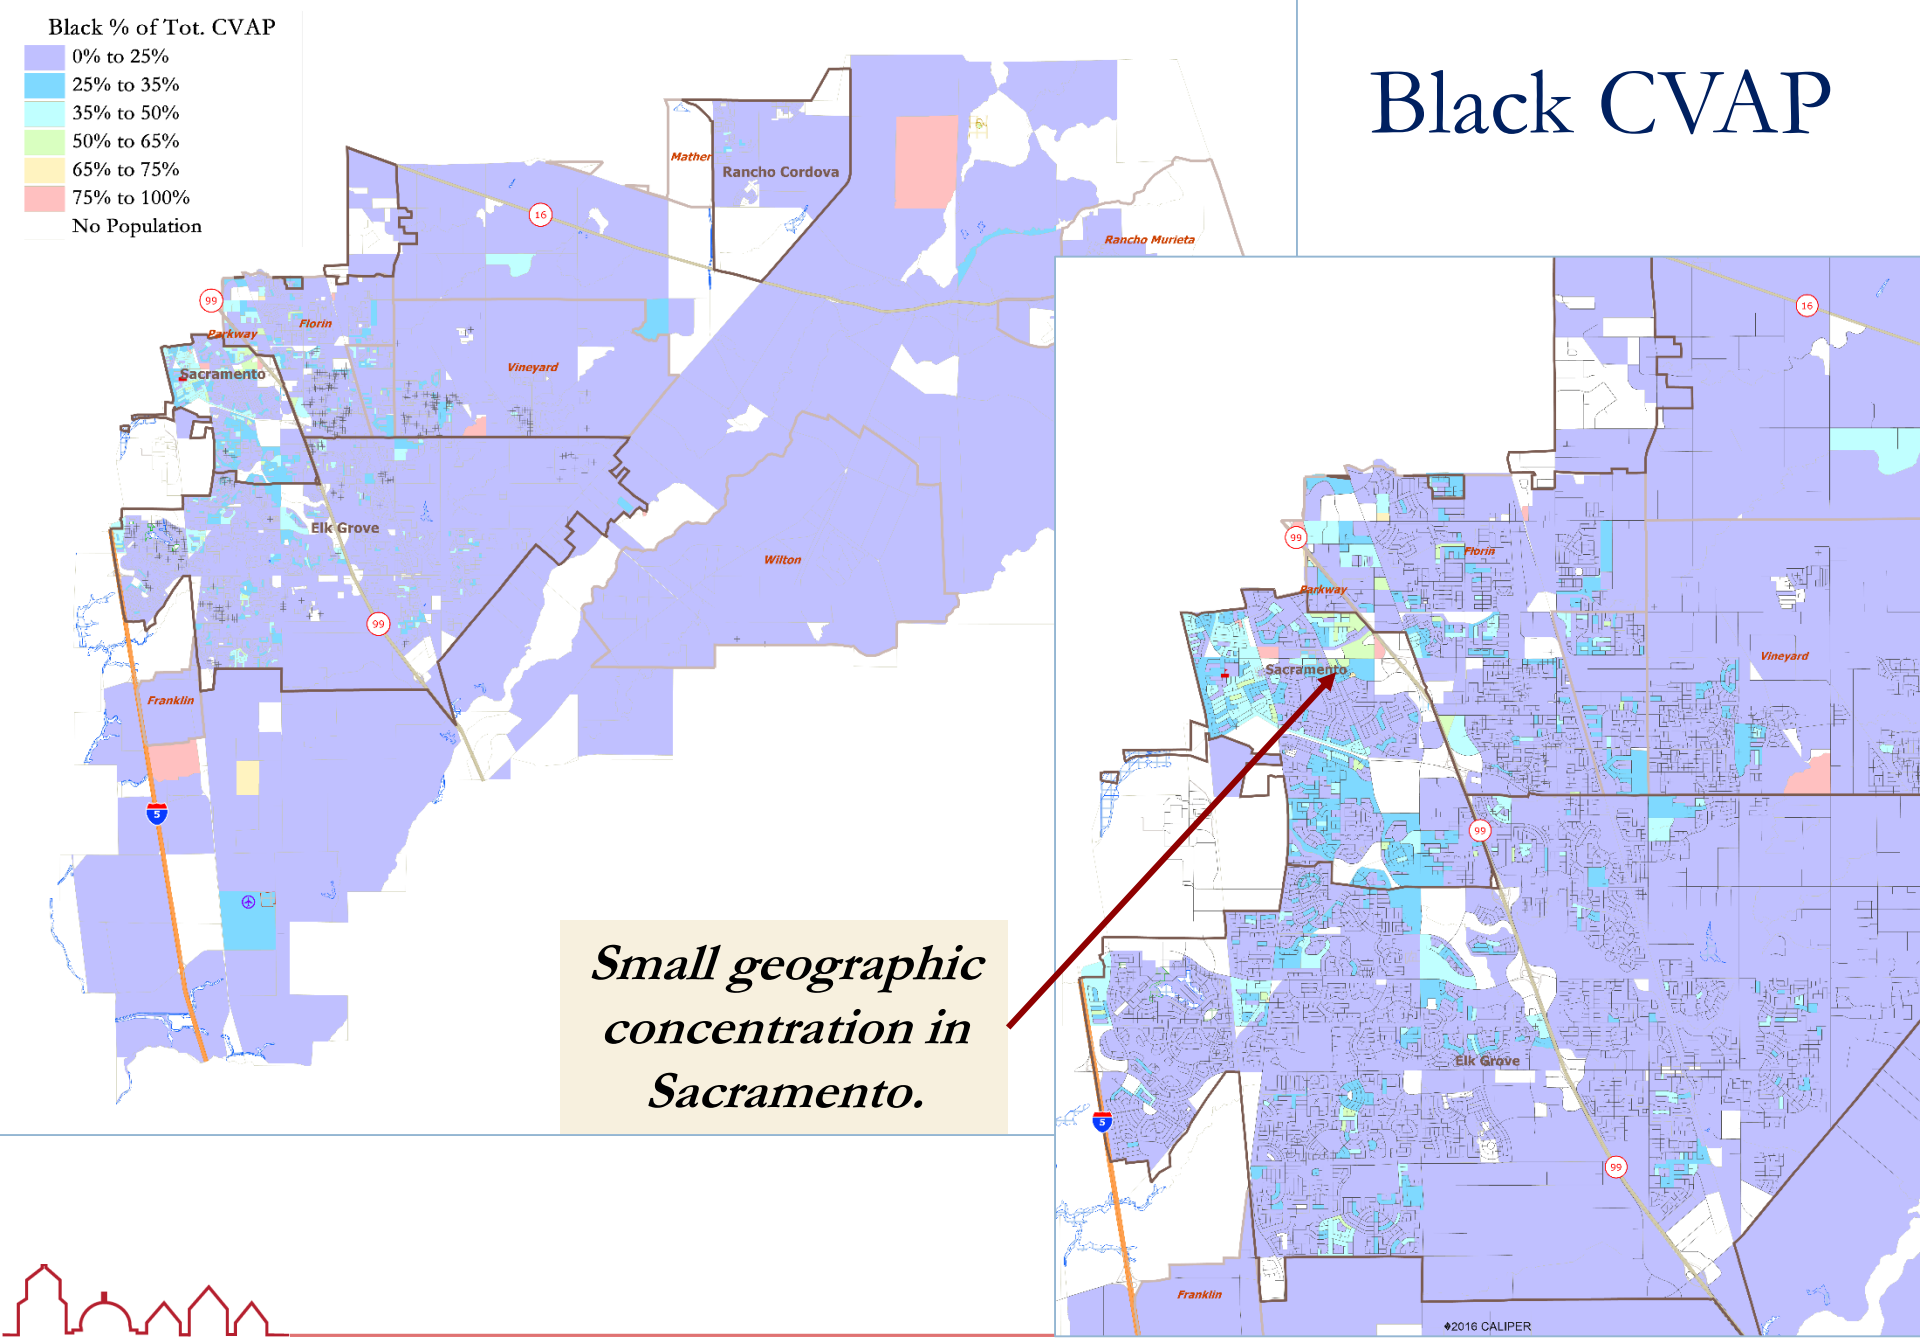
Asian-American CVAP



Concentrations in southern Elk Grove and just east of Sacramento.

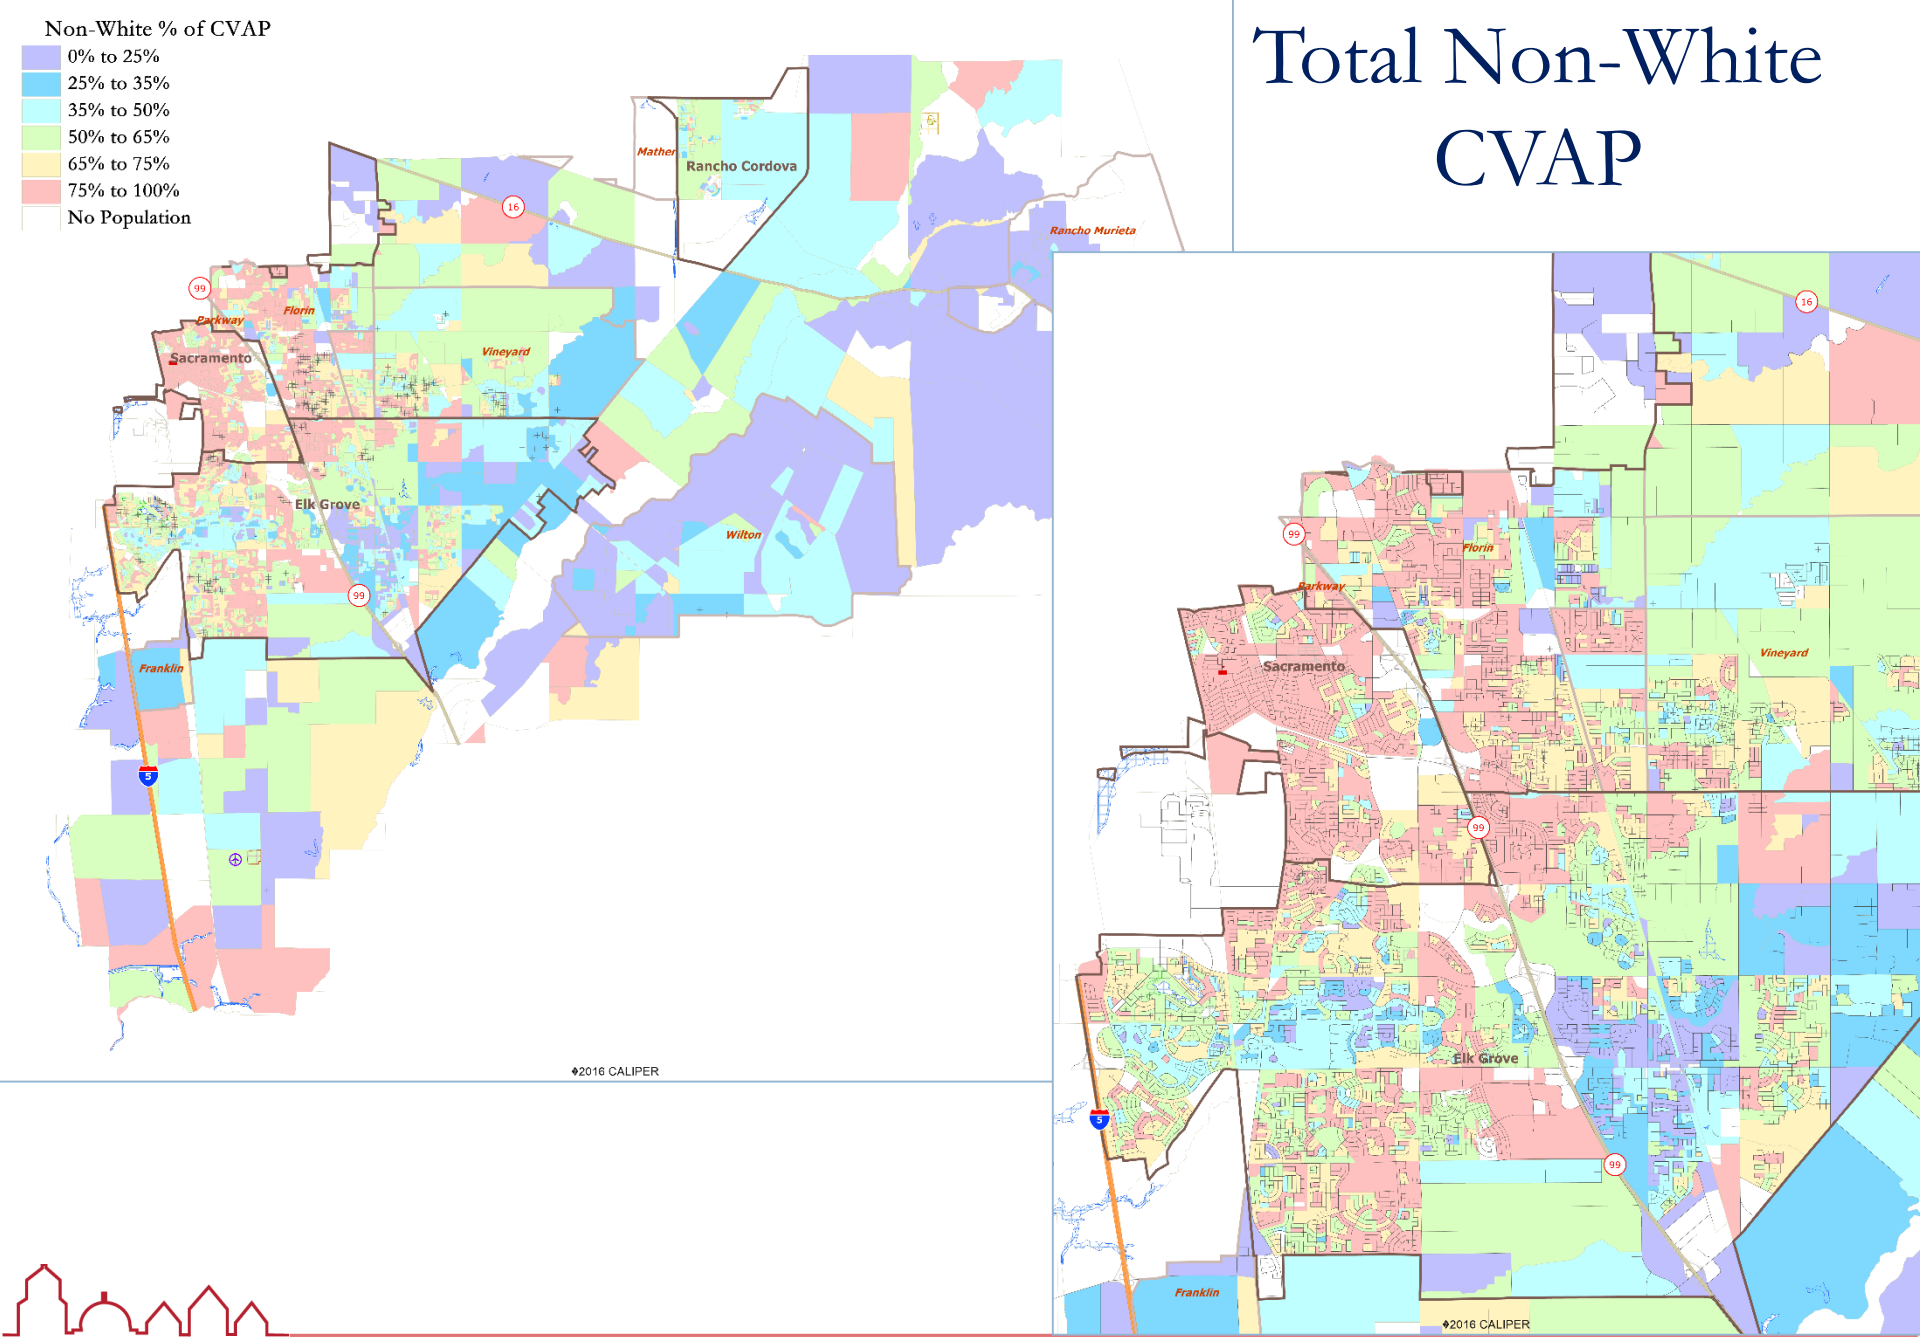
NDC

Black CVAP



The three rural red Census Blocks have only 3 people each.

Total Non-White CVAP



Defining Communities of Interest

1st Question: what is your neighborhood?

2nd Question: what are its geographic boundaries?

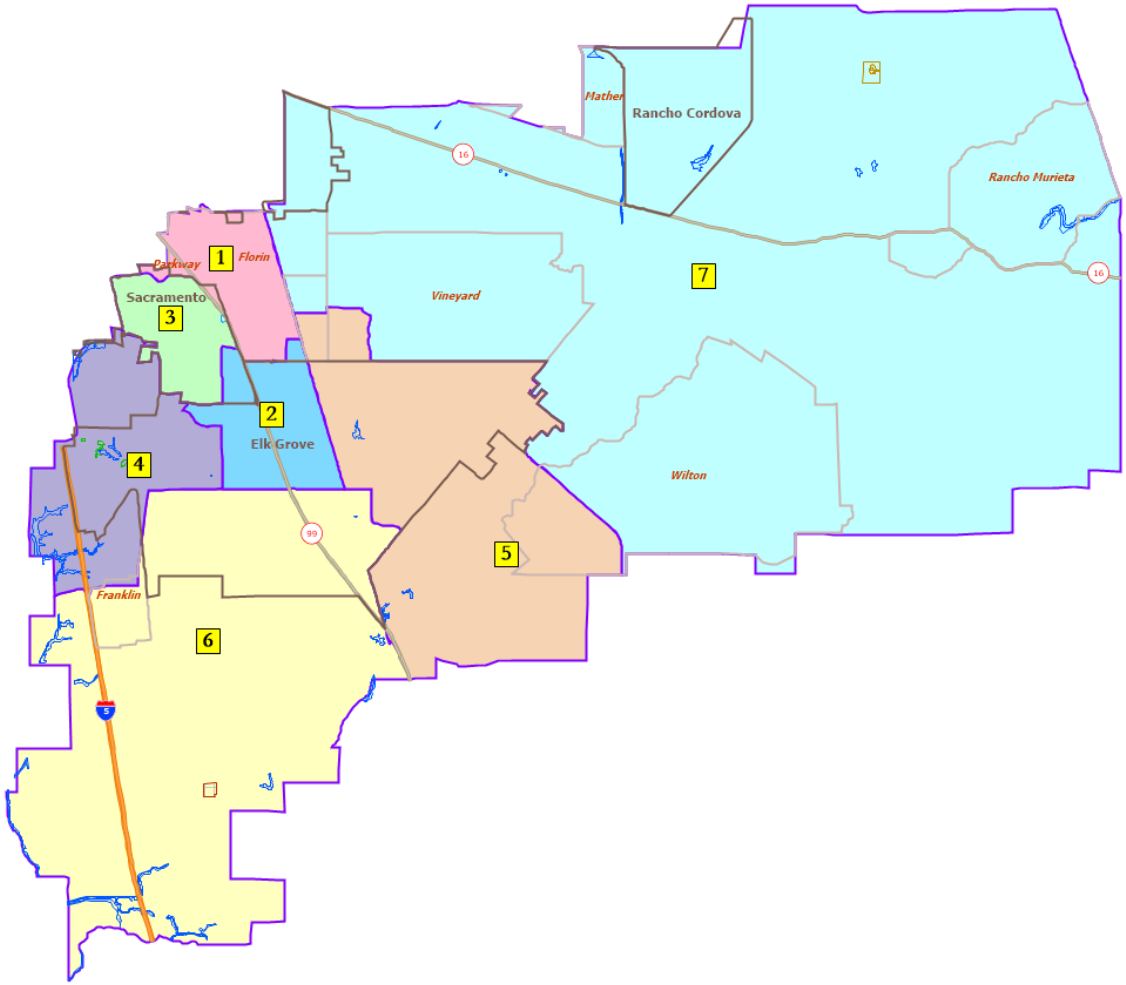
A Community of Interest is generally defined as a neighborhood or community of shared interests, views, problems, or characteristics.

- School attendance areas
- Natural neighborhood dividing lines, such as highway or major roads, rivers, canals, and/or hills
- Areas around parks and other neighborhood landmarks
- Common issues, neighborhood activities, or legislative/election concerns
- Shared demographic characteristics
  - Such as similar levels of income, education, or linguistic isolation

In the absence of public testimony, planning records and other similar documents may provide definition.

Existing Trustee Areas

Any community of interest concerns in the existing trustee area map?



NDC

Public Hearing & Discussion

1. What geographic communities are in the District, and what are their boundaries?
   - Which would benefit from being kept together in one district?
   - Which would benefit from multiple representatives?
