1050 Shell Boulevard, Foster City, CA 94044  
CEL #10-35272PW  
Contract Addendum Request**

Dear Kevin:

As you are aware, Consolidated Engineering Laboratories (CEL) has exceeded our contract amount for materials testing and construction inspection services for the **New Elementary School in Foster City 01-117111 project, located in Foster City, California**. Kindly amend our contract amount so we can complete our scope of work for the District.

In summary:

- Existing budget \$155,888.90
- Additional Services Request \$ 71,013.96
- Total new contract \$226,593.49

Itemized quantities follow.

Note that our original budget estimate proposal dated August 24, 2018 included pricing for a Covered Walkway (\$19,088.80) and Lunch Shelter (\$14,684.10) that were not included in our contract amount. AC Paving was also a significant contributor to this budget increase.

Thank you for giving CEL the opportunity to be a part of your project team. We are committed to providing our clients the very best service possible to fulfill their testing and inspection needs, and are eager to prove this commitment to you. Should you have any questions or require additional information, please do not hesitate to contact me.

Respectfully submitted,  
**CONSOLIDATED ENGINEERING LABORATORIES**

William K. Cale  
Senior Project Manager

New Elementary School in Foster City 01-117111			
DESCRIPTION	QUANTITY	RATE	TOTAL
Existing Contract Budget			\$ 155,888.90
