

The Silicon Valley Mathematics Initiative (SVMI)

SVMI has been a leader in supporting high quality mathematics teaching & learning using best practices for over 20 years. SVMI has been pioneering professional learning in both in-person & virtual classrooms to enable and support interactive, student-centered instruction, building upon the foundation set by the *Teaching for Robust Understanding of Mathematics (TRU) Framework*. A SVMI membership for 2021 – 2022 will continue to provide innovative curricular and assessment resources for both in-person & distance learning instruction. The specific benefits of the membership are listed below.

Benefits of Being a SVMI Member Institution

Professional Learning

- Participation in Virtual Summer Coaching Institute from July 19, 2021 – July 23, 2021 or the tentative In-Person Summer Coaching Institute from July 26, 2021 – July 30, 2021. The focus of the institute is to support teachers in designing and teaching student-centered interactive lessons to improve student learning in a virtual and/or in-person setting.
- Participation in the Math Network Meetings for all math coaches and leaders. These sessions will be offered as distance learning sessions and when shelter-in-place orders are lifted, these will be also offered in central locations as face-to-face meetings.
- Participation in SVMI Professional Learning Sessions for teachers and coaches. SVMI will facilitate five sessions (Sep., Oct., Dec., Jan., and Feb.). These sessions will be offered as distance learning workshops and when shelter-in-place orders are lifted, these will be also offered at multiple locations in the northern California.
- Participation in the Principal as Instructional Leaders series open to all administrators and coaches (twice a school year). These sessions will be offered virtually and when shelter-in-place orders are lifted, these will be also offered at a central location.
- Access to the SVMI Lesson Study Project and opportunity to apply for Research Lesson Mini-Grants for teams of teachers (\$3,000/team).
- Participation in MAC/MARS scoring training for the annual performance exam (for district scoring leaders).

SVMI Membership Application 2021- 2022

SVMI Curricular, Assessment and Leadership Resources

- Database of Curricular and Assessment Resources for Classroom Use including Virtual and Face-to-Face Instruction
 - Use of the library of former MAC/MARS tasks, rubrics, standardizing papers & practice tests from 1999 to present. The tasks address CCSSM for grades Kindergarten through Eighth as well as High School Courses for Algebra I, Integrated I, Geometry, Integrated 2, Algebra 2, Integrated 3, and Pre-Calculus. All grade level tasks from K -12 between **1999** and **2013** may be used in distance learning.
 - Access and use of Problems of the Month and Teacher Notes (60+).
 - Access to the full set of Formative Assessment Lessons and Professional Development (6-12).
 - Access to the full set of Formative Reengagement Lessons and Professional Development (K-5).
- Use of the annual MAC/MARS exams and scoring materials Kindergarten through High School Pre-Calculus both English and Spanish versions. Along with associated materials such as:
 - Access to the annual *Tools for Teacher* documents design to support formative assessment practice in the classroom.
 - Access to the annual MAC Final Report, District MAC Report and Individual Student Reports.
- Professional Learning Tools to Support Math Teachers
 - Professional Learning Modules authored and developed by UC/Shell/SVMI.
 - Access to the SVMI Lesson Study Project tools, protocols and videos.
 - Access to Mathematics Coaching Tools and Videos.
 - Access to full resource collection for www.svmimac.org.

Membership Fees

Based on student enrollment, the Silicon Valley Mathematics Initiative has an annual membership fee structure of:

- Greater than 100,000 students: \$31,500 annual fee
- 40,000 – 99,999 students: \$12,600 annual fee
- 1,500 – 39,999 students: \$6,300 annual fee
- 1,200 – 1,499 students: \$3,780 annual fee
- 500 – 1,199 students: \$3,150 annual fee
- 250 – 499 students: \$2,520 annual fee
- Less than 250 students: \$1,260 annual fee

Scholarships for 2021 Virtual Summer Coaching Institute

Scholarships are available to 2021-2022 SVMI member institutions based on membership rates.

- **20 scholarships** → Greater than 100,000 students: \$31,500 annual fee
- **12 scholarships** → 40,000 – 99,999 students: \$12,600 annual fee
- **6 scholarships** → 1,500 – 39,999 students: \$6,300 annual fee
- **5 scholarships** → 1,200 – 1,499 students: \$3,780 annual fee
- **4 scholarships** → 500 – 1,199 students: \$3,150 annual fee
- **3 scholarships** → 250 – 499 students: \$2,520 annual fee
- **2 scholarships** → Less than 250 students: \$1,260 annual fee

Please see the Virtual Summer Coaching Institute application at www.svmimac.org for more information.

Scholarships for 2021 In-Person Summer Coaching Institute

A member institution will receive **one scholarship** for every **ten participants** registered and enrolled in the In-Person Summer Coaching Institute. Please see the In-Person Coaching Institute application at www.svmimac.org for more information.
