

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Benicia Unified School District

CDS Code: 48-70524-0000000

School Year: 2021-22

LEA contact information:

Leslie Beatson, Ed.D.

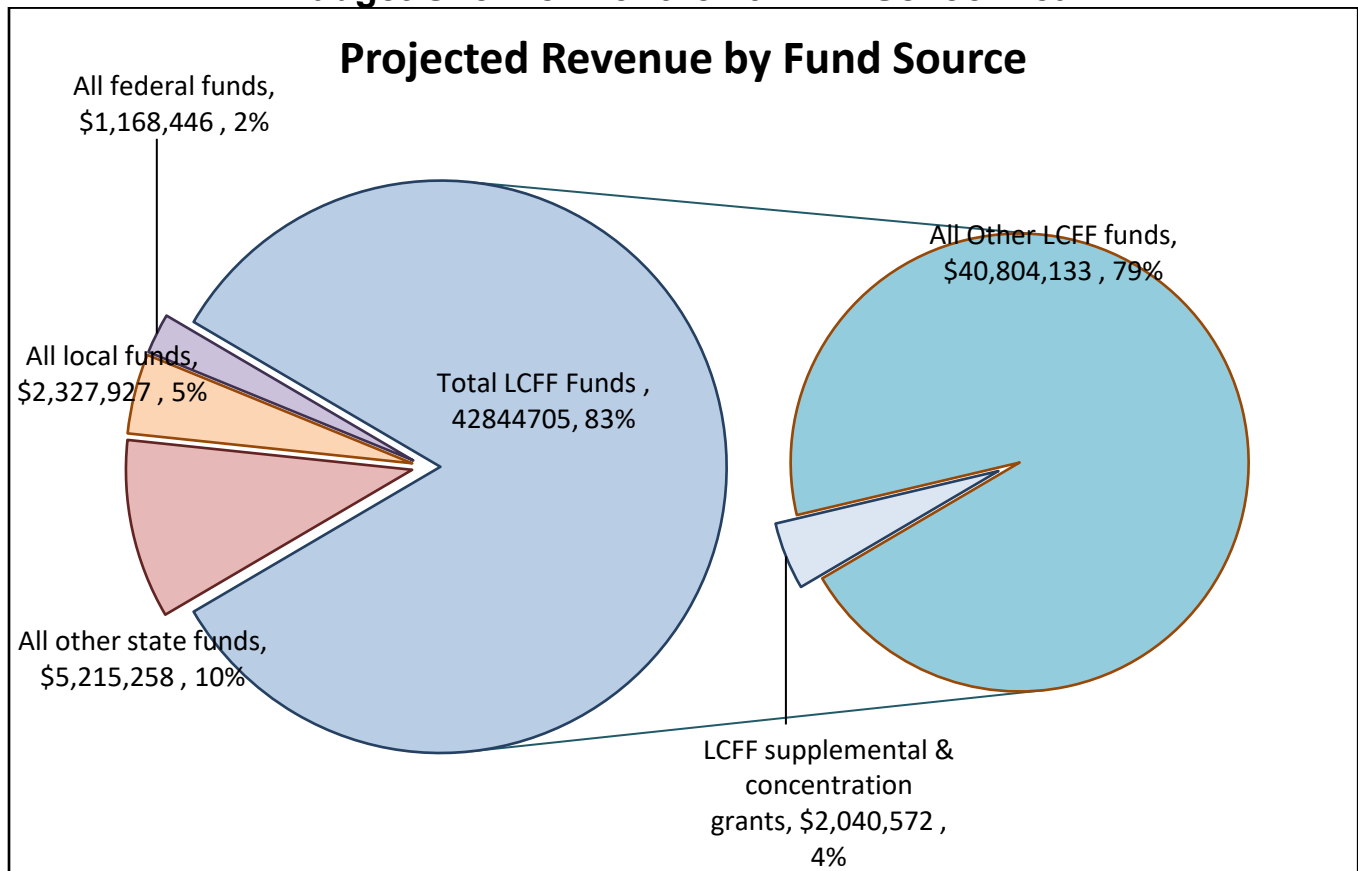

Assistant Superintendent, Education Services

lbeatson@beniciaunified.org

707-748-2662 ext. 1231

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2021-22 School Year

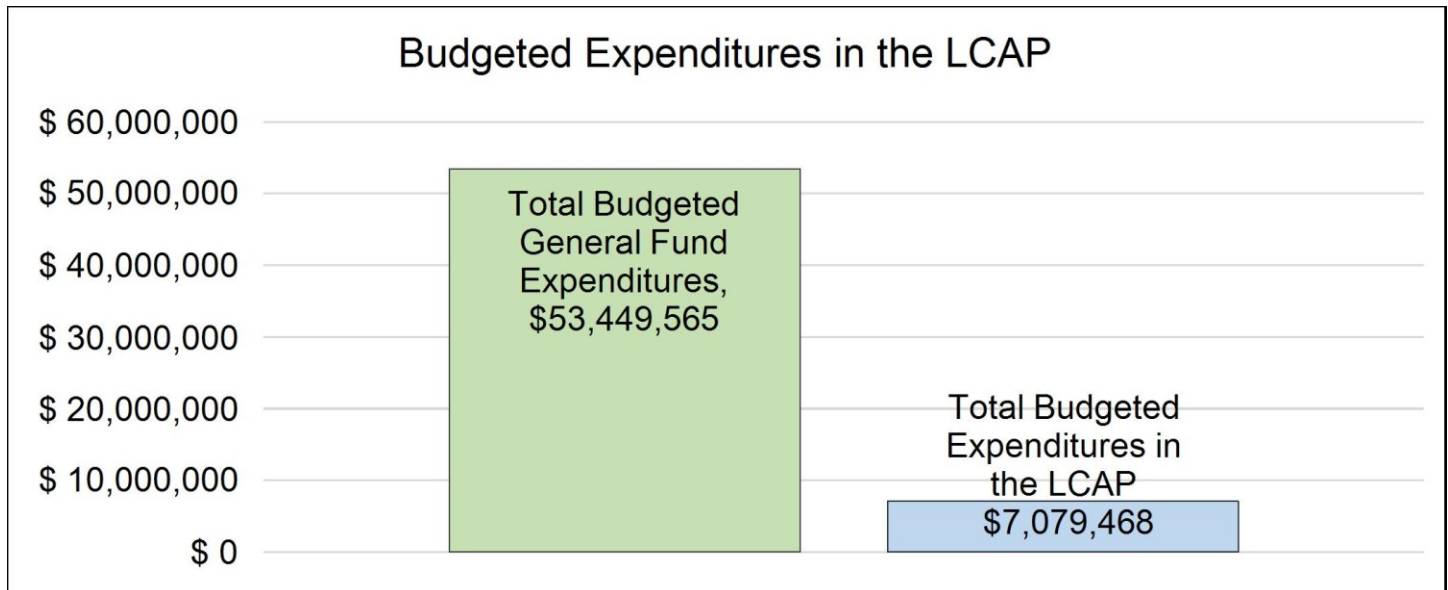

This chart shows the total general purpose revenue Benicia Unified School District expects to receive in the coming year from all sources.

The total revenue projected for Benicia Unified School District is \$51,556,336, of which \$42,844,705 is Local Control Funding Formula (LCFF), \$5,215,258 is other state funds, \$2,327,927 is local funds, and \$1,168,446 is federal funds. Of the \$42,844,705 in LCFF Funds, \$2,040,572 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Benicia Unified School District plans to spend for 2021-22. It shows how much of the total is tied to planned actions and services in the LCAP.

Benicia Unified School District plans to spend \$53,449,565 for the 2021-22 school year. Of that amount, \$7,079,468 is tied to actions/services in the LCAP and \$46,370,097 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The BUSD LCAP is intended to tell the story of the District and functions as the District's Strategic Plan. While many actions and services are included in each of the three goals, below is a brief summary of the General Fund Budget Expenditures that are not included in the LCAP:

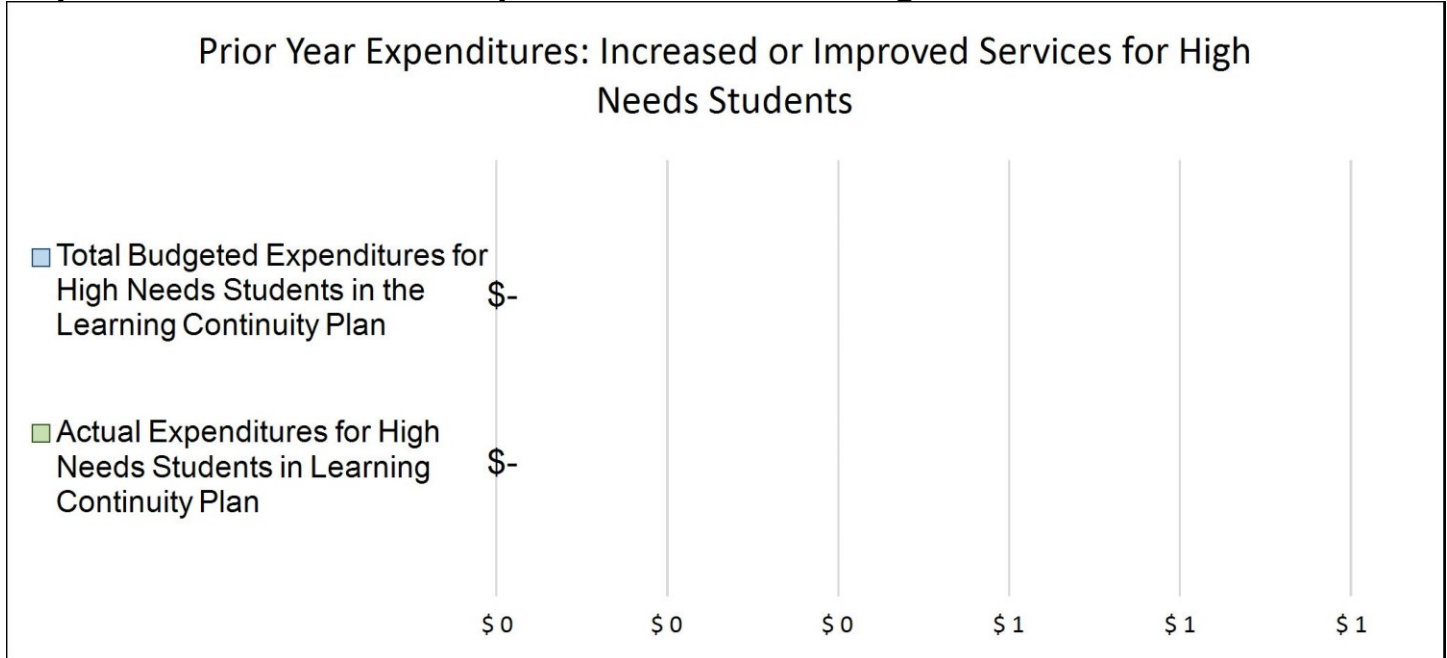

- General operations of the district
- General Fund Budget Expenditures are staff-related costs (salary/benefits) that are not specified in the LCAP
- General supplies
- Utilities
- Services ie. auditors, legal, mileage, insurance, repairs, technology

Increased or Improved Services for High Needs Students in the LCAP for the 2021-22 School Year

In 2021-22, Benicia Unified School District is projecting it will receive \$2,040,572 based on the enrollment of foster youth, English learner, and low-income students. Benicia Unified School District must describe how it intends to increase or improve services for high needs students in the LCAP. Benicia Unified School District plans to spend \$2,245,174 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2020-21

This chart compares what Benicia Unified School District budgeted last year in the Learning Continuity Plan for actions and services that contribute to increasing or improving services for high needs students with what Benicia Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2020-21, Benicia Unified School District's Learning Continuity Plan budgeted \$0 for planned actions to increase or improve services for high needs students. Benicia Unified School District actually spent \$0 for actions to increase or improve services for high needs students in 2020-21.

Annual Update for Developing the 2021-22 Local Control and Accountability Plan

Annual Update for the 2019–20 Local Control and Accountability Plan Year

| LEA Name | Contact Name and Title | Email and Phone |
|---------------------------------|---|--|
| Benicia Unified School District | Leslie Beatson, Ed.D. Assistant Superintendent, Education Services | lbeatson@beniciaunified.org 707-748-2662 ext. 1231 |

The following is the local educational agency’s (LEA’s) analysis of its goals, measurable outcomes and actions and services from the 2019-20 Local Control and Accountability Plan (LCAP).

Goal 1

1. Create a collaborative team of highly engaged staff that supports the academic, emotional and social success of all students for college and career readiness.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 2: State Standards (Conditions of Learning)
 Priority 4: Pupil Achievement (Pupil Outcomes)
 Priority 6: School Climate (Engagement)
 Priority 7: Course Access (Conditions of Learning)
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

Local Priorities: Address needs of African American students and students with disabilities

Annual Measurable Outcomes

| Expected | Actual |
|--|---|
| Metric/Indicator a-g. Increase the % of students in all subgroups meeting and exceeding standards on the ELA Summative SBAC Assessment including the EAP (California Dashboard 2015-16) h-k. Increase the % of students in all subgroups meeting and exceeding standards on the Math Summative SBAC Assessment including EAP (California Dashboard 2015-16) l. Increase the % of EL students who are making progress towards proficiency of the ELD and CCSS standards as measured by the ELPAC m. Increase the current status of students who demonstrate College and Career readiness including UC/CSU (A-G) or CTE sequences (California Dashboard 2016-17) n. Increase the % of students passing AP exams with a 3 or higher (Powerschool) | a. ELA Summative SBAC--MET 16.5 points above <ul style="list-style-type: none"> • Increase the current status of the following student groups on the California State standards ELA Summative SBAC (18-19 data) Assessment: b. Students with disabilities --NOT MET: 72.9 points below (inc. 22.5 points) c. Hispanic/Latino students --MET: 11.3 points below (inc. 15 points) d. Socio-economically disadvantage--MET: 31.4 points below (inc. 16.7 points) e. African American students from --NOT MET: 52.5 points below (inc. 18 points) f. English Learners --NOT MET: 23.5 points below (dec. 3.2 points) g. Homeless--MET: 26.6 points below (inc. 46.1 points) h. Two or more races--MET: 16.5 above (inc. 23 points) i. BMS students --MET: 8 points above (inc. 23.8 points) |

| Expected | Actual |
|---|--|
| <p>o. Increase sense of school safety as measured by the California Healthy Kids Survey (CHKS) (CHKS survey 2015-16)</p> <p>p. Increase % of K-5 students meeting or exceeding grade-level reading proficiency expectations(Local DRA/F&P reading data 2016-17)</p> <p>q. Actions / Services

| Planned Actions/Services | Budgeted Expenditures | Actual Expenditures |
|--|---|--|
| 1.1 Continue Implementation of CCSS with aligned instructional practices and assessment. | General Fund, Books and Supplies, 1.1a Lexia Unrestricted Unrestricted \$22,000 | General Fund, Books and Supplies, 1.1a Lexia Unrestricted Unrestricted \$47,600 |
| a. Purchase Lexia at all 4 elementary schools | General Fund, Books and Supplies, 1.1b NGSS Adoption; Mystery Sci Unrestricted Unrestricted \$300,000 | General Fund, Books and Supplies, 1.1b NGSS Adoption; Mystery Sci Unrestricted Unrestricted \$10,609 |
| b. Investigate an NGSS adoption for grades 6-12; Fund Mystery Science as a bridge program for K-5 | General Fund, Books and Supplies, 1.1c Elementary Readers/Writing Workshop Unrestricted Unrestricted \$16,000 | General Fund, Books and Supplies, 1.1c Elementary Readers/Writing Workshop Unrestricted Unrestricted \$6,796 |
| c. Purchase materials/supplies & books for classroom libraries to support elementary Reading/Writing Workshop & math implementation | General Fund, Books and supplies, 1.1d BMS Readers/Writing instruction Unrestricted Unrestricted \$5,000 | General Fund, Books and supplies, 1.1d BMS Readers/Writing instruction Unrestricted Unrestricted \$5,000 |
| d. Purchase materials/supplies & books for classroom libraries to support middle school Reading/Writing instruction | General Fund, Books and Supplies, 1.1e Common Core Materials Unrestricted Unrestricted \$20,000 | General Fund, Books and Supplies, 1.1e Common Core Materials Unrestricted Unrestricted \$13,322 |
| e. Purchase other common core aligned materials and supplies to support instruction | General Fund, Books and Supplies, 1.1f Consumables (Math, Science, SS) Unrestricted Unrestricted \$25,000 | General Fund, Books and Supplies, 1.1f Consumables (Math, Science, SS) Unrestricted Unrestricted \$6,376 |
| f. Fund consumables for adoptions (Everyday Math, Science, Social Studies) | General Fund, Books and Supplies, 1.1g 6-12 HSS Materials | General Fund, Books and Supplies, 1.1g 6-12 HSS Materials |
| g. Investigate a purchase of HSS materials for 9-12 | | |
| h. Staff a .5 College and Career Readiness Counselor to provide parent education, support Naviance, mentorships, internships and the Career Center at BMS, BHS and LHS | | |

| Planned Actions/Services | Budgeted Expenditures | Actual Expenditures |
|---|--|--|
| i. Purchase Naviance licenses for grade 12 | Adoption Unrestricted Unrestricted \$200,000 | Adoption Unrestricted Unrestricted \$291 |
| Expand CTE Pathways at the secondary level to include: | | |
| j. 1.0 FTE Construction Trades (from CTEIG Grant, No Gen. Fund Impact) | General Fund, Certificated Salaries, 1.1h College/Career Counselor Unrestricted Unrestricted \$36,000 | General Fund, Certificated Salaries, 1.1h College/Career Counselor Unrestricted Unrestricted \$22,069 |
| k. 1.0 FTE Robotics/Engineering (District \$ Match for CTEIG) | General Fund, Certificated Benefits, 1.1h College/Career Counselor Unrestricted Unrestricted \$9,000 | General Fund, Certificated Benefits, 1.1h College/Career Counselor Unrestricted Unrestricted \$6,443 |
| l. 1.0 FTE Medical Career Paths (District \$ Match for CTEIG) | | |
| m. Fund Read Naturally Live at all elementary schools | General Fund, Books and Supplies, 1.1i. Naviance Unrestricted Unrestricted \$2,500 | General Fund, Books and Supplies, 1.1i. Naviance Unrestricted Unrestricted \$4,725 |
| n. Fund ESGI for TK-1 teachers | General Fund, Certificated Salaries, 1.1j CTE Construction Trade Match Unrestricted Unrestricted \$60,000 | General Fund, Certificated Salaries, 1.1j CTE Construction Trade Match Unrestricted Unrestricted \$90,778 |
| o. Fund BHS English Department with materials and professional learning opportunities/timesheets to ensure K-12 alignment | General Fund, Employee Benefits, 1.1j CTE Construction Trade Match Unrestricted Unrestricted \$15,000 | General Fund, Employee Benefits, 1.1j CTE Construction Trade Match Unrestricted Unrestricted \$30,475 |
| q. Funds for advertising and marketing of the District to attract new students, families and teachers | General Fund, Certificated Salaries, 1.1k CTE Robotics/Engineering Unrestricted Unrestricted \$60,000 | General Fund, Certificated Salaries, 1.1k CTE Robotics/Engineering Unrestricted Unrestricted \$92,710 |
| q. Illuminate or new data platform Database | General Fund, Employee Benefits, 1.1k CTE Robotics/Engineering Unrestricted Unrestricted \$15,000 | General Fund, Employee Benefits, 1.1k CTE Robotics/Engineering Unrestricted Unrestricted \$30,518 |
| r. Fund seats for Odysseyware | General Fund, Certificated Salaries, 1.1l CTE Medical Trade Match Unrestricted Unrestricted \$60,000 | General Fund, Certificated Salaries, 1.1l CTE Medical Trade Match Unrestricted Unrestricted \$64,724 |
| s. Fund DRA book refresh elementary schools | General Fund, Employee Benefits, 1.1l CTE Medical Trade Match Unrestricted Unrestricted \$15,000 | General Fund, Employee Benefits, 1.1l CTE Medical Trade Match Unrestricted Unrestricted \$25,158 |
| t. Fund IXL math for BMS, LHS and CDS | | |
| u. Fund PBIS materials and incentives | | |
| v. Fund Renaissance Math for BHS | | |

| Planned Actions/Services | Budgeted Expenditures | Actual Expenditures |
|---|---|---|
| w. Fund SRI or other reading universal screener for reading intervention for BMS | General Fund, Books and Supplies, 1.1m Read Naturally Live Unrestricted Unrestricted \$3,000 | General Fund, Books and Supplies, 1.1m Read Naturally Live Unrestricted Unrestricted \$777 |
| x. Fund Read 180 or other evidence based intervention program for BMS/BHS/LHS . | General Fund, Books and Supplies, 1.1n ESGI Unrestricted Unrestricted \$4,700 | General Fund, Books and Supplies, 1.1n ESGI Unrestricted Unrestricted \$4,134 |
| y. Create a Districtwide plan to support student transitions between levels (Differentiated Assistance) | General Fund, Books and Supplies, 1.1o HS English Materials & supplies Unrestricted Unrestricted \$20,000 | General Fund, Books and Supplies, 1.1o HS English Materials & supplies Unrestricted Unrestricted \$4,269 |
| z. Continue to align instructional programs and methodologies Tk-12. (Differentiated Assistance & Low Performing Student Block Grant) | General Fund, Books and Supplies, 1.1p District Advertising Unrestricted Unrestricted \$2,000 | General Fund, Books and Supplies, 1.1p District Advertising Unrestricted Unrestricted \$1,000 |
| aa. Identify existing or new best practices or that are achieving positive results when analyzed by student group (Differentiated Assistance & Low Performing Student Block Grant-no fiscal impact) | General Fund, Books and Supplies, 1.1q Illuminate or other data system Unrestricted Unrestricted \$20,000 | General Fund, Books and Supplies, 1.1q Illuminate or other data system Unrestricted Unrestricted \$21,979 |
| bb. Investigate new data systems & provide professional development so that teachers and administrators can more quickly and accurately access students' level data to support instruction and progress monitor results. (Differentiated Assistance & Low Performing Student Block Grant) | General Fund, Books and Supplies, 1.1r Odysseyware Unrestricted Unrestricted \$25,000 | General Fund, Books and Supplies, 1.1r Odysseyware Unrestricted Unrestricted \$23,500 |
| cc. Investigate, implement and train teachers in a new universal screening tool for ELA, Math and Social-emotional wellness (Differentiated Assistance & Low Performing Student Block Grant) | General Fund, Books and Supplies, 1.1s DRA books Unrestricted Unrestricted \$12,000 | General Fund, Books and Supplies, 1.1s DRA books Unrestricted Unrestricted \$1,009 |
| dd. Purchase a Tk-1 systematic phonics program (Low Performing Student Block Grant) | General Fund, Books and Supplies, 1.1t IXL Math Unrestricted Unrestricted \$10,000 | General Fund, Books and Supplies, 1.1t IXL Math Unrestricted Unrestricted \$9,800 |
| ee. Investigate and purchase a systematic intervention program for ELA and math K-12 (Low Performing Student Block Grant) | General Fund, Books and Supplies, 1.1u PBIS Incentives Unrestricted Unrestricted \$3,500 | General Fund, Books and Supplies, 1.1u PBIS Incentives Unrestricted Unrestricted \$2,710 |
| ff. Create a city-wide reading campaign that supports every child (starting with incoming 2019 kindergarteners) reading on grade level by | General Fund, Books and Supplies, | General Fund, Books and Supplies, |

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

The following actions and services did not get funded or implemented as planned due to COVID-19. Some of these actions and services were able to be funded using COVID-19 state or federal grant monies instead.

- Professional Learning: Funding for consultants, summer PD, AP training, collaboration training days, and restorative justice trainings did not occur as planned due to COVID-19. When some of the trainings did occur, the cost was significantly lower due to them being online versus in person.
- Low Performing Student Block Grant Activities: Several actions that were to be funded by the LPSBG did not occur or got cut short due to COVID-19. These were actions such as mini-grants, welcoming committee, purchasing a universal screening

tool, and Benicia Reads Campaign. The LPSBG funding was reallocated to purchase online intervention programs during the 2021-22 school year.

- REACH Survey: This annual survey was scheduled to be administered in March; however, due to school closure because of COVID-19, the District decided to not administer the REACH survey during the 2019-20 school year.
- Outdoor Education: Not as many funds were needed for outdoor education as some programs did not occur due to COVID-19.
- Curriculum Adoptions and Curriculum Materials: The focus for adoptions shifted due to the onset of COVID-19. New state and federal funding did allow for digital curriculum and supplemental materials to be purchase to support Distance Learning.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

Many of the planned action and services were successful in their implementation.

Curriculum: The curricular materials supported students while in school and were able to support a transition to at home learning in the spring of 2021. Especially effective were the supplementary materials that had an online component. The challenge in implementing curriculum was that some of the programs (math for instance) was difficult to teach via distance learning once we closed due to COVID-19. The materials were meant to be more hands-on with complex modeling and games to support the development of math concepts. The purchase, training and implementation of a phonics program was also successful in supporting early literacy. The K-1 phonics was so well received that we expanded the adoption to second grade as well. Again, however, the implementation of phonics in the spring of 2020 became more challenging as the materials were very hands-on and difficult to use in distance learning.

Professional Development: We were able to offer robust professional development for our staff on our two BUSD professional learning days. During those days staff had choices of topics to deepen their learning in the areas of equity, Universal Design for Learning, Interventions, English Learner strategies, technology integration, and CAASPP strategies. During the January professional learning day all staff engaged in a robust stakeholder engagement session that included analysis of both state and local data, feedback on actions, services and goals and the prioritization of areas of focus for BUSD. While we were successful in implementing PD during our scheduled days prior to COVID-19, we were not able to offer and implement all the support and collaboration days we had hoped in a way that was successful. We were able to use collaboration time for staff via Zoom, but it focused more on supporting teachers in teaching virtually and adapting curriculum than on continued work on equity, UDL, etc.

Intervention Support: We were able to hire and train reading tutors to work alongside classroom teachers. Each tutor was trained in a specific reading intervention program and supported a cohort of students in grades K-2. The tutors met with their students four days a week and student performance in reading was improving due to this extra support. The challenge in this was in the spring of 2020 it was difficult to provide on-line distance support as we were focused on rolling out the needed technology. Instead we used that time to have our tutors research, plan and study more about how to create online lessons and hone their instructional skills.

Citywide Reading Campaign: We had a great kickoff to this School District-City partnership to support literacy in our community. The group of representatives from all organizations in Benicia and members of the school staff met several times and developed three working groups: activities to support school aged students, programs and activities to promote early literacy for families of children who 0-5 years old and a marketing and advertising group. We were able to create a logo, color schematic, install little libraries around town and begin plans for a kick-off event. The challenge was all the plans halted with the onset of COVID-19.

The following actions and services were not implemented during the 2019-20 school year:

NGSS adoption for grades 6-12: Teachers were able to pilot NGSS curriculum in grades 6-8, but due to COVID-19, no adoption occurred.

Purchase of HSS materials for 9-12: Piloting was planned for some HSS classes in grades 9-12, but never occurred due to COVID-19.

Data systems: Staff investigated and contracted to purchase a data system, Performance Matters, through PowerSchool. We offered training to staff and the product promised to be robust and user-friendly. However, the product and company failed to deliver, oversold the readiness of the data platform, and ended up not charging BUSD for the year. Our team spent countless hours working to make the system useable, but have since decided to not continue with the product due to lack of usability and customer service.

Universal screening tool: In the fall of 2019, we researched several Universal Screening assessment tools and decided to move forward with NWEA Map. We did some piloting before we closed due to the pandemic and planned on doing the full implementation in the fall of 2020. However, implementation proved to be difficult in distance learning. The funding remains and will be used to implement in the fall of 2021.

Teacher mini-grants: WE were able to train about 20 teachers in the use of Implementation Science with support from our county office. Teachers then worked in teams to create proposals for implementing innovative practices to support student growth. These plans were presented to and approved by our District Curriculum Council. Unfortunately, the plans were never implemented due to closure for COVID-19.

REACH Survey: Due to COVID-19 the REACH survey was not administered to our secondary students as it is typically done in the spring. We will resume the administration of this survey once we are back in-person instruction.

Goal 2

Modernize and improve infrastructure to provide a learning environment that offers opportunities for 21st century teaching and learning.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)

Local Priorities:

Annual Measurable Outcomes

| Expected | Actual |
|---|--|
| Metric/Indicator a. Increase technology integration to support 21st century learning and student engagement (teacher self-reflection survey) b. Increase technology integration used for transformative learning to support 21st century learning and student engagement (teacher self-reflection survey) c. Maintain Williams Audit: 100% Compliant Free- Facilities in good repair, instructional materials access (Williams report) d. Increase fully credentialed teachers and aligned assignments (Human Resources reports) | a. Increased technology integration--MET (100%) due to school closure and online learning b. Increased technology integration used for transformative learning--MET (100%) due to school closure and online learning c. Maintained Williams Audit--MET: 100% d. Fully credentialed teachers --MET: 99.98% |
| 19-20 a. Increase technology integration to support 21st century learning and student engagement from 65% to 70% of classrooms reporting regular use-5 times/week) b. Increase technology integration used for transformative learning to support 21st century learning and student engagement from 66% to 70% of classrooms reporting regular use (3-5 times/week) | |

| Expected | Actual |
|--|--------|
| <p>c. Maintain Williams Audit at 100% Compliant Free- Facilities in good repair, instructional materials access</p> <p>d. Increase fully credentialed teachers and aligned assignments from 98.7% to 100%</p> <p>Baseline</p> <p>a. no baseline at this time</p> <p>b. no baseline at this time</p> <p>c. 100% complaint free</p> <p>d. 99% fully credentialed and assigned</p> | |

Actions / Services

| Planned Actions/Services | Budgeted Expenditures | Actual Expenditures |
|---|--|--|
| <p>2.1 Technology Infrastructure/Instructional Technology</p> <p>These action steps will support student learning and staff with the implementation of technology in classroom lessons. The outcome will be to reduce the achievement gap, increase mastery of grade level standards and increase the accessibility for our EL, SED and FY population.</p> <p>a. Provide stipends for Technology Mentors at BMS, BHS and LHS</p> <p>b. | b. Modernize and implement classroom facilities that reflect 21st-century teaching and learning aligned to CCSS & NGSS to increase student engagement at BMS (BOND) | Restricted Bond Fund 21, Capital Outlay, 2.2b Facility Master Plans Restricted Restricted \$5,500,000 | Restricted Bond Fund 21, Capital Outlay, 2.2b Facility Master Plans Restricted Restricted \$3,589,472 |

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

The following actions and services were not implemented during the 2019-20 school year using the funding as planned: With the onset of COVID-19, the District received other state and federal funding grants that allowed the District to purchase technology to support Distance Learning.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

Tech Devices and Support: The most successful actions and services that were implemented during 2019-2020 were the rolls of the tech mentors and the dedicated section for tech support at BHS. Additionally, the implementation of a 1:1 rollout at the high school level was successful and very helpful once school closure in the spring of 2020 occurred. The tech mentors were extremely helpful in supporting teachers in shifting to online learning and these roles were actually expanded in the 2020-2021 school year. Having all High School students have a computer prior to COVID-19 was extremely beneficial as we were able to obtain and distribute the technology prior to it becoming virtually impossible to access. This also allowed us to utilize the same processes for tagging, distribution, etc. when we needed to roll out more devices Tk-8 during school closure. W

Tech Conferences: We were not able to attend any tech conferences this year due to COVID-19 and then shifting the focus to supporting a very fast transition to learning from home. However, our tech mentors (mentioned above) were able to provide training and support to our teachers in the use of tech integration tools and programs.

Parent Workshops: We never were able to implement tech parent workshops due to COVID-19 school closure.

Goal 3

Increase parental and community partnerships through awareness and engagement.

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 3: Parental Involvement (Engagement)
 Priority 5: Pupil Engagement (Engagement)

Local Priorities:

Annual Measurable Outcomes

| Expected | Actual |
|---|--|
| Metric/Indicator a. Increase satisfaction ratings on BUSD parent surveys (2.0 survey and the BUSD Parent survey) b. Increase participation in parent/school events with a particular focus on unduplicated students and students with exceptional needs (Sign in sheets and feedback from parent events) c. Increase attendance rate (CALPADS) d. Decrease the dropout rate for high school (CALPADS) e. Maintain a 0% dropout rate for BMS (CALPADS) f. Reduce the Chronic Absentee Rate (CALPADS/California Dashboard) g. Increase the high school graduation rate for students with disabilities (California Dashboard) h. Increase the high school graduation rate for African American (California Dashboard) | a. Satisfaction ratings (80% and above)--NOT MET: 55% b. Increase participation in parent/school events: Not Available due to School Closure c. Increase attendance rate (18-19) : NOT MET: 96% (maintained) d. Dropout rate (18-19 data) for high school--NOT MET: 2.2% e. Maintained a 0% dropout rate for BMS. f. Chronic Absentee Rate (18-19 data)--NOT MET: 6.1% (Maintained) g. Chronic absenteeism rate at BMS (18-19 data)--NOT MET: 5.3% (reduced 1.7%) h. Graduation rate (18-19 data) for African American students--MET: 97.3% (inc. 3%) |

| Expected | Actual |

Goal Analysis

A description of how funds budgeted for Actions/Services that were not implemented were used to support students, families, teachers, and staff.

There was not significant differences between the budgeted action and services and the implemented action and services actual costs.

A description of the successes and challenges in implementing the actions/services to achieve the goal.

We were so fortunate to be able to successfully implement the STEAM Wheel to all 3-5th grade students. The program which uses community partners teaching classes every Friday to our students began in person at the beginning of the school year. Once school closure occurred in March, our community partners provided videos and online classes to finish out the program as much as possible.

The Night of Stars was not able to occur due to school closure. We look forward to when we once again can honor our amazing staff in person.

Parent Groups: We were able to hold in-person AAPAC meetings before school closure. These meetings have been instrumental in helping us understand the experiences, barriers and successes of our black students and families. We have continued these meetings via Zoom since school closure. DELAC participation has been a struggle. We have held our meetings, but have had a difficult time expanding the group due to school closure.

Parent Workshops: We did not host parent workshops during the 2019-20 school year.

Annual Update for the 2020–21 Learning Continuity and Attendance Plan

The following is the local educational agency's (LEA's) analysis of its 2020-21 Learning Continuity and Attendance Plan (Learning Continuity Plan).

In-Person Instructional Offerings

Actions Related to In-Person Instructional Offerings

| Description | Total Budgeted Funds | Estimated Actual Expenditures | Contributing |
|-------------|----------------------|-------------------------------|--------------|
| NA | 0 | 0 | No |

A description of any substantive differences between the planned actions and/or budgeted expenditures for in-person instruction and what was implemented and/or expended on the actions.

NA

Analysis of In-Person Instructional Offerings

A description of the successes and challenges in implementing in-person instruction in the 2020-21 school year.

In-person small group instruction began the week of February 22, 2021. 14 teachers and 2 counselors across BUSD volunteered to run small in-person groups with students. At the elementary level, teachers worked primarily with students from their classroom who struggled in math and/or reading. These groups occurred up to four days per week. The challenge was that there were many more students who struggled than we were able to support in-person. The challenge at the secondary level was that teachers followed their scheduled periods with virtual teaching. This created a difficulty in finding time to support small groups in person as the students were in class all day.

Distance Learning Program

Actions Related to the Distance Learning Program

| Description | Total Budgeted Funds | Estimated Actual Expenditures | Contributing |
|--|----------------------|-------------------------------|--------------|
| Curriculum and Instructional materials including digital subscriptions for adopted curriculum, behavior curriculum, additional textbooks for home use, supplementary curriculum to support online learning, supply kits for specialty and elective classes, support tools to create interactive options for virtual learning, etc. | \$500,000 | 550,475 | No |
| Technology and Connectivity including additional Chromebooks for student use to become a 1:1 district, touchscreen devices for students in special education who struggle with keyboards and mice, replacement computers for staff so they have reliable tools for remote teaching, support for internet connectivity through sponsorship of families, special servers to host programming for the high school CTE classes, document cameras, etc. | 1,000,000 | 1,305,928 | No |
| Staffing/Personnel costs including stipends to support teachers with technology, timesheets for extra work for teachers learning new curriculum support materials, additional teacher at BHS to support the 4x4 block schedule put in place for virtual learning. | 179,000 | 87,506 | No |
| Professional learning for staff including work in equity, teaching virtually and instruction in new curriculum support materials. Ongoing professional learning opportunities will be offered throughout the year focused on online technology, virtual teaching, online assessments and staff self-care. | 20,000 | 38,511 | No |
| Food services to supply breakfast and lunch to students during virtual learning. | 1,000,000 | 1,488,721 | No |
| Mental Wellness supports that include increasing Special Friends groups, interest-based classes, supporting students and families in connecting with services. Staff will explore the ability to provide peer-peer mentors/buddies, the ability to use "chat" with counselors for support, lunchtime clubs and other social opportunities for students. | 161,000 | 122,112 | No |

| Description | Total Budgeted Funds | Estimated Actual Expenditures | Contributing |
|---|----------------------|-------------------------------|--------------|
| Staff will explore providing virtual social groups for students in special education. | | | |

A description of any substantive differences between the planned actions and/or budgeted expenditures for the distance learning program and what was implemented and/or expended on the actions.

All actions and services were implemented as planned. There were no substantive changes.

Analysis of the Distance Learning Program

A description of the successes and challenges in implementing each of the following elements of the distance learning program in the 2020-21 school year, as applicable: Continuity of Instruction, Access to Devices and Connectivity, Pupil Participation and Progress, Distance Learning Professional Development, Staff Roles and Responsibilities, and Support for Pupils with Unique Needs.

Curriculum and instructional materials (Continuity of Instruction): The digital supplementary programs that were purchased proved very successful in teaching virtually. We were also able to supply funding for specialty classes and student materials for supply kits for every level. This allowed teachers to use lessons that required hands-on materials and be assured that students had what they needed to participate at home. The challenge in implementing curriculum was finding enough time, especially at the elementary level, to implement all the standards and curriculum provided. Typically teachers used some whole group instruction, but then met with smaller groups throughout the day as they found that more effective. This required a concentrated focus on key standards and materials due to the amount of time in the instructional day. Therefore, not all of the materials provided were consistently implemented in all classrooms.

Technology and Connectivity (Access to Devices): The challenge has been actually acquiring the technology that was ordered during the summer of 2020. As of February 2021, we still are awaiting a shipment of over 1000 Chromebooks. Luckily we had implemented 1:1 at the high schools in 2019-20 and had older, albeit not as robust, Chromebooks to distribute to families in need. Another struggle has been getting consistent connectivity to all families. We have supported families with internet subscriptions and hotspots, however stable connection is still a challenge. We were able to purchase and install CTE servers that host the complex programs needed for use in CTE classes. The challenge was just receiving the configuring these servers in a timely fashion.

Staffing/Personnel (Pupil Participation & Progress): Our current staffing has been very helpful in reconfiguring HS and MS classes to a 4x4 model. While this has created some challenge in a lesser amount of time and a more aggressive pace to cover content, only having 4 classes to focus on for students and staff has had benefits. The tech mentors at every school have been invaluable in supporting the District and school sites with technology integration, creation of professional shared resources, professional learning opportunities and troubleshooting.

Professional Learning (Distance Learning Professional Development): We were able to offer virtual training before school started to continue our work on equity and distance teaching. We created a Professional Development Google Classroom where all the modules and virtual sessions were held and teachers logged in to complete their trainings. We partnered with our county office to find facilitators for this work. We purchased seven online modules from EPOCH Education This spring we hosted seven virtual synchronous equity sessions for staff who volunteered and were interested in continuing this work.

Food Services (Staff Roles & Responsibilities): Our food services team has been extremely supportive, creative and flexible in finding ways to get meals to students. They offered families a variety of times, dates, and packages for obtaining meals. We were able to purchase additional equipment for the food service program to accommodate this new way of providing meals. Our maintenance team and campus supervisors have been instrumental in supporting the success of our meal program this year. They have shifted their work to include

Mental Wellness (Support for Pupils with Unique Needs): We have been able to offer a robust series of services to support students' mental well-being. We have created virtual wellness centers, virtual counseling, contracted with CareSolace to connect families with outside services, etc. In addition our behaviorist hosts virtual appointments for any families needing support at home. The challenge has been getting students to access these supports in a consistent manner. We have served over 400 students in free after school interest based classes taught by our BUSD staff and local community members. The classes run for 6 weeks and are between 60 minutes and two hours in length. The classes are free to families and students are provided with all the necessary materials and supplies for the class. Examples of the classes are: fun with clay, bucket drumming, drawing, hip hop and breakdancing, jewelry making, singing, piano, tinkering, drama, chocolate making, cooking and baking. These classes focus on supporting students wellbeing by building connections and helping students pursue a passion. The feedback from these classes has been overwhelmingly positive.

Pupil Learning Loss

Actions Related to the Pupil Learning Loss

| Description | Total Budgeted Funds | Estimated Actual Expenditures | Contributing |
|--|----------------------|-------------------------------|--------------|
| Assessment Materials including NWEA-MAP assessment system to provide tools to assess and monitor student progress in ELA and math across the District and online assessments for special education assessments | 77,000 | 25,620 | No |
| Staffing for reading tutors to provide intervention at the elementary sites and stipends for math and English labs at the secondary level. | 162,000 | 140,235 | No |

A description of any substantive differences between the planned actions and/or budgeted expenditures for addressing pupil learning loss and what was implemented and/or expended on the actions.

NWEA-Map was not implemented as planned during the 2020-21 school year due to COVID-19. BUSD planned to implement this program remotely; however, the platform proved difficult as not every student had a District issued device. The decision was made to use curriculum-based assessments for the 2020-21 school year and to implement NWEA-Map in 2021-2022.

Analysis of Pupil Learning Loss

A description of the successes and challenges in addressing Pupil Learning Loss in the 2020-21 school year and an analysis of the effectiveness of the efforts to address Pupil Learning Loss to date.

Assessment materials: The District purchased NWEA-MAP to be implemented this school year. We attempted implementation in the Fall and it was not successful. It proved difficult for students to log on to the platform, as not all students had a District issued computer. There was much frustration by both teachers and students. Therefore, the decision was made to pause implementation for this school year. It has been extremely challenging to attain reliable assessment data in reading and mathematics in a virtual learning environment. Teachers are using a variety of online curricular tools such as Lexia, Zearn, IXL, and SRI to obtain approximations of progress. They use this information in determining student growth. In addition, teachers use analysis of student work products to determine progress. As a District, we are using report card grades in addition to the previously mentioned curricular assessments to identify students in need of support.

Staffing: The reading tutors have been a huge support for students who are struggling. These interventions are occurring virtually, but the tutors meet with their cohort of students four times a week. We have offered after-school tutoring for free at every level four days per week. Even with continued promotion, attendance at these sessions has been minimal.

Analysis of Mental Health and Social and Emotional Well-Being

A description of the successes and challenges in monitoring and supporting mental health and social and emotional well-being in the 2020-21 school year.

The successes and challenges in monitoring and supporting mental health and social and emotional well-being was addressed in the Distance Learning section (page 46) of the LCP annual update.

Analysis of Pupil and Family Engagement and Outreach

A description of the successes and challenges in implementing pupil and family engagement and outreach in the 2020-21 school year.

BUSD created a robust tiered re-engagement process and trained all administrators and staff (as appropriate.) The process calls for early intervention when students are not engaged in their learning. One of the components of this plan is for the administrator or designee to conduct an intake interview with the student and family when a student has had just a few absences. This allows District staff to employ and offer supports specific to the needs of the family. The challenges of this process is that we had many students disengaging and it was difficult to keep on track with the process and then to re-engage students even when the process was followed. Consequently, we have a higher chronic absenteeism rate than in previous years. This is primarily at the secondary level. Plans were put in place to add a step and support to require students who were not engaging to return to campus to participate in their virtual learning while being supervised on site.

Analysis of School Nutrition

A description of the successes and challenges in providing school nutrition in the 2020-21 school year.

The successes and challenges in providing school nutrition was addressed in the Distance Learning section (Page 46) of the LCP annual update.

Additional Actions and Plan Requirements

Additional Actions to Implement the Learning Continuity Plan

| Section | Description | Total Budgeted Funds | Estimated Actual Expenditures | Contributing |
|---------|-------------|----------------------|-------------------------------|--------------|
| | NA | 0 | 0 | No |

A description of any substantive differences between the planned actions and budgeted expenditures for the additional plan requirements and what was implemented and expended on the actions.

NA

Overall Analysis

An explanation of how lessons learned from implementing in-person and distance learning programs in 2020-21 have informed the development of goals and actions in the 2021–24 LCAP.

The primary lesson learned from implementing virtual learning programs is the imperative to address equity, barriers and opportunity for our diverse student groups. Based on feedback from all of our stakeholder groups, the 2021-2024 LCAP will address a separate goal on equity as well as adding an equity component to each of the other goal areas: social-emotional learning; literacy & humanities; math & STEAM.

An explanation of how pupil learning loss continues to be assessed and addressed in the 2021–24 LCAP, especially for pupils with unique needs.

NWEA-MAP will be fully implemented in the fall of 2021 and used as a robust tool for monitoring student success in TK-12.

A description of any substantive differences between the description of the actions or services identified as contributing towards meeting the increased or improved services requirement and the actions or services implemented to meet the increased or improved services requirement.

There were not substantive differences between the description of the actions or services identified as contributing towards meeting the increased or improved services requirement and the actions or services implemented to meet the increased or improved services requirement.

Overall Analysis of the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan

A description of how the analysis and reflection on student outcomes in the 2019-20 LCAP and 2020-21 Learning Continuity and Attendance Plan have informed the development of the 21-22 through 23-24 LCAP.

Data analysis and feedback from all stakeholders helped inform the development of the 2021-2024 LCAP. The stakeholder engagement surveys intentionally inquired about learnings from the past year and what actions and services should be kept or excluded. . It was determined to continue with goals in the areas of literacy, mathematics, and Social-Emotional Learning/Sense of Belonging. In addition, strong feedback led to the development of a goal on equity. In addition, deliberate attention to the following areas will continue in the 2021-2024 LCAP:

Student engagement & chronic absenteeism: These two areas were of concern during the 2020-21 school year. We saw an increase in chronic absenteeism across the District. We will be restructuring our work to include more deliberate and consistent outreach to students of concern.

Student academic progress: BUSD found it difficult to gather reliable data on student achievement during the 2020-21 school year due to remote learning. A focus on closing achievement gaps is a high priority. BUSD will offer a robust summer program and increase intervention services at all levels to support students and mitigate learning loss.

Social-emotional wellness: BUSD will focus on supporting all students' social-emotional wellbeing through increasing mental health staff and counselors during the 2021-22 school year. In addition, continued work on opening our Wellness Centers at every site will be a priority. This focus will support student engagement and attendance as well.

Instructions: Introduction

The Annual Update Template for the 2019-20 Local Control and Accountability Plan (LCAP) and the Annual Update for the 2020–21 Learning Continuity and Attendance Plan must be completed as part of the development of the 2021-22 LCAP. In subsequent years, the Annual Update will be completed using the LCAP template and expenditure tables adopted by the State Board of Education.

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Instructions: Annual Update for the 2019–20 Local Control and Accountability Plan Year

Annual Update

The planned goals, state and/or local priorities, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the approved 2019-20 Local Control and Accountability Plan (LCAP). Minor typographical errors may be corrected. Duplicate the Goal, Annual Measurable Outcomes, Actions / Services and Analysis tables as needed.

For each goal in 2019-20, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in 2019-20 for the goal. If an actual measurable outcome is not available due to the impact of COVID-19 provide a brief explanation of why the actual measurable outcome is not available. If an alternative metric was used to measure progress towards the goal, specify the metric used and the actual measurable outcome for that metric.

Identify the planned Actions/Services, the budgeted expenditures to implement these actions toward achieving the described goal and the actual expenditures to implement the actions/services.

Goal Analysis

Using available state and local data and input from parents, students, teachers, and other stakeholders, respond to the prompts as instructed.

- If funds budgeted for Actions/Services that were not implemented were expended on other actions and services through the end of the school year, describe how the funds were used to support students, including low-income, English learner, or foster youth students, families, teachers and staff. This description may include a description of actions/services implemented to mitigate the impact of COVID-19 that were not part of the 2019-20 LCAP.

- Describe the overall successes and challenges in implementing the actions/services. As part of the description, specify which actions/services were not implemented due to the impact of COVID-19, as applicable. To the extent practicable, LEAs are encouraged to include a description of the overall effectiveness of the actions/services to achieve the goal.

Instructions: Annual Update for the 2020–21 Learning Continuity and Attendance Plan

Annual Update

The action descriptions and budgeted expenditures must be copied verbatim from the 2020-21 Learning Continuity and Attendance Plan. Minor typographical errors may be corrected.

Actions Related to In-Person Instructional Offerings

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to in-person instruction and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for in-person instruction and what was implemented and/or expended on the actions, as applicable.
- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in implementing in-person instruction in the 2020-21 school year, as applicable. If in-person instruction was not provided to any students in 2020-21, please state as such.

Actions Related to the Distance Learning Program

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to the distance learning program and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for the distance learning program and what was implemented and/or expended on the actions, as applicable.
- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in implementing distance learning in the 2020-21 school year in each of the following areas, as applicable:
 - Continuity of Instruction,
 - Access to Devices and Connectivity,

- Pupil Participation and Progress,
- Distance Learning Professional Development,
- Staff Roles and Responsibilities, and
- Supports for Pupils with Unique Needs, including English learners, pupils with exceptional needs served across the full continuum of placements, pupils in foster care, and pupils who are experiencing homelessness

To the extent practicable, LEAs are encouraged to include an analysis of the effectiveness of the distance learning program to date. If distance learning was not provided to any students in 2020-21, please state as such.

Actions Related to Pupil Learning Loss

- In the table, identify the planned actions and the budgeted expenditures to implement actions related to addressing pupil learning loss and the estimated actual expenditures to implement the actions. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for addressing pupil learning loss and what was implemented and/or expended on the actions, as applicable.
- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in addressing Pupil Learning Loss in the 2020-21 school year, as applicable. To the extent practicable, include an analysis of the effectiveness of the efforts to address pupil learning loss, including for pupils who are English learners; low-income; foster youth; pupils with exceptional needs; and pupils who are experiencing homelessness, as applicable.

Analysis of Mental Health and Social and Emotional Well-Being

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in monitoring and supporting Mental Health and Social and Emotional Well-Being of both pupils and staff during the 2020-21 school year, as applicable.

Analysis of Pupil and Family Engagement and Outreach

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges related to pupil engagement and outreach during the 2020-21 school year, including implementing tiered reengagement strategies for pupils who were absent from distance learning and the efforts of the LEA in reaching out to pupils and their parents or guardians when pupils were not meeting compulsory education requirements or engaging in instruction, as applicable.

Analysis of School Nutrition

- Using available state and/or local data and feedback from stakeholders, including parents, students, teachers and staff, describe the successes and challenges experienced in providing nutritionally adequate meals for all pupils during the 2020-21 school year, whether participating in in-person instruction or distance learning, as applicable.

Analysis of Additional Actions to Implement the Learning Continuity Plan

- In the table, identify the section, the planned actions and the budgeted expenditures for the additional actions and the estimated actual expenditures to implement the actions, as applicable. Add additional rows to the table as needed.
- Describe any substantive differences between the planned actions and/or budgeted expenditures for the additional actions to implement the learning continuity plan and what was implemented and/or expended on the actions, as applicable.

Overall Analysis of the 2020-21 Learning Continuity and Attendance Plan

The Overall Analysis prompts are to be responded to only once, following an analysis of the Learning Continuity and Attendance Plan.

- Provide an explanation of how the lessons learned from implementing in-person and distance learning programs in 2020-21 have informed the development of goals and actions in the 2021–24 LCAP.
 - As part of this analysis, LEAs are encouraged to consider how their ongoing response to the COVID-19 pandemic has informed the development of goals and actions in the 2021–24 LCAP, such as health and safety considerations, distance learning, monitoring and supporting mental health and social-emotional well-being and engaging pupils and families.
- Provide an explanation of how pupil learning loss continues to be assessed and addressed in the 2021–24 LCAP, especially for pupils with unique needs (including low income students, English learners, pupils with disabilities served across the full continuum of placements, pupils in foster care, and pupils who are experiencing homelessness).
- Describe any substantive differences between the actions and/or services identified as contributing towards meeting the increased or improved services requirement, pursuant to *California Code of Regulations*, Title 5 (5 CCR) Section 15496, and the actions and/or services that the LEA implemented to meet the increased or improved services requirement. If the LEA has provided a description of substantive differences to actions and/or services identified as contributing towards meeting the increased or improved services requirement within the In-Person Instruction, Distance Learning Program, Learning Loss, or Additional Actions sections of the Annual Update the LEA is not required to include those descriptions as part of this description.

Overall Analysis of the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan

The Overall Analysis prompt is to be responded to only once, following the analysis of both the 2019-20 LCAP and the 2020-21 Learning Continuity and Attendance Plan.

- Describe how the analysis and reflection related to student outcomes in the 2019-20 LCAP and 2020-21 Learning Continuity and Attendance Plan have informed the development of the 21-22 through 23-24 LCAP, as applicable.

Annual Update for the 2019–20 Local Control and Accountability Plan Year Expenditure Summary

| Total Expenditures by Funding Source | | |
|--------------------------------------|--------------------------------------|------------------------------------|
| Funding Source | 2019-20 Annual Update Budgeted | 2019-20 Annual Update Actual |
| All Funding Sources | 11,442,200.00 | 8,733,108.00 |
| Restricted | 7,641,491.00 | 5,491,063.00 |
| Unrestricted | 3,800,709.00 | 3,242,045.00 |

* Totals based on expenditure amounts in goal and annual update sections.

| Total Expenditures by Object Type | | |
|-----------------------------------|--------------------------------------|------------------------------------|
| Object Type | 2019-20 Annual Update Budgeted | 2019-20 Annual Update Actual |
| All Expenditure Types | 11,442,200.00 | 8,733,108.00 |
| Restricted | 7,641,491.00 | 5,491,063.00 |
| Unrestricted | 3,800,709.00 | 3,242,045.00 |

Local Control Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

| Local Educational Agency (LEA) Name | Contact Name and Title | Email and Phone |
|-------------------------------------|---|---|
| Benicia Unified School District | Leslie Beatson, Ed.D. Assistant Superintendent, Education Services | lbeatson@beniciaunified.org 707-748-2662 ext. 1231 |

Plan Summary [2021-22]

General Information

A description of the LEA, its schools, and its students.

Benicia Unified School District is a PreK-12 District that serves approximately 4,500 students. Benicia student population has about 55% ethnic diversity and 25% of students who are Foster Youth, Homeless, Socio-economically Disadvantaged and/or English Learner (Unduplicated population.) Approximately 3.4% of students are English Learners.

There are four PreK-Fifth grade elementary schools, one 6-8 grade middle school, one 9-12 grade comprehensive high school, one continuation high school, and one community day school. Approximately 500 teachers and classified staff work with the students to provide them with an outstanding education.

The Benicia parents and community are involved in the schools and take an active role in participating at the sites, by providing feedback and through stakeholder meetings and workshops.

In 2015-16, the Superintendent facilitated a process where the staff and community engaged in a process to create a dynamic vision statement, a belief statement and outline the characteristics they strive for each Benicia graduate.

BUSD Vision: Where all students achieve at their highest potential in an engaging, inspiring and challenging learning environment.

We Believe:

Students reach their potential when they are engaged, encouraged, challenged and supported in the pursuit of their interests, passions, and talents.

All students are creative, unique and can learn.

Education is a collaborative effort among students, staff, parents, guardians and the community.

In valuing the diversity of students, staff and the community.

Every student has a voice that deserves to be heard.

Safe and welcoming schools help students and staff reach their potential.

Educational experiences for students and staff are continually improved through systems of accountability.

Education must be purposeful, challenging and innovative.

Characteristics of a BUSD Graduate:

Inquisitive with a desire to be lifelong learners.

Self-sufficient, self-motivated and socially responsible individuals.

Fully prepared and equipped for college or career in the 21st Century.

Collaborative, creative, critical thinkers with strong communication skills.

Compassionate, respectful and possess a high degree of integrity.

Resilient with the willingness to persevere.

Innovative, entrepreneurial and adaptable.

Globally aware and environmentally responsible citizens.

Capable of recognizing the talents in themselves so they can be fulfilled, compassionate and engaged individuals.

BUSD's vision, We Believe, and the Characteristics of Benicia Graduate documents drive the work of the District and the LCAP, which serves as the District's Strategic Plan. Data analysis and the creation of actions to support Site and District goals are continuously measured against these above-mentioned documents to ensure that all students have enriching educational opportunities to meet their highest potential. As District staff reflect on progress toward goals and work to measure the impact of actions, the vision, beliefs, and characteristics documents help drive the discussion.

In keeping with the BUSD vision, the priorities identified through our data, and stakeholder feedback, four overarching goals have guided the development of the best practices, actions, services and budget allocations in the LCAP. A robust 3-year professional learning plan has been created to support our work and continuous growth in these areas.

The BUSD Board of Trustees adopted the LCAP as the District's Strategic Plan with these four goals:

Goal 1 (Social-Emotional Wellness): All students in Benicia Unified School District, especially those that have been traditionally underrepresented, will feel a sense of belonging and connection to their school community so that they feel challenged and invested in a learning environment that values individuals and is accepting, respectful, safe and supportive.

Goal 2 (Academic-Literacy & Humanities): All students in Benicia Unified School District will demonstrate mastery on and be supported in grade-level literacy and humanities standards in all content areas so that there is comparable performance for all student groups, and achievement and performance gaps are virtually non-existent.

Goal 3 (Academic-Math & STEAM): All students in Benicia Unified School District, will demonstrate mastery on and be supported in math standards with the support of all STEAM (science, technology, engineering, art, math) content areas so that there is comparable performance for all student groups, and achievement and performance gaps are virtually non-existent.

Goal 4 (Equity): Historically underserved and underrepresented students will have access to and inclusion in all learning and activities in school. BUSD will advance equity practices by ensuring that the voices of our students are represented, they feel seen and their cultures and stories are valued with a particular focus on students who are black, socio-economically disadvantaged, English learners, Latinx, LGBTQ, and students in special education.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

BUSD has many reasons to celebrate student successes and achievements. Students and staff have worked hard to support growth in many areas.

Performance on the California Dashboard is ranked on a color scale: blue=very high; green=high; yellow=medium; orange=low; and red=very low (except for suspension and chronic absenteeism rates where blue = very low and red=very high.) Outlined below are the District's greatest successes and increases, except for suspensions and chronic absenteeism where rates would decrease:

BUSD: MATHEMATICS (2019 SBAC)

- ALL Students: 54% met/exceeded and Green on Dashboard; (52% in 2017-18, Yellow)
- African American Students: 26% met/exceeded and Yellow on Dashboard; (22% 2017-18; Orange)
- Homeless Students: 18% met/exceeded and Yellow on Dashboard (No data 2017-18; Orange)
- Socio-economically Disadvantaged Students: 26% met/exceeded and Yellow on Dashboard (30% 2017-18; Orange)
- Filipino Students: 64% met/exceeded and Green on Dashboard (63% 2017-18; Green)
- Two or More Races: 57% met/exceeded and Green on Dashboard; (50% in 2017-18; Yellow)
- White Students: 63% met/exceeded and Green on Dashboard; (60% in 2017-18; Green)
- Asian Students: 77% met/exceeded and Blue on Dashboard (75% 2017-18; Green)
- Hispanic: 37% met/exceeded and Yellow on Dashboard (38% 2017-18; Orange)

BUSD: ENGLISH LANGUAGE ARTS (2019 SBAC)

- ALL Students: 58% met/exceeded and Blue on Dashboard; (53% in 2017-18, Yellow)
- Students with Disabilities: 19% met/exceeded and Orange on Dashboard; (15% in 2017-18; Red)
- African American Students: 28% met/exceeded and Yellow on Dashboard (23% 2017-18; Red)
- Hispanic Students: 47% met/exceeded and Yellow on Dashboard (40% in 2017-18; Orange)
- Homeless Students: 41% met/exceeded and Yellow on Dashboard; (No data 2017-18; Red)
- Socio-economically Disadvantaged Students: 31% met/exceeded and Yellow on Dashboard (31% 2017-18; Orange)
- Filipino Students: 64% met/exceeded and Green on Dashboard (66% 2017-18; Green)
- Asian Students: 78% met/exceeded and Blue on Dashboard (73% 2017-18; Green)
- Two or More Races: 61% met exceeded and Blue on Dashboard; (52% in 2017-18; Orange)
- White Students: 66% met/exceeded and Blue on Dashboard (61% in 2017-18; Green)

BUSD: SUSPENSION RATES (2019 Dashboard)

- Foster Youth: 6.7% Yellow on Dashboard; (22.2% in 2017-18 and Red)
- Students with Disabilities: 5.6% and Yellow on Dashboard; (8.3% in 2017-18 and Red)
- English Learner Students: 1% and Green on Dashboard; (0.6% in 2017-18 and Blue)
- Filipino Students: 1.1% and Green on Dashboard; (1% in 2017-18 and Green)
- White Students: 1.5% and Green on Dashboard; (2.9% in 2017-18 and Orange)
- Asian Students: 0.9% and Blue on Dashboard; (1.9% in 2017-18 and Green)

BUSD: SUSPENSION RATE (2020 DataQuest)- 2.3%

BUSD: CHRONIC ABSENTEEISM (2019 Dashboard)

- ALL Students: 6.1% and Yellow on Dashboard; (6.3% in 2017-18 and Yellow)
- African American Students: 6.9% and Green on Dashboard; (11.5% in 2017-18 and Red)
- Filipino Students: 3% and Green on Dashboard; (2.5% in 2017-18 and Blue)
- White Students: 5.3% and Green on Dashboard; (6.5% in 2017-18 and Orange)
- Asian Students: 2.3% and Blue on Dashboard; (3.7% in 2017-18 and Yellow)
- Students with Disabilities: 11.7% and Yellow on Dashboard; (12.5% in 2017-18 and Orange)
- Homeless Students: 14.3% and Yellow on Dashboard; (19.5% in 2017-18 and Orange)
- Socio-economically Disadvantaged Students: 10.9% and Yellow on Dashboard; (11.5% in 2017-18 and Yellow)

BUSD: GRADUATION RATES (2019 Dashboard)

- ALL Students: 96.3% and Blue on Dashboard; (97% in 2017-18 and Blue)
- African American Students: 97.3% and Blue on Dashboard; (Data not available)
- Filipino Students: 100% and Blue on Dashboard; (100% in 2017-18 and Blue)
- Hispanic Students: 98.4% and Blue on Dashboard; (96% in 2017-18 and Blue)
- Two or More Races: 98.1% and Blue on Dashboard; (95.7% in 2017-18 and Blue)

BUSD: GRADUATION RATES (2020 DataQuest)

- All Students: 95.5%%

African American Students: 95.5%

- Filipino & Asian Students: 100%
- Two or More Races: 92.7%
- English learners: 100%
- White: 96.7%
- Socio-economically Disadvantaged: 92.5%

BUSD: COLLEGE AND CAREER READINESS (2019 Dashboard)

- ALL Students: 67.7% prepared and Green on Dashboard;
- All student groups increased or remained in Green or Blue
- No student groups in red or orange

BUSD: COLLEGE AND CAREER READINESS (2020 DataQuest)

- ALL Students: 68.7% prepared
- Asian: 90.5%
- Filipino: 83.5%
- Hispanic: 61.4%
- Two or More Races: 67.3%

BUSD will work on maintaining and building on the progress made through a continued focus on English Learner development at all levels. For instance, BUSD is examining the effectiveness of the current ELD curriculum and resources, creating ways for public celebrations of redesignation, and participating in the Seal of Biliteracy program. BUSD will continue to focus on supporting our students' diverse population through intentional work on equity and culturally responsive practices. The laser-like focus on this work over the last two years is making a difference. BUSD staff will continue to use the SBAC blueprints and tasks to inform instructional practices in the classroom. Additionally, implementing a new local universal screener, NWEA-MAP, will enable staff to closely monitor student progress throughout the year. Finally, a continued focus on Positive Behavior Interventions and Supports (PBIS) will drive the work to support decreasing suspensions.

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

BUSD has some areas of need to ensure high levels of student achievement.

Performance on the California Dashboard is ranked on a color scale: blue=very high; green=high; yellow=medium; orange=low; and red=very low (except for suspension and chronic absenteeism rates where blue = very low and red=very high.)

Outlined below are the District's greatest needs where performance was in the orange or red categories on the California Dashboard or where performance declined (except in Suspensions and Chronic Absenteeism where rates would be increased.)

BUSD: MATHEMATICS (SBAC)

- English Learner Students: 19% and Orange on Dashboard; (23% in 2017-18; Orange)
- Students with Disabilities: 19% met/exceeded and Orange on Dashboard; (16% in 2017-18; Orange)

BUSD: ENGLISH LANGUAGE ARTS (SBAC)

- English Learner Students: 15% and Orange on Dashboard; (15% in 2017-18; Yellow)
- Students with Disabilities: 19% met/exceeded and Orange on Dashboard; (15% in 2017-18; Red)

BUSD: SUSPENSION RATES (2019 Dashboard)

- ALL Students: 3.2% and Orange (2.8% 2017-18 and Yellow)
- African American Students: 6.5% and Orange on Dashboard; (5.7% 2017-18 and Yellow)
- Hispanic Students: 3.4% and Orange on Dashboard; (2.2% 2017-18 and Green)
- Homeless Students: 7.8% and Orange on Dashboard; (4.7% 2017-18 and Yellow)
- Two or More Races: 4.6% and Orange on Dashboard; (3% 2017-18 and Green)
- Socio-economically Disadvantaged: 5.8% and Orange on Dashboard; (4.7% 2017-18 and Yellow)

BUSD: CHRONIC ABSENTEEISM (2019 Dashboard)

- English Learner Students: 10.9% and Red on Dashboard; (5.8% in 2017-18 and Orange)
- Hispanic Students: 7.2% and Orange on Dashboard; (6.3% in 2017-18 and Orange)
- Two or More Races: 8.2% and Orange on Dashboard; (5.8% in 2017-18 and Green)

BUSD: GRADUATION RATES (2019 Dashboard)

- Students with Disabilities: 86.8% and Orange on Dashboard; (91.8% in 2017-18 and Green)
- Socio-economically Disadvantaged Students: 92.7% and Yellow on Dashboard; (95.2% in 2017-18 and Blue)
- White Students: 94.3 and Yellow on Dashboard; (97.3% in 2017-18 and Blue)

BUSD: GRADUATION RATES (2020 DataQuest)

- Students with Disabilities: 84.2%
- Hispanic: 90.4%

BUSD: COLLEGE AND CAREER READINESS (2019 Dashboard)

- All student groups increased or remained in Green or Blue
- No student groups in red or orange

BUSD: COLLEGE AND CAREER READINESS (2020 DataQuest)

- African American Students: 59.1%
- English Learners: 54.5%
- Socio-economically Disadvantaged: 51.9%
- Students with Disabilities: 24.6%

Local Performance on literacy data, feedback from families and students as well as survey data have supported the need for an intentional focus on Chronic Absenteeism and Suspensions. Both of these indicators will be primarily addressed in the District's first goal focused on Social-emotional learning and a sense of belonging. PBIS will continue to be the construct and framework used to further work in the area of school culture and climate as it relates to student behavior. In addition, particular attention will be given to students with disabilities. The BUSD staff realigned our special education model and services to better meet the needs of our students by creating a continuum of services that is aligned TK-12. English Learner students at the secondary level will continue to receive designated support through an English Language Development class that has integrated the EL Roadmap. A new high school curriculum was purchased during the 2019-20 school year to better serve these students through designated EL instruction. BUSD will continue to focus on supporting our students' diverse population through intentional work on equity and culturally responsive practices. BUSD will use an equity lens to evaluate our performance, practices and processes in a variety of areas including: curriculum adoption, scheduling, and grading. BUSD's work in equity will underscore all other work in the District.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The BUSD Board of Trustees adopted the LCAP as the District's Strategic Plan with these three goals listed below. Under each goal are descriptions of actions or services that staff believe will be integral in leveraging student growth in their social-emotional wellness and/or academic performance.

Goal 1 (Social-Emotional Wellness): All students in Benicia Unified School District, especially those who have been traditionally underrepresented, with a focus on our black students, will feel a sense of belonging and connection to their school community so that they feel challenged and invested in a learning environment that values individuals and is accepting, respectful, safe and supportive.

- Providing counseling through the use of additional counselors, social workers, and interns will allow more students access to mental health professionals.
- Purchasing and providing training on a social-emotional learning and health wellness curriculum will allow staff to support students in learning key skills and strategies.
- Purchasing and implementing a social-emotional wellness universal screening tool will allow staff to better support students and target interventions.
- Opening wellness centers at each site will allow for continued support in a safe environment.
- Increasing direct support through Special Friends/Second Step and Mental Health Clinicians will serve more students throughout the District.
- A robust professional learning plan underlies this goal and will provide staff with targeted training over the next three years.

Goal 2 (Academic-Literacy & Humanities): All students in Benicia Unified School District will demonstrate mastery on and be supported in grade-level literacy and humanities standards in all content areas so that there is comparable performance for all student groups, and achievement and performance gaps are virtually non-existent.

- Providing trained intervention instructional assistants at the K-8 level will support the students and teachers in ensuring that struggling readers and mathematicians receive a daily double-dose of direct reading small-group instruction.
- Partnering with the City of Benicia to re-launch "Benicia Reads Campaign" focuses a community's efforts on the importance of early literacy and the role of engaging with children 0-5 years old in singing, talking, and reading.
- Purchasing and implementing an academic universal screening and benchmarking tool will allow staff to better support students and target interventions.
- Creating MTSS Data-Driven Student Support Teams at each site that review the progress of students in their academic and social-emotional lives will allow staff to respond in a timely fashion with targeted support and monitor student growth.
- Providing all staff with content collaboration days where they work collaboratively on instructional practices that are data-driven and embed best practices such as Universal Design for Learning, English Learner strategies, data and task analysis for test items, and common vocabulary and literacy strategies across the curriculum.

- Increasing literacy support services at all levels through additional staffing, sections, and tutoring labs will afford more students opportunities to close learning gaps.
- Implementing a robust assessment system TK-12 in literacy and mathematics will allow teachers to monitor student progress and provide just-in-time targeted instruction.
- A robust professional learning plan underlies this goal and will provide staff with targeted training over the next three years.

Goal 3 (Academic-Math & STEAM): All students in Benicia Unified School District, will demonstrate mastery on and be supported in math standards with the support of all STEAM (science, technology, engineering, art, math) content areas so that there is comparable performance for all student groups, and achievement and performance gaps are virtually non-existent.

- Some of the actions from Goal 2 will support Goal 3 as well.
- Purchasing and implementing a robust data analytics platform for all users will allow staff to understand the impact of instruction, needs for acceleration or re-teaching and monitor interventions provided.
- Providing additional sections of math and science at the secondary level will increase the teacher-to-student ratio and provide for more individualized, targeted instruction.
- Purchasing a math intervention program to be used Districtwide to support students' math growth.
- Increasing access to technology for all students, BUSD will continue to support a 1:1 environment Tk-12.
- Implementing instructional rounds where staff use an identified protocol to visit classrooms to find student-based evidence of successful implementation of LCAP goals.
- A robust professional learning plan underlies this goal and will provide staff with targeted training over the next three years.

Goal 4 (Equity): Historically underserved and underrepresented students will have access to and inclusion in all learning and activities in school. BUSD will advance equity practices by ensuring that the voices of our students are represented, they feel seen and their cultures and stories are valued with a particular focus on students who are black, socio-economically disadvantaged, English learners, Latinx, LBGTQ, and students in special education.

- Establishing a District Equity Advisory Team will support and help oversee the ongoing work throughout the District.
- Conducting an equity audit TK-12 in all curricular areas will help ensure that BUSD curriculum is relevant and inclusive.
- Hiring an Equity and Innovation Coordinator will support the ongoing work and BUSD's commitment to providing an equitable education to all students.
- Contracting with equity facilitators/trainers to support ongoing equity work at all parts of the system will help move the entire system forward on its equity journey.
- A robust professional learning plan underlies this goal and will provide staff with targeted training over the next three years.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

NA

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

NA

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

NA

Stakeholder Engagement

A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.

Summary of Stakeholder Engagement

A strong collaboration between administrators and the classified and certificated unions resulted in the formation of the "LCAPitans." This team was joined by the Parent LCAP Advisory Committee (PLAC) and met monthly throughout the year to understand the LCAP process, plan the stakeholder engagement sessions, facilitate the stakeholder engagement sessions, review the feedback received and provide final input and recommendation into the LCAP before it went to the BUSD Board of Trustees for final approval.

Over the past two years (2019-2021) Benicia Unified staff held approximately 86 district and site-based meetings or input structures in consultation with all stakeholder groups including parents, community members, local bargaining units, district, and school personnel, students, management, and the Board of Trustees in the development of our 2021-2024 Local Control Accountability Plan.

In January 2020, BUSD hosted an "LCAP Forum" for all staff and community members. The staff LCAP Forum was held during one of the District's Professional Learning Days so all staff had the ability to provide feedback. Data and actions from the current LCAP were clustered by category (elementary program, middle school program, high school program, social-emotional learning, technology, communication, and professional learning.) During this forum, participants reviewed data at each station. Then they were able to provide input for each station in an electronic survey that consisted of two questions: Based on your review of the data, what is working? Based on your review of the data, what needs attention? In addition, participants were able to provide feedback on the proposed new LCAP goals. Finally, the participants used an electronic dot protocol to indicate their priorities for the District over the next three years. Twenty potential priority categories were listed to choose from. To gather additional feedback, all stakeholders had the opportunity to provide additional feedback in February 2021 during staff meetings, parent meetings, and classroom forums.

An LCAP task force comprised of administrators, teachers, classified staff and parents worked for two full days in January 2020 to disaggregate the feedback collected, conduct a deeper dive into even more data and recommend actions and services based on their final data review that should be included in the new 2021-2024 LCAP.

District and site meetings with school staff, parent/staff advisory groups, District Curriculum Council, and surveys exemplify the collaborative opportunities created to ensure the district consulted with an effort to hear all voices and stakeholders. BUSD used a variety of protocols and presentations to design and implement each session. There were opportunities for both individual and group input at the sessions.

BUSD also used an electronic survey to ensure that the 2020 stakeholder engagement process was inclusive for parents who were unable to attend the in-person forums. One survey was sent to parents. The survey replicated the categories and questions from the in person-forums. One additional question regarding satisfaction was added after each category on the electronic survey. In 2021 an additional survey was sent to parents to gather additional feedback on learnings from Virtual Learning, equity, intervention services, and how well BUSD is living its Vision/Mission/Beliefs/Characteristics statements.

The following is a detail of the meetings held with each stakeholder group during the 2019-2020 school year.

- 8.6.19 Administrative Council Retreat: Reviewed LCAP goals, actions, and services.
- 8.8.19 BUSD Governing Board Retreat: Reviewed LCAP goals, highlighted actions and metrics.
- 8.13.19 BUSD Governing Board: Review of results of summer programs.
- 8.18.19 Administrative Council: Reviewed local data for Goal 1.
- 8.28.19 District Curriculum Council: Reviewed LCAP goals, actions, and services. Reviewed feedback from professional learning day.
- 9.3.19 High School Administrative Curriculum Meeting: Reviewed EL data and requirements.
- 9.4.19 Elementary Administrative Curriculum Meeting: Reviewed EL and intervention data and requirements.
- 9.4..19: Middle School Administrative Curriculum Meeting: Reviewed EL and intervention data and requirements. Discussed social-emotional curriculum.
- 9.24.19 Benicia African American Parent Group Meeting: Reviewed data, discussed supports and programming needed, including a Black Student Union (BSU) and math supports for parents to support their students.
- 9.25.19 District Curriculum Council: Reviewed and analyzed SBAC data. Discussed work of the year that led to the outcomes.
- 10.1.19 High School Administrative Curriculum Meeting: Reviewed EL data and process.
- 10.2.19 Administrative Council: Used data for Goal 1 to develop Plan-Do-Study-Act Cycles. Several focused on chronic absenteeism and how to support students in coming to school. Linked this work to LCAP.
- 10.3.19 BUSD Governing Board: Presentation on an update of LCAP goals, actions, services, and metrics.
- 10.4.19 Elementary Administrative Curriculum Meeting: Reviewed SBAC data and platform. Reviewed intervention data.
- 10.4.19 Middle School Administrative Curriculum Meeting: Reviewed ELD process. Reviewed SBAC accommodations tool kit.
- 10.22.19 LCAP Work Group & Parent Advisory Committee: Reviewed requirements of the LCAP. Reviewed 2019-20 LCAP data, goals, actions and services. Advised on needs for stakeholder engagement to be data-driven, in manageable segments and during the professional learning day.
- 10.17.19 BUSD Governing Board: Presentation on SBAC performance and Local Performance Indicators.
- 11.5.19 High School Administrative Curriculum Meeting: SBAC data review and planning. Worked on plans for professional learning day.
- 11.6.19 Administrative Council: Reviewed progress on Plan-Do-Study-Act Cycles.
- 11.12.19 LCAP Work Group & Parent Advisory Committee: Identified format and data needed for Stakeholder Engagement sessions. Began planning the structure and facilitation of the stakeholder engagement process. Discussed plan for videos for context setting.
- 11.14.19 Benicia African American Parent Group Meeting: Discussed moving BSU to during the school day, building relationships and formalizing into an advisory group.
- 11.15.19 District Curriculum Council: Used data LCAP Goals 1 and 2 to plan Districtwide professional learning day and to plan the Stakeholder Engagement sessions.
- 11.20.19 Administrative Council: Continued to used data LCAP Goals 1 and 2 to plan Districtwide professional learning day and to plan the Stakeholder Engagement sessions.
- 11.21.19 BUSD Governing Board: Presentation on review of the Stakeholder Engagement process.
- 12.4.19 Administrative Council: Reviewed the LCAP process for gathering input and writing new goals, actions, and services.
- 12.4.19 Middle School Administrative Curriculum Meeting: Reviewed ELPAC and intervention plans.

12.5.19 District English Language Advisory Committee: Discussed LCAP process, discussed current barriers and solutions including translation services, support with registration and additional time for assessments.

12.5.19 Elementary Administrative Curriculum Meeting: Reviewed intervention data. Planned for professional learning day.

12.11.19 District Curriculum Council: Used data LCAP Goals 1 and 2 to plan Districtwide professional learning day and to plan the Stakeholder Engagement sessions.

12.19.19 LCAP Work Group & Parent Advisory Committee: Planned Stakeholder Engagement Sessions. Reviewed videos for all stakeholders to create context for LCAP process.

2.19.20 Middle School Administrative Curriculum Meeting: Reviewed intervention and scheduling impacts.

1.9.20 Elementary Administrative Curriculum Meeting: Reviewed SBAC platform and set expectations for practice. Reviewed EL progress.

1.15.20 District Curriculum Council: Used data LCAP Goals 1 and 2 to review plans for the Stakeholder Engagement sessions.

1.16.20 BUSD Governing Board: Presentation on the results of the California Dashboard.

1.22.20 Administrative Council: Reviewed Stakeholder Engagement Plan for the professional learning day and for families/community.

1.30.20 Benicia African American Parent Group Meeting: Discussed plans for formalizing into advisory group.

2.4.20 High School Administrative Curriculum Meeting: Reviewed student progress, worked on ELD course.

2.7.20 Elementary Administrative Curriculum Meeting: Final preparation for SBAC, reviewed all data.

2.13.20 LCAP Task Force: Reviewed all feedback from Stakeholder Engagement sessions and data. Used this data to write new goals, actions, services and metrics for the 2020-2021 LCAP.

2.14.20 LCAP Task Force: Continued work from 2.13.20.

2.19.20 Administrative Council: Reviewed feedback from Stakeholder Engagement Sessions. Reviewed and revised proposed goals, actions, services and metrics for 2020-2023 LCAP.

3.3.20 High School Administrative Curriculum Meeting: Reviewed ELD plan, discussed professional learning day for August 2020.

3.3.20 Middle School Administrative Curriculum Meeting: Reviewed social-emotional curriculum plans, intervention, and special education needs.

3.4.20 Administrative Council: Continued to review and revise proposed goals, actions, services and metrics for 2020-2021 LCAP.

3.10.20 LCAP Work Group & Parent Advisory Committee: Reviewed the draft write up of goals, actions, services and metrics for the 2020-2021 LCAP.

The following is a detail of the meetings held with each stakeholder group during the 2020-2021 school year.

8.11.20 LCAP Work Group & Parent Advisory Committee: Train on the LCAP & LCP: legislation, format, contents, budget, process/deadlines & timelines Review 2020-2021 LCP Draft & Learning Loss Mitigation \$

8.19.20 Administrative Council: Solicit input for LCP

8.25.20 Special Education Parent Group: Solicit feedback on LCP

8.25.20 LCAP Work Group & Parent Advisory Committee:

8.27.20 DELAC: Solicit feedback on LCP

9.1.20 African American Parent Group: Reviewed data and areas of focus

9.2.20 Administrative Council: Review the LCP and input on Student Re-engagement Process

9.8.20 LCAP Work Group & Parent Advisory Committee: Review final LCP & feedback from stakeholders

- 9.15.20 Special Education Parent Group: Reviewed LCP and solicited feedback on virtual learning
- 9.16.20 Administrative Council: Review of the Student Re-engagement Process
- 10.13.20 LCAP Work Group & Parent Advisory Committee: Review Budget Update for Parents, Review final actions from LCP
- 12.1.20 LCAP Work Group & Parent Advisory Committee: Prepared stakeholder engagement process
- 1.5.21 African American Parent Group: Reviewed data, areas of focus, actions, and metrics
- 1.26.21 DELAC: Solicited feedback on virtual learning
- 1.26.21 LCAP Work Group & Parent Advisory Committee: Review template for 2021-2024 LCAP
- 2.3.21 Administrative Council: Data review and input on 2021 LCAP
- 2.9.21 LCAP Work Group & Parent Advisory Committee: Begin drafting goals based on data
- 2.16.21 African American Parent Group: Provided input on 2021 LCAP
- 2.23.21 DELAC: Solicit feedback and input on 2021 LCAP
- 2.24.21 Special Education Parent Group: Solicit feedback and input for 2021 LCAP
- 2.25.21 BUSD Wellness Committee: Review draft goals and feedback provided, solicit input on actions and services
- 3.2.21 African American Parent Group: Review draft goals and feedback provided, solicit input on actions and services
- 3.9.21 LCAP Work Group & Parent Advisory Committee: Review all stakeholder feedback, revise goals, actions and services as needed
- 3.16.21 Special Education Parent Group: Review draft goals and feedback provided, solicit input on actions and services
- 3.17.21 Administrative Council: Review of all stakeholder feedback and provide additional feedback on 2021 LCAP actions & services
- 3.18. 21 Board Meeting: Review trends and patterns from Stakeholder Engagement
- 4.13.21 LCAP Work Group & Parent Advisory Committee: Review draft LCAP
- 4.21.21 Administrative Council: Review of the DRAFT 2021 LCAP
- 5.11.21 LCAP Work Group & Parent Advisory Committee: Review Public Hearing Presentation
- 5.27.21 Board Meeting: LCAP Public Hearing
- 6. 10.21 Board Meeting: LCAP Adoption

The following is the detail of additional meeting with stakeholder groups to gain insights and feedback regarding the COVID-19 federal and state grant funds for 2021-2022 school year:

- 3.15.21 Superintendent's Cabinet: Reviewed the additional one-time funding, gathered feedback, and reviewed stakeholder engagement plan
- 3.18.21 Principals' Meeting: Reviewed the additional one-time funding and gathered feedback
- 3.24.21 DCC: Reviewed the additional one-time funding and gathered feedback
- 3.25.21 BTA/BUSD Meeting: Reviewed the additional one-time funding, gathered feedback, and reviewed stakeholder engagement plan
- 3.29.21 BTA/CSEA Meeting: Reviewed the additional one-time funding, gathered feedback, and reviewed stakeholder engagement plan
- 3.31.21 Staff Stakeholder Engagement: Open meeting for all staff to provide feedback regarding the new federal and state grant funding
- 3.31.21 Parent Stakeholder Engagement: Open meeting for all parents to provide feedback regarding the new federal and state grant funding
- 4.20.21 Superintendent's Cabinet: Reviewed feedback and grant requirements and prioritized actions.

Ongoing Support and Input:

Superintendent's Executive Cabinet: LCAP is a monthly topic at these administrative meetings. During these meetings, each administrator reviewed data and goals, gave updates, and participated in the collection of data and support of the LCAP processes and meetings.

Parent Groups: Two Districtwide parent groups, Benicia African American Parent Group and *District English Learner Advisory Committee (DELAC) meet regularly to provide feedback regarding the success and needs of District programs and services. These groups have been invaluable in helping the District's intentional focus on equity and relationships/culture. *Note: DELAC meetings were limited during the 2019-2020 school year due to early school closure.

District Curriculum Council (DCC): This Districtwide team of teachers and administrators serves as an advisory body that helps with the implementation and facilitation of best practices and data-driven decision making for district-wide initiatives in the areas of curriculum, instruction, assessment, and professional development. They are responsible for communicating information to/from sites, engaging in TK-12 planning and visioning, and being ambassadors of the work. Areas of focus for the DCC include rigorous CCSS, instructional practice, data, effective intervention, course offerings, LCAP, educational technology materials and curriculum, MTSS, culturally responsive practices, expanding access and opportunities for students, UDL, and parent/community stakeholder involvement.

LCAP Work Group (LCAPitans) and Parent LCAP Advisory Committee (PLAC): The LCAPitans were a team of Union leaders and administrators who met monthly. The LCAPitans met collaboratively each month with the PLAC team. Together these two teams were responsible for drafting the goals, actions, services, and metrics sections of the 2021-2043 LCAP. They were also responsible for planning and facilitating the stakeholder engagement sessions.

LCAP Task Force: This task force was created with members of the LCAPitans, PLAC, and DCC for the sole purpose of spending two full days in January 2020 analyzing the feedback received from the stakeholder engagement sessions, further analyzing relevant data, and drafting the new LCAP. The data and feedback were used in all aspects of the development of the LCAP including goals, metrics, outcomes, actions, and services. Action budgets were also reviewed and used in recommendations.

SCOE LCAP Collaborative Network: BUSD's LCAP team participated in the Solano County Office of Education (SCOE) Collaborative Network. These meetings and networking with other districts throughout the county supported the development of BUSD's LCAP. These meetings were invaluable in being able to learn the most up-to-date information regarding LCAP development and best practices arising around the state. If a BUSD LCAP Team member was not able to attend, a one-to-one meeting was scheduled to review the contents of the Collaborative meeting.

SCOE Support Meetings: Marnie Lynch, SCOE Director, District, and School Support (LCAP Director) met with BUSD LCAP team monthly to review, provide feedback, provide examples and ensure that deadlines were met. She also presented to all our administrative site level and District teams that included principals and the Superintendent's Executive Leadership Team to answer any questions or concerns. This was an invaluable support in creating a robust LCAP.

SCOE School Support Team: SCOE has built a robust and very talented school support team that includes experts in mathematics, English Learner practices, MTSS, UDL, assessment and data. This team has worked closely with BUSD in several capacities including providing professional learning to our teachers, training our administrators in best practices and data analysis, supporting our LCAP work, particularly in Stakeholder Engagement with help in creating data visualization charts that our public and staff were able to understand and use to provide feedback. This support team has been responsive to our needs and provided BUSD a level of service that has been invaluable in moving us forward.

SCOE Curriculum Breakfasts: The Solano County Office of Education put on a series of curriculum breakfasts. Topics for these professional learning opportunities were culled from the needs identified by the Solano County School Districts during our Collaborative Network Meetings or Support Meetings. These professional learning opportunities afforded us information, strategies, and techniques to use with our leaders and teachers to implement the best practices and requirements of instruction, assessment, progress monitoring, and evaluating the effectiveness of services.

Survey and Priority Voting Feedback: A parent survey was sent in January 2020 and February 2021. Questions on this survey mirrored the feedback questions at the in-person stakeholder engagement sessions in 2020 and sought additional feedback as mentioned above in the 2021 survey. In addition to providing feedback on goals, actions, and services, the survey asked participants to vote on the priorities that the District should focus on over the next three years. The results of the priority voting and survey information were very aligned with all stakeholder groups. All of the information culled was included in the development of the new LCAP. The categories and feedback of priority for all groups included: Social-emotional learning for all, intervention: social & behavior; pathways, VAPA, & enrichment opportunities; communication & family engagement, professional learning, and technology. The feedback on the 2021 survey was instrumental in adding a fourth goal focused on equity.

In-Person Stakeholder Engagement Sessions January 2020: All certificated and classified staff had the opportunity to provide input on all LCAP goals, actions, services, and data during a stakeholder engagement session held on our Districtwide professional learning day. In addition to providing feedback on goals, actions, and services, the survey asked participants to vote on the priorities that the District should focus on over the next three years. High School students from both our comprehensive and continuation high schools were given the opportunity to provide input on all LCAP goals, actions, services, and data during student stakeholder engagement sessions. This data was informative in LCAP revisions and ensuring that the stakeholder engagement processes were inclusive and accessible. All of the information culled was included in the development of the new LCAP. The categories and feedback of priority for all groups included: Social-emotional learning for all, intervention: social & behavior; pathways, VAPA, & enrichment opportunities; communication & family engagement, professional learning, and technology.

LCAP materials, presentations, tools, and data were made available to all members of each stakeholder group. All presentations, materials, and data were posted on the District's LCAP webpage.

A summary of the feedback provided by specific stakeholder groups.

The results of the data analysis in 2020 indicated that the following areas were priorities for all stakeholder groups. These areas were revisited during the 2020-2021 planning and it was determined that these areas remain a priority with the addition of equity. These priority areas directly influenced the goals, actions, and metrics of the 2021-2024 LCAP.

Priorities:

- Social-emotional learning
- Academic Success and Intervention in the areas of literacy, math, social, behavior including special education
- A variety of learning pathways for students to experience success through CTE, Visual and Performing Arts, and enrichment opportunities
- Technology
- Communication
- Professional Learning
- Equity

In addition, feedback was received that the District focuses on reducing suspensions and chronic absenteeism among students, especially our students of color and students with disabilities. This was primarily addressed in Goal 1 of the LCAP.

The 2021 feedback resulted in the inclusion of a 4th goal in the LCAP focused on equity.

A description of the aspects of the LCAP that were influenced by specific stakeholder input.

All aspects of the LCAP were influenced by stakeholder input. Stakeholders gave input on goals, priority areas to focus the work of the District over the next three years, as well as metrics and outcomes.

Goals and Actions

Goal

| Goal # | Description |
|--------|---|
| 1 | <p>Goal 1 (Social-Emotional Wellness): All students in Benicia Unified School District, especially those that have been traditionally underrepresented, will feel a sense of belonging and connection to their school community so that they feel challenged and invested in a learning environment that values individuals and is accepting, respectful, safe and supportive.</p> <p>State & local priorities addressed by this goal:</p> <ul style="list-style-type: none">• Priority 3: Parental Involvement as measured by seeking parental input, promoting participation, promote participation with individuals with exceptional needs• Priority 5: Pupil Engagement as measured by attendance, chronic absenteeism, dropout rates & graduation rates• Priority 6: Pupil School Climate as measured by suspension rates, expulsion rates, REACH/Developmental Relationships survey |

An explanation of why the LEA has developed this goal.

All of the information culled from the stakeholder engagement sessions, surveys, and priority voting was included in the development of the new LCAP. The categories and feedback of priority for all groups included: Social-emotional learning for all, intervention: social & behavior; pathways, VAPA, & enrichment opportunities; communication & family engagement, professional learning, and technology. The priority areas that are specific to this goal are:

- Social-emotional learning for all
- Intervention: social & behavior
- Pathways, VAPA, & Enrichment Opportunities
- Communication & Family Engagement
- Professional Learning
- Equity and Opportunity

This first goal is significant because it was the highest priority across every stakeholder group during the 2020-2021 LCAP stakeholder engagement. It remained a priority focus during 2021-22 LCAP planning by including an equity lens. Communication, family engagement, and professional learning has been embedded into each of the District's four goals in the LCAP. As a District, we are mindful of this need more than ever as we continue to navigate the effects of early school closure due to COVID-19 and the continued closure and potential learning loss after over one year of learning from home. This LCAP expands services to support students in this area.

Each goal is broken into four sections: staffing, curriculum & materials, professional learning, and family engagement & communication.

Measuring and Reporting Results

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |
|---|--------------------------------|----------------|----------------|----------------|-----------------------------|
| Priority 3: Parent Survey Results (BUSD LCAP Survey-average of satisfaction ratings 80% or greater) | 55% (2020) | | | | 65% |

Actions

| Action # | Title | Description | Total Funds | Contributing |
|----------|---|---|--------------|--------------|
| 1 | Elementary School Counselors | Section 1- Staffing: Provide programs and services to support the emotional well-being of all students. Increase counseling services at the elementary sites by adding one full-time counselors to provide social-emotional support to students. | \$101,333.00 | No |
| 2 | Second Step & Special Friends | Increase Special Friends programming and maintain Second Step targeted Tier II pull-out programming for increased services and to provide training at all four elementary sites. | \$40,000.00 | Yes |
| 3 | Wellness Center | Provide 3 classified receptionist service positions in the wellness centers year-round at all school sites. The wellness centers will act as a safe space for students to go, receive counseling, participate in education around social-emotional wellbeing as well as physical wellbeing. | \$120,000.00 | No |
| 4 | School Psychologists | Fund 2.5 FTE of psychologist services to support students who are English Learners, Socioeconomically disadvantaged, homeless, or foster youth and provide clinical supervision to interns. | \$225,000.00 | Yes |
| 5 | Counseling Services | Fund 3.0 FTE of counseling services at the secondary level to support students who are English Learners, Socio-economically disadvantaged, homeless or foster youth. | \$360,000.00 | Yes |
| 6 | Positive Behavior Intervention Supports (PBIS) Stipends | Provide funding to support two PBIS leads (Tier I & Tier II) at 6 sites and one PBIS lead at LHS. | \$30,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|-----------|---|--|-------------|--------------|
| 7 | Developmental Relationships Survey | Section 2- Curriculum & Materials: Provide curriculum and materials to support the emotional well-being of all students. Conduct the SEARCH Institute Developmental Relationships (REACH) survey (4-12) survey yearly. This data will be used to monitor and measure District and school success regarding the social-emotional well-being and connectedness of students. | \$7,000.00 | No |
| 8 | Positive Behavior Intervention Supports (PBIS) Database | Provide funding for the PBIS database (SWIS/Apps) licenses for 7 sites. | \$3,000.00 | No |
| 9 | Positive Behavior Intervention & Supports Incentives | Funding to provide incentives for PBIS at 7 school sites. | \$4,000.00 | No |
| 10 | Non-crisis Intervention (NCI) Materials | Funding to provide materials and workbooks for NCI trainings. | \$2,000.00 | No |
| 11 | Social-emotional learning curriculum & materials | Funding for social-emotional learning curriculum and health curriculum TK-12 (i.e. School Connect, Second Step, family life materials, etc.) | \$7,000.00 | No |
| 12 | Specialty Equipment for BMS electives | Provide funding for specialty materials at BMS to support health and wellbeing and small group work by purchasing materials such as stationary bikes for the PE department, Microscopes, 3-D printers. 3-D filament, robotics kits, microphones, technology, etc. | \$30,000.00 | No |
| 13 | Specialty Equipment for BHS electives & CTE classes | Provide funding for specialty materials at BHS to support health and wellbeing and small group work by purchasing materials such as kilns, digital media equipment, materials for the auto shop. | \$50,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|----------|--|--|-------------|--------------|
| 14 | Sources of Strength Training | <p>Section 3- Professional Learning: Provide professional learning opportunities, including PBIS, that are in alignment with the District 3-year Professional Learning Plan, for staff to support the emotional well-being and physical well-being of all students.</p> <p>Provide training and materials for Sources of Strength.</p> | \$20,000.00 | No |
| 15 | Additional Professional Learning Opportunities | Provide funding up to 8 hours/ staff on timesheets for professional learning opportunities that are in alignment with the District's 3-year Professional Learning Plan to ensure the social-emotional and healthy wellbeing of all students including topics such as restorative practices, SEL, bullying prevention, NCI, culturally responsive practices, PBIS, Social-emotional learning. | \$40,000.00 | No |
| 16 | PBIS & NCI Train the Trainer | Provide funding for PBIS and NCI leads to keep the trainer of trainer certification. | \$1,000.00 | No |
| 17 | Professional Learning Training and Materials | Provide funding for trainers, modules, materials for professional learning opportunities that are in alignment with the District's 3-year Professional Learning Plan to ensure the social-emotional and healthy wellbeing of all students including topics such as restorative practices, SEL, bullying prevention, NCI, culturally responsive practices, PBIS, Social-emotional learning. | \$20,000.00 | No |
| 18 | Noon Duty Supervisors | Increase hours for elementary noon duty supervisors by 1.5 hours/day Monday-Thursday to support creating social-emotionally healthy playground | \$56,667.00 | No |
| 19 | Multi-tiered System of Support (MTSS) | Continue to implement and expand a Districtwide Multi-tiered System of Support (MTSS) to support the social, health, and behavioral well-being of all students, including the establishment of a Districtwide | \$0.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|----------|---|--|-------------|--------------|
| | | MTSS team. This team will identify and track the efficacy and success of the actions/services in Goals 1-4. | | |
| 20 | Alternate transition systems and structures | Provide training for staff to investigate alternative scheduling & internships (LHS), flexible scheduling, virtual academy, independent work time, blended learning, and transition structures and supports student success, as students move from one school to another or are new to BUSD, support teacher collaboration and content integration, instructional rounds where teachers visit each other's classrooms, and incentives for piloting innovating promising practices. | \$1,000.00 | No |
| 21 | Newsletters & Social Media Communication | Section 4- Communication & Family Engagement: Provide communication, outreach, partnership, and involvement opportunities to staff and families to support the emotional well-being of all students. Promote information and events to families and staff through newsletters, calendars, and social media. | \$0.00 | No |
| 22 | Surveys | Use surveys as a communication tool and to solicit feedback from families and staff at least once per year. | \$0.00 | No |
| 23 | Family workshops | Provide at least one family workshop that focuses on supporting students and families in developing social-emotional and healthy wellbeing. Funding for timesheets and materials. | \$1,000.00 | No |
| 24 | Exhibitions | Create opportunities for students and staff to share their work, projects, learning through interests, etc. through Districtwide exhibitions where families and community members are invited to attend. Funding for timesheets. | \$1,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |

Goals and Actions

Goal

| Goal # | Description |
|--------|--|
| 2 | <p>Goal 2 (Academic-Literacy & Humanities): All students in Benicia Unified School District will demonstrate mastery on and be supported in grade-level literacy and humanities standards in all content areas so that there is comparable performance for all student groups, and achievement and performance gaps are virtually non-existent.</p> <p>State and local priorities addressed by this goal:</p> <ul style="list-style-type: none"> • Priority 1 Basic: assignment of teachers, access to standards-aligned materials, school facilities in good repair • Priority 2 State Standards: implementation of state standards, English learner access to ELD standards • Priority 4 Pupil Achievement: statewide assessments UC/CSU entrance requirements, CTE classes, English learner progress on ELPAC, English learner reclassification rate, AP pass rate, EAP preparedness • Priority 7 Course Access: broad course of study, programs & services for unduplicated pupils, services for individuals with exceptional needs • Priority 8 Pupil Outcomes: College & Career Readiness |

An explanation of why the LEA has developed this goal.

All of the information culled from the stakeholder engagement sessions, surveys and priority voting was included in the development of the new LCAP. The categories and feedback of priority for all groups included: Social-emotional learning for all, intervention: social & behavior; pathways, VAPA, & enrichment opportunities; communication & family engagement, professional learning, and technology. The priority areas that are specific to this goal are:

- Academic success for all
- Intervention: Literacy
- Communication & Family Engagement
- Professional Learning
- Equity & Opportunity

This goal is significant because it embraced the idea of all students reading on grade level by third grade. In creating this goal, the stakeholders discussed how to continue that sentiment throughout all the grades and content areas. It remained a priority focus during 2021-22 LCAP planning by including an equity lens. Embedded in this goal are the priorities of all stakeholders to provide robust intervention and opportunities for challenge in literacy. Communication, family engagement, and professional learning has been embedded into each of the District's three goals in the LCAP. Additionally, flexibility in designing interventions for struggling readers was addressed. In addition, we identified the need to provide families with training and coaching to continue to support their emergent readers during school closure and over the summer in response to distance learning situations because of COVID-19.

Each goal is broken into four sections: staffing, curriculum & materials, professional learning and family engagement & communication.

Measuring and Reporting Results

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |

| 7 | District Office Administrative Support | Fund 1.0 FTE of Education Services personnel to focus on instruction, assessment, progress, programs for unduplicated and at-promise students. | \$150,000.00 | Yes |
| 8 | Site-based Administrative Support | Fund the equivalent of 2.0 FTE Site Leadership to focus on supporting teachers in instruction, assessment, and monitoring the progress of unduplicated and at-promise students. | \$260,000.00 | Yes |
| 9 | Literacy& ELD intervention support (BMS) | Provide funding for 3 sections of English Learner Development and literacy intervention support at BMS. | \$45,000.00 | Yes |
| 10 | Alternative Education | Funding to provide staffing for a robust Alternative High School programming to support unduplicated and at-promise students. | \$210,000.00 | Yes |
| 11 | Community Day School | Provide funding that is principally directed to support our unduplicated and at-promise population for a BUSD Community Day School to support a small learning community for students who have been expelled from BUSD. | \$150,000.00 | Yes |
| 12 | Elimination of Combination Classes | Fund additional elementary teachers to support students in academic recovery with a focus on literacy and math K-5. The elimination of combination classes will result in an increased student-to-teacher interaction. | \$300,000.00 | No |
| 13 | Lexia | Section 2-Curriculum & Materials: Provide curriculum and materials to support the literacy success of all students. Fund the online reading support program, Lexia, for all K-5 classrooms to support small group reading. | \$11,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|----------|--|--|--------------|--------------|
| 14 | Common Core Instructional Materials | Fund Common Core aligned materials needed to support student success in all content areas. | \$20,000.00 | No |
| 15 | Literacy Intervention Materials | Fund intervention materials (i.e. Read Naturally Live, LLI, Read 180, etc.) at elementary and secondary sites. | \$100,000.00 | No |
| 16 | Benicia Reads Campaign | Fund materials for Benicia Reads, citywide reading campaign, to promote literacy success for all students and language & literacy development for 0-5-year-olds. | \$10,000.00 | No |
| 17 | SBAC Incentives | Provide funds for incentives for BHS students in taking the SBAC. This will provide us with more accurate data on student performance and areas of need. | \$3,000.00 | No |
| 18 | English Language Development Materials | Provide materials (i.e. Imagine Learning, iLit, etc.) to support the ELD Program Tk-12. | \$15,000.00 | Yes |
| 19 | Diverse Supplementary Materials | Provide funding for materials and resources as identified through equity audit to ensure our curriculum is representative of diverse cultures and perspectives. | \$50,000.00 | No |
| 20 | Universal Screener & Benchmark | Purchase universal screening & benchmark tool (i.e. NWEA Map) to be for all Tk-12 and students new to BUSD students to monitor student literacy and math success. | \$75,000.00 | No |
| 21 | Books for Summer Reading & Library Collections | Provide books for students in Tk-3 (\$10/student) to take home to support summer reading as well as funding subscriptions (3K/elementary; 5K/middle; 8K for HS) for expanding and diversifying library collections.. | \$29,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|-----------|---|--|--------------|--------------|
| 22 | PDSA Cycles of Inquiry for Student Support | <p>Section 3- Professional Learning: Provide professional learning opportunities that are in alignment with the District's 3-year Professional Learning Plan for staff to support the literacy success of all students.</p> <p>Create teams of staff to investigate structures to support students such as efficacy and quantity of homework, grading practices and providing office hours. Staff will use the Plan-Do-Study-Act cycles of inquiry.</p> | \$5,000.00 | No |
| 23 | Content Collaboration Days | Provide teachers up to 2 days to work collaboratively with team members to focus on using data-driven decisions to embed UDL, English learner strategies & standards, use of CAASPP assessments and item construction & analysis, common reading & writing & questioning strategies & vocabulary or use in all content areas, special education accommodations & supports, social-emotional learning, and culturally responsive teaching strategies to meet the needs of students. | \$47,000.00 | No |
| 24 | Summer Professional Learning | Provide training for key curricular topics for teachers who are new to BUSD or are changing grade levels/courses. | \$25,000.00 | No |
| 25 | Administrative and New Teacher Coaching (Induction) | Fund administrative or induction coaches for teachers or administrators working on clearing their credential. | \$110,000.00 | No |
| 26 | Professional Learning for AP course work | Provide funding for teachers to attend AP summer training. | \$5,000.00 | No |
| 27 | Professional Learning for Teachers on Evaluation | Provide funding to sites for up to \$200/ teacher to support teachers on evaluation or who have received and unsatisfactory and need a mentor. | \$5,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|-----------|------------------------------------|--|--------------|--------------|
| 28 | Staff Led Professional Development | Funding for staff to plan and lead professional development to colleagues in the District. | \$2,000.00 | No |
| 29 | Translation Services | <p>Section 4- Communication and Family Engagement: Provide communication, outreach, partnership, and involvement opportunities to staff and families to support the literacy success of all students.</p> <p>Provide translations services and materials to students & families who need this to be able to fully participate in their child's school success.</p> | \$2,000.00 | Yes |
| 30 | DELAC | Support the implementation and expansion of the District English Language Arts Advisory Committee (DELAC). | \$500.00 | Yes |
| 31 | Parent Summer Series | Provide a video series to support and coach parents in supporting their emergent readers at home during the summer. | \$1,000.00 | No |
| 32 | Increase Library Hours | Increase library hours across the District to support student access to internet, academic support and literacy. | \$30,000.00 | No |
| 33 | Expanded Summer School | <p>Additional Section1- Staffing: Provide programs and services to support the literacy success of all students.</p> <p>Offer a robust summer program to reduce learning loss for K-12 students.</p> | \$500,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|----------|---|--|-------------|--------------|
| 34 | Assessment Team | Create a highly trained assessment team to support EL and other testing to better monitor student progress and be able to provide targeted support. | \$3,000.00 | No |
| 35 | Imagine Learning: math, ELA & ELD license | Additional Section 2-Curriculum & Materials: Provide curriculum and materials to support the literacy success of all students. Support Imagine Learning to support students in ELA, ELD and mathematics through small group work. (Contract is paid through 2022-23.) | \$0.00 | No |

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Analysis of the 2021-22 goals will occur during the 2022-23 update cycle.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Analysis of the 2021-22 goals will occur during the 2022-23 update cycle.

An explanation of how effective the specific actions were in making progress toward the goal.

Analysis of the 2021-22 goals will occur during the 2022-23 update cycle.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Analysis of the 2021-22 goals will occur during the 2022-23 update cycle.

A report of the Estimated Actual Expenditures for last year's actions may be found in the Annual Update Expenditures Table.

Goals and Actions

Goal

| Goal # | Description |
|--------|---|
| 3 | <p>Goal 3 (Academic-Math & STEAM): All students in Benicia Unified School District, will demonstrate mastery on and be supported in math standards with the support of all STEAM (science, technology, engineering, art, math) content areas so that there is comparable performance for all student groups, and achievement and performance gaps are virtually non-existent.</p> <p>State and local priorities addressed by this goal:</p> <ul style="list-style-type: none"> • Priority 1 Basic: assignment of teachers, access to standards-aligned materials, school facilities in good repair • Priority 3 Parental Involvement: promote parent participation for unduplicated and pupils with exceptional needs • Priority 7 Course Access: broad course of study, programs & services for unduplicated pupils, services for individuals with exceptional needs • Priority 8 Pupil Outcomes: College & Career Readiness |

An explanation of why the LEA has developed this goal.

All of the information culled from the stakeholder engagement sessions, surveys and priority voting was included in the development of the new LCAP. The categories and feedback of priority for all groups included: Social-emotional learning for all, intervention: social & behavior; pathways, VAPA, & enrichment opportunities; communication & family engagement, professional learning, and technology. The priority areas that are specific to this goal are:

- Intervention: Math
- Curriculum & Materials including Technology, CTE, Arts
- Professional Learning
- Communication & Family Engagement
- Academic success for all
- Equity & Opportunity

This goal is significant because while it focuses on ensuring that all students experience success in essential mathematical concepts and practices, it promotes other critical content areas using math applications that naturally integrate into that subject to support student success. In creating this goal, the stakeholders discussed how to ensure that math concepts and practices are not learned and practiced in isolation, but that their relevance is understood by supplementing those practices in the STEAM content areas. Embedded in this goal are the priorities of all stakeholders to provide robust intervention and opportunities for challenge in mathematics. Communication, family engagement, and professional learning have been embedded into each of the District's three goals in the LCAP. BUSD identified a need to provide training and coaching to families through a virtual summer series to continue to support students' success in key mathematical concepts during school

closure due to COVID-19. In addition, BUSD is acknowledging that flexibility in the delivery model of intervention may need to occur based on the progress and loss of student math performance based on early school closure.

Each goal is broken into four sections: staffing, curriculum & materials, professional learning, and family engagement & communication.

Measuring and Reporting Results

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |
|--|-------------------|----------------|----------------|----------------|-----------------------------|
| Priority 1: Teachers appropriately assigned (HR) | 99% (2019) | | | | 100% |
| Priority 1: Williams Audit-Facilities in good repair & instructional materials (Williams Report) | 100% (2019) | | | | 100% |
| Priority 3: Parental Involvement (Clever Student Access) | 59% (2019) | | | | 80% |
| Student Achievement on Math SBAC | 54% (2019-green) | | | | 64% |
| Student Achievement on Math SBAC-English Learners | 19% (2019-orange) | | | | 35% |
| Student Achievement on Math SBAC-Students with Disabilities | 19% (2019-orange) | | | | 35% |
| Student Achievement on Math SBAC-African American | 26% (2019-yellow) | | | | 40% |

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |
|---|-------------------|----------------|----------------|----------------|-----------------------------|
| Student Achievement on Math SBAC-Hispanic | 37% (2019-yellow) | | | | 50% |
| Student Achievement on Math SBAC-Economically Disadvantaged | 26% (2019-yellow) | | | | 40% |
| Student Achievement on Math SBAC-Homeless | 18% (2019-yellow) | | | | 35% |
| Priority 7: Course Access (i.e. Core Classes, CTE, Honors, AP) for English Learners, Socio-economically Disadvantaged, Foster & Homeless Youth & Students with Disabilities (PowerSchool) | 50% (2019) | | | | 53% |
| Priority 8: College and Career Readiness (CA Dashboard) | 68% (2019-green) | | | | 75% |
| Priority 8: College and Career Readiness-Students with Disabilities (CA Dashboard) | 29% (2019-yellow) | | | | 55% |
| Priority 8: College and Career Readiness-Number of Students | 533 (2019) | | | | 570 |

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |
|---|------------|----------------|----------------|----------------|-----------------------------|
| participating in AP classes | | | | | |
| Priority 8: College and Career Readiness- Number of AP tests taken | 397 (2019) | | | | 415 |

Actions

| Action # | Title | Description | Total Funds | Contributing |
|----------|----------------------------|--|--------------|--------------|
| 1 | Career Technical Education | <p>Section1- Staffing: Provide programs and services to support the math success of all students in the Science, Technology, Engineering, Art & Mathematics content areas.</p> <p>Support College and Career Technical Education opportunities through offering a variety of CTE classes including Construction Trades, Robotics/Engineering, and Medical Careers.</p> | \$225,000.00 | No |
| 2 | Math Support | Provide math support by providing 5 total sections for BMS math intervention and Math 1A/1B at BHS. | \$75,000.00 | Yes |
| 3 | Technology Stipends | Provide stipend for one district-wide technology lead at each site to support technology integration and data usage through new data analytics platform and support teachers during distance learning if needed. | \$15,000.00 | No |
| 4 | IT technicians | Funding for 3 IT technicians to support all sites and the District Office. The technicians support the increase of technology due to distance learning and the need for tech use in small groups. | \$193,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|----------|---|---|-------------|--------------|
| 5 | Elementary STEAM Wheel | Continue to support the elementary STEAM Wheel in partnership with BEF. | \$50,000.00 | No |
| 6 | Math Tutors | Investigate training math tutor volunteers and intervention staff (i.e. through Valero, alumni) to work in the schools during the school day (during Access and/or Directed Studies at secondary) to provide 1:1 or small group math support focused on grades 3-12. | \$0.00 | No |
| 7 | Additional IT Tech | Funding for 1 additional IT technician to support all sites. The technicians support the increase of technology due to distance learning and the need for tech use in small groups. | \$60,000.00 | No |
| 8 | Consumables for Adopted Curriculum | Section 2- Curriculum & Materials: Provide curriculum and materials to support the math success of all students in the Science, Technology, Engineering, Art & Mathematics content areas. Fund purchase of consumable materials to support the adopted curriculum. Some of these need to be increased or made digital to support distanced learning. | \$25,000.00 | No |
| 9 | Data Analytics Platform | Fund a data analytics platform for the District. This platform will support staff in monitoring student progress and adjusting instruction and supports in response to student need. | \$57,000.00 | No |
| 10 | Independent Study/Credit Recovery Program Materials | Increase Independent/Credit Recovery Study Program Materials (i.e. Egenuity) due to the potential need for additional credit recovery seats | \$30,000.00 | No |
| 11 | Math Supplementary Program or Materials | Support math supplementary programs through training at the secondary level (i.e. Khan Academy, Imagine math, Kuta Works, | \$20,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|-----------|--|---|--------------|--------------|
| | | Cengage Math) -Some funding Allocated in Goal 2 for Imagine Learning package | | |
| 12 | Choral and Instrumental Music Program | Provide funding to support the choral and instrumental music programs at all levels, including necessary materials for socially distance music programs. | \$52,000.00 | No |
| 13 | STEAM Programs | Provide funding to support and enhance STEAM programming at LHS that will be principally directed toward supporting the growth of our students who are English Learners, Socio-economically disadvantaged, Homeless or foster youth. | \$10,000.00 | No |
| 14 | Technology Program | Provide funds to expand or refresh devices for student use, including devices for checkout for students with Disabilities and socio-economically disadvantaged students, and for staff use. This will also allow for instruction in small groups. | \$400,000.00 | No |
| 15 | Digital database and reporting systems | Fund digital databases and reporting systems to support the work of the District including Destiny Library Database, Document Tracking Reporting System, Google subscription. | \$29,500.00 | No |
| 17 | Zoom Video Conferencing | Continue to offer options to record lectures and offer video conferencing through funding Zoom. | \$27,000.00 | No |
| 18 | Digital Programs | Fund digital programs for up to 150 Adobe Suite licenses, Learning Ally and Edutyping for grades 2-5. These tools will help with small group and at home learning. | \$13,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|----------|-------------------------------|---|--------------|--------------|
| 19 | Power Backup/Generator/Server | Provide funding to purchase necessary equipment to create a more robust data back-up system for the District. | \$100,000.00 | No |
| 20 | Online Textbooks & Apps | Continue to fund online materials such as digital textbooks and applications that accompany or support the adopted curriculum. | \$100,000.00 | No |
| 21 | Professional Development | <p>Section 3- Professional Learning: Provide professional learning opportunities that are in alignment with the District's 3-year Professional Learning Plan for staff to support the math success of all students in the Science, Technology, Engineering, Art & Mathematics content areas.</p> <p>Provide funding for timesheets and subs to train staff in processes such as: new math frameworks, new data analytics platform, Aeries, technology, vertical alignments for math language (Facilitate vertical articulation to provide common math language from CAASP blueprint and create tech experiences to grades 1-3, decreasing math/tech barriers for first-time test takers), quarterly districtwide data teams, instructional rounds (teams of teachers and community members, visit school sites or teachers at the same site with a focus on specified LCAP goal or strategy under a specified LCAP goal with a focus on student actions, not teacher actions.)</p> | \$18,000.00 | No |
| 22 | Elective Training | Investigate the possibility to offering choices and providing staff training to expand electives based on student input for electives at BMS and to work on aligning them to BHS CTE pathways. | \$3,000.00 | No |
| 23 | Math Sections at BMS & BHS | <p>Additional Staffing:</p> <p>Increase the number of ELA & Math sections at BMS (by 10) and Math 1 & NGSS Physics/NGSS Bio sections at BHS (by 7) to mitigate</p> | \$225,000.00 | |

| Action # | Title | Description | Total Funds | Contributing |
|-----------|-----------------------------------|--|-------------|--------------|
| | | learning loss that is principally directed toward supporting the growth and performance of our students, primarily English learners, socio-economically disadvantaged, foster and homeless youth. | | |
| 24 | Outdoor Education | <p>Section 4 - Communication & Family Engagement: Provide communication, outreach, partnership, and involvement opportunities for staff to support the math success of all students in the Science, Technology, Engineering, Art & Mathematics content areas.</p> <p>Provide funds, which will be principally directed to serve our unduplicated and at-risk youth, to supplement Title I school students attending outdoor education.</p> | \$20,000.00 | Yes |
| 25 | Family Technology Workshop | Provide at least one technology workshop for families such as family math nights | \$2,000.00 | No |
| 26 | After School Extension Activities | Fund opportunities such as Odyssey of the Mind or Academic Decathlon to challenge and support students continued growth. Funding for program and timesheets. | \$10,000.00 | |
| 27 | Elective and Arts Showcase | Investigate hosting a Districtwide Arts & elective showcase that include student or staff led activities. | \$1,000.00 | No |
| 28 | Parent Video Series | Create and provide a series of math coaching training videos on key math topics that parents can use during the summer to facilitate on going learning for the math students. A focus will be on 3rd (review of 2nd/launch to 3rd) and 6th (review of 5th/launch to 6th) grades. | \$500.00 | No |

Goals and Actions

Goal

| Goal # | Description |
|--------|--|
| 4 | <p>Goal 4 (Equity): Historically underserved and underrepresented students will have access to and inclusion in all learning and activities in school. BUSD will advance equity practices by ensuring that the voices of our students are represented, they feel seen and their cultures and stories are valued with a particular focus on students who are black, socio-economically disadvantaged, English learners, LatinX, LBGTQ, and students in special education.</p> <p>State and local priorities addressed by this goal:</p> <p>State and local priorities addressed by this goal:</p> <ul style="list-style-type: none">• Priority 3 Parental Involvement: promote parent participation for unduplicated and pupils with exceptional needs• Priority 6: Pupil School Climate as measured by suspension rates, expulsion rates, Development Relationships survey• Priority 7: Course Access as measured by participation for unduplicated and pupils with exceptional needs taking Honors, AP, and CTE courses• Priority 8 Pupil Outcomes: College & Career Readiness |

An explanation of why the LEA has developed this goal.

All of the information culled from the stakeholder engagement sessions, surveys and priority voting was included in the development of the new LCAP. The categories and feedback of priority for all groups included: Social-emotional learning for all, intervention: social & behavior; pathways, VAPA, & enrichment opportunities; communication & family engagement, professional learning, and technology. The priority areas that are specific to this goal are:

- Academic success for all
- Intervention: Literacy
- Communication & Family Engagement
- Professional Learning
- Equity & Opportunity

This goal is significant and many of the actions and services listed in the previous three goals support equity as well. It is the intention of the District to use an equity lens when making decisions in all parts of the system. However, as we continue on our learning journey, it is important to have a stand-alone equity goal to signify the District's commitment to and the importance of this work. In creating this goal, the stakeholders discussed two distinct components that needed to be present in the wording: 1) the removal of barriers and increased access and 2) creating an environment where all cultures, races, and ethnicities feel valued. Embedded in this goal are the priorities of all

stakeholders to provide educational experiences, materials, training, and policies that are grounded in equity. Communication, family engagement, and professional learning has been embedded into each of the District's three goals in the LCAP.

Each goal is broken into four sections: staffing, curriculum & materials, professional learning, and family engagement & communication.

Measuring and Reporting Results

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |
|---|-------------------------|----------------|----------------|----------------|-----------------------------|
| Priority 3: Parent Survey Results (BUSD LCAP Survey (average of satisfaction ratings 80% or greater) | 55% (2020) | | | | 65% |
| Priority 3: Participation in Events-focus on unduplicated students and students with expectational needs (Sign in Sheets & STEAM Wheel) | 100% STEAM Wheel (2020) | | | | 100% |
| Student Achievement on ELA SBAC including EAP | 58% (2019-blue) | | | | 73% |
| Student Achievement on ELA SBAC-Students with Disabilities | 19% (2019-orange) | | | | 40% |
| Student Achievement on ELA SBAC-Socio-economically disadvantaged | 31% (2019-yellow) | | | | 46% |

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |
|---|-------------------|----------------|----------------|----------------|-----------------------------|
| Student Achievement on ELA SBAC-English Learners | 15% (2019-orange) | | | | 25% |
| Student Achievement on ELA SBAC-African American | 28% (2019-yellow) | | | | 46% |
| Student Achievement on ELA SBAC-Homeless | 41% (2019-yellow) | | | | 55% |
| Student Achievement on ELA SBAC-Hispanic | 46% (2019-yellow) | | | | 65% |
| Student Achievement on Math SBAC | 54% (2019-green) | | | | 64% |
| Student Achievement on Math SBAC-English Learners | 19% (2019-orange) | | | | 35% |
| Student Achievement on Math SBAC-Students with Disabilities | 19% (2019-orange) | | | | 35% |
| Student Achievement on Math SBAC-African American | 26% (2019-yellow) | | | | 40% |
| Student Achievement on Math SBAC-Hispanic | 37% (2019-yellow) | | | | 50% |
| Student Achievement on Math SBAC-Economically Disadvantaged | 26% (2019-yellow) | | | | 40% |

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |
|---|---------------------|----------------|----------------|----------------|-----------------------------|
| Student Achievement on Math SBAC-Homeless | 18% (2019-yellow) | | | | 35% |
| Chronic Absenteeism (CA Dashboard) | 6.1% (2019-yellow) | | | | 4.1% |
| Chronic Absenteeism-English Learners (CA Dashboard) | 10.9% (2019-red) | | | | 6.9% |
| Chronic Absenteeism-Hispanic (CA Dashboard) | 7.2% (2019-orange) | | | | 4.2% |
| Chronic Absenteeism-White (CA Dashboard) | 5.3% (2019-green) | | | | 4.3% |
| Chronic Absenteeism-African American (CA Dashboard) | 6.9% (2019-green) | | | | 4.9% |
| Chronic Absenteeism-Economically Disadvantaged (CA Dashboard) | 10.9% (2019-yellow) | | | | 6.9% |
| Chronic Absenteeism-Homeless (CA Dashboard) | 14.3% (2019-yellow) | | | | 11% |
| Chronic Absenteeism-Students with Disabilities (CA Dashboard) | 11.7% (2019-yellow) | | | | 7.7% |
| Chronic Absenteeism-2+Races (CA Dashboard) | 8.2% (2019-orange) | | | | 6.2% |

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |
|--|---------------------|----------------|----------------|----------------|-----------------------------|
| Graduation Rates (CA Dashboard) | 96.2% (2019-blue) | | | | 97.5% |
| Graduation Rates-Students with Disabilities (CA Dashboard) | 86.8% (2019-orange) | | | | 90% |
| Priority 6: Suspension Rates (CA Dashboard) | 3.2% (2019-orange) | | | | 2% |
| Priority 6: Suspension Rates-Economically Disadvantaged (CA Dashboard) | 5.8% (2019-orange) | | | | 3% |
| Priority 6: Suspension Rates - African American (CA Dashboard) | 6.5% (2019-orange) | | | | 3% |
| Priority 6: Suspension Rates-Hispanic (CA Dashboard) | 3.4% (2019-orange) | | | | 2% |
| Priority 6: Suspension Rates-Homeless (CA Dashboard) | 7.8% (2019-orange) | | | | 3% |
| Priority 6: Suspension Rates-2+ Races (CA Dashboard) | 4.6% (2019-orange) | | | | 2% |
| Priority 6: Suspension Rates-Foster Youth (CA Dashboard) | 6.7% 2019-yellow) | | | | 3% |
| Priority 6: Suspension Rates-Students with | 5.6% (2019-yellow) | | | | 3% |

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for 2023–24 |
|---|-------------------|----------------|----------------|----------------|-----------------------------|
| Disabilities (CA Dashboard) | | | | | |
| Priority 6: Expulsion (CALPADS) | 0.2% (2019) | | | | 0.1% |
| Priority 6: REACH/Developmental Relationships Survey 4-12 Grade-Relationships | 52% (2019) | | | | 65% |
| Priority 6: REACH/Developmental Relationships Survey 4-12 Grade-Culturally Affirming & Open Classrooms | 6% (2019) | | | | 30% |
| Priority 7: Course Access (CTE, Honors, AP) for English Learners, Economically Disadvantaged, Foster & Homeless Youth & Students with Disabilities (SIS System) | 50% (2019) | | | | 60% |
| Priority 8: College and Career Readiness (CA Dashboard) | 68% (2019-green) | | | | 75% |
| Priority 8: College and Career Readiness-Students with Disabilities (CA Dashboard) | 29% (2019-yellow) | | | | 55% |

| Action # | Title | Description | Total Funds | Contributing |
|----------|------------------------------|---|-------------|--------------|
| 1 | Affinity Groups | <p>Section1- Staffing: Provide programs and services to support all students in achieving their highest potential by prioritizing equitable practices in all parts of the system.</p> <p>Fund stipends or timesheets to staff to create, implement and oversee affinity groups/clubs at BMS and BHS.</p> | \$3,000.00 | No |
| 2 | Diverse Staff | Conduct outreach and advertising to attract, retain and support a diverse staff in BUSD. | \$2,000.00 | No |
| 3 | Equity Coordinator | Create a 50% FTE position for an Equity Coordinator to support the District on its equity journey. | \$60,000.00 | No |
| 4 | Curriculum Audit | <p>Section 2- Curriculum & Materials: Provide curriculum and materials to support the development of a curriculum that is diverse and representative of multiple viewpoints. (Additional funding can be found in Goal 2)</p> <p>Conduct a thorough curriculum audit to identify areas in the adopted BUSD curriculum that are in need of supplementary materials to ensure that diverse perspectives and representations are available.</p> | \$1,000.00 | No |
| 5 | Food Service Program Support | Support the food service program through additional staffing or equipment as necessary to allow staff to serve as necessary during and after COVID-19. | \$50,000.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|----------|---|---|--------------|--------------|
| 6 | Personal Protective Equipment | Purchase additional PPE for use during COVID-19 to ensure schools are safe and ready to provide in-person learning. | \$250,000.00 | No |
| 7 | Equity Professional Development | <p>Section 3- Professional Learning: Provide professional learning opportunities that are in alignment with the District's 3-year Professional Learning Plan for staff to support BUSD's equity journey.</p> <p>Partner with experts in the field to provide professional, robust learning opportunities to all parts of the system.</p> | \$200,000.00 | No |
| 8 | Grading for Equity | Create a study group to research and evaluate our current grading practices. The group may use the Plan-Do-Study-Act process. The outcome of the findings may result in BUSD piloting new grading practices in some classrooms. | \$1,000.00 | No |
| 9 | Districtwide Professional Development Days | Funding to provide two Districtwide Professional learning days for all TK-12 teachers to focus on supporting the needs of our unduplicated students and other at-risk youth through practices such as UDL, social-emotional learning, cultural responsiveness, equity practices, building relationships with students, project-based learning, technology, etc. | \$200,000.00 | Yes |
| 10 | Newsletters, Board Meetings, & Social Media Communication | <p>Section 4 - Communication & Family Engagement: Provide communication, outreach, partnership, and involvement opportunities for staff to support the ongoing equity work of the District.</p> <p>Keep the public apprised of the ongoing equity work in the District through regular updates using multiple methods of communication.</p> | \$0.00 | No |

| Action # | Title | Description | Total Funds | Contributing |
|----------|-------------------------------|---|-------------|--------------|
| 11 | District Equity Advisory Team | Develop and train a District Equity Advisory Team that works in collaboration and alignment with other District Team's to oversee the equity work of the District. | \$2,000.00 | No |
| 12 | Willie B. Adkins | Funding to provide sponsorships for up to 60 African American students 8-12 grade to participate in the Willie B. Adkins program in partnership with VCUSD. | \$15,000.00 | No |
| 13 | Community Partnerships | Build partnerships with city and community organizations to ensure the equity work in the District is communicated and supported through the work in the partner organizations. | \$0.00 | |

Goal Analysis [2021-22]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Analysis of the 2021-22 goals will occur during the 2022-23 update cycle.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Analysis of the 2021-22 goals will occur during the 2022-23 update cycle.

An explanation of how effective the specific actions were in making progress toward the goal.

Analysis of the 2021-22 goals will occur during the 2022-23 update cycle.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Analysis of the 2021-22 goals will occur during the 2022-23 update cycle.

A report of the Estimated Actual Expenditures for last year's actions may be found in the Annual Update Expenditures Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2021-22]

| Percentage to Increase or Improve Services | Increased Apportionment based on the Enrollment of Foster Youth, English Learners, and Low-Income students |
|--|--|
| 5.04% | \$2,040,572 |

The Budgeted Expenditures for Actions identified as Contributing may be found in the Increased or Improved Services Expenditures Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

The following actions and services in Goal 1 are principally directed towards supporting the growth and performance of our English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged students. These unduplicated student groups were considered first when creating these goals to support their growth and performance.

Second Step & Special Friends: Increase Special Friends/Second Step programming by one hour per day to do specific outreach and support for students who are homeless, foster youth, English learners and/or low-income. This action is effective as it provides students unconditional one-on-one attention with a guidance assistant in a carefully arranged and lovingly maintained playroom. Research that supports includes the following:

- Cognitive/Academic Gains: creativity, abstract thinking, imagination, problem-solving, mastering new concepts
- Emotional Gains: Self-confidence, self-esteem, anxiety/stress reduction, working problems out through play, connection to a trusted adult
- Social Gains: Cooperation, perspective-taking, sharing, empathy, turn-taking
- Behavioral Gains: Impulse control, focus, persistence

Special Friends Program Goals:

- To foster resiliency and positive self-concept
- To develop a sense of belonging at school
- To help increase academic participation/progress

School Psychologists: Restructure responsibilities of the equivalent of 2.5 school psychologists and psychologist interns to provide intentional outreach, monitoring, services (i.e. individual or small groups) for students who are homeless, foster youth, English learners and/or low-income. School psychologists have sound training and experiences needed to play a critical role in delivering quality school-based mental health and counseling services to children. School psychologists have extensive training in assessment, progress monitoring, instruction, child development and psychology, consultation, counseling, crisis response, program evaluation, and data collection and analysis. (NASP 2010a, 2010b). The effectiveness of this action will be measured by the District's Development Relationships (REACH) data and the ACES Universal Screener results.

Counseling Services: Restructure responsibilities of the equivalent of 3.0 school counselors to provide intentional outreach, monitoring, services (i.e. individual or small groups) for students who are homeless, foster youth, English learners and/or low-income. Counselors have the responsibility to ensure that students are well served in their course selection and other opportunities available to them. Students who have greater access to school counselors and comprehensive school counseling programs are more likely to succeed academically and behaviorally in school; this is particularly true for students in high-poverty schools. (Lapan, R. T., Gysbers, N. C., Bragg, S., & Pierce, M. E., 2012). The effectiveness of this action will be measured by student performance in classes (grades) as well as attendance and behavior.

BUSD Professional Learning Days: Every certificated staff member participates in two Districtwide Professional Learning days each year. The focus of these days will be on supporting the needs of our unduplicated students and other at-risk youth through practices such as UDL, social-emotional learning, cultural responsiveness, equity practices, building relationships with students, project-based learning, technology, etc. Every aspect of school reform depends on highly skilled teachers, says Stanford researcher Linda Darling-Hammond. "To build a useful policy system that encourages excellent instruction and strong student learning, it is important to consider both teacher quality—so that the system recruits the right people and prepares them effectively—and teaching quality so that the most effective practices are encouraged and the most supportive conditions are provided." (From the foreword to Linda Darling-Hammond, et al., Professional Learning in the Learning Profession: A Status Report on Teacher Development in the United States and Abroad. National Staff Development Council, February 2009.) The effectiveness of this action will be measured by the professional learning survey and by the District's REACH data.

Family Outreach: Staff will have responsibilities to conduct intentional outreach to families of homeless, foster youth, English learners and/or low-income throughout the school year. This outreach can be targeted to soliciting feedback, increasing participation, monitoring student performance, or any other need the school sites determine. This targeted outreach will build positive relationships and trust amongst families and the school site. This home-school partnership will strengthen student performance. "Schools alone cannot address all of a child's developmental needs: The meaningful involvement of parents and support from the community are essential." (The Home-School Team: An Emphasis on Parent Involvement. Students thrive when their parents become part of the classroom. James P. Comer, Norris Haynes. July 1, 1997)

The following actions and services in Goal 2 are principally directed towards supporting the growth and performance of our English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged students.

Elementary Intervention Teachers: Intervention teachers will provide additional support in academics and English learner development at the primary grades. Our Title 1 Elementary Schools have three intervention teachers (one of which is listed here as being paid by Title I funds.) This is above and beyond the base of 0.5 intervention teachers at our non-Title I schools. The effectiveness of this action will be measured by student performance on the ELPAC (for English learners) and the District's local reading assessments (NWEA MAP).

English Learner Development Support: Benicia High School will offer one period a day of Designated English Learner support. This class is offered to all English learners and a variety of materials are used to help students become English language proficient. The effectiveness of this action will be measured by student performance on the ELPAC.

TK-12 English Learner Coordinator Stipend: This purpose of this action is to have a designated staff member oversee the training and implementation of the ELPAC. The staff member will also provide professional learning opportunities for embedded ELD instruction.

District Office Administrative Support: District Office leadership will have responsibilities to monitor the success of English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged students across the District. In addition, the District Office leadership will ensure that high-quality professional learning opportunities are provided and that those strategies are being implemented in classrooms. The staff will work closely with families through Districtwide committees such as DELAC and the African American Parent Advisory Committee to solicit input and feedback on the successes and areas of need of current programming.

Site-based Administrative Support: Site-based leadership will have responsibilities to monitor the success of English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged students at their sites. In addition, site-based leadership will ensure that teachers participate in high-quality professional learning opportunities and that those strategies are being implemented in classrooms. The staff will work closely with families and students through school-based committees such as ELAC and the Black Student Union to solicit input and feedback on the successes and areas of need of current programming.

Literacy intervention support (BMS): Intervention teachers will provide additional support in reading and English learner development at the middle school. Priority will be given to students who are English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged. The effectiveness of this action will be measured by student performance on the ELPAC (for English learners) and the District's local reading assessments (NWEA MAP).

Alternative Education: Liberty High School is the District's continuation high school. This program is being reimagined and redesigned to better meet the needs of the students who attend LHS. Each student will have the opportunity to participate in learning through interest programs where they can learn about careers after high school, visit businesses, apprentice and shadow professionals in their interest areas and potentially participate in internships during the school day. This school supports the District's most "at-risk" students and has taken on the challenge of ensuring that all students graduate from high school and have a plan, and in many cases experiences, for after high school. The effectiveness of this action will be measured by student graduation rates, attendance rates, and Developmental Relationships (REACH) survey data.

Community Day School: The District provides its own Community Day School. This school serves students who have been expelled from another Benicia School, or have been sent there for other extenuating circumstances. The students who attend this school are

predominately low-income. By providing these services in Benicia, students do not need to travel to a neighboring District or to the county program. The effectiveness of this action will be measured by student graduation rates, attendance rates, and rates that students are able to return to their home school.

English Language Development Materials: Research-based materials and curricula will be provided for our students who are English learners. These materials will support them in attaining English language proficiency. The effectiveness of this action will be measured by student progress on ELPAC.

Translation Services: Parent participation is an effective tool for supporting student success. The District will provide translation services through an app or in-person to support families in home-to-school communication.

DELAC: Parent participation is an effective tool for supporting student success. The District will continue to build the DELAC team so that we can better meet the needs of our English learners and their families.

The following actions and services in Goal 3 are principally directed towards supporting the growth and performance of our English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged students.

Math Support: Intervention will provide additional support in math. Teams are investigating the most effective way to offer intervention support. For instance, at BHS students can take math 1 (required for graduation) as a two-year course. From studying our data, we have determined that a traditional math pull-out support class is not effective. Students are not transferring math skills into their regular math classes. The middle school and the two Title I elementary schools will continue to investigate how to use staff (intervention staff) differently to meet the math needs of the students, with priority given to students who are English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged. The effectiveness of this action will be measured by student performance on the SBAC the District's local reading assessments (NWEA MAP).

STEAM Programs: Funding for additional STEAM-related enrichment programs at Liberty High School and the two Title 1 elementary schools will offer our students who are English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged access to opportunities in these areas they may not have had.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

The following actions and services were rolled over from the 2017-20 LCAP because they have proven effective in supporting the academic and Social-Emotional growth of our unduplicated students. The actions and services listed above will provide robust opportunities and support principally directed towards our students who are English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged students. These actions and services will result in the 5.04% required proportional increase or improvement for these students in several areas and will be measured by SBAC scores, local academic and survey data, and attendance.

Actions in this 2021-2022 LCAP that are principally directed towards our students who are English Learners, Foster and Homeless Youth, and Socio-economically Disadvantaged students and will result in 5.04% required proportional increase or improvement are:

- Increase in Special Friends/Second Step programming
- Direct outreach and service by school counselors and psychologist
- Site and District Administration support, progress monitoring, and outreach
- Alternative High School and Community Day School programs to support high school graduation, career planning, and services for students who have been expelled
- Literacy and ELD support at BMS
- Restructuring of math support across the District
- Professional Development focused on equity, differentiation, and instructional practices that support students' academic and social-emotional growth
- Family Outreach to historically underserved or underrepresented families to help them navigate the systems within a school
- ELD coordination and support across the District to provide training, assessment, and progress monitoring
- Intervention support across the District to provide additional instruction and opportunities in math and ELA for students
- STEAM enrichment programs to provide enhanced opportunities to students who may not otherwise be able to participate

Total Expenditures Table

| LCFF Funds | Other State Funds | Local Funds | Federal Funds | Total Funds |
|----------------|-------------------|-------------|---------------|----------------|

Instructions

[Plan Summary](#)

[Stakeholder Engagement](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the LCAP template, please contact the local COE, or the California Department of Education's (CDE's) Local Agency Systems Support Office by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires LEAs to engage their local stakeholders in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have ten state priorities). LEAs document the results of this planning process in the Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] 52064(e)(1)). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. Local educational agencies (LEAs) should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Stakeholder Engagement:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful stakeholder engagement (EC 52064(e)(1)). Local stakeholders possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC 52064(b)(4-6)).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC 52064(b)(1) & (2)).

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* 52064(b)(7)).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with stakeholders that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a stakeholder engagement tool.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for stakeholders and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing, but also allow stakeholders to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse stakeholders and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and stakeholder engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard, how is the LEA using its budgetary resources to respond to student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics or a set of actions that the LEA believes, based on input gathered from stakeholders, research, and experience, will have the biggest impact on behalf of its students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the students and community. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Stakeholder Engagement

Purpose

Significant and purposeful engagement of parents, students, educators, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such stakeholder engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC 52064(e)(1)). Stakeholder engagement is an ongoing, annual process.

This section is designed to reflect how stakeholder engagement influenced the decisions reflected in the adopted LCAP. The goal is to allow stakeholders that participated in the LCAP development process and the broader public understand how the LEA engaged stakeholders and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the stakeholder groups that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP. Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective stakeholder engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for stakeholder engagement in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.

- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the stakeholder process and how the stakeholder engagement was considered before finalizing the LCAP.”

Describe the stakeholder engagement process used by the LEA to involve stakeholders in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required stakeholder groups as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with stakeholders. A response may also include information about an LEA’s philosophical approach to stakeholder engagement.

Prompt 2: “A summary of the feedback provided by specific stakeholder groups.”

Describe and summarize the stakeholder feedback provided by specific stakeholders. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from stakeholders.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific stakeholder input.”

A sufficient response to this prompt will provide stakeholders and the public clear, specific information about how the stakeholder engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the stakeholder feedback described in response to Prompt 2. This may include a description of how the LEA prioritized stakeholder requests within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by stakeholder input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)
- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures

- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to stakeholders what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to stakeholders and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with stakeholders. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with stakeholders, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–2021 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g. graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023-24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Year 3 Outcome | Desired Outcome for Year 3 (2023-24) |
|---|---|---|---|---|---|
| Enter information in this box when completing the LCAP for 2021–22 . | Enter information in this box when completing the LCAP for 2021–22 . | Enter information in this box when completing the LCAP for 2022–23 . Leave blank until then. | Enter information in this box when completing the LCAP for 2023–24 . Leave blank until then. | Enter information in this box when completing the LCAP for 2024–25 . Leave blank until then. | Enter information in this box when completing the LCAP for 2021–22 . |

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the expenditure tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary expenditure tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (Note: for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for stakeholders. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides stakeholders with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improved services for its unduplicated students as compared to all students and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of stakeholders to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

This section must be completed for each LCAP year.

When developing the LCAP in year 2 or year 3, copy the "Increased or Improved Services" section and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the relevant LCAP year. Retain all prior year sections for each of the three years within the LCAP.

Percentage to Increase or Improve Services: Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Increased Apportionment based on the enrollment of Foster Youth, English Learners, and Low-Income Students: Specify the estimate of the amount of funds apportioned on the basis of the number and concentration of unduplicated pupils for the LCAP year.

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7% lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school

climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action(s))

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100% attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55%: For school districts with an unduplicated pupil percentage of 55% or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55%: For school districts with an unduplicated pupil percentage of less than 55%, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40% or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

“A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.”

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

Expenditure Tables

Complete the Data Entry table for each action in the LCAP. The information entered into this table will automatically populate the other Expenditure Tables. All information is entered into the Data Entry table. Do not enter data into the other tables.

The following expenditure tables are required to be included in the LCAP as adopted by the local governing board or governing body:

- Table 1: Actions
- Table 2: Total Expenditures
- Table 3: Contributing Expenditures
- Table 4: Annual Update Expenditures

The Data Entry table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included.

In the Data Entry table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All”, or by entering a specific student group or groups.
- **Increased / Improved:** Type “Yes” if the action **is** included as contributing to meeting the increased or improved services; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services.
- If “Yes” is entered into the Contributing column, then complete the following columns:

- **Scope:** The scope of an action may be LEA-wide (i.e. districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools”. If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans”. Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year”, or “2 Years”, or “6 Months”.
- **Personnel Expense:** This column will be automatically calculated based on information provided in the following columns:
 - **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
 - **Total Non-Personnel:** This amount will be automatically calculated.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e. base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
