#### **FAMILY CARE AND MEDICAL LEAVE (CFRA LEAVE) AND PREGNANCY DISABILITY LEAVE**

Under the California Family Rights Act of 1993 (CFRA), if you have more than 12 months of service with the District and have worked at least 1,250 hours in the 12-month period before the date you want to begin your leave, you may have a right to an unpaid family care or medical leave (CFRA leave). This leave may be up to 12 work weeks in a 12-month period for the birth, adoption or foster care placement of your child or for your own serious health condition or that of your child, parent, spouse, grandparent, grandchild, or sibling.

Even if you are not eligible for CFRA leave, if you are disabled by pregnancy, childbirth or related medical conditions, you are entitled to take a pregnancy disability leave of up to four months, depending on your period(s) of actual disability. If you are CFRA-eligible, you have certain rights to take BOTH a pregnancy disability leave and a CFRA leave for the reason of the birth of your child. Both leaves contain a guarantee of reinstatement to the same or to a comparable position at the end of the leave, subject to any defense allowed under law.

If possible, you must provide at least 30 days' advance notice for foreseeable events (such as the expected birth of a child or planned medical treatment for yourself or of a family member). For events which are unforeseeable, we need you to notify us, at least verbally, as soon as you learn of the need for the leave.

Failure to comply with these notice rules is grounds for, and may result in, deferral of the requested leave until you comply with this notice policy.

We may require certification from your health care provider before allowing you a leave for pregnancy or your own serious health condition or certification from the health care provider of your child, parent, spouse, grandparent, grandchild or sibling who has a serious health condition before allowing you a leave to take care of that family member. When medically necessary, leave may be taken on an intermittent or reduced work schedule.

If you are taking a leave for the birth, adoption or foster care placement of a child, you must conclude the leave within one year of the birth or placement for adoption or foster care.

Taking a family care or pregnancy disability leave may impact certain of your benefits and your seniority date. If you want more information regarding your eligibility for a leave and/or the impact of the leave on your seniority and benefits, please contact Dr. Marti Tienda-Ayala, Associate Superintendent, Human Resources.
