Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Our Single Plan for Student Achievement is a comprehensive school-wide plan that allocates site funds for programs and resources to meet the needs of all student groups and provide support for families. The goals and actions of this plan align with LCAP.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Every year, all stakeholders (PTA, SSC, ELAC, staff, and the general population) at Graves are surveyed in order to evaluate the efficacy of school practices, programs, and interventions. The results from the analyzed data are used to select future conditions of success. Surveys include staff and student morale, Healthy Kids Survey, as well as survey analysis of documentation such as the SPSA and School Safety Plan. Additionally, stakeholders participate in the District LCAP brainstorming session as well as the LCAP survey.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Graves Middle School currently uses two models for classroom observations which includes formal and informal observations. The administrator follows the SWTA contract in scheduling formal observations. The formal observation consists of a pre-observation conference to discuss the lesson, an observation of a formal lesson, and a post observation conference to provide feedback and next steps.

Teachers are informally observed on a regular basis. These informal observations consist of verbal feedback and/or an informal note. The site administrator observes in classrooms on a regular basis as a means of supporting instruction, ensuring that all components of a balanced curriculum are in place, and that all classrooms are maximizing instructional time. Classroom observation include a focus on the implementation of Common Core State Standards (CCSS) and 21st Century Skills, academic discourse, and clear learning objectives.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

The principal and teachers will analyze the following assessment pieces (at the local and state levels) using the District multiple measure tools: Renaissance STAR 360 (reading and math), Interim Assessment Blocks (IAB's), Chapter or Unit tests for math and Reading Language Arts, and teacher/coach-created formative assessments. These assessments correlate to the State Assessment performance of students (CAASPP testing as of 2019). Data will be analyzed during vertical articulation data meetings, grade-level or PDAR meetings to determine student groupings, establish intervention/enrichment classes and design classroom instruction. (LCAP)

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Graves staff are able to disaggregate STAR 360 data, and teacher created assessments and use that information to modify their instruction. Small group and one to one instruction are used to enable students to meet mastery of grade level standards.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All teachers meet the requirements for ESEA.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers at Graves are highly-qualified and appropriately placed according to their credential. District coaches have provided additional professional development using Amplify and Go! Math. All teachers have received training in ELD strategies, AVID strategies, and content specific support.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

All school-wide professional development at Graves Middle School is aligned to the goals of the SPSA, and district (Board-Adopted Annual Goals) and state/federal performance goals for the CAASPP. All teachers have received training in targeting key and essential standards through the use of high-leverage instructional strategies, bell-to-bell instruction, and successful implementation of core curricula with fidelity to the standards.

Strong emphasis has been placed on Integrated & Designated ELD and strategies, Reading Informational Standards, Math Content Standards and Standards of Mathematical Practices. Staff development has mostly consisted of implementation of AVID strategies, ELD strategies, and Content specific support.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The instructional coach works with all departments in the areas of Lesson delivery, ELD strategies, and AVID strategies. Support consists of demo lessons, co-plan/co-teach, and interactive professional development. Strong emphasis has been placed on Integrated & Designated ELD and strategies, Reading Informational Standards, Math Content Standards and Standards of Mathematical Practices. Additionally, we have focused on providing differentiated instruction.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate by grade level on a regular basis. During collaboration time, teachers implement the PDAR cycle to plan lessons and analyze teaching practices.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

We continue to improve with implementing the CCSS and the SBAC for the 2019-20 school year, and we are utilizing CCSS aligned materials and instructional practices and locally created assessments that mirror the SBAC. We feel that this will help our students master the CCSS and the SBAC.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

We have a 6-period day with each period at 55 minutes in all content areas

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

We have created standards based pacing guides in all content area. We will also form committees to revise and update on a yearly basis. I

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

We will continue to use the CCSS and the SBAC for the 2019-20 school year. We will also continue to utilize CCSS aligned materials and instructional practices and locally created assessments that mirror the SBAC. The materials we are using will be aligned to the CCSS, as we utilize the Synced Solution in ELA for our lessons and our pacing plan.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

We will continue to use the CCSS and the SBAC for the 2019-20 school year. We will also continue to utilize CCSS aligned materials and instructional practices and locally created assessments that mirror the SBAC. 90% of our teaching staff have received formal AVID WICOR and Excel EL training. The materials we are using will be aligned to the CCSS as we utilize the ELA curriculum for our lessons and pacing plan.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Our focus is to provide underperforming students with support through our daily schedule and lesson delivery model that focuses on differentiation. First, we have added an ELD companion course to provide support to our language learners. Second, we have added a portion of our day to provide small group instruction to meet the needs of our striving scholars. We will also hire additional aides to support this model. Additionally, all classes in ELA and Math will receive support from our RSP teachers and/or aides in our MTSS model.

Evidence-based educational practices to raise student achievement

We will focus on WICOR strategies school wide and Intervention supports. Our Instructional coaches will guide our implementation of grade level /content specific action plans. Additional training will be provided by outside consultants.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Working with the SWSD, Graves Middle School coordinates resources that come from state, local, and federal funding sources, we work with local agencies to support students with their social, emotional, mental, and financial needs so our underachieving students can attain grade level success. We have a site-based Community Liaison who helps us reach out to parents and support our students and the community.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

School Site Council/ELAC meetings
DAC/DELAC
Superintendent's Facilities Advisory Committee
LCAP Committee
PTSA

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Special education support, during school/after school support programs, tutoring, intervention for at-risk kids, Study Skills classes, use of Mentors to support Study Skills students, and in-school and out-of-school counseling are the services that support our under performing students.

Fiscal support (EPC)

State (LCFF) and Federal (Title I dollars) funds support our educational program.

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Every year, all stakeholders (PTA, SSC, ELAC, staff, and the general population) at Graves are surveyed in order to evaluate the efficacy of school practices, programs, and interventions. The results from the analyzed data are used to select future conditions of success. Surveys include staff and student morale, Healthy Kids Survey, as well as survey analysis of documentation such as the SPSA and School Safety Plan. In order to solicit staff feedback, LCAP goals are reviewed annually at a staff meeting. Staff members work in small groups to provide feedback and suggestions by department. The SPSA site team uses the input to work with the principal to create strategies/ action steps for each goal. Additionally, stakeholders participate in the District LCAP brainstorming session as well as the LCAP survey. We also hold regular SSC meetings to get input, make revisions, and approve the SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

We noted that the majority of our funds were allocated to the AVID scholars. This left little monies to support scholars outside of that program. We have reallocated funds to ensure that the needs of our EL scholars and all other scholars are met. We will target intervention supports and services

Grade 7	334	336	288
Grade 8	311	342	334
Total Enrollment	645	678	622

Conclusions based on this data:

1. Over a three year period, enrollment has declined
2. Recruitment efforts to maintain all scholars impacted the 17-18 enrollment to the 18-19 school year. The 17-18 7th grade cohort increased to 342 in the 18-19 8th grade enrollment
3. A continued effort to improve enrollment through highly sought after electives and an increase in test scores is necessary

Reclassified Fluent English Proficient (RFEP)	30	38	44	13.5%	18.2%	19.3%

Conclusions based on this data:

1. Reclassification percentage increased by 5% over a three year span showing improvement. However, our number of EL students continues to remain the same.
2. These data show the need to increase services to meet the needs of our EL scholars
3. We will ensure that the EL scholars get first access to intervention and direct services that are offered.

Conclusions based on this data:

1. There has been inconsistent growth in ELA test scores in both 7th and 8th grade
2. Data shows that we need a concentrated effort to focus on our ELA test results in all areas including reading, writing, and research.
3. In the upcoming school year, we will use data on a frequent basis to develop grade level action plans for our ELA and Social Studies department. We will hire an outside consultant to provide professional development and meet after each trimester to review IAB results, identify areas of improvement, and strategies/interventions to improve lesson delivery and learning opportunities for our scholars.

Conclusions based on this data:

1. 8th grade math showed a decrease in the percentage of scholars scoring below standard. There was an increase in the percentage scoring in the nearly met category. 7th grade showed an increase in the percentage of scholars scoring below standard which lent to the lack of movement as a school.
2. Over the last three years, there has been inconsistent growth in the area of math even with our advanced math courses
3. In the upcoming school year, we will use data on a frequent basis to develop grade level action plans for our Math department. We will hire an outside consultant to provide professional development and meet after each trimester to review IAB results, identify areas of improvement, and strategies/interventions to improve lesson delivery and learning opportunities for our scholars. We will also hire two part time instructional aides and an outside agency to provide direct services (intervention) to our striving scholars.

Conclusions based on this data:

1. The data shows that the number of EL scholars score at level 1 has increased where as the number of scholars scoring at level 4 decrease.
2. These data may represent and increase in Newcomers at Graves Middle School. It may also show an increase in the number of EL scholars being reclassified
3. Our next steps is to ensure that our school wide focus is on EL scholars. We will ensure that all teachers are highly trained in Integrated ELD strategies and that our ELD teachers are skilled in crafting lesson plans focused on ELD standards. Additionally, EL scholar will receive first access to all interventions and additional supports. They will also have access to Rosetta Stone and any other programs available.

Student Population

This section provides information about the school's student population.

2018-19 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
678	88.9	33.6	0.9
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	This is the percent of students whose well-being is the responsibility of a court.

2018-19 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	228	33.6
Foster Youth	6	0.9
Homeless	24	3.5
Socioeconomically Disadvantaged	603	88.9
Students with Disabilities	118	17.4

Enrollment by Race/Ethnicity

African American	1	0.1
American Indian	1	0.1
Asian	1	0.1
Filipino	8	1.2
Hispanic	647	95.4
White	20	2.9

Conclusions based on this data:

1. Scholars at Graves lack the basic necessities in their home life. We must utilize site funds in a fiscally sound way to make the biggest impact on instruction
2. English Language Learners need additional support in all academic areas
3. We have a moral imperative to focus our attention on equity and excellence in education

Overall Performance

2019 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts  Orange	Chronic Absenteeism  Orange	Suspension Rate  Orange
Mathematics  Orange		

Conclusions based on this data:

1. We will continue to take steps to decrease our suspension rate by working with our mental health partners and our school counselor. We will also develop a stronger PBIS program and develop a MTSS program to meet the needs of all of our kids. We will continue to meet the needs of our EL students and reclassify them as appropriate. We have shown strength in this area, so we will continue to work with our teachers so they use strategies that support our EL students.
2. We are using a new ELA program that differentiates for our students. It requires them to write for 10-20 minutes every day and it is a very student centered curriculum, so we expect better results. Our teachers are collaborating quite a bit to fully utilize the ELA curriculum. We are also going to use the IABs and/or ICAs and then adjust instruction based on the data we analyze. We are also using the PDAR process to guide our collaboration and our instruction. This process is student-centered and very effective for teachers.
3. We are using different instructional strategies for math to support our students. Teachers will continue to use collaborative strategies, performance tasks, conceptual strategies, and direct instruction to meet the kids' needs. Our teachers are collaborating quite a bit to determine the best way to support rigorous math instruction. We are also going to use the IABs and then adjust instruction based on the data we analyze. We are also using the PDAR process to guide our collaboration and our instruction. This process is student-centered and very effective for teachers. We are developing a plan for our math department so that there is focused and coherent instruction in our math classes.

Conclusions based on this data:

1. We need to focus on lesson delivery in the classroom including standards based lesson planning, student engagement, and relevant student work
2. We need intervention programs and strategies to provide access to scholars performing below standard
3. ELD must be taught on a daily basis using research based strategies.

Conclusions based on this data:

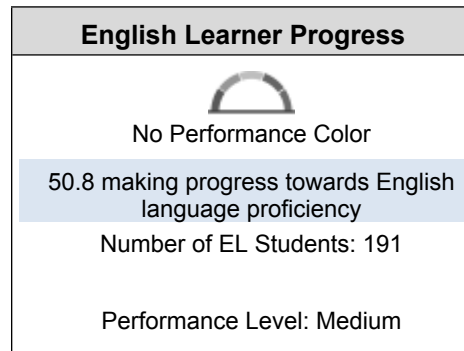

1. We need common pacing guides, assessments, and scaffolds in math
2. We are hiring two part time aides and and outside tutors to provide intervention in the area of math
3. lesson delivery and student engagement must be a focus to improve test scores.

Conclusions based on this data:

1. We will ensure that the budget reflects our commitment to EL scholars by offering additional intervention opportunities to our EL scholars
2. We will provide ELD on a daily basis for scholars scoring at the Beginning and somewhat developed stage
3. Integrated ELD strategies will be implemented in all content areas

Conclusions based on this data:

1. We will decrease our Chronic Absenteeism rate by working with our SART and SARB committees, our mental health partners, and our school counselor to monitor and hold families accountable for daily attendance.
2. We will honor scholars that have perfect attendance with certificates and incentives each trimester and at the end of the school year
3. We will have our attendance clerk and community liaison work together to monitor chronic attendance issues on weekly basis. They will generate letters, call home, meet with families, and conduct home visits.

2019 Fall Dashboard Suspension Rate by Year

2017	2018	2019
	4.2	5.4

Conclusions based on this data:

1. We will continue to take steps to decrease our suspension rate by working with staff to think about alternatives, our mental health partners, and our school counselor.
2. We will also develop a stronger PBIS program and develop a MTSS program to meet the needs of all of our kids because we believe academic and social-emotional factors affect student attendance and achievement.
3. We will clearly articulate school rules and reasons for suspension

Culture and Climate

LEA/LCAP Goal

Culture and Climate: Create a learning environment where students feel safe within a strong and positive school culture that is collaborative, unbiased, and inclusive of all student groups.

Goal 1

Graves Middle School with facilitate a positive, safe and inclusive school culture as demonstrated by the staff and scholars

Identified Need

Based on our stakeholder needs assessments and other measures, the following has been identified: Increase SEL supports in class, provide more collaborative opportunities in the classroom , create more opportunities for student voice, increase opportunities for scholar/teacher interactions, and focus on college/ career readiness school wide

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Healthy Kids Survey	54% of our scholars feel safe at school Low parent responses	Increase the amount of scholars that feel safe on campus by 20%
School wide PBIS TFI	We received a rating of 2 in individual student support plans	Increase the rating to 3 or higher
College and Career Culture survey	None available	98% of our scholars will participate in the survey in the 21-22 school year

Continuous Improvement

LEA/LCAP Goal

Utilize research-based practices and a cycle of continuous improvement based on data to support a broad course of study, which will prepare students for the 21st century global market.

Goal 2

Grave Middle School will utilize baseline data and data discussions to plan Department /Grade level Instructional action plans that include intervention, enrichment, lesson planning, and formative assessments

Identified Need

Based on state and local assessments, increased opportunities to look at data, formulate a plan of action, and monitor scholar learning has been identified

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Star 360	Based on the STAR 360 three year report, there has been continuous growth in 8th grade ELA and Math (scale score) . However, there is varied growth in 7th grade ELA and Math(scale score) when looking at same scholar cohorts	Both ELA and Math departments will show cohort growth by 10 % on scaled scores
18-19 SBAC	Based on 18-19 SBAC , 72% of our scholars are below proficiency in ELA and 80% in Math	Our goal is to show a 10% growth from all SBAC levels including the movement from Far below to below standard

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Educator Leadership

LEA/LCAP Goal

Provide a strong educator support system for all staff to develop professional efficacy and strong engagement, to ensure a focus on student success, achievement, and empowerment in order for all students to achieve their greatest potential.

Goal 3

Graves Middle School will provide professional development opportunities for all staff to ensure effective instruction is provided to all scholars and provide authentic opportunities for teacher voice and choice during collaboration

Identified Need

Based on data (staff survey, classroom observations, STAR 360), there is a need to provide department specific training for our teachers. These include ways to teach Common Core Standards and how to provide formative assessments to adjust lessons. As a site, it is necessary to provide Integrated ELD and differentiated instruction strategies

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
ELPAC Scores	There are 189 LTELS for the 21-22 school year	Reduce the number of LTEL students by 50% by the time they leave the 8th grade Designated ELD teachers will provide high quality standards based instruction to EL scholars
Attendance , sign in sheets, and google reflection forms	All teachers received site wide training on the ELD strategies, AVID strategies, and Common Core Standards (overview in ELA and Math)	Increase the use of Integrated ELD strategies in all content areas Social Studies and Science will teach and assess ELA Common Core standards ELA and Math will pull small groups during class time periods
Department Specific Action Plans	Teachers have completed department/grade level specific action plans that include specific requests for training/support. The plans	Each department specific action plan will include teacher professional development and other resources needed

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
	were not fully implemented due to COVID 19.

Goal Subject

Family and Community Engagement

LEA/LCAP Goal

Strengthen communications and facilitate trusting partnerships with parents and community members by providing resources and opportunities for parents' active engagement in their child's education.

Goal 4

Graves Middle School will proactively seek parent participation and community collaboration by providing genuine opportunities, resources, and meaningful interactions with our scholars and the learning process

Identified Need

Based on parent participation logs and survey completion, we need to increase parent involvement in parent conferences, student attendance, academic success, and learning opportunities

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Healthy Kids Survey results	Less than 10 % of our parents filled out the survey	Increase parent participation on all surveys
Parent Education Opportunities Sing in sheets	On average, we have about 40-50 parents join in Parent focused Zoom sessions	Increase parent participation average to 75 parents or more
Parent Square Communication program	This is a new program that we need to implement.	95% of our parents check updates, etc. on Parent Square

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

MTSS

LEA/LCAP Goal

Provide a comprehensive, multi-tiered system of support within academics, behavior, and social-emotional services to facilitate student success, which includes increased and improved services for all student groups

Goal 5

GMS will implement equitable MTSS supports to ensure the academic and social-emotional growth of each scholar.

Identified Need

GMS offers little intervention support during the school day. There is a need to add structures and supports within the school day to focus on ELA and Math. Additionally, we have an increase of social-emotional concerns that range from depressions, self-harm, gender identity, social anxiety that hinder scholars from learning to their full potential. It is imperative that we provide adequate support and resources at the Middle School .

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
18-19 SBAC	Based on 18-19 SBAC , 72% of our scholars are below proficiency in ELA and 80% in Math	We will show a 10% growth from each SBAC band
ELPAC	Currently, we have 189 LTEL scholars	Reduce the number of LTEL students by 50% by the time they leave the 8th grade Show 10% growth in all ELPAC levels

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 4 Parent or Community Members
- 1 Secondary Students

Name of Members	Role
Dr. Trena Gonzalez	Principal
Yoshi Anno	Classroom Teacher
George Palomino	Classroom Teacher
Cammy Weiss	Classroom Teacher
Iris Camerena	Parent or Community Member
Maria Baltazar	Parent or Community Member
Yesenia Prillwitz	Parent or Community Member
Jannet Vasquez	Parent or Community Member
Abigail Munoz	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.
 - B. Evidence-based strategies, actions, or services (described in Strategies and Activities)

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
 1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.
- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).

- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).
