**BUDGET ADJUSTMENT SUMMARY INSTRUCTIONS****GENERAL**

Use this form to make revisions to your adopted budget. This includes increases or decreases in the revenue accounts, expenditure accounts, transfers to and from ending balances, and adjustments to the components of ending balances.

All budget revisions must be approved by your governing board prior to submittal to the County Office per Education Code Section 42600, 42601, 42602, 42603, and 42610.

As required by California Department of Education's (CDE) Standardized Account Code Structure (SACS), the resource code has been added on the Budget Adjustment Summary form. More than one resource may be listed on the form, but each resource code must be balanced between revenues, expenditures, and components of ending fund balance. List the specific resource code under the appropriate column.

When an increase or decrease to the budget is warranted, districts must submit this form as approved by the governing board within a reasonable time (i.e., 30 days or the next board meeting, whichever is sooner).

Please submit a copy of the signed form directly to the Division of School Financial Services (SFS). SFS will release the applicable budget adjustments previously entered by the district in the PeopleSoft Financial System (PeopleSoft). SFS will use the five-digit GL Journal ID Number listed in the upper right hand corner of page 1 of the form to determine which budget transaction in PeopleSoft to approve or deny.

**Form Heading (Must be completed)**

- Period Affected - Select the period the Budget Adjustment is affecting.
- District Number - Use the five-digit number assigned to your district from the State (PeopleSoft ID).
- GL Journal ID Number - List the five-digit GL Journal ID Number of the budget transactions you have entered into PeopleSoft in which this budget revision covers. SFS will use this information to determine which transactions to approve or deny.
- Fund Number/Fund Name - List the name and number of the fund affected by this budget revision. Only one fund is to be reported on each Budget Adjustment Summary.
- Fiscal Year - List the fiscal year which the Budget Adjustment Summary applies to.
- Unrestricted/Restricted - For General Fund only, select "Unrestricted" for those resource codes which do not have reporting requirements. Select "Restricted" for those resource codes that have reporting requirements, or are specified as restricted.
- Date of Summary/Name of School District - Self-explanatory.

**Section A - Revenues/Other Financing Sources**

Use this section for:

- the correction of revenue/other financing sources;
- recognition of new revenue/other financing sources; and
- decreases of previously budgeted revenue/other financing sources.

List the specific object and resource code for the revenue/other financing sources being increased/(decreased) in the space provided. If more space is required, attach a supplemental sheet. Enter the amount of the adjustment in the Budget Adjustment Increase/(Decrease) column. Show decreases as negative figures, in brackets ( ). The net amount of revenue/other financing sources increases/(decreases) is reported on the "Total Revenues/Other Financing Sources" line.

If a district is budgeting new revenue/other financing sources, there must be a corresponding entry in another section of the document indicating where the money is to be placed (i.e., expenditures, reserves or unappropriated fund balance).

Budgeted adjustments to "Interfund Transfers In" will also necessitate the filing of a Budget Adjustment Summary for the other fund(s) affected. At the district level, total incoming transfers (object 8900-8929) must equal total outgoing transfers (object 7600-7629).

Budgeted Contributions from Unrestricted or Restricted Resources (8980-8999) should net to zero at the total fund level.

**Section B - Expenditures/Other Financing Sources**

Use this section for:

- the correction of expenditures/other financing uses;
- recognition of new expenditures/other financing uses; and
- decreases of previously budgeted expenditures/other financing uses.

Report amounts of increases and decreases by major objects only. Decreases must be shown in brackets ( ).

If a district is increasing or decreasing an expenditure/other financing use category, there must be a corresponding entry in another section of the document indicating where the money is to be placed or taken from (e.g., revenues, reserves, or unappropriated fund balance). Adjustments to "Interfund Transfers Out" will also necessitate the filing of a Budget Adjustment Summary for the other fund(s) affected. At the district level, outgoing transfers (object 7600-7629) must equal total incoming transfers (object 8900-8929).

**Section C - Subtotal**

Section A - minus Section B equates to the subtotal.

**Section D - Narrative Explanation (Must be Completed)**

Please provide a short, but specific explanation of the transaction(s) being summarized. Example: "The district is reducing Other State Revenue due to a drop in lottery income of \$6 per ADA. This is being offset with a matching decrease in Expenditures-Books and Supplies."

**Section E - School District Certification (Must be Completed)**

This section must be completed. Please be sure that the signature of the authorized signatory of the Board or designee, and that the board approval date is correct. SFS will also accept any certified electronic signatures (i.e., Adobe Sign, DocuSign).
