Design Team

**CANDACE LUCKETT**  
Design Team

**SHERRI MERRILL**  
State Agency Liason

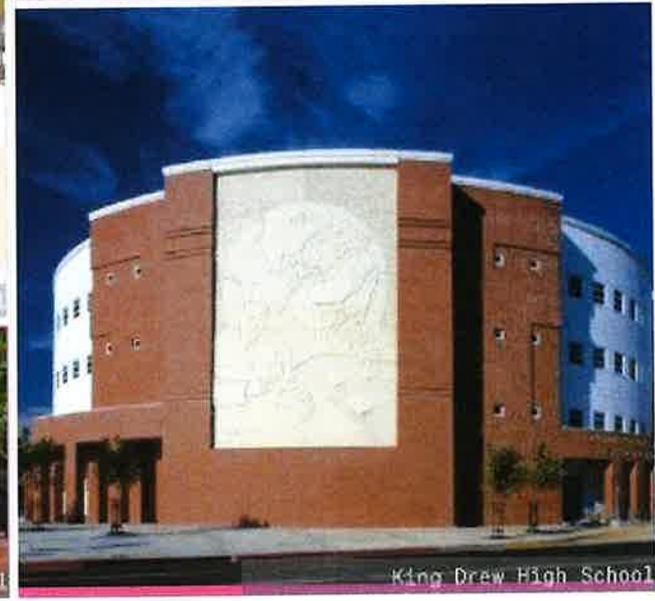

**REX WANG**  
MEP+T Expert

An aerial architectural rendering of a university campus. The central focus is a large, modern building complex with white roofs and brick facades. To the right, there is a large green field, possibly a football field, with a blue track around it. In the background, there are baseball fields and other campus buildings. The entire scene is framed by a large, semi-transparent red overlay that covers the left and right sides of the image. The text "RELEVANT EXPERIENCE" is written in white, bold, sans-serif font in the bottom-left corner.
