Impact Teams Training - ELA/SS Core and Math

Barriers from Proficiency?

Why was this challenging?

What actions can we take?

Differentiated
Instructional
Levels

Successes

1. DL interactive web tools (Peardeck, Go Formative, etc...) used 78% of the time.
2. DL Engagement strategies (google docs, graphic organizers, and group points) used 55% of the time.

Successes

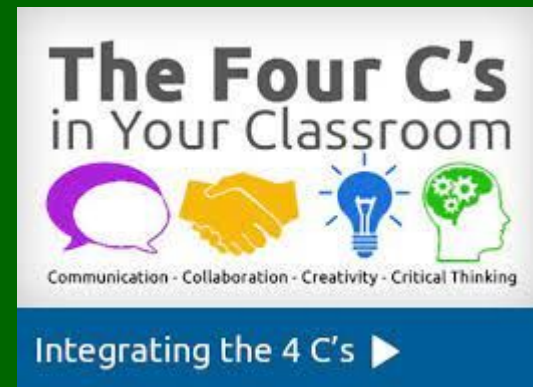

Goal 1

Provide High Quality Instruction...

We will develop teacher capacity in the Impact Teams model to increase rigor and expectations to improve academic achievement.

We will provide 1 immersive experience per quarter that will expose and prepare students for a 21st century careers.

Initiative

80% of teachers to use instructional technology software and hardware on a regular basis by June 2022.

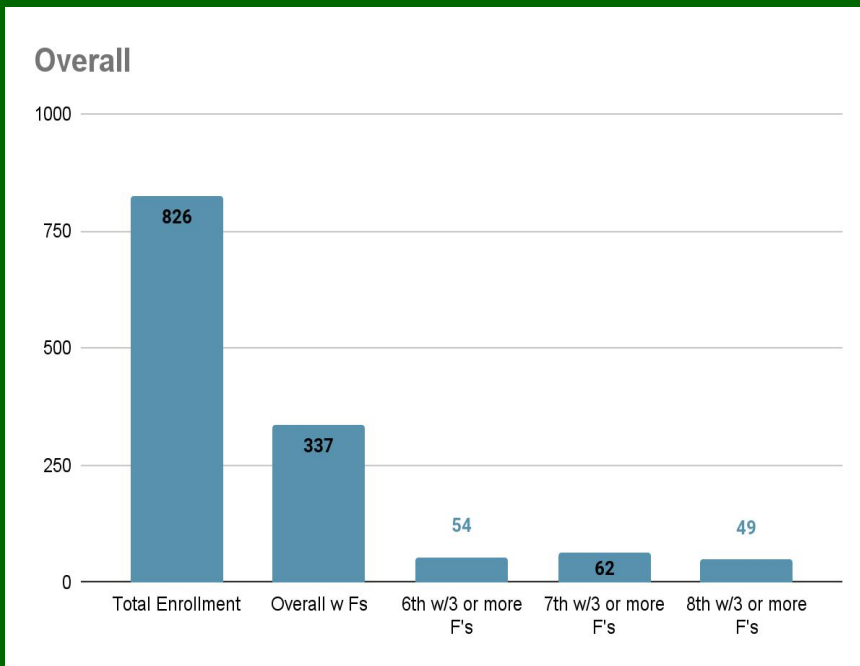

Goal 2

Provide equitable supports for all learners

We will increase teacher and paraeducator training in small group instruction by 50% to provide more equitable supports for all students as measured by an observational tool.

Initiatives/Challenges

Enrichment and Support

Small Groups

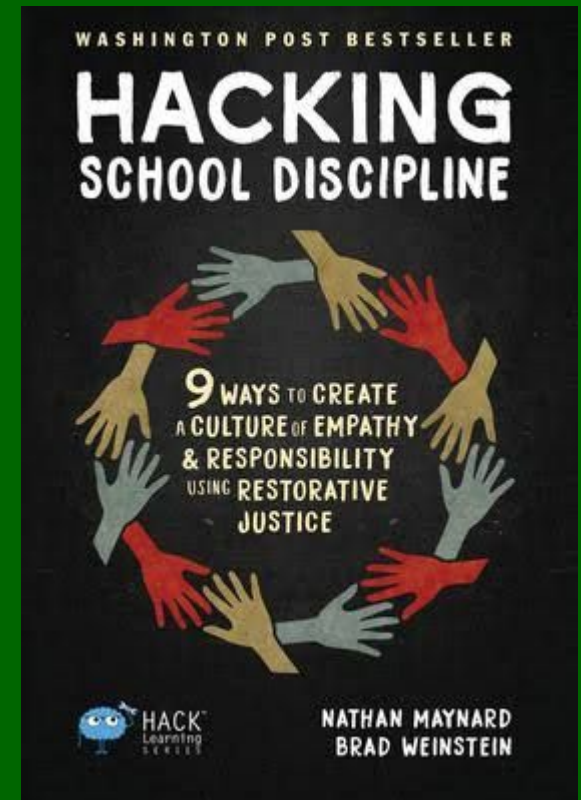

Adaptive tech software

Strategic strategies of support for EL's

Goal 3

Positive School Culture and Climate

To improve teacher-student relationships by 80%, increase attendance and decrease referrals.
