

# Local Performance Indicator Self-Reflection

Local Educational Agency (LEA)	Contact Name and Title	Email and Phone
Los Gatos Union Elementary School District	Sarah Tellez Assistant Superintendent	stellez@lgusd.org 408-335-2028

## Introduction

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require a LEA to:

- Annually measure its progress in meeting the requirements of the specific LCFF priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the LCAP.
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

Below are the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

## Performance Standards

The performance standards for the local performance indicators are:

### **Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)**

The LEA annually measures its progress in meeting the Williams settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to stakeholders and the public through the Dashboard.

### **Implementation of State Academic Standards (LCFF Priority 2)**

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

### **Parent and Family Engagement (LCFF Priority 3)**

The LEA annually measures its progress in: (1) seeking input from parents in decision making and (2) promoting parental participation in programs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

### **School Climate (LCFF Priority 6)**

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to stakeholders and the public through the Dashboard.

### **Access to a Broad Course of Study (LCFF Priority 7)**

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California Education Code (EC) for Grades 1-6 and Grades 7-12, as applicable, including the programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

### **Coordination of Services for Expelled Students-County Office of Education (COE) Only (LCFF Priority 9)**

The county office of education (COE) annually measures its progress in coordinating instruction as required by California EC Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

### **Coordination of Services for Foster Youth-COE Only (LCFF Priority 10)**

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to stakeholders and the public through the Dashboard.

# Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to stakeholders and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to stakeholders and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

## Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

Teachers	Number	Percent
Misassignments of Teachers of English Learners	0	0
Total Teacher Misassignments	0	0
Vacant Teacher Positions	0	0

Access to Instructional Materials	Number	Percent
Students Without Access to Own Copies of Standards-Aligned Instructional Materials for Use at School and at Home	0	0

Facility Conditions	Number
Identified Instances Where Facilities Do Not Meet The “Good Repair” Standard (Including Deficiencies and Extreme Deficiencies)	0

## Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the optional reflection tool (Option 2).

### OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA)-Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics-Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

## OPTION 2: Reflection Tool

### Recently Adopted Academic Standards and/or Curriculum Frameworks

#### 1. Rate the LEA's progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)			3		
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

#### 2. Rate the LEA's progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	

Academic Standards	1	2	3	4	5
ELD (Aligned to ELA Standards)			3		
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science					

3. Rate the LEA's progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g., collaborative time, focused classroom walkthroughs, teacher pairing).

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)			3		
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards				4	
History-Social Science				4	

#### Recently Adopted Academic Standards and/or Curriculum Frameworks

4. Rate the LEA's progress implementing each of the following academic standards adopted by the state board for all students.

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Career Technical Education				4	
Health Education Content Standards			3		
Physical Education Model Content Standards				4	
Visual and Performing Arts					5
World Language				4	

## Support for Teachers and Administrators

### 5. Rate the LEA's success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole					5
Identifying the professional learning needs of individual teachers					5
Providing support for teachers on the standards they have not yet mastered					5

### Optional Narrative (Limited to 1,500 characters)

### 6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

## Parent and Family Engagement (LCFF Priority 3)

This self-reflection tool is organized into three sections. Each section includes promising practices in family engagement:

- 1. Building Relationships between School Staff and Families
- 2. Building Partnerships for Student Outcomes
- 3. Seeking Input for Decision-making

LEAs use this self-reflection tool to reflect on its progress, successes, needs and areas of growth in family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified.

The results of the process should be used to inform the LCAP and the development process, to assess prior year goals, actions and services as well as to plan or modify future goals, actions, and services in the LCAP.

For each statement in the table below -

- 1. Identify the diverse stakeholders that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
- 2. Engage stakeholders in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.

3. Based on the analysis of data, identify the number which best indicates the LEA's current stage of implementation for each practice using the following rating scale (lowest to highest):
  - 1 - Exploration and Research Phase
  - 2 - Beginning Development
  - 3 - Initial Implementation
  - 4 - Full Implementation
  - 5 - Full Implementation and Sustainability
4. Write a brief response to the prompts following each of the three sections.
5. Use the information from the self-reflection process to inform the LCAP and the LCAP development process, as well as the development of other school and district plans.

## Building Relationships

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Building Relationships	1	2	3	4	5
1. Rate the LEA's progress in developing the capacity of staff (i.e. administrators, teachers, and classified staff) to build trusting and respectful relationships with families.					5
2. Rate the LEA's progress in creating welcoming environments for all families in the community.				4	
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.					5
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.					5

## Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

LGUSD has remained committed to providing professional learning opportunities for staff along with parent education sessions. Focus areas for the district during the past year have been on equity and inclusivity efforts as well as Comprehensive Sexual Education. Professional development opportunities for teachers/staff as well as parent education have been provided in these areas. LGUSD conducted a joint staff/community book study focused on systemic racism in the criminal justice system to better understand issues of equity and inclusivity. This district also held three community conversations about race, equity, and inclusivity in Los Gatos while passing a board resolution supporting social justice, equity, inclusivity, and denouncing discrimination of all kinds. LGUSD will continue to specifically reach out to underrepresented families and will aim to increase participation in future parent education offerings.

## Building Partnerships for Student Outcomes

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Building Partnerships	1	2	3	4	5
1. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.				4	
2. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.					5
3. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.					5
4. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.					5

### Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

LGUSD has remained committed to building relationships with the families we serve. In the fall of 2019 the superintendent facilitated more than 25 focus groups inviting families (including underrepresented families) from across the district to provide their feedback and ideas regarding the direction of the district. This is all part of the development of a 5 year strategic plan for LGUSD. The implementation of the strategic plan was slightly delayed due to school closures relating to the COVID-19 pandemic but will fully resume during the 2021-22 school year. The school reopening process included weekly public board updates as well as the assembly of a parent advisory council to report progress to the parent community and receive feedback regarding plans.

LGUSD plans a yearly survey for all parents to gather feedback on progress relating to the implementation of the strategic plan (aligned to the LCAP). The survey will be used to gather input to guide district decision making and to expand the ways that we can increase parent participation opportunities. The survey will have questions relating to each of the eight state priorities.

After review of the feedback LGUSD will make additional efforts to train staff to remain as culturally sensitive as possible.

### Seeking Input for Decision Making

Rating Scale (lowest to highest) -

- 1 - Exploration and Research Phase
- 2 - Beginning Development
- 3 - Initial Implementation
- 4 - Full Implementation
- 5 - Full Implementation and Sustainability

Seeking Input	1	2	3	4	5
1. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.					5
2. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.					5
3. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented groups in the school community.					5
4. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.					5

#### Dashboard Narrative Box (Limited to 3,000 characters)

Briefly describe the LEA's current strengths and progress in this area, and identify a focus area for improvement, including how the LEA will improve the engagement of underrepresented families.

LGUSD has made extensive efforts to seek input for decision making. LGUSD utilizes both surveys and focus group meetings to gather input from the community. The district views multiple methods for gathering feedback as the most effective way to collect and synthesize information. The same strategies (focus groups meetings and surveys) are used to gather input from the LGUSD staff. The survey results are reviewed by district administration and shared with the Board of Trustees to inform decision making and the new strategic plan for the district. The district will continue to improve communication and offer opportunities to contribute in the decision making process by sending information out in a variety of formats and by specifically reaching out to underrepresented families. LGUSD would like to see an increase in the number of responses to surveys.

### School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6–8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

1. **DATA:** Reflect on the key learnings from the survey results and share what the LEA learned.
2. **MEANING:** What do the disaggregated results (if applicable) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?
3. **USE:** What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

LGUSD continues to foster caring, welcoming and engaging school climates across the district.

Local Climate Survey Summary

Based on the results from the Project Cornerstone Survey given in 2016, the District developed a local survey to explore specific areas of focus:

- Caring School Climate
- School Engagement

In light of the pandemic impact on school programs and a virtual model, Student Connection and efficacy were the focus for the Fall 2020 Panorama Survey.

How connected do you feel to your school:

Elementary-- 51% (average of two related questions)

Middle School--31%

Overall, how much do you feel like you belong at your school:

Elementary--83%

Middle School--66%

How sure are you that you can do well in school right now:

Elementary-- 83%

Middle School--74%

DATA USE

- Information is disaggregated and shared with school principals to be evaluated for specific responses and strategies on each campus.
- Principals and school staff use data to identify individual strategies and focus areas.
- Principals and staff hold student focus groups to explore the data with the students.

## Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)
2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)
3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)
4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

1. LGUSD uses our student information system to monitor student enrollment in the variety of course offerings and to ensure access to a broad course of study for all students. All elementary students attend weekly music classes taught by a credentialed music teacher. All LGUSD students participate in physical education multiple times a week. All elementary students receive at least four art lessons (taught by a credentialed art teacher) per year. At our middle school, elective classes are offered in music, art, STEM, and foreign language. The middle school also offers a

sheltered ELD class as well as multiple special education classes. The district also provides an English language tutor for English learners at the elementary level as well as special education classes at the elementary level.

2. At our district's lone middle school, at least one section of 8th grade Algebra, one section of 8th grade Geometry, and at least one lab science class offered. Additionally, at least one section of art and one section of music are offered at every grade level. Each middle school student gets at least one elective class of their choosing each year. Weekly music classes are provided for all elementary school students. Additionally, at least four art lessons each year are provided for all elementary school students. Fourth and Fifth grade students get an hour a week with a credentialed PE teachers and all elementary sites have additional staff (PE specialists) to provide PE for all students.

3. LGUSD has eliminated barriers to preventing students from access to a broad course of study for all students by centralizing resources and ensuring equity of course offerings to all school sites. All sites in LGUSD receive equal access to art, music, and PE.

4. LGUSD will continue with the program offerings in place to ensure access to a broad course of study for all of its students. If additional sustainable funding sources are secured, the frequency of the opportunities will be expanded (equitably).
