

A stylized graphic background. On the left, there are blue wavy lines representing water. A black silhouette of a landmass with two tall, thin vertical shapes (possibly chimneys or trees) is positioned above the water. To the right of the water, there are green diagonal lines representing sun rays or a field. The text is centered in the white space above the landmass.

NMCUSD Reopening Schools for 2021-2022 and Related Guidance

December 9, 2021

What new guidance are we operating under ?

- [Updated Extra/Co Curricular and Music Guidance](#)
- [CDPH Oct. 29 Update on COVID-19 Testing](#)

- [CA Dept of Health K-12 Updated Guidance 2021-2022 10/20/21](#)
- [Beyond the Blueprint CA](#)
- NMCUSD's [plans](#) approved and eligible to reopen via [Safe Schools for All Hub](#)
- [CA Department of Education](#)
- [Monterey County Office of Education](#)
- [Monterey County Health Department](#)
- [CalOsha Workplaces](#)

Updated Extra/Co Curricular & Athletics

Activities may be performed outdoors without masks. Indoor mask use remains a critical layer in protecting against COVID-19 infection and transmission, including during sports, music, and related activities. Accordingly:

- Masks are required indoors at all times for teachers, referees, officials, coaches, and other support staff.
- Masks are required indoors for all spectators and observers.
- Masks are required indoors at all times when participants are not actively practicing, conditioning, competing, or performing. Masks are also required indoors while on the sidelines, in team meetings, and within locker rooms and weight rooms.
- When actively practicing, conditioning, or competing in indoor sports, masks are required by participants even during heavy exertion, as practicable. If masks are not worn due to heavy exertion, it is strongly recommended that individuals undergo screening testing at least once weekly. An FDA-approved antigen test, PCR test, or pooled PCR test is acceptable for evaluation of an individual's COVID-19 status.
- Individuals using instruments indoors that cannot be played with a mask (e.g., wind instruments) may perform if bell coverings are used when playing wind instruments AND a minimum of 3 feet of physical distancing is maintained between participants. Modified masking may be considered in addition to, but not in place of, bell covers. If bell covers are not used, it is strongly recommended that individuals undergo screening testing at least once weekly. An FDA-approved antigen test, PCR test, or pooled PCR test is acceptable for evaluation of an individual's COVID-19 status.

Heal 360 Testing Program Begins

- Permanent location at Castroville Elementary, set up December 13, 2021
- Student athlete/ASB testing: continues once weekly as a “pop up” site at the High School (same location currently)
 - Will be adding student athlete testing at MS in the near future
- Mandated employee testing will be offered at multiple locations/times:
 - Prunedale Elementary: continues as a “pop up” once weekly
 - High School: continues as a “pop up” once weekly
 - New: Castroville Elementary (permanent location): Tuesday-Friday from 8 am - 5 pm
- New: Community testing at permanent location, Mondays 8 am - 5 pm

Update on Weekly Testing Program-Adults

As a reminder, per the California Public Health Order effective August 12, 2021, all school staff are required to either show proof of full vaccination or be tested at least once per week.

	Number Required to Test	Number Tested	Number Not tested
Regular Employees	72	66	6
Certificated	16	15	1
Classified	56	51	5
Substitute Employees & Other Adults	6	5	1
Certificated	3	3	0
Classified	1	0	1
Other Adults (Coaches, Contractors, Student Teachers, Service Learners)	2	2	0
TOTALS	78	71	7

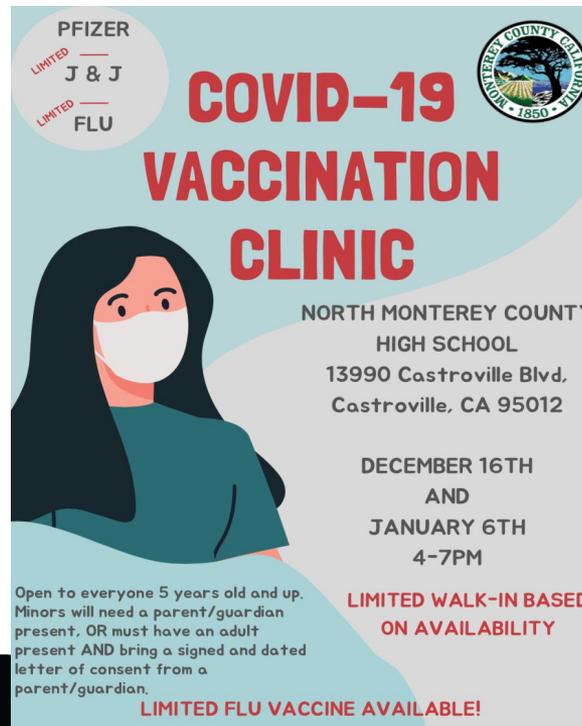

Options for adults: Those who prefer to test off-site may do so:

- The test used must be FDA approved
- Test results must be shared with the District

Update on COVID 19 Vaccine & Testing Resources

- **Vaccine Clinics**
 - **MC Health Dept (Tentative)**
 - NMCHS: 12/16 & 1/6
 - NMCMS: 1/10 & 1/31
 - **Safeway Popup Clinic**
 - TBA: Feb 2022

The poster is for a COVID-19 Vaccination Clinic. It features a central illustration of a woman with long black hair wearing a white face mask and a teal shirt. The background is light blue and white. In the top left corner, there is a circular graphic with the text "PFIZER LIMITED J & J LIMITED FLU". In the top right corner is the North Monterey County California logo with the text "1850". The main title "COVID-19 VACCINATION CLINIC" is in large, bold, red letters. Below the title, the location is listed as "NORTH MONTEREY COUNTY HIGH SCHOOL, 13990 Castroville Blvd., Castroville, CA 95012". The dates and times are "DECEMBER 16TH AND JANUARY 6TH, 4-7PM". At the bottom, it says "LIMITED WALK-IN BASED ON AVAILABILITY" and "LIMITED FLU VACCINE AVAILABLE!".
