

School Plan for Student Achievement (SPSA) Template

Instructions and requirements for completing the SPSA template may be found in the SPSA Template Instructions.

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Estrellita Continuation High School	34673553432903	09/23/2021	

Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

This plan was developed using a comprehensive needs assessment that included an analysis of data from local site and Galt Joint Union High School District’s performance, Aim & Drivers. It is also in response to the spring, 2020 WASC visitation. Estrellita’s site goals and school plan is aligned with the District LCAP and other federal, state, and local programs.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Many surveys were not conducted in the Spring of 2020 due to the pandemic. Throughout 2020 and 2021 graduating students were given an exit survey which collected information about their experience at Estrellita. Particular data is collected on the student's impression of the level of support, both academically and socially/emotionally, that they felt they received while at Estrellita. 93% feel prepared for their transition from high school into college and/or career, 93% agreed that teachers were flexible with supporting students and 86% felt they agreed teachers gave multiple opportunities to earn credits, students also identified what was good and what improvements can be made. During the Spring of 2021 students, teacher, staff, and parents participated in survey regarding remote/hybrid learning. All teachers and staff completed the survey and a very few students and parents completed the survey. There were three areas of concern: a lack of student engagement, parent involvement, and relationships.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Class observations were conducted during remote and hybrid learning. Administration joined each class multiple times per term. It was evident that teachers were making an effort to provide rigorous work and made it accessible to all students. Student engagement via Zoom was a challenge for teachers, administration, and front office staff.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Estrellita continues to view the CAASPP results from 2018-19 as a baseline, along with Lexile, and benchmark assessments to modify curriculum. CAASPP ELA and math assessments were not administered in the Spring of 2020 or 2021. Scholastic Reading Inventory was used to assess student's Lexile during the 2019-2020 school year. Prior to the school closures students at Estrellita were showing an increase in student's Lexile and overall reading gains. In May of 2021 Estrellita moved to using the i-Ready assessments during the hybrid learning model. These baseline results will help us analyze the results from continuing administrations of the i-Ready exam.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Estrellita continues to focus on benchmark exams within content areas as well as student credit analysis to modify instruction.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All teachers were appropriately placed and highly qualified.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

All teachers are appropriately credentialed and had access to provided professional development.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

During remote learning the majority of staff development focused on the use and implementation of technology for classroom learning and communication (Zoom, Canvas, ParentSquare, Atlas, etc.).

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The CALLI committee (composed of teachers, site, and district administration) provided ongoing instructional assistance and support through cycles of inquiry. There were three cycles of inquiry where data documentation and inquiry discussions were recorded and submitted to the committee.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teacher collaboration took place throughout the school year virtually. In these meetings teachers focused on supporting students, analyzing credit and work completion, and adjusting curriculum while on remote learning.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

All curriculum is aligned to California state standards and frameworks. Departments continue to update the alignment of course curriculum to content, materials, and performance standards in Atlas

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

N/A

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The master schedule for EHS reflects the appropriate number of intervention courses needed for students.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All students have access to standards-based instructional materials.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

All students have access to standards-aligned core courses.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Intervention classes were/are available in the master schedule to support underperforming students. Parent-Teacher and Student Study Team Conferences were held virtually during remote learning. Estrellita's system is designed as a Tier 3 level of support and continues to provide the flexibility and support necessary for all underperforming students.

Evidence-based educational practices to raise student achievement

EHS uses student achievement data to support instructional decision making. Examples of student data are grades, credits, state/local/benchmark assessments, attendance. Staff analyze all student data available in their cycle of inquiry collaboration meetings to modify instruction. Multi-tier intervention methods as well as formative and summative assessments were used at the classroom and school level to adjust instruction and monitor student progress.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

There are a variety of resources available at EHS. The MTSS referral process is, and continues to be a place that identifies students who need assistance in academics and/or mental health. Parent Teacher as well as Student Study Team Conferences were held remotely last school year. Teachers held virtual office hours and provided tutoring during remote learning. EHS has partnerships with TTP and CHD to assist students with a variety of supports including employment services.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

EHS administration, staff, SSC/ELAC committees, and safety committees were consulted in the planning and reviewing of our programs.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Migrant education services for students participating in the program are provided.

Fiscal support (EPC)

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

This SPSA plan was developed with the input of various stakeholders. School Site Council and English Language Accountability Committee was consulted in the planning, reviewing, and updating of this document on February 25th, 2021 and April 22nd, 2021. Expenditures were discussed with district business office on April 28th, 2021. Several survey results; Parent Engagement Survey, Graduate Exit Survey, and Panorama Survey, gave input to this plan.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

School and Student Performance Data

Student Population

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
57	70.2	10.5	This is the percent of students whose well-being is the responsibility of a court.
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2019-20 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	6	10.5
Foster Youth		
Homeless	6	10.5
Socioeconomically Disadvantaged	40	70.2
Students with Disabilities	1	1.8

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	1	1.8
American Indian or Alaska Native		
Asian		
Filipino	1	1.8
Hispanic	36	63.2
Two or More Races	3	5.3
Native Hawaiian or Pacific Islander		
White	16	28.1

Conclusions based on this data:

School and Student Performance Data

Overall Performance

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

College, Career, and Civic Readiness

LEA/LCAP Goal

College, Career, and Civic Readiness

Goal 1

Develop an alternative high school program that promotes high quality instructional programs and enrichment opportunities for career development that lead students on a successful path towards graduation.

Identified Need

Feedback from the District Governing Board, district administration, community, and WASC visitation teams identified the need for a more robust alternative program. Data from MTSS, graduation, absenteeism, and D & F lists shows that the comprehensive sites cannot meet all student's needs. A thoughtful and intentional three year development plan was created to help address this goal.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
MTSS Referrals to Estrellita	Numbers of referrals from Fall and Spring semesters.	An increase of Sophomore & Junior level students and/or need to attend Estrellita.
Credit Sources and total earned	The number of credits earned each term from 2019-2020 school year.	An increase in overall credits earned and decrease in credits earned through online curriculum.
Curriculum Reviews and expansion	Curriculum from the 2020-2021 school year to be refined and new curriculum to be implemented.	75% of classes offered through direct instruction and less courses offered through online curriculum.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

All the above strategies have allowed Estrellita to meet its articulated goal. The robust function of a district wide MTSS panel and board have allowed enrollments and placements at Estrellita to be appropriate and timely. The inclusion of administration in the MTSS meetings and the discussions have normed expectations and allowed for more understanding and refinement of the mission and vision of Estrellita. Analyzing term grades and credits will continue to be a practice and continues to be an important data point in how class offerings are decided, how students are scheduled, and how classrooms award credits. This practice allowed Estrellita to track students progress and compare while in the midst of changing models of instruction. A focus continues to be including PBL practices and enhancing PE offerings for students. More electives were offered to students and PE curriculum was enhanced through the purchase of more equipment.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

All the above strategies were implemented appropriately and within the intended purpose.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

As a result of the above analyses and the recent graduation requirement legislation Estrellita has expanded its transfer from the comprehensive sites to include the end of Term 1 and Term 3 rather than only at semester breaks for this year. The analyses of need conducted within the MTSS panel as well as the late transfer of students and projected graduation dates of current students led to this change. Estrellita will be moving to a more focused goal as the site feels that it has now been established, has a six year WASC accreditation, and now has academic counseling services.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Rigorous Learning and High Achievement

LEA/LCAP Goal

Rigorous Learning and High Achievement

Goal 2

Increase access to quality instructional programs that improve performance and enable students to meet their personal, academic, and career goals.

Identified Need

Students need a variety of academic instructional options in order to meet individual student plans, graduation requirements, and career goals. There had been a lack of diversity in instructional strategies and opportunities in years past. Credit data as well as graduation progress analysis showed insufficient progress towards graduation with available options.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Professional development, site visits, and conference attendance.	In the 2020-2021 year the focus of PD was targeted on remote learning strategies and the application to the following year.	Clear cycles of learning on building curriculum and developing grading practices will be recorded.
Classroom Walkthroughs	Walkthroughs were conducted but consistency and an AIM were not prioritized.	Walkthroughs will be conducted weekly. Feedback will be given and evidence will be analyzed according to the district AIM.
Comprehensive Site Elective Collaboration	Eighteen students were enrolled in elective classes back at home comprehensive sites in 2019-2020, none during remote learning in 2020-2021.	Increased collaboration with sites and with onsite academic counseling will increase student participation in an elective course back at their original site.
Focused plans on EL student support and effective paraprofessional collaboration	Numbers of EL students, ELPAC scores, and credits earned.	EL students will increase credit completion, ELPAC & CAASP scores by 10%.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students

Strategy/Activity

Continued collaboration with district office to plan and design staff development. Focus on cycles of learning that address the district AIM and secondary drivers that pertain to Estrellita.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Amount(s)

Source(s)

no additional cost

Strategy/Activity 2

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students

Strategy/Activity

Identify and schedule site visitations, conference attendance, and peer observations for staff. Continued learning and refining of current practices and policies will benefit all students.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Title III Part A: Language Instruction for LEP Students

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Upon review and analyses of the PD and cycles of learning conducted in the 2020-2021 school year, Estrellita staff feel the need for focused PD on the current learning model and needs at Estrellita. A continued approach to PD and collaboration through cycles of learning will be sought. Classroom walkthroughs and a feedback tool create more opportunities for visitations as well as timely feedback. Coming off a model of learning that inhibited access to elective courses at comprehensive sites we will work to increase access and participation. Having a dedicated bilingual paraprofessional on campus supporting EL students and families will benefit all students in their progress toward completing graduation requirements as well as improving student achievement. It is crucial to support EL students and families and this staff member is a crucial part of the focused plans for supporting EL students.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

All the above strategies were implemented appropriately and within the intended purpose.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This goal will continue and efforts will be made to fine tune activities to support this goal.

Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

Goal Subject

Transparent Communication and Engagement of All Stakeholders; Safe, Healthy, and Supportive School/Work Environment

LEA/LCAP Goal

Transparent Communication and Engagement of All Stakeholders; Safe, Healthy, and Supportive School/Work Environment

Goal 3

Develop and enhance opportunities for families, students, and community to be involved in the educational programs district-wide.

Identified Need

There are few opportunities offered beyond required site committees and district events. There is a need to leverage the existing contacts and other communications to build a more collaborative, supportive, and engaged relationship with all stakeholders. A clear and present need for SEL counseling support is needed.

Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Increase stakeholder involvement in SSC & ELAC. As well as student involvement as Board representative and attendance at Student Advisory Council.	There was one parent, one community member, one student, one classified, and one certificated employee that attended the SSC and ELAC committee. There was one student who participated as a Board representative and attended the Student Advisory Council.	Increase the number of parents involved and include an EL parent. Increase the student representatives to two students.
Implement 180 counseling services and parent project.	There was no SEL counseling or general parent training to support secondary students at home and school.	180 counseling service will be provided on one day per week on site on a referral basis. Increase number of students who are supported and served. District Parent Project will be encouraged to all guardians.
Collect and analyze graduate survey.	Graduate survey was created last year and approximately 75% of the graduates completed the survey.	All graduates will complete the survey and results will be compiled and analyzed by staff.

Complete a copy of the Strategy/Activity table for each of the school's strategies/activities. Duplicate the table, including Proposed Expenditures, as needed.

Strategy/Activity 1

Students to be Served by this Strategy/Activity

(Identify either All Students or one or more specific student groups)

All students

Strategy/Activity

Hold quarterly SSC and ELAC meetings. Leverage general parent contact opportunities to get student and parent volunteers to participate. Student participation in SSC, Board representative, and Student Advisory Council will be given the opportunity to conduct research, reflect, and participate in order to earn credit towards graduation requirements.

Proposed Expenditures for this Strategy/Activity

List the amount(s) and funding source(s) for the proposed expenditures. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal identify the Title and Part, as applicable), Other State, and/or Local.

Annual Review

SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Continued stakeholder input and participation is found within the SSC/ELAC committee as well as student representation in the Governing Board and student advisory council. The graduate survey gives Estrellita valuable feedback on successful students and spotlighted what the system did well. The results offered a glimpse into what graduating students are looking to do post-secondary as well. The remote learning model did not allow us to get full participation in the 2020-2021 year from graduates so this activity will continue and provide valuable feedback. The use of a referral based counseling service will support students and availability of Parent Project will provide a valuable support for parents and guardians.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

All the above strategies were implemented appropriately and within the intended purpose.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The goal will continue but some implementation activities to support the goal will be altered moving forward based on the analyses. Parent communication will be streamlined and supported through the use of ParentSquare districtwide. All communications and the ability to virtually sign and complete forms will be an asset moving forward. Supporting students and guardians through counseling services will need to continue if Estrellita is to use support students and families in staying safe and healthy.

Budget Summary

Complete the table below. Schools may include additional information. Adjust the table as needed. The Budget Summary is required for schools funded through the ConApp, and/or that receive funds from the LEA for Comprehensive Support and Improvement (CSI).

Budget Summary

Description	Amount
Total Funds Provided to the School Through the Consolidated Application	\$6,500.00
Total Federal Funds Provided to the School from the LEA for CSI	\$0
Total Funds Budgeted for Strategies to Meet the Goals in the SPSA	\$137,987.00

Other Federal, State, and Local Funds

List the additional Federal programs that the school is including in the schoolwide program. Adjust the table as needed. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

Other	\$31,269.00
Unrestricted General Fund	\$48,434.00

Subtotal of state or local funds included for this school: \$108,699.00

Total of federal, state, and/or local funds for this school: \$137,987.00

Budgeted Funds and Expenditures in this Plan

The tables below are provided to help the school track expenditures as they relate to funds budgeted to the school.

Funds Budgeted to the School by Funding Source

Funding Source

Amount

Balance

Expenditures by Funding Source

Funding Source	Amount
LCFF - Supplemental	28,996.00
Other	31,269.00
Title III Part A: Language Instruction for LEP Students	29,288.00
Unrestricted General Fund	48,434.00

Expenditures by Budget Reference

Budget Reference

Amount

Expenditures by Budget Reference and Funding Source

Budget Reference	Funding Source	Amount
	LCFF - Supplemental	28,996.00
	Other	31,269.00
	Title III Part A: Language Instruction for LEP Students	29,288.00
	Unrestricted General Fund	48,434.00

Expenditures by Goal

Goal Number	Total Expenditures
Goal 1	68,178.00
Goal 2	37,930.00
Goal 3	31,879.00

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- Robert Lemmon School Principal
- Clark Carter Classroom Teachers
- Donna Victoriano Other School Staff
- Carrie Steever-Chess Parent or Community Members

Name of Members	Role
At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.	

Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

The SPSA template meets the requirements of schoolwide planning (SWP). Each section also contains a notation of how to meet CSI, TSI, or ATSI requirements.

For additional questions or technical assistance related to LEA and school planning, please contact the Local Agency Systems Support Office, at LCFF@cde.ca.gov.

For programmatic or policy questions regarding Title I schoolwide planning, please contact the local educational agency, or the CDE's Title I Policy and Program Guidance Office at TITLEI@cde.ca.gov.

For questions or technical assistance related to meeting federal school improvement planning requirements (for CSI, TSI, and ATSI), please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

[This section meets the requirements for TSI and ATSI.]

[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]

Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]

Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the "Goal #" for ease of reference.

[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]

Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

[Completing this section fully addresses all relevant federal planning requirements]

Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school's identification.]

[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school's identification.]

Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]

[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

[This section meets the requirements for CSI.]

[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

[This section meets the requirements for CSI, TSI, and ATSI.]

[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Annual Review

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]

Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]

Appendix A: Plan Requirements

Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
 - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
 1. The comprehensive needs assessment of the entire school shall:
 - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
 - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
 - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
 - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
 - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
 - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
 - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
 - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

Requirements for the Plan

- II. The SPSA shall include the following:
 - A. Goals set to improve pupil outcomes, including addressing the needs of student groups as identified through the needs assessment.

- B. Evidence-based strategies, actions, or services (described in Strategies and Activities)
1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will--
 - a. provide opportunities for all children including each of the subgroups of students to meet the challenging state academic standards
 - b. use methods and instructional strategies that:
 - i. strengthen the academic program in the school,
 - ii. increase the amount and quality of learning time, and
 - iii. provide an enriched and accelerated curriculum, which may include programs, activities, and courses necessary to provide a well-rounded education.
 - c. Address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards, so that all students demonstrate at least proficiency on the State's academic standards through activities which may include:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
- C. Proposed expenditures, based on the projected resource allocation from the governing board or body of the local educational agency (may include funds allocated via the ConApp, federal funds for CSI, any other state or local funds allocated to the school), to address the findings of the needs assessment consistent with the state priorities, including identifying resource inequities, which may include a review of the LEAs budgeting, it's LCAP, and school-level budgeting, if applicable (described in Proposed Expenditures and Budget Summary). Employees of the schoolwide program may be deemed funded by a single cost objective.
- D. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
1. Annually evaluate the implementation of, and results achieved by, the schoolwide program, using data from the State's annual assessments and other indicators of academic achievement;
 2. Determine whether the schoolwide program has been effective in increasing the achievement of students in meeting the State's academic standards, particularly for those students who had been furthest from achieving the standards; and
 3. Revise the plan, as necessary, based on the results of the evaluation, to ensure continuous improvement of students in the schoolwide program.

- E. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Stakeholder Involvement and/or Strategies/Activities).
- F. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - 1. Ensure that those students' difficulties are identified on a timely basis; and
 - 2. Provide sufficient information on which to base effective assistance to those students.
- G. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
- H. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
- I. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

Authority Cited: S Title 34 of the Code of Federal Regulations (34 CFR), sections 200.25-26, and 200.29, and sections-1114(b)(7)(A)(i)-(iii) and 1118(b) of the ESEA. EC sections 6400 et. seq.

Appendix B:

Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at SISO@cde.ca.gov.

Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

Additional Targeted Support and Improvement

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

Single School Districts and Charter Schools Identified for School Improvement

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.

Appendix C: Select State and Federal Programs

For a list of active programs, please see the following links:

Programs included on the Consolidated Application: <https://www.cde.ca.gov/fg/aa/co/>

ESSA Title I, Part A: School Improvement: <https://www.cde.ca.gov/sp/sw/t1/schoolsupport.asp>

Available Funding: <https://www.cde.ca.gov/fg/fo/af/>
