## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

In alignment with the San Mateo Union High School District 2017-18 Title III ESSA Transition Plan, Burlingame High School strives to support all students to become proficient in English and reach high academic standards in reading/language arts and mathematics. Many of the teachers at BHS participate in professional development activities sponsored by the district, including Constructing Meaning training to support EL students in language acquisition and proficiency. We also use Ellevation software to track EL and LTEL student achievements. This information assists us in tracking potential student needs as well as monitor reclassification rates. Additionally, the Burlingame High School Family Engagement Coordinator works to promote parent, family, and community engagements in the education of English Learners. Our FEC works closely with our ELAC and Latino Parent Groups to support student learning and parent needs; our FEC works closely with FECs and EL Coordinators at our sister sites and the district office. Parents who attend the ELAC and LPG meetings on a monthly basis are well-informed of the EL program at BHS and receive customized trainings in small groups in the areas of testing, college application and admission, graduation requirements, scholarship, and financial aid.

# Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

BHS administration and staff use the California Healthy Kid's Survey and the Panorama Survey (SEL and Equity) for our needs assessment process, and site & district professional development surveys. These surveys influence the school's self-study process and report as part of the WASC accreditation process. The guidance department also conducts student surveys through Naviance to gather additional information about student needs.

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

In addition to the informal class visits and formal observations conducted by the administration team, the adult learning TOSA Team (Professional Development Coordinator, Instructional Technology Coordinators and our Instructional Coach) conduct thorough teacher support through the district's teacher evaluation process.

The TOSAs visit teachers' classrooms for informal visits as they are charged with supporting teachers in the classroom and providing opportunities to improve instructional practices. Instructional Coaches are assigned to support teachers on full evaluation cycle. BHS has one experienced Instructional Coach (0.8 contract) from the content area of world language who serves teachers of various subject areas. The instructional coaching model offers a learning opportunity not only for the teachers receiving the coaching and gather evidence of improvement in their classroom practices. Instructional Coaches providing mentoring to teachers by helping them create a SMART goal for the school year, conducting classroom visits, assisting in the collection of evidence, and giving feedback in debrief sessions. BHS continues to promote classroom observations for our school improvement goals.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

### Use of state and local assessments to modify instruction and improve student achievement (ESEA)

BHS staff uses a variety of disaggregated data for our needs assessment, such as the following:

- BHS demographic information
- AP course enrollment
- AP exam scores
- California Assessment of Student Performance and Progress (CAASPP) - Smarter Summative Assessment
- Early Assessment Program (EAP) results
- Special education inclusion rate
- Graduation rate
- UC/CSU eligibility
- A-G Completion Rates
- PSAT data
- SAT data
- ACT data
- Post-secondary college & career plans
- Enrollment during first fall immediately after high school
- California Healthy Kids Survey
- Panorama Survey - 1) Social Emotional Competency and 2), Student Supports and Environment (Equity)
- Student participation in athletics, community service, and leadership
- BHS attendance report
- Annual report of student discipline, suspensions, and expulsions

Based on the analysis of data, BHS staff work on identifying struggling students and supporting them with instructional strategies, intervention programs, and alternative learning options.

### Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

In addition to a number of the state and local assessments listed above, BHS staff will use the following data to monitor student progress on curriculum-embedded assessments and modify instruction:

- Scholastic Reading Inventory (for English levels of incoming and current grade 9 students)
- Scholastic Math Inventory (for Math levels of incoming and current grade 9 students)
- Student grades/transcripts
- Common assessment data from PLCs

## Staffing and Professional Development

### Status of meeting requirements for highly qualified staff (ESEA)

100% of BHS certificated staff meet the NCLB highly qualified staff requirement.

### Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

100% of BHS teachers are credentialed by California Teacher Credentialing. All teachers have access to professional development training opportunities upon request and approval process.

#### Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Staff development is planned based on identified student needs and enhancing teacher proficiency to meet the needs of a diverse student body. On site professional development has been offered in areas such as performance data analysis, discussion of survey data, professional learning communities (PLCs), teaching on modified block, bullying prevention & identification, and instructional technology in the classroom. Our school and district have embarked on a multi-year focus to create an equitable environment that validates, respects, and honors the unique backgrounds, interests and identities of all students. We have committed to identifying, disrupting, and eliminating institutional biases and barriers to ensure that all students achieve their full potential and provide them with the skills and knowledge to thrive physically, emotionally, and academically.

Course-specific teacher teams collaborate regularly to increase alignment, create pacing guides, and develop, administer, & analyze results of common formative assessments. Teachers also attend subject area and instructional strategy related conferences, as well as district-sponsored professional development.

#### Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

BHS staff will use teacher observation data, student achievement data, and student/teacher survey data to determine the need areas for external and internal instructional assistance and support for teachers. BHS teachers benefit from the district TOSAs (Teachers on Special Assignment) for instructional assistance. The district's English Coordinator provides instructional support to BHS English teachers, and the district's math coordinator provides instructional support to math teachers. In addition, the district TOSAs in charge of professional development and instructional technology work with our site-based TOSAs on adult learning. In addition, Instructional Coaches whose role is to support teachers on full evaluation cycle. BHS has one veteran Instructional Coach (80% contract) who serves teachers of various subject areas. The instructional coaching model offers a learning opportunity not only for the teachers receiving the coaching but also for the Instructional Coaches. Instructional Coaches providing mentoring to teachers by helping them create a SMART goal for the school year, conducting classroom visits, and giving feedback in debrief sessions. Starting in August 2016, the Instructional Coaches and the administration team met to create common understanding about how to support teachers. Instructional Coaches have been invited to share their general observations about teaching practices at school sites.

#### Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teacher collaboration continues to be a significant to our professional learning plan. Our block bell schedule, common prep periods, and yearlong calendar are designed to support teachers to collaborate so that they can align curriculum by course and grade level, share best practices, and analyze student performance data. Teachers meet during weekly collaboration time (Department and PLC), common preps, and release/planning time.

## Teaching and Learning

#### Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

With the transition to the Common Core State Standards (CCSS), teachers in all departments engage in district-wide & site-based review of the essential or "need to know" standards. Staff members have been introduced to the concept of Depth of Knowledge, and had an opportunity to practice taking a practice test on line so that they could understand the shift in the type of assessments that students would need to take. With the understanding that this process of aligning curriculum, instruction, and materials to the Common Core State Standards would take additional time beyond the weekly collaboration time and prep periods, teachers/PLCs were able to request release or planning days to work in their PLCs. The previous focus of our professional development plan was around developing course alike curriculum maps, developing common assessments, and looking at student work. (See Related School Goals in Part V for additional information around the BHS professional development plan.) This year our school professional development plan is in alignment with the district equity and vision to create authentic relationships, safe and connected communities, inclusive and relevant learning for every student, and supporting and empowering our staff to deliver on these goals.

#### Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

All students in grade 9 and grade 10 receive at least the equivalent of 46 minutes per day in mathematics and language arts instruction.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

Pacing guides were previously in place for English 1, English 2, and Algebra 1 to support the work of teachers who teach English and math support classes for grade 9 & grade 10 across the district. With shift to the CCSS, English and math teachers have been involved in identifying essential standards and in revising the pacing guides to include common formative and summative assessments. Currently, all Departments are updating Curriculum Maps to provide additional alignment, agreements around student learning outcomes and the sharing of best practice as well as revising curriculum to represent diverse and culturally inclusive content that better represents our student population.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

The district provides standards based instructional materials to all students. Students with special needs including special education, English Learners, and academically challenged students also have supplemental materials and technology to support their access to the core curriculum.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Standards-aligned materials are used in all content areas. Guided Studies classes and OSCR (On-site credit recovery) where interventions take place have accessible support materials and content area specialists to provide support.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Services offered to support under performing students include the following:

- Academic Center for tutorials during & after school (funded by the Parents Group and the district)
- Student Success Coordinator (Full time classified to implement our tutoring and Student Success Center)
- Guided Studies for grades 9-11
- Flex Time
- On-site Credit Recovery
- Guided Studies for algebra support for students in need of support to pass Algebra 1
- Academic Language Development Class
- Student Study Team & 504 Plan meetings
- Academic counseling by guidance counselors
- Wellness Counselors (team of 3) provide individual and group counseling

Evidence-based educational practices to raise student achievement

Through a variety of funding sources including the Title II funds, LCAP funds, General Funds, and Parents Group, professional development activities are available for teachers & support staff in all departments. The following are examples of professional learning that the BHS staff members are engaged to raise student achievement:

- Alignment of course curriculum to Common Core State Standards
- ACTFL (American Council on the Teaching of Foreign Languages) conference
- Advanced Placement trainings (e.g., AP Language & Culture Summer Institute)
- CETA (California Educational Theatre Association) conference
- Collaboration time regularly scheduled for teachers to work in their PLCs
- Constructing Meaning cohort training
- Co-teaching of special education students
- Creating common assessments in professional learning communities
- Critical Friends Group training (around looking at student work protocols)
- Instructional coaching
- Instructional technology
- NCTM (National Council for Teachers of Mathematics), NCTE (National Council for Teachers of English) conferences
- NCTE (National Council for Teachers of English) conferences
- Professional learning community conferences
- Stanford World Language Project

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

BHS uses resources available from its various stakeholders to assist under-achieving students through the following:

- Academic Center, tutoring support with peer and adult tutors
- Academic counseling services
- Burlingame Lions Club
- Burlingame Rotary Club
- College & Career Center
- Family Engagement Coordinator
- EXPLORE program
- Instructional Aides
- Mental health services, including on-site Wellness Counselors
- Parent Group volunteers

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

BHS encourages the involvement of parents, community representatives, teachers, and other school personnel in the planning, implementation, and evaluation of consolidated application programs. Examples of these include the following structures:

- Black Parents Association (district-wide)
- Booster Groups (e.g., Athletic, Music/Choir, Drama)
- English Language Advisory Committee
- Latino Parents Group
- Parents Group
- School Advisory Committee (e.g., Single School Plan for Student Achievement reviewed & approved)
- WASC Self-Study groups

### Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Burlingame High School uses Title II funds for staff development opportunities that include collaborative planning within professional learning communities, conferences, and workshops. Title III and LCAP funds are used by the English Language Development program and departments for instructional material & support services to assist English Learners in attaining English language proficiency.

Fiscal support (EPC)

Burlingame HS receives General funds and LCAP supplemental funds. In addition to these funds and general funds, BHS also secures financial support from the Parents Group for a variety of needs (e.g., personnel, special programs such as PAWS and EXPLORE, technology, supplemental material, instructional supplies, and tutoring program).

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### **Involvement Process for the SPSA and Annual Review and Update**

The Annual School Plans for Burlingame High School are initially created by site administration with input from the full BHS staff; the plan is drafted with the support of our Teachers on Special Assignment in the areas of Professional Development and Instructional Technology Coordination. After the initial plan is drafted, the components of the plan are reviewed by Curriculum Council (site Department Chairs), then shared with the BHS Staff, School Site Council, BHS Parents Group, ELAC, and the Latino Parent Group for additional review and feedback.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Grade 11	347	363	407
Grade 12	401	387	405
<b>Total Enrollment</b>	1,492	1,528	1,537

### Conclusions based on this data:

1. Student enrollment has increasing slightly by 45 students in the last three years. Based on the number of freshman enrolling each year, our enrollment is likely to drop for the 2022-2023 school year as our large senior and junior classes graduate.
2. The Hispanic subgroup is growing by approximately 2% per year. All other statistically significant subgroups have remained relatively static over the last three years.

## Student Enrollment English Learner (EL) Enrollment

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	18-19	19-20	20-21	18-19	19-20	20-21

Reclassified Fluent English Proficient (RFEP)	12	22	16	21.4%	64.7%	44.4%

### Conclusions based on this data:

1. We have a small EL population at BHS, which is increasing by half a percent per year.
2. Most of the ELs on campus are English Fluent or Reclassified as Fluent (FEP or RFEP).
3. There are a small number of EL students who still require supports - something that we need to keep at the foreground of conversations as we discuss student achievement and support opportunities.

# School and Student Performance Data

## Student Population

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

2020-21 Student Population			
Total Enrollment	Socioeconomically Disadvantaged	English Learners	Foster Youth
<b>1537</b>	<b>12.9</b>	<b>2.2</b>	This is the percent of students whose well-being is the responsibility of a court.
This is the total number of students enrolled.	This is the percent of students who are eligible for free or reduced priced meals; or have parents/guardians who did not receive a high school diploma.	This is the percent of students who are learning to communicate effectively in English, typically requiring instruction in both the English Language and in their academic courses.	

2019-20 Enrollment for All Students/Student Group		
Student Group	Total	Percentage
English Learners	34	2.2
Foster Youth		
Homeless		
Socioeconomically Disadvantaged	198	12.9
Students with Disabilities	195	12.7

Enrollment by Race/Ethnicity		
Student Group	Total	Percentage
African American	10	0.7
American Indian or Alaska Native	2	0.1
Asian	303	19.7
Filipino	48	3.1
Hispanic	307	20.0
Two or More Races	164	10.7
Native Hawaiian or Pacific Islander	4	0.3
White	699	45.5

**Conclusions based on this data:**

1. There is a perception that students in the SED and EL designations are not enrolled at BHS; this evidence indicates that there are a significant number of students in these programs.
2. There is also a perception that BHS is primarily 'white' - again, this data indicates that this is not the case. The majority of the students attending school are of other ethnicities.

#### Conclusions based on this data:

1. It is interesting that we are in the yellow zone for suspension data. This is cause for concern and an item for review as we continue to discuss our disciplinary practices and Alternatives to Suspension on campus.
2. Overall, our students are doing very well, and our dashboard indicators are overwhelmingly positive.

#### Conclusions based on this data:

1. While our overall numbers are positive, this data indicates that there is significant room for improvement for our EL students.
2. While our students with disabilities are still performing below standard, there was a significant increase in performance of 37 points.
3. There was a significant increase in performance with our Hispanic population of 21 points.

#### Conclusions based on this data:

1. Our EL population at BHS is small compared to our sister schools; most of them are scoring at Level 3 or Level 4, which indicates that they are making progress in English Language Development.
2. The overall performance level for our English Learning population is low.

The College/Career Measures Only Report is Expected in February 2021

### Conclusions based on this data:

1. Our students are well prepared for college and career opportunities after high school. Overall our rate is holding steady over time.
2. Socioeconomically disadvantaged students and English Language Learners had statistically significant decreases in college and career preparedness.

### Conclusions based on this data:

1. Graduation rates for the students with disabilities subgroup increased to 95.7%
2. Graduation rates for the Hispanic subgroup increased to 96.9%, which is slightly higher than our overall rate. This is a positive trend.
3. Our graduation rate is improving slightly over time, with an overall percentage in 2019 of 96.6%

## LEA/LCAP Goal

LCAP/SMUHSD Goal #1: Access

LCAP/SMUHSD Goal #2: Achievement & Equity

- LCAP/SMUHSD Goal #3: Student Wellness and Student/Family Engagement  
 Goal #1: Authentic Relationships: Strong, positive and proactive relationships are critical to student success, engagement and success. We believe that relationships and communication between students, families, staff, teachers, administrators are the foundation of a strong school and district culture.  
 Outcomes: Increase staff diversity such that it reflects the diversity of the communities we serve  
 Ensure every student has at least one strong relationship with an adult on campus  
 Ensure that there are multiple opportunities for family engagement and effective communication

## Goal 1

BHS Goal #1: Connect all students to academic and skill-based success.

## Identified Need

CLN #1: Students need increased support, in and outside the classroom, to meet teacher expectations of learning targets and objectives. Continued focus on the development and implementation of strategies for students with special needs, including those with IEPs, 504 plans, low academic capital, and English Learners to access the curriculum is a priority.

CLN #3: BHS identified the need for assisting students in creating a positive academic identity and in building school connectedness in support of meeting class objectives and course standards.

SLOs: Mind & Mindset; Research & Communication; Self-Awareness & Management; Civic & Social Responsibility

Research and create a list of skills that we would like all students at BHS to embody and develop prior to graduation.  
Soft skills  
Executive functioning skills  
Technology skills  
Emotional Intelligence (self-awareness, self-regulation, motivation, empathy, etc.)

Possible skills to include:

Tech: Canvas, Google Suite, Netiquette (communicating with respect), Digital Communication (email, text, chat, social media - grammar and etiquette), Use of Browsers (bookmarks and favorites), Safety, Research Skills

Soft Skills: Collaboration, Communication, Leadership, Problem Solving, Adaptability, Prioritization

Executive Functioning: Planning, Organization, Task Initiation, and Time Management

## Annual Review

### SPSA Year Reviewed: 2020-21

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Goal 1 continues to be a work in progress as each of the strategies and activities are ongoing. Ongoing activities and efforts are continual and require consistent attention to provide deeper and more meaningful implementation. Teachers continue to build practices into daily and weekly routines to improve overall effectiveness and improvement for students. BHS and the District have

committed considerable time and resources into addressing equity and access issues on our campuses and in our classrooms.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Most activities do not require additional resources beyond SMUHSD District General Fund support therefore preventing any major differences between implementation and budget. Additional funds for professional development and teacher collaboration would support further implementation.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

This goal continues to be a priority for Burlingame High School. Analysis of student performance outcomes demonstrate the ongoing need for activities outlined. We trust that our training and implementation of anti-racist practice and culturally responsive teaching will have positive impacts, not only on the well-being of our students, but will show increased performance on key

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## LEA/LCAP Goal

LCAP/SMUHSD Goal #3: Student Wellness and Student/Family Engagement

Goal #2: Safe & Connected Communities: We are dedicated as a district to create a culture and community in our schools and across the district that is welcoming, culturally responsive, and supportive. Effective learning environments are created when students, staff and families are emotionally, physically and socially safe.

Outcomes:

- Identify & implement a common (evidence-based) framework for effective family-school partnerships so that ALL families are able to engage in a diversity of roles with their respective schools
- Increase student leadership opportunities (formal and informal) so that participation reflects the diversity of our schools
- Create school communities (both virtual and in-person) that are culturally responsive and inclusive that foster a culture of upstanding

## Goal 2

Goal #2: Connect all students to school culture and community.

- - Identify and eliminate systems of inequity, implicit bias, and discrimination in BHS school structures, policies and practices.

## Identified Need

CLN #1: Students need increased support, in and outside the classroom, to meet teacher expectations of learning targets and objectives. Continued focus on the development and implementation of strategies for students with special needs, including those with IEPs, 504 plans, low academic capital, and English Learners to access the curriculum is a priority.

CLN #2: BHS students are reporting heightened levels of stress and anxiety as evidenced by the CHKS from 2015-16, and substantiated by increased student access to BHS School and Wellness counselors. This has been supported by the SMUHSD implementation of site-based Wellness Counselors, allowing reinforcement of and continued work around the reduction of student stress and anxiety.

CLN #3: BHS identified the need for assisting students in creating a positive academic identity and in building school connectedness in support of meeting class objectives and course standards.

CLN #5: Teachers, with administrative and District support, need to add curricula materials that reflect the diverse cultural and linguistic backgrounds of the Burlingame student population so that these students become more engaged with culturally responsive teaching. Staff recognizes that the disproportionality of Latino students in all areas of academic achievement is an area of high concern.

CLN #7: BIPOC students and other student subgroups are seeking greater avenues for inclusion in the BHS campus community. Unconscious and/or implicit bias may be a factor for a staff that is working very hard with positive intent to support all students.

CLN #8: We encourage Burlingame High School to use an equity-based lens for schoolwide and classroom based practices.

SLOs: Mind & Mindset; Self-Awareness & Management; Civic & Social Responsibility

Additionally, BHS has developed an MTSS Intervention Matrix that includes Tiered Interventions for students in the areas of Academics, Behavior, Emotions, and Social Supports. After returning from distance learning, after Covid-19, we are collecting data to determine the efficacy of many of these programs. As we seek to improve our approach to instruction through the Cycle of Inquiry, we are looking to establish the same protocols for reviewing the outcomes of our site programs.

## Annual Measurable Outcomes

Metric/Indicator	Baseline/Actual Outcome	Expected Outcome
Increase student agreement in connecting to the school as reported on the CA Healthy Kids Survey	2019-2020 CAHKS (last year implemented) Grade 09 - 71% Grade 10 - 66% Grade 11 - 57% Grade 12 - 66%	10% increase
Decrease in student stress and mental health troubles as reported on the CA Healthy Kids Survey (social emotional distress scale)	2019-2020 CAHKS (last year implemented) Grade 09 - no data collected Grade 10 - 38% Grade 11 - 47% Grade 12 - 35%	10% reduction
Panorama Survey SEL Competency Measures	Social Awareness baseline 67% (2020-21) First implementation of Panorama in district	10% increase
Panorama - Student supports and Environment (Equity)	Diversity and inclusion baseline - 72% (2020-21) First implementation of Panorama in district	10% increase

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## LEA/LCAP Goal

LCAP/SMUHSD Goal #1: Access

LCAP/SMUHSD Goal #2: Achievement & Equity

Goal #3: Inclusive and Relevant Learning for Every Student: Every SMUHSD student is provided with (academic, social, and emotional) learning experiences that are relevant and inclusive. Students have tiered supports based on their specific needs to ensure that they are able to meet their potential and individual career and college goals.

Outcomes:

- Ensure learning experiences for all students that are aligned with their identities, lived experiences, and interests in all subject areas.
- Continue to build and implement a strong multi-tiered system of support anchored in culturally relevant and responsive pedagogy, curriculum, instruction, and assessment.
- Improve students' access to coursework aligned to their interests and post-secondary career and academic goals

## Goal 3

Goal #3: Connect all students to their future

Strategy #1: Implement school-wide practices to ensure all students meet academic requirements (UC/CSU a-g) to attend college upon graduation, with particular attention to students in subgroups: Latino, SpEd/504, English Learners, and students with parents with educational levels of some college or below.

Strategy #2: Intentional career navigation and exploration.

## Identified Need

CLN #1: Students need increased support, in and outside the classroom, to meet teacher expectations of learning targets and objectives. Continued focus on the development and implementation of strategies for students with special needs, including those with IEPs, 504 plans, low academic capital, and English Learners to access the curriculum is a priority.

# Goals, Strategies, & Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## LEA/LCAP Goal

Goal #4: Supporting and Empowering Staff: Ensuring that staff have the tools, resources, training and professional learning that promotes positive district culture. Our capacity and collective efficacy as a team ensures our students are served at the highest level.

Goals:

- Train all staff on addressing Hate Speech and racist incidents in classrooms and on campus
- Teachers will engage in high-quality, personalized/differentiated professional learning aligned to each sites Tier I Common Assurances and District-wide Universal Supports
- Continue to improve the Instructional Coaching Program and effectively implement the new SMUHSD Induction Program.
- Ensure that faculty of color feel supported and included in school and collegial communities

## Goal 4

BHS has 3 goals for the 2021-2022 school year. These goals were created during the WASC Mid-Cycle review last school year. The SMUHSD's LCAP goals #4 is embedded into the 3 previously presented BHS goals, however, some identified needs and some measurable outcomes that overlap are repeated here in this section. Also included are strategies and activities that will support our staff and students create a more equitable and more connected school high school experience. We believe that our ongoing anti-racist efforts and our continued commitment to culturally responsive classroom environments will create greater engagement and therefore, greater academic and social emotional success for students at BHS.

## Identified Need

CLN #3: BHS identified the need for assisting students in creating a positive academic identity and in building school connectedness in support of meeting class objectives and course standards.

CLN #5: Teachers, with administrative and District support, need to add curricula materials that reflect the diverse cultural and linguistic backgrounds of the Burlingame student population so that these students become more engaged with culturally responsive teaching. Staff recognizes that the disproportionality of Latino students in all areas of academic achievement is an area of high concern.

CLN #7: BIPOC students and other student subgroups are seeking greater avenues for inclusion in the BHS campus community. Unconscious and/or implicit bias may be a factor for a staff that is working very hard with positive intent to support all students.

CLN #8: We encourage Burlingame High School to use an equity-based lens for schoolwide and classroom based practices.

# School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 5 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 3 Secondary Students

Name of Members	Role
Paul Belzer	Principal
Joshua Gnass	Classroom Teacher
Alecia Martin	Classroom Teacher
Kyoko Yamamoto	Classroom Teacher
Marie Clarke	Classroom Teacher
Kelsey Holtzinger	Classroom Teacher
Denise Burch	Other School Staff Parent or Community Member
Karla Cahue	Parent or Community Member
Natalie Delahunt	Parent or Community Member
Nina Wang	Parent or Community Member
Emilie Scovill	Parent or Community Member
Ashlyn Witherspoon	Secondary Student
Erik Yun	Secondary Student
Ellisenne Yun	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

# Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

**Signature**

**Committee or Advisory Group Name**

English Learner Advisory Committee

Departmental Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
