2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Robert Semple Elementary, named after one of the city's founders, is a pre-kindergarten through fifth grade school with approximately 450 students. Built over 50 years ago, Semple has been an integral part of Benicia for half a century. Many of our parents attended Semple when they were children. Robert Semple is a neighborhood school and on any given weekend, you'll find community youth teams playing sports on the school field, families recreating on the playground, and community members utilizing our facility. Many children walk or bike to school. There is easy access to several parks, the public library,

and downtown for walking field trips to explore our rich history. Robert Semple's community is proud of its close ties to the local artist community through collaboration in performing arts, sculpture, pottery, painting, music, our STEAM Wheel, and our annual Art Day.

Robert Semple's Mission Statement was developed in collaboration with staff, parents, and administration.

We strive to be a racially and culturally diverse community of students, parents and staff, dedicated to creating a peaceful environment where each person is treated with unconditional positive regard and acceptance.

We are committed to creating a learning environment that builds confidence, self-esteem, and character, and prepares our students for career and college. We are dedicated to empowering students to achieve their highest academic and personal success.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

A scheduled maintenance program is administered by the Benicia Unified School District to ensure that all classrooms and facilities are maintained and serviced as necessary. The data has been reported and determined that the site is in good repair as documented in the completed Facility Inspection Tool (FIT). The FIT includes the school site inspection date, the Facility Inspection completion date, and the date of any remedial action taken, if needed. The FIT is available upon request at the sites office.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

We believe strongly that parents and guardians play an integral role in maintaining the culture and climate of our school community which fosters the success of all students.

Robert Semple has an active Parent Teacher Group that works to raise funds to augment the school budget and provide additional extra curricular activities and opportunities while successfully promoting a sense of community within the school. Parent/school partnership in the success of each child's education is evidenced by frequent and open communication, an active group of volunteers in the classroom, as well as, behind the scenes, and successful fundraising efforts. The Robert Semple School Site Council is dedicated to the development and implementation of the School Plan for Student Achievement. The council is composed of equal representation from staff and community and primarily oversees the budget to assure that programs are implemented in accordance with the goals established by the Robert Semple Community. For additional information about organized opportunities for parental involvement, please check our school website. Due to COVID-19, all events and opportunities at this time are virtual.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Each school site is required to maintain an accurate and up-to-date Emergency Response Plan (formerly Comprehensive Safety Plan). Contained in the plan are the district-adopted emergency protocols including specific procedures for fire, earthquake, disaster and intruders. The plan lists specific staff members and their assigned roles, duties and contact information. The Emergency Response Plan also includes site specific input from staff and community through Site Council and Leadership before being approved by the school board.

2020-21 Types of Services Funded

We have many programs in place to support student learning. Students in grades K -3 who are reading below grade level can receive reading intervention support four times a week for 30 minutes from one of our two reading specialists. Additionally, 2nd grade students can get a double dose of small group instruction 4 times a week for 30 minutes from the kindergarten teachers. We also have a small group of EL students who receive EL intervention support 4 days a week for 30 minutes from our TK teacher. Students needing support can partake in Second Step, Special Friends, and CICO as determined necessary by a Coordination of Services Team.

Professional Development

Benicia Unified School District offers ongoing professional development opportunities to all staff. The District's LCP/ LCAP/Strategic Plan offers a wide range of support across all academic areas. Professional Development offerings take place before, during and after school and during the summer. Two district wide Professional Development days have been funded by our District to support professional growth. Staff Meetings, Site Leadership Teams, department chair meetings, department and grade-level collaboration and tech mentors at each level are all avenues to provide professional development workshops for our staff. Even in the wake of a pandemic, BUSD prides itself in moving forward with professional learning.

Several opportunities for Professional Growth were offered to support the shift in teaching to Virtual/ Hybrid Learning. We altered our model to support the Health and Safety Guidelines by providing Online Learning through a Virtual Professional Learning Classroom. Topics included digital teacher tools, social emotional learning support, virtual learning, equity work through Epoch Education and Universal Design for Learning, subject specific curricular support and data usage. Professional Learning around Systems such as Powerschool and the NWEA Map assessment tools were designed to support the ongoing practice of using formative and summative assessments to drive instruction and support our students. Teachers were given the choice to pursue their own learning plan once district-wide mandatory topics were satisfied. Even within the mandatory topics there was choice provided to meet the various needs of our diverse staff.

Weekly Zoom sessions to support curriculum specific learning and additional tech tools support were provided through Education Services with the support of tech mentors, BUSD TOSA and or site staff meetings. Grade Level and subject area Google Classrooms were established to support Professional Learning, and collaboration across our district. Ongoing Professional Learning support for certificated, classified and management staff as well as our parent/caregiver community is supplemented with videos, slideshows, and 'how to' documents made available on our district website. These provide assistance as needed for teacher growth and support for all members of our BUSD community. Our District Strategic Plan/Local Control Accountability Plan/LCP identifies goals and practices that strengthen instruction and support Professional Development.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
