SARC Information

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1st of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all Local Educational Agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in a LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC webpage at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Webpage at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
- To view our SARC online, please visit our website or scan the QR code to the right.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) reflects California's new accountability and continuous improvement system and provides information about how districts and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of districts, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. The Dashboard can be accessed at <https://www.caschooldashboard.org>.

District Mission Statement

The mission of the Galt Joint Union High School District is to ensure that each student graduates, achieves his/her goals and becomes a contributing member of society through effective personalized educational programs and facilities in partnership with family and community.

School Profile

Galt High School is located at the southernmost end of Sacramento County in Galt, California. The city is situated between the state capitol of Sacramento and Stockton in the northern San Joaquin Valley. The economy of the city, which was founded in 1869, experienced rapid growth during the 1990s and early 2000s as a commuter town with many of its inhabitants traveling to Sacramento, Lodi, or Stockton for employment. In spite of the growth, and economic challenges within the community, Galt has preserved its safe, "small town" culture with hardworking families who welcome new community members of many ethnicities and who maintain pride in the town's history.

Opened in 1911, Galt High School (GHS) is the eldest of three high schools in the Galt Joint Union High School District. The district hosts approximately 2,400 students at two comprehensive and one continuation school. New and continuing programs and partnerships of support are available to our students and our community including: Adult Education program, partnership with California Human Development, and a growing relationship with Delta Community College focused on starting a satellite campus in Galt.

Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facilities (School Year 2021-22)

Galt High School was constructed in 1911 and consists of 89 classrooms, five computer labs, a library, a multi-purpose room, a staff lounge, a two story science building and a student common area.

Cleaning Process and Schedule

Galt High School provides a safe, clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. A team of custodians ensures classrooms, restrooms, and campus grounds are kept clean and safe.

Facility Improvements & Modernization

Completed Projects:

Technology Upgrade: Updated Core Data Center and District Infrastructure to improve performance, reliability, manageability & security of infrastructure and provide wireless access across all sites; included replacement of all fiber and copper cabling across Galt High School campus.

Designed New Science / Biomedical building: Completed design of new two story science/bio-medical building. Construction is scheduled to begin in June 2019.

Removed Portables at Galt HS: Demolished 11 abandoned relocatable classrooms (Rooms 98, 98.5, and 99 through 107) at Galt High School.

Core Building Modernization Phase One: Completed first phase of modernization of older core building, install new marquee and upgrade path of travel to be ADA compliant. Buildings included in this phase are ceramics/wood shop, Ag, music and welding/small engine shop. Scope of work included roofing, HVAC, underground utilities and replacement of windows.

On-going Projects:

Grandstands Replacement: Removed and replaced GHS Home Grandstands with permanent grandstands with press box which seats 1800 people and meets all ADA and safety requirements. Project includes fabrication and installation of visitor grandstands which will seat 400 people.

Athletic Field Improvements: Complete GHS stadium complex. Project includes installation of all-weather track, synthetic field, and site improvements.

Science / Biomedical Two Story Building: Build new two story science / bio-medical building to replace aging portables at Galt High School. The new two-story building measures 16,000 square feet and will add 11 new classrooms (includes new chemistry and bio-medical labs).

Future Projects:

Agriculture CTE Additions: Addition of an Agri-science classroom, storage room for lab equipment and supplies, a fully functional agricultural processing/testing lab for Agri-science projects and industry trials and addition of ADA compliant restrooms.

Energy Improvements: Installed LED lighting, HVAC systems, and HVAC controls upgrades to improve energy efficiency.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A scheduled maintenance program, as well as a work order process, is administered by Galt Joint Union High School District to ensure that all classrooms and facilities are maintained to provide for good learning.

Inspection Results

The chart displays the most recent facility inspection completed for the school. Please note that all items listed in the chart have been remedied or are in the process of being remedied. The data in the chart was collected in September 2021.

Instructional Materials (School Year 2021-22)

A public hearing on September 14, 2021 and determined that the school had sufficient and good quality textbooks, instructional materials and science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior

The table displays information collected in September 2021 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

Teacher Assignment

The tables display information regarding teacher preparation and placement, teachers without credentials and misassignments (considered ineffective under ESSA), credentialed teachers who are assigned out-of-field (considered out-of-field under ESSA); and class assignments. The data is collected and provided through an exchange with the Commission on Teacher Credentialing (CTC) and its California State Assignment Accountability System (CalSAAS). More information about the definitions used to determine the displayed data is available on the CDE's Updated Teacher Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

Pupil Outcomes State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

California Assessment of Student Performance and Progress

The California Assessment of Student Performance and Progress (CAASPP) includes computer-based and paper-pencil assessments. The computer-based assessments are the Smarter Balanced English Language Arts/Literacy (ELA) and Mathematics tests, administered to grades three through eight and eleven. There is also an optional Standards-based Test in Spanish (STS) for Reading/Language Arts (RLA). Additionally, California Science Test (CAST) and CAAs for Science based on the Next Generation Science Standards for California Public Schools (CA NGSS) are administered in grades five, eight, and once in high school.

The Smarter Balanced Assessment System utilizes computer-adaptive tests and performance tasks that allow students to show what they know and are able to do. Smarter Balanced summative assessment results include student scores, achievement levels, and descriptors that describe performance. These assessment results are only one of several tools used to measure a student's academic performance. Smarter Balanced assessment results are most appropriately interpreted alongside other available information about a student's academic achievement, including such measures as district assessments, classroom assignments and grades, classrooms tests, report cards, and teacher feedback.

Due to the COVID-19 pandemic, a statewide summative assessment was not the most viable option for student assessment for many schools. For the 2019–2020 school year, the statewide academic testing requirement was waived. For the 2020–2021 school year, districts and schools were allowed to administer a different assessment that met the criteria established by the State Board of Education. The local assessments used instead were required to be aligned with California Common Core State Standards for English Language Arts and Mathematics, available to students in grades three through eight, and grade 11; and must have been uniformly administered all eligible students across a grade, grade span, school, or the district. Schools administered the Smarter Balanced Summative Assessments for English Language Arts and Mathematics, other assessments that meet the State Board of Education criteria, or a combination of both.

Unfortunately, the California Alternate Assessments could only be administered in-person following health and safety requirements. At this time, there are no other alternative assessment options available. If the district or school was not able to administer the California Alternate Assessments in person, they were directed to not administer the tests.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the California Alternate Assessment. The Percent Met or Exceeded is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: When local assessments were administered in place of statewide summative assessment, the at or above the grade-level standard is determined in the context of the local assessment administered.

The first table displays the results of the California Assessment of Student Performance and Progress (CAASPP) for the school, district, and state. If the CAASPP assessment was not administered, "N/A" is displayed. The second table displays assessment results for the school. If the CAASPP assessment was not administered, results from local assessments are displayed.

College Entrance Info

University of California

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at <http://admission.universityofcalifornia.edu/>.

California State University

Eligibility for admission to the CSU is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area.

Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at <http://www.calstate.edu/admission/admission.shtml>.

UC/CSU Course Completion

Students are encouraged to take University of California/California State University (UC/CSU) preparatory courses if they plan to attend a four-year university. All students must pass each course with a grade no lower than a 'C'.

UC/CSU Course Enrollment	
Students Enrolled in Courses Required for UC/CSU Admission (2020-21)	98.84%

Career Technical Education (CTE) Participation

This table displays information about participation in the school's Career Technical Education (CTE) programs.

2020-21 Career Technical Education Participation	
How many of the school's pupils participated in CTE programs?	890
What percentage of the school's pupils completed a CTE program and earned a high school diploma?	0.00%
What percentage of the school's CTE courses are sequenced or articulated between the school and institutions of post secondary education?	15.40%

Career Technical Education (CTE) Programs

It is the goal of the school that students understand the importance of academic subjects and experience how employees apply subject learning to work situations. The school's programs focus on preparing students to think conceptually, communicate effectively, and apply skills in real-world contexts. Curriculum and instructional strategies foster critical thinking, problem solving, leadership, and academic skills. The following Career Preparation courses are available at the school:

Galt High School
Agriculture/Environmental Science
Biomedical Sciences
Principles of Biomedical Sciences
Medical Interventions
Exploring Computer Science
Foods and Nutrition
Foods and Culture
Careers in Food Service
Beginning Communication & Information Technology
Agriculture Education Mechanics I
Agriculture Education Mechanics II

Integrated Agriculture Biology
Leadership in Agriculture
Regional Occupational Program
Agriculture Education/Advanced Ag Mechanics
Project Lead the Way
Digital Electronics
Human Body Systems
Introduction to Engineering
Principles of Biomedical Sciences
Principles of Engineering

State Priority: Other Pupil Achievement

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject area of physical education

Physical Fitness

In the spring of each year, all California schools are required by the state to administer a physical fitness test to students in the fifth, seventh, and ninth grades. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in six major areas. Students who meet or exceed the standards in all six fitness areas are considered to be physically fit or in the Healthy Fitness Zone (HFZ). Due to the COVID-19 pandemic, administration of the physical fitness performance test was waived during the 2019–2020 and 2020–2021 school years. Therefore, there is not data to report for the 2020-21 school year. Detailed information regarding this test may be found at the CDE website at <http://www.cde.ca.gov/ta/tg/pf/>.

2020-21 Percentage of Students in Healthy Fitness Zone		
Four of Six Standards	Five of Six Standards	Six of Six Standards
N/A	N/A	N/A

Engagement State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Parent Involvement (School Year 2021-22)

Parents and the community are very supportive of the education program at our school. The parents and community members of Galt participate in a number of different aspects of the school. Parents and community members serve on advisory committees, booster clubs, and the school site council. Community members often coach FFA judging teams, and community members serve as guest speakers in a variety of classes based on their life experiences and occupations.

Partnerships exist between Galt High School and the community at large. Students in our agriculture mechanics and floral design programs build projects to be used by community members. Galt FFA works with the local Blood Source to hold two blood drives a year open to students and the public. Our leadership students also tutor and volunteer at the local elementary school. The BEST Academy and Work Experience programs provide opportunities for employment in our community as well as internships at local industry leaders. Our students also gain valuable real world work experience through relationships between our school and local businesses.

Parents who wish to participate in Galt High School's leadership teams, school committees, school activities, or become a volunteer may contact the main office at (209) 745-3081.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the Pupil Engagement State Priority (Priority 5):

- High school dropout rates; and
- High school graduation rates.
- Attendance

Dropout & Graduation Rates

The chart displays dropout and graduation rates for the most recent three-year period. Note: The National Center for Education Statistics graduation rate is provided in the table.

Chronic Absenteeism

Attendance is critical to academic achievement. Regular daily attendance is a priority and is expected for students. A student who is absent on 10 percent or more of the school days in the school year is considered to be a "chronic absentee". Chronic absenteeism negatively impacts student learning and achievement and is closely monitored by school staff and the district. Rates of chronic absenteeism for the school are displayed below.

2020-21 Chronic Absenteeism by Student Group				
	Cumulative Enrollment	Chronic Absenteeism Eligible Enrollment	Chronic Absenteeism Count	Chronic Absenteeism Rate (Percentage)

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates and expulsion rates; and
- Other local measures on the sense of safety.

Safe School Plan

Safety of students and staff is a primary concern of Galt Joint Union High School District. The school is in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are held regularly throughout the year. The School Site Safety Plan has been implemented and is updated annually each summer; the School Site Safety Committee is comprised of school administration. The plan was last updated in October 2021. Daily monitoring of school grounds before, during, and after school is performed by assigned staff. All visitors must sign in at the school's main office before entering the campus.

The Comprehensive School Safety Plan was developed by the School Site Council in cooperation with local law enforcement in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include: Emergency Safety Procedures binders in each classroom; Detailed evacuation plans for fire and other emergencies; Detailed lockdown plans for other emergencies.

Suspensions & Expulsions

The tables display the suspension and expulsion rates at the school, in the district, and throughout the state. Expulsions occur only when required by law or when all other alternatives are exhausted. Due to the COVID-19 pandemic, the 2019–2020 and 2020–2021 suspension and expulsion rate data are not comparable to prior year data. In instances where there was not in-person learning for the entire school year, it would be inappropriate to make any comparisons of the suspension and expulsion rates to school years that offered in-person learning for the entire school year.

Suspension & Expulsion Rates

District Expenditures

The figures shown in the table reflect the direct cost of educational services, per average daily attendance, excluding food services, facilities acquisition and construction, and certain other expenditures. This calculation is required by law annually and is compared with other districts state-wide.

Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/Unrestricted expenditures, except for general guidelines, are not controlled by law or donor. The California Department of Education issued guidance to the district in August 2018 regarding how to calculate school-level per-pupil expenditures.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.
