California's 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. The following is a one-time mid-year report to the local governing board or body and educational partners related to engagement on, and implementation of, these Acts.

A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2021-22 Local Control and Accountability Plan (LCAP).

Galt Joint Union High School District connected with the following stakeholder groups, using surveys and synchronous virtual meetings, in the spring, summer, and fall of 2021 to discuss how the district should prioritize recovery efforts specifically in the areas of safe in-person learning, lost instructional time, and other pandemic impacts:

- Students;
- Families, including families that speak languages other than English;
- School and district administrators, including special education administrators;
- Teachers, principals, school leaders, other educators, school staff, and local bargaining units.

These engagement efforts will continue throughout the spring and summer of 2022 and beyond.

Galt Joint Union High School District did not receive concentration grant funding for the 2021-22 school year.

Galt Joint Union High School District is closely abiding by all guidance provided by our local and state Health Departments and implementing all safety protocols required by CalOSHA and our local and state Health Departments, including but not limited to: requiring masks, offering weekly testing, maintaining social distancing, contact tracing, isolating/quarantining students/staff who are exposed, exhibiting symptoms, or COVID-positive, maintaining clean classroom and office spaces, improving air quality, and minimizing large gatherings. District Staff meet bi-weekly to review the implementation of all current health and safety protocols and to update our protocols with any new guidance or requirements we receive from local or state agencies. All health and safety protocols are communicated regularly to staff, students, and families. All staff, students, and visitors on our campuses are required to follow these protocols while on our campuses. Through these efforts we have been able to keep all of our schools open for in-person instruction every day. For those students who have needed to miss an extended period of time to quarantine or isolate, teachers are providing all work online so students can stay on-track with their peers. For those students, who due to fears of COVID transmission, choose not to attend in-person instruction, we offer an independent study option where students can take all of their coursework online and continue to progress toward graduation and meeting the A-G requirements.

Many of the actions in our ESSER III Expenditure Plan are intended to extend programs into future years that were originally outlined in our 2021-22 LCAP for this school year and, therefore, these expenditures will not take place until the 2022-23 school year or beyond. For those actions which have started this school year, all actions have been fully implemented or are in progress. The only real challenges we have encountered with implementation have revolved around lack of staff availability as a result of quarantines, lack of substitutes, and/or staff shortages in general. We have had great success with the implementation of our comprehensive online tutoring program, using PAPER Education Tutoring services, and with our 180 Counseling program to support our student's mental health needs.

Galt Joint Union High School District meets monthly to review current expenditures to ensure that they are in line with the goals and actions set forth in the District's 2021-22 LCAP and Annual Update and are consistent with the other applicable plans. Business services maintains a workbook of revenues and expenditures to track spending and ensure that expenditures are aligned to the applicable plans and/or the LCAP. The Board approves all plans, and is kept informed of expenditures and progress toward meeting plan goals. As data becomes available, District staff monitors progress toward identified goals and makes adjustments to actions as necessary.

## Introduction

California’s 2021–22 Budget Act, the federal American Rescue Plan Act of 2021, and other state and federal relief acts have provided local educational agencies (LEAs) with a significant increase in funding to support students, teachers, staff, and their communities in recovering from the COVID-19 pandemic and to address the impacts of distance learning on students. Section 124(e) of Assembly Bill 130 requires LEAs to present an update on the Annual Update to the 2021–22 LCAP and Budget Overview for Parents on or before February 28, 2022, at a regularly scheduled meeting of the governing board or body of the LEA. At this meeting, the LEA must include all of the following:

- The Supplement to the Annual Update for the 2021–22 LCAP (2021–22 Supplement);
- All available mid-year outcome data related to metrics identified in the 2021–22 LCAP; and
- Mid-year expenditure and implementation data on all actions identified in the 2021–22 LCAP.

When reporting available mid-year outcome, expenditure, and implementation data, LEAs have flexibility to provide this information as best suits the local context, provided that it is succinct and contains a level of detail that is meaningful and accessible for the LEA’s educational partners.

The 2021–22 Supplement is considered part of the 2022–23 LCAP for the purposes of adoption, review, and approval, and must be included with the LCAP as follows:

- The 2022–23 Budget Overview for Parents
- The 2021–22 Supplement
- The 2022–23 LCAP
- The Action Tables for the 2022–23 LCAP
- The Instructions for the LCAP Template

As such, the 2021–22 Supplement will be submitted for review and approval as part of the LEA’s 2022–23 LCAP.

## Instructions

Respond to the following prompts, as required. In responding to these prompts, LEAs must, to the greatest extent practicable, provide succinct responses that contain a level of detail that will be meaningful and accessible for the LEA’s educational partners and the broader public and must, to the greatest extent practicable, use language that is understandable and accessible to parents.

In responding to these prompts, the LEA has flexibility to reference information provided in other planning documents. An LEA that chooses to

reference information provided in other planning documents must identify the plan(s) being referenced, where the plan(s) are located (such as a link to a web page), and where in the plan the information being referenced may be found.

**Prompt 1:** *“A description of how and when the LEA engaged, or plans to engage, its educational partners on the use of funds provided through the Budget Act of 2021 that were not included in the 2020–21 Local Control and Accountability Plan (LCAP).”*

In general, LEAs have flexibility in deciding what funds are included in the LCAP and to what extent those funds are included. If the LEA received funding through the Budget Act of 2021 that it would have typically included within its LCAP, identify the funds provided in the Budget Act of 2021 that were not included in the LCAP and provide a description of how the LEA has engaged its educational partners on the use of funds. If an LEA included the applicable funds in its adopted 2021–22 LCAP, provide this explanation.

**Prompt 2:** *“A description of how LEA used, or plans to use, the concentration grant add-on funding it received to increase the number of staff who provide direct services to students on school campuses with an enrollment of students who are low-income, English learners, and/or foster youth that is greater than 55 percent.”*

If LEA does not receive a concentration grant or the concentration grant add-on, provide this explanation.

Describe how the LEA is using, or plans to use, the concentration grant add-on funds received consistent with California *Education Code* Section 42238.02, as amended, to increase the number of certificated staff, classified staff, or both, including custodial staff, who provide direct services to students on school campuses with greater than 55 percent unduplicated pupil enrollment, as compared to schools with an enrollment of unduplicated students that is equal to or less than 55 percent.

In the event that the additional concentration grant add-on is not sufficient to increase the number of staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, describe how the LEA is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

**Prompt 3:** *“A description of how and when the LEA engaged its educational partners on the use of one-time federal funds received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on pupils.”*

If the LEA did not receive one-time federal funding to support recovery from the COVID-19 pandemic and the impacts of distance learning on students, provide this explanation.

Describe how and when the LEA engaged its educational partners on the use of one-time federal funds it received that are intended to support recovery from the COVID-19 pandemic and the impacts of distance learning on students. See the COVID-19 Relief Funding Summary Sheet web page (<https://www.cde.ca.gov/fg/cr/relieffunds.asp>) for a listing of COVID-19 relief funding and the Federal Stimulus Funding web page (<https://www.cde.ca.gov/fg/cr/>) for additional information on these funds. The LEA is not required to describe engagement that has taken place related to state funds.

**Prompt 4:** *“A description of how the LEA is implementing the federal American Rescue Plan Act and federal Elementary and Secondary School Emergency Relief expenditure plan, and the successes and challenges experienced during implementation.”*

If an LEA does not receive ESSER III funding, provide this explanation.

Describe the LEA's implementation of its efforts to maintain the health and safety of students, educators, and other staff and ensure the continuity of services, as required by the federal American Rescue Plan Act of 2021, and its implementation of the federal Elementary and Secondary School Emergency Relief (ESSER) expenditure plan to date, including successes and challenges.

**Prompt 5:** "A description of how the LEA is using its fiscal resources received for the 2021–22 school year in a manner that is consistent with the applicable plans and is aligned with the LEA's 2021–22 LCAP and Annual Update."

Summarize how the LEA is using its fiscal resources received for the 2021–22 school year to implement the requirements of applicable plans in a manner that is aligned with the LEA's 2021–22 LCAP. For purposes of responding to this prompt, "applicable plans" include the Safe Return to In-Person Instruction and Continuity of Services Plan and the ESSER III Expenditure Plan.
