Title: Agenda Proposal — Student Protest Exoneration

“The students of this community see the power of peaceful resistance as demonstrated by the truckers in Canada and elsewhere. Further, it is clear that the mask mandate is not uniformly applied in California as witnessed in the Superbowl. Lastly, we know that students in other states are not wearing masks and are remaining safe. Therefore, the students have decided to utilize our constitutionally guaranteed rights to say that it is time to return to normalcy and to restore our rights.

“This district will provide a blanket exoneration to all students, who, at any time, have broken or will break health mandates. No students will heretofore receive disciplinary action. Any disciplinary action currently being undertaken will cease. No school records will be marred by such action. No attendance records will be marred by such action. No students will be kept out of class. All school records marred by such behavior will have that behavior expunged from those records.”
