LITERACY™

Purpose of ELA Assessments:

- Determine where a student is performing in literacy at an independent level (for independent reading) and instructional level (for small group instruction).
- Observe students' strengths in different areas of literacy development.
- Set attainable targets for student growth and ensure all students are making progress, especially from our Key Subgroups (EL, SED, SWD).
- Inform instruction for all students in order to see growth over time in literacy achievement.
- Provide data of student achievement that propel conversations for instruction in Tier 1, 2, and 3

Independent Reading Grade Level Targets

Benchmark goals for each trimester-**INDEPENDENT LEVEL**
