Foster City, CA 94404

Bob,

Thank you for your interest in having KGCS Inspection provide DSA certified inspection services for the LEAD Multipurpose Room Increment 1 and Increment 2 project.

KGCS Inspection proposes to provide DSA certified inspection services for the LEAD Multipurpose Room Increment 1 and Increment 2 project. As understood, the project is to last 18 months (390 working days). I propose that 6 hours per day would be adequate to cover DSA inspections for this project. The proposed lump sum amount is **\$245,700.00**. This proposed amount is based on \$105.00 per hour. Pending DSA approval.

Scope of services:

- Class 1 project inspector responsible for construction inspection of each construction task from beginning site work through project closeout.
- Perform record keeping including concrete placement logs, daily reports, ASIs, change orders, RFIs, CCD's, submittals, payment applications, DSA inspection cards, schedules, meeting minutes and status reports.
- Responsible for oversight and management of special inspection for each project including welding, masonry, proof loading, soils compaction and soil suitability, concrete placement and sampling and material identification.
- Work closely with Architects, Construction Managers, Contractors and School District representatives to ensure that the construction work performed meets the requirements of the approved construction documents.
- Coordinate preconstruction meetings with general contractor and subcontractors to ensure a proper line of communication and to make the requirements of the approved construction documents clear.
- Coordinate and cooperate with the DSA field supervisor to ensure proper job documentation and supervision.
- Work with contractors and construction management to ensure quality construction.
- Review schedule of values and payment applications for compliance and accuracy prior to approval.

Please let me know if this is acceptable and thank you again for your interest.

Sincerely,

A handwritten signature in cursive script that reads "Kory Gilbert".

Kory Gilbert
KGCS Inspection
DSA Class 1 Inspector
