Guest Speaker Roger Phillips, Vista de Las Cruces Architect

Roger Phillips, the School's Architect of Record, has many stories to share about the design and construction of the Vista de Las Cruces School. Roger has returned to the campus over the past two years to see and re-visit what he describes as one of his two most favorite projects he designed. Given the many decisions that went into the carefully designed school campus which was completed in 1992, it is a pleasure to introduce and have you personally meet Mr. Phillips.
