

SCOTTS VALLEY UNIFIED SCHOOL DISTRICT

Board Meeting: September 27, 2016

IT IS RECOMMENDED THAT THE BOARD OF TRUSTEES APPROVE THE PROPOSAL FOR ENVIRONMENTAL TESTING SERVICES WITH CORNERSTONE EARTH GROUP.

**BACKGROUND:** In response to the District's application, the Department of Toxic Substance Control Schools Division has required additional testing for the Environmental Site Assessment for the Scotts Valley Middle School site. Site approval from the Department of Toxic Substance Control is required to apply for and obtain state funds for the middle school reconstruction project.

This agreement provides for onsite testing of the campus in locations designated by the Department of Toxic Substance Control.

**DESCRIPTION**

**DETAILS:** Approve agreement with Cornerstone Earth Group to conduct the additional environmental tests as directed by the Department of Toxic Substance Control. The contractor completed the testing Tuesday September 20, 2016.

**FISCAL**

**IMPACT:** The cost of the contract is \$5,680 and is budgeted for in the current Measure A Bond funds for the reconstruction of the middle school.

**Prepared By:** Rudolph Ramirez, Chief Business Official

**Item Proposed for:** Consent
