**Please state why you would like to serve on the Oversight Committee:**

As a parent in the Campbell Union School District, I am very interested in funding of our schools and making sure we both maximize funding to schools and assure that the funds are used appropriately. Bond and Parcel Tax oversight committees play key roles in assuring both the financial accountability and credibility with taxpayers.

**Please list relevant experience to serve as a member of the Oversight Committee:**

Before joining Apple, I was Deputy State Controller for California. In that role I sat on over 20 state financial boards, including the Public Employee Retirement System, the State Teachers Retirement System, the Board of Equalization, the Commission on State Mandates, the Board of Control, etc. All of these boards focused on fiscal oversight and accountability. While I am a lawyer by training, I believe my experience on these state oversight boards will help bring a unique perspective to the Citizens' Bond and Parcel Tax Oversight Committee. I would like to bring that experience, combined with my 16 years of work at a large corporation, to the committee.

I also volunteer at my children's school (Forest Hill Elementary) weekly, and have the perspective of an active parent on the results of bond funding to the everyday quality of life of the teachers and students in our district. School funding is important to me and the better we can show wise use of the funds the public entrusts to the district the greater future funding we are likely to receive.
