### **School Description**

#### **COMMUNITY**

Located in the West portion of Santa Clara County, Campbell Union School District serves more than 7,600 students from the communities of Campbell, San Jose, Saratoga, Santa Clara, Monte Sereno and Los Gatos.

#### **SCHOOL**

Monroe Middle School, one of the District's three grade 5-8 middle schools, educates a diverse population of approximately 900 students from Campbell, San Jose and Santa Clara. Our dedicated staff have created a safe, supportive, academically challenging school culture that fosters confident, creative students who are prepared for the rigors of college and careers in the 21st century.

#### **Mission Statement**

Monroe Middle School strives to establish a safe, supportive, academically-challenging culture that encourages all students to become confident and creative critical-thinkers actively engaged in learning.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2016-17)

### Quality and Currency of Textbooks and Other Instructional Materials

District Curriculum committees select the majority of textbooks and other instructional materials with representatives from every school and grade level. Purchase of textbooks follows the State adoption cycle. All textbooks series are recommended by the State and are purchased with State Instructional Materials money. Every student has a current textbook in the basic subject areas and every classroom has calculators, dictionaries, maps/globes, and math manipulatives.

Note: Assembly Bill X4 2 (Chapter 2, Statutes of 2009-10 Fourth Extraordinary Session) signed on July 28, 2009, suspended the process and procedures for adopting instructional materials, including framework revisions, until the 2013-14 school year. Senate Bill 70 (Chapter 7 of the Statutes of 2011) extended that suspension until the 2015-16 school year. For more information go to the California Department of Education website at <http://www.cde.ca.gov/ci/> District teachers are piloting textbooks and materials aligned with Common Core standards. The District began piloting several texts and curricula in 2015-15, and recommendation and Board adoption is anticipated in the 2016-17 school year.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Monroe Middle School completed campus-wide renovation in 2008, thanks to the Measure H school bond. The campus consists of 49 classrooms, a gymnasium/event center, updated science classrooms, an amphitheater, library, and a cafeteria/multipurpose room. Recent improvements include: school garden installation, pavement repairs, and construction of a Professional Learning Center. This site is part of the solar photovoltaic project in 2016.

#### Cleaning Process:

The school provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. Administrators work daily with the school's custodial staff to develop cleaning schedules that ensure a clean, safe, and functional learning environment.

#### Maintenance & Repair:

A preventative maintenance program is administered by the Facility Maintenance Department staff, with heavy maintenance functions occurring during vacation periods. Additionally, Campbell Union School District administers a scheduled landscape and building maintenance program to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### Opportunities for Parental Involvement (School Year 2016-17)

Monroe Middle School has many opportunities for parents to become involved in school activities. PTA offers parents opportunities to become involved in fundraising to support the school and in organizing community activities such as Back to School Orientation and the Family Fun Night. School Site Council works collaboratively with staff, parents, administration, and the greater community to develop the school plan, oversee budgets, and monitor progress toward goals. ELAC offers the parents of English Language Learners opportunities to give input on best practice for their children, and to learn about school goals and practices, as well as community resources. Parents can participate in Parents on Campus, which supports the school through helping with supervision of the play yard, with field trips, classroom assistance, and in many other ways on campus activities. Parents are also invited to be panelists for hearing 8th grade Exhibition presentations. At the district level, parents can participate in the new Parent University program, serve on advisory committees, and provide input at annual Local Control & Accountability Plan updates.

**State Priority: School Climate**

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan**

The School Safety plan was updated and reviewed with staff 8/18/16, and approved 11/16/16.

The Comprehensive School Safety Plan is developed and reviewed with participation from staff, the school site council and local law enforcement representatives at the beginning of every school year. The plan includes information about our strategies and programs that provide and maintain a high level of school safety, including, but not limited to: ICS- Incident Command system for schools during a crisis, including adaptations for pupils with disabilities; Earthquake, Fire and Lockdown emergency procedures and drills; Procedures for safe ingress and egress of pupils, parents, and employees from school site, including access to the school campus; Suspension and Expulsion policies and procedures; policy prohibiting discrimination, harassment, hate crimes, intimidation, and bullying; Child Abuse Reporting procedures; and School Discipline policies and procedures.

### Professional Development provided for Teachers

Campbell Union School District's work year calendar allocated, four full-day Professional Development days in the 2014-15, three in 2015-16 and two are planned for the 2016-17 school year. The District provides professional development for all credentialed and non-credentialed staff. Classified staff members who work directly with students are trained in the same focal areas as the teachers.

### PRIMARY AREAS OF FOCUS FOR STAFF DEVELOPMENT:

The primary areas of focus for staff development in all CUSD schools is training to support the implementation of the Common Core State Standards. The focus is on understanding the instructional shifts associated with Common Core standards, the content standards themselves and the Eight Mathematical Practices. Carefully examining student data takes place at regularly scheduled collaboration meetings where teachers discuss specific learning needs and develop intervention plans for targeted students. The professional development offered supports teachers in learning best practices for meeting the needs of all learners through a variety of Common Core aligned assessments. Professional Development is also offered in the area of STEAM and 21st Century Learning strategies.

### METHODS OF PD:

We use many different models for delivery of professional development. Our teachers are given release days to attend sessions or conferences. Sometimes teachers are paid a stipend to do professional development on a weekend or during the summer. We offer after school sessions throughout the entire school year, and we take into consideration staff requests for both content and timing of the professional development.

### HOW TEACHERS ARE SUPPORTED:

We have extensive coaching in our district, both through our site Common Core Coaches and through our district math, literacy and STEAM Coaches. All of our coaches follow coaching cycles to ensure that teachers are regularly examining student data to align instructional practices that maximize student learning. Grade Level Leader meetings and district job-alike meetings happen regularly to support teachers in planned collaboration time where best strategies can be shared across the district. Collaboration time is also planned at each school site so that teachers and administrators can do the work of a professional learning community. Administrators conduct regular classroom visitations to offer support and feedback for teachers so that they can continually improve their practice.

### **Types of Services Funded**

In 2015-16, district funding through the Local Control Funding Formula(LCFF) included a Base Grant, a Supplemental allocation, and a Concentration allocation. The Base Grant funded the services that we provide to all students, such as regular classroom teachers, custodians, office staffs, electricity and most of the basic operational cost. The Supplemental and Concentration allocations support targeted services to students who are designated as Low Income, English Learners, and/or Foster Youth.

State and federal funding also supported the following special programs.

- Title I, Part A Basic Grant
- Title II, Part A Improving Teacher Quality
- Title III, Part A Limited English Proficiency (LEP)
- State Preschool
- State Child Care
- Federal Free/Reduced meals

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
