Garrett Damrath
Chief Environmental Planner
Caltrans District 7, Division of Environmental Planning
100 South Main Street, MS 16A
Los Angeles, CA 90012

Dear Mr. Damrath,

The La Canada Unified School District Governing Board and District staff have numerous concerns related to the SR-710 North Draft Environmental Impact Report/Study (DEIR/S). The Governing Board and District staff place the health and safety of its students, staff and families as one of its highest priorities. As such, the LCUSD Governing Board has passed the attached Resolution calling for the SR-710 North DEIR/S to adequately address the adverse health impacts and potential cancer risks to our school communities given the proposed SR-710 North route's close proximity to our LCUSD campuses.

The LCUSD Governing Board wishes to eliminate or minimize potential negative environmental, health and traffic congestion impacts to its students, staff and families. The Governing Board finds the SR-710 North DEIR/S to be absent related analysis and efforts to mitigate these health risks and other environmental and traffic congestion concerns and strongly requests that these be addressed.

Please find the enclosed Resolution adopted July 14, 2015.

Sincerely yours,

Andrew Blumenfeld
LCUSD Governing Board President

Dan Jeffries
LCUSD Governing Board Member

Ellen Multari
LCUSD Governing Board Vice President

Kaitzer Puglia
LCUSD Governing Board Member

David Sagal
LCUSD Governing Board Clerk
