I. DATA AND ACCESS

SARC Data

Every school in California is required by state law to publish a School Accountability Report Cars (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the new Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

Additional Information

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- View this SARC online at the school and/or LEA Web sites.
- > For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- > For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

II. ABOUT THIS SCHOOL

School Description and Mission Statement (Most Recent Year)

Sun Valley Elementary is a reflection of the diversity of the greater City of San Rafael, the beauty of Marin County, and the heart of a community that treasures education and its learners. Founded in 1951, Sun Valley sits nestled against the rolling hills of Marin's 16,000 acres of protected open space. Sun Valley was modernized and expanded in 2002-2003, and has an open, welcoming campus to create a nurturing environment for our students and their families.

At Sun Valley Elementary, you will find a diverse community of learners. Currently, Sun Valley is 72.4% Caucasian; 16.9% Latino; 7% Asian; and 3.7% two or more races. With 515 students coming from a variety of socioeconomic and ethnic backgrounds, Sun Valley has worked tirelessly to create an inclusive community that addresses all of our learners' needs.

Sun Valley Elementary School is a high achieving school because we believe every student should be provided the tools to reach his or her potential, and we back that up with the support necessary to achieve this. We have a collaborative, motivated, and dedicated staff; committed, enthusiastic parent and community volunteers; and inquisitive and happy students who feel supported and encouraged to be their best selves. We are very proud to be a National Blue Ribbon School (2016-2017), a California Gold Ribbon School (2015-2016), and a California Distinguished award winner. These awards are a reflection of the united community that works tirelessly to support all of our learners!

III. CONDITIONS OF LEARNING

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- · Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- · Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Teacher Credentials (Three-Year Comparison)

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence.

Teachers	School					
reactiers	2014-2015	2015-2016	2016-2017	2016-2017		
With Full Credential	23	25	25	253		
Without Full Credential	0	0	1	2		
Teaching Outside Subject Area of Competence (with full credential)	0	0	1	4		

Teacher Misassignments and Vacant Teacher Positions (Three-Year Comparison)

A "teacher misassignment" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. A "vacant teacher position" is one in which a single designated teacher has not been assigned to teach an entire course at the beginning of the school year or semester. This table displays the number of teacher misassignments and vacant teacher positions for the most current three-year period. Note: *Total Teacher Misassignments* includes the number of *Misassignments* of *Teachers* of *English Learners*.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2015-2016)

The Federal Elementary and Secondary Education Act (ESEA) of 2005-2006 requires that core academic subjects be taught by Highly Qualified Teachers (HQT), defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. This table displays the percent of classes in core academic subjects taught by and not taught by Highly Qualified Teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High-poverty schools are defined as those with student eligibility of approximately 40% or more in the free and reduced price meals program. Low- poverty schools are those with student eligibility of approximately 39% or less in the free and reduced price meals program. For more information, see the *Improving Teacher and Principal Quality* Web page at http://www.cde.ca.gov/nclb/sr/tq.

Quality and Currency of Textbooks and Instructional Materials (Most Recent Year)

Curriculum development is a district-wide effort. Teachers and administrators from all subject areas form working committees to draft recommendations on courses of study, appropriate textbooks, and other instructional materials.

The California Department of Education has determined textbook selection and adoption schedules. The district follows the state schedule for these adoptions and has purchased textbooks from the most recent state-approved lists. All approved instructional materials are aligned with California content standards for core academic areas.

The Elementary School District Curriculum Advisory Council, composed of administrators, teachers, and parents representing each school in the district, reviews curriculum recommendations and revisions for all courses of study, appropriate textbooks, and other materials utilized in the support of the instructional program. The Curriculum Council recommendations are forwarded to the Board of Education for final approval. This is an ongoing process, assuring that all textbooks and instructional materials are systematically reviewed, updated, and supplemented.

This table shows some of the textbooks used with grade K-5 students. A comprehensive list of all textbooks is available at the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

At Sun Valley School, our campus reflects the community we serve. We implement the PBIS (Positive Behavior Intervention and Supports) model to ensure that all students, parents, and staff adhere to three school-wide expectations (Be Respectful, Be Responsible and Be a Learner). The expectations are posted all over the school and students are rewarded for demonstrating these behaviors.

The school ensures that on-site supervision is provided 15 minutes before and after school. Before school, the City of San Rafael Community Services provides on-site Spanish Immersion every morning for an additional fee. The City of San Rafael also provides a large variety of afterschool classes (i.e. art, science, sports camp, music, theater, etc). Childcare is located off site at Parkside Childcare Center in downtown San Rafael. Transportation to childcare is provided by San Rafael City Schools for a fee.

District and school policy require that during the school day all guests to the campus check in at the school office and obtain a "visitor pass" to identify them for security personnel and all staff and students.

The physical quality of the school campus influences teaching and learning. All students and faculty enjoy bright classrooms, many with views of the open space.

Sun Valley Elementary School was established in 1951 and is one of the oldest schools in the district. The school has a total of 22 classrooms, a multipurpose building with a performance stage, art room, and science/music room and a student services (administration) building. The school underwent modernization in 2003-2004 with total modernization of existing classrooms, the addition of a new two-story classroom building, expanded student services area, and construction of the new multipurpose building. The Sun Valley School has a new field and extensive landscaping around the multipurpose building, by the parking area, and between the student services office and classroom wing.

The district strives to ensure that all schools are clean, safe, and functional. All bathrooms, classrooms, and offices are cleaned daily. Students are encouraged to help keep the campus clean by recycling. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An on-line maintenance order request process is used to ensure efficient service and that emergency repairs are given the highest priority.

The state's School Deferred Maintenance Program, which provided state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components, became inoperative effective July 1, 2013. However, the district continues to make an annual contribution to support capital improvement projects, including deferred maintenance projects.

IV. PUPIL OUTCOMES

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Statewide Student Assessments

The Standardized Testing and Reporting (STAR) Program was last administered during the 2012-2013 school year. California's new statewide student assessment system, the California Assessment of Student Performance and Progress (CAASPP), was established January 1, 2014 and first administered during the 2013-2014 school year. The CAASPP comprises the following assessments:

- Smarter Balanced Summative Assessments for students in the general education population for English language arts/literacy (ELA) and mathematics given in grades 3 through 8 and 11;
- California Alternate Assessments (CAAs) for ELA and mathematics given in grades 3 through 8 and 11. The CAAs have replaced the California
 Alternate Performance Assessment (CAPA) for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in
 the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State
 Standards (CCSS) for students with significant cognitive disabilities; and
- Science assessments including California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA), in grades 5, 8, and 10.

Note on ELA and Mathematics tests: results include both the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Note on Science tests: results include CST's, CMA, and CAPA. The "Percent Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores.

Note on all tests: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.

IV. PUPIL OUTCOMES

State Priority: Other Pupil Outcome

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

· Pupil outcomes in the subject area of physical education.

California Physical Fitness Test Results (School Year 2015-2016)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the cumulative percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE Physical Fitness testing Web page at http://www.cde.ca.gov/ta/tg/pf.

Note: Percentages are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. Double dashes appear (—) when the number of students tested is ten or less.

Parent involvement is a vital component of the educational program at Sun Valley Elementary School. San Rafael City Schools would not be what it is today without the contributions of countless parents and guardians who give their time and expertise as volunteers and who share their financial resources to support the goals and aspirations of San Rafael schools.

The parent volunteer program serves as a comprehensive model of support that includes parents, senior citizens, community members, and businesses in volunteering in the classroom with children. We appreciate the over 250 volunteers that serve our students and our community!

Parents are also made to feel welcome through various informational and community-building events, including back-to-school nights, grade level gatherings, whole school events, parent conferences, parent education nights, and student performances.

At Sun Valley School, specific opportunities for parent participation include the site leadership team, parent-teacher organization, school English language advisory council, and committees that address specific program needs.

School Safety Plan (Most Recent Year)

Date Reviewed and Updated: November 4, 2015

Date Discussed with School Faculty: December 2, 2015

Sun Valley Elementary School has a comprehensive school safety plan covering all aspects of planning for emergency response and student safety. This plan is based on and coordinated with the district and county emergency preparedness plans. The plan is reviewed with school staff at the start of the school year. The plan is updated annually to increase preparedness for any emergency, including storms, fire, earthquake, or intruders on campus. The school has staff members who are trained in cardiopulmonary resuscitation (CPR) and first aid. Disaster drills are held once a semester throughout the year. The school also participates in a county-wide disaster preparedness drill annually.

Key elements included in the school safety plan include basic emergency action for the following: explosion, fire, earthquake, and specifics on student release.

Professional Development (Three-Year Comparison)

All teachers in the San Rafael Elementary District have the opportunity to participate in two formal professional development days scheduled as part of the district calendar.

In 2015-2016, teachers participated in ongoing professional development through their weekly PLC (Professional Learning Community), Everyday Math in district grade level meetings, and during our professional development days.

Teachers and other key school staff members have additional opportunities for participation in professional development activities through district, school, categorical, grant, foundation, and parent teacher organization funds. Professional development is focused to support the mission and goals of the district and each school site plan and may include site and district training, county offerings, state and national conferences, and workshops as appropriate.

DataQuest is an online data tool that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). The DataQuest Web page is located at http://dq.cde.ca.gov/dataquest/.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
