# About Summit

“At Summit we focus four key elements of college and career readiness, and empower students to drive their learning and own their success.”

We believe every child is capable of college and career readiness

We hire high-performing teachers

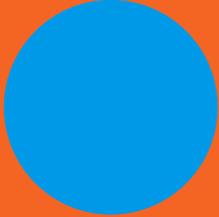

We develop relationships with and support every student

We believe change is a good thing

We value diversity

# 2015-2016

- Shift in teacher “Role”
- 6th Grade Team at Weller and Pomeroy
- Administrative Team leading the way
- Parent “Onboarding”

“My classroom role has changed from a stand up teacher presenting information, to a person who mentors students through their personal journey.”

“I have 31 students and they are in 31 positions...everyone can start at their own place and not feel like it’s a race to the end.”

# 2016-2017

- Expansion to 5th Grade
- Rose Elementary School
- Russell MS 7th and 8th Grade
- Russell Silicon Schools Grant
- Teacher Collaboration

“I do believe all students come to school wanting to learn. Some have taken this personalized learning and have soared, needing me more as a facilitator, which leaves time for those who need a little more direction and guidance.
