Minutes

Dr. MacLean introduced Davidson Middle School teachers Alex Chapman and Casey Shannon and students Dante Filippetto and Lulu Gebbie. Mr. Chapman and Mr. Shannon provided examples of shifts with the CCSS for English/Language Arts lesson planning and structure of classroom time, enhancing group work and interactions. They also reviewed examples of shifts to non-fictional reading material and writing. Dante and Lulu shared their experiences with Common Core changes and what they are enjoying about CCSS. The students responded to questions from Trustee Jackson regarding intergrated writing.

2. UPDATE: Local Control and Accountability Plan (LCAP) (D)

Recommendation: That the Board receives any updates since the last Board meeting regarding development of the Local Control and Accountability Plan (LCAP).

Minutes

Superintendent Watenpaugh reported that staff, including new Director of English Learner Programs Oscar Medina, are working to develop action plans for the 14-15 LCAP goals.

With the policy for the development of LCAP Parent Advisory Committees (PAC) now adopted by the board, invitations will be sent out to community groups seeking nominations of district parents to serve on the committees for both ESD and HSD. January 7 will be the first meeting.

3. UPDATE: Facilities Report (D)

Recommendation: That the Board receives any updates since the last Board meeting regarding facilities.

1. Review Phase Two Sound Wall for Venetia Valley
2. Master Facilities Plan

Minutes

CBO Thomas presented a proposal for 44 additional parking spots to be added to the SRHS campus, the equivalent of 45% more spaces for staff. The proposal has been reviewed with the site facilities committee and staff. She responded to trustee questions regarding size of the spaces, design options for covered parking with solar panels, wheel stops, potential for electric vehicle spaces, the durability of the existing blacktop, potential puddling issues, and lighting.

Ms. Thomas reviewed the status of the second phase of the noise abatement at Venetia Valley School, with an addition onto the current sound wall while maintaining fire lane access by angling the nearby gate, and adding another container that would butt up against the existing container to create another sound barrier - cost estimates - \$65K-\$70K. She responded to questions from trustees regarding how this plan differs from the original plan, and potential to phase in to break down costs.

Trustees discussed the proposal, noting it appears to be piecing together a potential fix. They also discussed potential cost estimates. After additional discussion trustees suggested leaving the current sound wall as is, reorienting the gate and adding the additional container, then do noise readings after this fix is in place to compare against the original noise level readings.

4. UPDATE: (ESD/HSD) Labor Unions: CSEA, SRTA, SRFT (D)

Recommendation: That the Board receives updates from district labor leaders:

- 1) CSEA
