VI. STUDENT BOARD REPORTS

Discussion:

Annie Best, Terra Linda HS:

- She described the tutorial event on Wednesday for students where Mr. Christensen will talk about upcoming senior events.
- Prom will be held on May 9th at the Metreon in San Francisco. The theme will be "I Left My Heart."
- The Junior Prom will be held on March 21.
- A dance will be held on Feb. 27 with a "Barnyard" theme.
- From January 26-30 TL will hold a Secret Pals Exchange of small gifts with a reveal of 'secret pal' at the end of the week.
- "Everybody Loves Everybody" week will be February 9-13.
- A Valentine's Day celebration will be held on Feb. 13.
- She reported on boys and girls athletic events for basketball and wrestling.

Lorrie Narcisse, San Rafael HS:

- Seniors Financial Aid week is coming up.
- She reported on student athletics - basketball, cheerleading, and wrestling, noting there is a girls

wrestling team this year.

- There is a new tardy policy that is being implemented at SRHS which includes a tardy sweep with security. Parking issues in the morning and just after lunch seem to be a contributing factor to tardies.
- The addition of new parking spaces is in progress.
- A WASC visiting team will be arriving at school on Wednesday.
- Jumpstart registrations for College of Marin and Community College will be coming to SRHS soon.
- Juniors and Sophomores get their PSAT scores back this week for review and to get feedback for areas of improvement.
- Spring Formal will be held on Feb. 7.

VII. PUBLIC COMMENT ON NON-AGENDIZED ITEMS

(Public comment on items that appear on the agenda will be taken at the time the item is addressed by the Board.)

Discussion:

None.

VIII. SPECIAL REPORT

VIII.1. PRESENTATION: (ESD/HSD) Update from HeadsUp Executive Director Maika Llorens-Gulati

Discussion:

HeadsUp Executive Director Maika Llorens-Gulati provided a Foundation report:

- The reception at Falkirk this past Thursday introduced a new fundraising event "Rock'n Run.
- She reviewed HeadsUp's Mission Statement.
- She reported on HeadsUp's leadership and the roots of the Foundation which was formed when the recession and state budget crisis decreased education funding. The Foundation's support assists the District's efforts to service a diverse student population that is 60% Free and Reduced Lunch Program eligible.
- The Foundation works together with school PTAs/PTOs to support all students.
- Ms. Llorens-Gulati reviewed revenue history from 2008 to the present. Last year's fundraising exceeded the goal of \$300K. This year's fundraising goal is \$350,200.
- HeadsUp supports the following programs:
 - 3rd Grade music in all elementary schools is being funded this year in addition to continuing support of 4th and 5th grade music;
 - the Jazz program at Davidson MS;
 - Venetia Valley Restorative Justice program;
 - two college counseling consultants for high school students;
 - Link Crew at the high schools, and the WEB program at the middle schools;
 - the annual Consistent Achievers luncheon; and
 - teacher mini grants for enrichment.

HeadsUp's funding sources include: the county SchoolsRule Foundation; revenues from planned events, business partnerships and grants, and community solicitation. The Foundation's partnerships with businesses and the community continue to develop.

Executive Board member Amy Jonak reported on Run for Reading, an annual event that was begun during the state budget crisis for continued funding of libraries. Run for Reading completed its 5th year in 2014 when it had its highest earnings, raising \$98K. Over the past 5 years the event has

raised approximately \$500K for district libraries.

Ms. Jonak announced 2014 marked the last year of Run for Reading. It will be replaced with a new fundraising running event, "Rock'n Run." Funds raised by this new event will be distributed to support music programs and the mini grant program for arts enrichment, as well as other enrichment programs. The first Rock'n Run will take place March 23 - April 3.

Ms. Llorens-Gulati reported Summerfest completed its 6th year in 2014, netting \$65K. Past co-chairs Judy Tuatagaloa and Carol Farrer laid the groundwork for the annual event. Leslie Piper and Tanya Burdick are new as Summerfest co-chairs and made 2014 Summerfest another successful event in their first year.

Trustee Jackson expressed her support of HeadsUp and is thrilled to see its continued growth.

Trustee Kertz expressed her thanks to the Foundation, commending the Summerfest event for building community engagement and participation.

Trustee Cohen noted it has been a pleasure serving as Board liaison to the Foundation. A meeting with Board representatives, staff and the Foundation Executive Director and President provided good conversation about the ways the district can further enhance its support to the partnership with HeadsUp to build community engagement.

Trustee Knell expressed his gratitude for the work of Foundation members.

President Tuatagaloa expressed appreciation to Executive Director Llorens-Gulati, Amy Jonak, and Summerfest co-chairs Leslie Piper and Tanya Burdick for all their hard work in support of San Rafael City Schools' students.

On behalf of the District, Superintendent Watenpaugh thanked Summerfest present and past co-chairs, presenting them with mementos in appreciation of their work.

VIII.2. FINANCE: (ESD/HSD) Acceptance of the San Rafael City Schools Parcel Tax Citizens Advisory Committee 2007-2014 Report

Motion Passed: Acceptance of the Parcel Tax Citizens Advisory Committee 2007-2014 Report. passed with a motion by Greg Knell and a second by Paul Cohen.

Yes Paul Cohen
Yes Linda Jackson
Yes Rachel Kertz
Yes Greg Knell
Yes Natu Tuatagaloa

Discussion:

CBO Chris Thomas reported the Parcel Tax Citizens Advisory Committee has met for the final time. This is the final annual report for the committee with the sunset of Measure A & B. She acknowledged the valuable work of this committee over these past years. Ms. Thomas reviewed the financial revenues and expenditures in this final report noting the committee's confirmation that all allocations are consistent with the ballot measure. This report is also available online.

Ms. Thomas noted the district is in the process of accepting applications for the formation of the new Citizens Advisory Committee for the voter approved renewal of the parcel tax.

VIII.3. UPDATE: (ESD/HSD) Student Information System (SIS)

Discussion:

Superintendent Watenpaugh introduced Director of Strategic Initiatives, Dr. Daniel Zaich. Dr. Zaich provided a roadmap overview of the implementation of the new Student Information System (SIS) Infinite Campus (IC).

- There have been gaps in the implementation with some requirements missed such as product functionality, with the gradebook specifically. Training is an area for improvement. There has been a lack of onsite support from IC, but the partnership has been strengthened in the past weeks. A few of the California reporting documents are not available in IC.
- He reviewed the District's goals for identifying and implementing the new Student Information System (SIS) data management to support State reporting requirements, particularly for the LCAP; one system to streamline the use of multiple systems; and increasing family engagement through a Parent Portal.
- Currently, the Elementary District has fully implemented Infinite Campus, except a standards based gradebook that will work with IC is being developed. The middle school level is doing a great job of implementing IC and the Gradebook. The High School District has varying degrees of use of IC; the Gradebook is not being implemented with fidelity.
- District Drivers are the ability to track enrollment, attendance, truancy, health, student achievement for all, particularly for the LCAP target student populations.
- The timeline and selection process for a new SIS system was reviewed. A committee reviewed multiple vendor proposals, narrowing it down to 2 vendor finalist for consideration and scoring.
- Consideration points for evaluation of Infinite Campus were reviewed.
- Dr. Zaich reviewed the definitions of a Student Information System (SIS), a Learning Management System (LMS), a Gradebook, and the Student /Parent Portals.
- As we move forward with the implementation of Infinite Campus (IC), Dr. Zaich reviewed driving questions to consider as well as the implications of each:
 - Can we roll back to Aeries? We cannot rollback. This would be considered a new implementation and would be a very involved process; more training and resources would be needed.
 - Where does School Loop fit in? Many districts using IC are pairing it with School Loop for the gradebook. The district will reintroduce School Loop as a District-wide resource in the short term and establish a collaborative process to identify a LMS for the District.
 - Are teachers required (today) to use the IC gradebook? No, given the problems with the gradebook, this is not being required but some may choose to continue using it. Teachers are invited to pilot other alternatives, such as School Loop and Easy Grade Pro. The implication of this pilot is that parents will not have one place where they can go for information.
 - What does it mean for parents? The accessibility of term grades and assignment information for families.

Dr. Zaich reviewed top priorities that the IT Department will be focusing on with Infinite Campus and the district's commitment to working with Infinite Campus this year and through 2015-16.

In response to questions from trustees, Dr. Zaich noted staff are aware there is a data entry issue causing the difficulty in the processing of A-G requirements. The District has been in contact with other districts that are using Infinite Campus; a blended approach to work with the problems is being used joining support groups for IC, and visiting online forums for shared best practices. Regarding accessibility for Spanish speaking parents – template forms are translated.

Trustee Cohen noted his concerns about using 2 different systems in the long term; 1 system with one login for parents is optimal.

Dr. Zaich noted IT staff, teachers, and classified staff are working very hard to make the implementation of Infinite Campus successful. He noted that any issues regarding transcripts, grades and master schedule development should be directed to him.

Trustee Jackson requested this Powerpoint be uploaded to the public Online Agenda, as per board policy.

VIII.4. UPDATE: (ESD/HSD) Common Core State Standards

Discussion:

Director of English Learner Programs, Oscar Medina reported on the need for professional development in the EL standards that came out in 2012. A January 5th half-day workshop on the ELD standards resulted in positive feedback. He noted the need for a systemized way of looking at Response for Intervention (RTI). He is working on a presentation for principals this week.

Mr. Medina acknowledged Laurel Dell and Short schools for the work they are doing with ELD and GLAD. He introduced Short teacher Danelle French and principal Vanessa Flynn who provided an explanation of the levels and domains of CELDT testing - listening, speaking, reading, writing problems with overall scores. Ms. French provided a handout of the Annual Measureable Objectives (AMO) with a 7 year snapshot for Short and Laurel Dell schools to show the progress

VIII.5. UPDATE: (ESD/HSD) Local Control and Accountability Plan (LCAP)

Discussion:

Dr. Watenpaugh noted that tomorrow night will be the first meeting of the LCAP Parent Advisory Committee (PAC), Davidson MS Library, 6:45 PM.

VIII.6. UPDATE: (ESD/HSD) Facilities Report

Discussion:

CBO Thomas reported:

- Striping and the addition of wheel stops for the 44 additional parking spaces at San Rafael HS have been installed. Staff are working on the logistics of adding net fencing to protect cars from the adjacent court.
- As added safety measures, wheel stops and "Do Not Enter" striping were completed at Sun Valley this weekend. Safe Routes to Schools is working on some other safety improvements at the site.
- Striping was also done at the Braun Center.

- A charrette for master facilities planning was held at San Rafael HS on Friday, but needed greater outreach to the community, parents, and staff for involvement. Staff will be working to retool the 'charrettes' to involve more parents at both San Rafael HS and Terra Linda HS.
- A report from the Master Facilities Planning Executive Committee will be coming to the Board on January 26 to continue the planning process.
- District sites and staff managed well during the big December storm. She commended the Maintenance and Operations crew for preparing sites well. The storm offered an opportunity for staff to learn some things about procedures and to test out emergency phone lists.

VIII.7. UPDATE: (ESD/HSD): Labor Unions: CSEA, SRTA, SRFT

Discussion:

CSEA:

Ms. Carmen Puga, new CSEA Chapter President for 2015 acknowledged the Information Technology department staff for their hard work with the implementation of Infinite Campus.

The first CSEA negotiations meeting was held recently. She is optimistic of the authority to bargain with the team.

SRTA:

Molly O'Donoghue reported that Infinite Campus is going well, although the report cards are a mess at the moment.

SRFT:

There was no report at this time.
