Amendment for the Contract for 2016-17 between California Therapy Connection-Milpitas  
Unified School District Contract

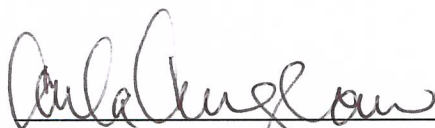

The original contract between Milpitas Unified School District and California Therapy Connection, Inc., approved by the Board on June 28, 2016, was for \$380,000. The term of this agreement is July 1, 2016, to June 30, 2017.

Over the course of the year, an additional Speech Language Therapist has been added, as well as many more students requiring speech support. As of mid-March the original open Purchase Order was exhausted due to this additional support load. In addition, California Therapy Connection will be providing student speech services for the Extended School Year which begins June 12, 2016.

This amendment recognizes the estimate to compensate for the speech services provided by California Therapy Connection, Inc. through June 30, 2017, in the additional amount of \$150,000.
