Education Codes 60000, 60001, 60002, and 60422 determine the process for the adoption of instructional materials in California schools. As part of the Common Core Instructional material pilot process, Math Learning Center's Bridges Math, and Pearson's Investigation curriculum were selected by Math Committee, in addition to Eureka Math curriculum which has been used by teachers the last three years, to be piloted beginning in the 2016-2017 school year. At a vote on May 11, 2017 the committee and piloting teachers voted for Bridges as our district-wide curriculum. Sherman Oaks teachers made a case for Investigations because of their unique dual-immersion program. Not only was the time dedicated to math unattainable with Bridges, the Investigations Spanish materials are of superior quality, including the fact that the teacher's edition are written in Spanish (not so with Bridges). Bridges and Investigations provide print materials and digital resources for both students and teachers for six-year periods with full payment required with the initial curriculum purchase. Consumables will be provided digitally yearly during the six year period at no cost to Campbell Union School District. Hard copies would incur a cost. SOURCE OF FUNDS: General Fund and Lottery/Prop 20 Funds
