10. 2017-18 BUDGET STUDY SESSION (Assistant Superintendent, Business Services)

Minutes:

The meeting was amended to go to the Superintendent's Report next and add this as the first report under item 19. Wendy Zhang, Assistant Superintendent of Business Services, gave a presentation about the proposed budget for the District's 2017-18 fiscal year. During the presentation, Zhang referenced the 81-page 2017-18 proposed budget report. She recommended Board Members read the first nine pages of the document, which outlines the Governor's 2017-18 proposed state budget overview, district budget assumptions, and multi-year projections, which includes a \$4.359 million deficit in 2019-20 (page 9 of the report). Following that portion of the budget report is an enrollment report, with the history and projection, 16-17 and 17-18 income statement, a summarized revenue expenditure and ending fund balance of each fund, multi-year projection worksheets for the general fund, a description of each fund starting with a narrative of the fund followed by the budget report.

"This is a big picture overview of our District's financial status," she said.

She said the current fiscal year, 2016-17, will end with a healthy ending fund balance, something that will help operations in the years moving forward. In 2017-18 there will be a balanced budget without using the District's reserves, and in 2018-19, there are recommendations for budget reductions. 2019-20 depends on the state economy performance, due to the reductions from the previous year in order to have a balanced budget in 2020-21.

In detailing the report, Wendy said staffing is the majority of expenditures for the budget, \$91.7 million or 80 percent. Overall, more than 100 positions will be added to payroll from 2012-13 through 2017-18. While our raises are comparable to what others are offering in similar districts throughout the county, because of salary increases year after year, this will cause an eventual growing deficit. Another monetary obligation that will increase the District's budget is the STRS/PERS pension plans.

Regarding programming, Zhang outlined programs requiring general fund contributions (Special Education, Child Development, and Transportation) and detailed Student Nutrition as another "program to watch."

Zhang emphasized the District is in a better position than other school districts, but there is still a need to prepare for an eventual economic downturn in coming years. We will need to make reductions in the 2018-19 year to achieve a balanced budget in 2020-21.

After giving her report, Zhang said: "This is the budget we're asking the Board to adopt." It will come back to the Board Meeting on June 27 for adoption.

She thanked Linh Le, Director of Business Services, and other staff in her department for making the detailed report happen in such a timely manner with such great collaboration.

14. FLAG SALUTE

Minutes:

Board President Bobay led the flag salute.

15. COMMENTS FROM THE PUBLIC REGARDING THE OPEN SESSION AGENDA

Minutes:

Suzette Bromagem, MUSD employee in the Student Services and Vice President of CSEA Chapter 281, opened by saying she attends many Board Meetings. She shared her thoughts that while it is nice to have a meeting at other sites, such as the Milpitas High School library that evening, there is a great Board Room set up with capabilities. She noted that the audience was full, even though it was only a quarter of the capacity of the Board Room, which limits public accessibility. "Having a consistent location means that everybody always knows where it is, and I think that's important," she said. "No cable access; I understand that there won't be any televised meeting which then restricts accessibility to the meeting."

A parent asked for clarification about the Board Meeting. President Bobay walked her through the agenda, what has happened previously and what will follow.

16. BOARD GROUP AGREEMENTS

Minutes:

Board Group Agreements are available for Board Member's ready reference.

17. SUPERINTENDENT'S REPORT

Minutes:

The Board recognized winners from the Santa Clara County Alliance of Black Educators' 28th Annual Student Recognition Program. The event, which was held April 23 at San Jose State University, is one of the longest running events in the nation organized by a local community organization to recognize African American students. While Ezuma Ble, Jacorey Hudson, Jordan Paran Parham, and S'Ven Morley, formerly eighth graders at Rancho Milpitas Middle School; Nyla Choates, formerly an eighth grader at Thomas Russell Middle School; and Carmelo Rivera and Ondrea Betner, formerly sixth graders at Weller Elementary School were the only ones who could attend the meeting, certificates were mailed to all 24 honorees of the program.

Other student winners and their respective schools and grade levels from this year include: Alexis Hodgson, Joseph Ofagalilo Williams, Kaelina Harris, Karrington Kenney, and Leila Phillips, eighth graders at Thomas Russell Middle School; Dawn Betner, a sixth grader at Rose Elementary

School; and Ajene Revell, Amir Usman Davis, Brandy Redic, Cheyanne Hankins, Cyann Anderson, Dakiya Banks, El-Nia Shifa, Hibo Osman, Jesse Njuki, Kareem Bailey, and Reese Turner, seniors from Milpitas High School.

Superintendent Jordan thanked those honored for "being a model for those that they go to school with."

18. SUPERINTENDENT'S EXECUTIVE CABINET REPORTS

Minutes:

Wendy Zhang, Assistant Superintendent of Business Services, said that the Summer Meal Program started on June 5. There has been great participation, offering 600 lunches to all community members. She thanked staff for smooth operations in lieu of this service at Rose and Randall elementary schools and Calaveras Hills High School.

Norma Rodriguez, Assistant Superintendent of Learning & Development, was happy to report that all the school plans have been reviewed and will be prepared for the next Board Meeting on June 27.

Before the meeting, Superintendent Cheryl Jordan asked Tabitha Kappeler-Hurley, Director of Human Relations, to attend this portion of the meeting, but she was unable to. In absentia, Superintendent Jordan thanked Kappeler-Hurley for the two years she has served in HR, carrying it with some support from Jordan and outside people the first year and a half and "she's really been a great addition and asset, and we'll miss her there. However, we look forward to her being an English teacher at Cal Hills, where I know that she's really excited about bringing forth some innovation and continuing with the vision that they're establishing there for our kids to have different pathways."

19. REPORTS

A. Dual Immersion Program Master Plan Review (Assistant Superintendent, Learning & Development)

Minutes:

Norma Rodriguez, Assistant Superintendent of Learning and Development, alongside Randall Principal Carlos Salcido gave a presentation about the MUSD Two-Way Bilingual Immersion Master Plan. On January 24, the Board approved an agreement with The Association of Two-Way & Dual Language Education (ATDLE) consultant team to provide a series of technical support towards the development of a comprehensive Dual Immersion Master Plan for Board review and approval. A Task Force comprised of parents and staff developed the plan outlining the fundamental components for a successful Dual Immersion Program in Milpitas Unified School District.

Because Spanish is syllabic and "regular," both Rodriguez and Salcido emphasized that the program will allow them to succeed at a higher level.

"It was exciting for us to go through this," Salcido said. "It's definitely setting the groundwork for a great program."

MUSD launched its first dual immersion program at Randall Elementary School in August 2016. It kicked off at the kindergarten grade level and will have more classes added to the program until the entire kindergarten- to sixth-grade school is taught in Spanish and English.

Rodriguez emphasized the plan is a "living document" and will be further developed as more grade levels are added.

"We're no longer a neighborhood school," Salcido said, stating proudly that Randall is a "school of choice" for students throughout the District. He added that there is a possibility for Randall to become a kindergarten- through eighth-grade campus, noting there is the physical space for this change in the future, which would allow for a more seamless program, rather than working with students through their elementary academia and transitioning them to the middle school level.

"Having a Master Plan is necessary because it creates accountability," Rodriguez said about the importance of the report.

Salcido said that middle school administration is excited about the work because it will cause elementary students to be better prepared early on for work that is happening at the secondary level.

The Board conducted a public hearing on the District's 2017-18 Local Control and Accountability Plan (LCAP) in order to hear feedback and receive input about the draft plan. The plan and proposed budget can be inspected by the public during the hours of 9 a.m. to 4 p.m. at Milpitas Unified School District Office, Building 200, Room 205 Business Services office, located at 1331 East Calaveras Blvd. in Milpitas. It can also be viewed online, and those who are interested can leave input through the "Feedback Form" on the website.

The LCAP is a three-year plan that must be adopted by July 1, 2014, and updated each year. Formal adoption is scheduled to take place during the June 27 Board Meeting.

Allysson McDonald spoke during the public hearing, opening by saying she receives Superintendent Jordan's newsletters and tries to stay abreast of what is happening in the District. Until she opened the agenda that day for the meeting, she said she was unaware that this was happening, and stated her feelings that many people probably

didn't know either based on the turnout. She shared her hope that more people would be interested, particularly those involved with the various school site councils about the local accountability piece, and people working on budgeting at the site level.

Board Vice President Norwood asked for clarification about future needs for public hearings. She asked for better publicity around public hearings.

Trustee Fazal noted that it was posted in the newspaper, to which Norwood stated that while there are things that happen protocol-wise that is fairly consistent, she would like more done. Superintendent Jordan said it can be posted more frequently in the Milpitas Post, as it was published for one edition, and put it at the top of the newsletter so people see it more readily available.

Rodriguez highlighted the District's LCAP website, stating that anyone can visit the page and leave comments on the "Feedback Form" through the June 27 meeting, when it will be adopted.

Board President Daniel Bobay stated that this item falls under subsection 10 to Section IIIB of the Brown Act. He explained this means the amendment must be ratified in public at the meeting, and included in the minutes. Additionally, prior to taking final action he orally reported the summary of the recommendation and interpreted that as reading the entire text of the amendment, less the stricken text, into the record. After that, he called for a motion and second, then requested a roll call vote.

Bobay added these protocols are new to the Brown Act, and encouraged Trustees to acquaint themselves with the changes in order to comply now and in the future.

The amendment changes Superintendent Jordan's contract from one and a half years to "three years commencing July 1, 2017 and ending June 30, 2020, unless terminated earlier or extended as provided by the terms of this contract and/or as required by law," the contract states. She added because they don't want to delay the construction of the new school, this contract was brought to the Board for approval. The overage of the budget will either come from the Developer Fee, RDA, or Building Fund. Joe Flatley, Director of Facilities and Modernization, was on hand to answer questions.

Board President Bobay said, "I think most of us understand that a lot of these projects that we bid as part of the bond, now three or four years later, they are going up in value."

She added staff spent a lot of time looking at different options, such as changing the scope of work, however it didn't end up saving a lot of money. They didn't
