Section 1. By previous resolution, the Board of Education of the Irvine Unified School District ("Board of Education") initiated proceedings pursuant to the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code, commencing with Section 22500 (the "Act"), for the levy and collection of assessments against the assessable lots and parcels of land within the Irvine Unified School District Recreation Improvement and Maintenance District (the "District") for the 2015/2016 fiscal year and ordered the Engineer, Willdan Financial Services, to prepare and file a written report in accordance with Article 4 of Chapter 1 of the Act and Section 4 of the Article XIID of the California Constitution. The Engineer has prepared and filed a written report with the Clerk of the Board of Education entitled "Engineer's Report, Irvine Unified School District Recreation Improvement and Maintenance District Fiscal Year 2015/2016" (the "Engineer's Report") and by previous resolution the Board preliminarily approved the Engineer's Report.

Section 2. Following notice duly given, the Board of Education has held a full and fair public hearing regarding the District, the levy and collection of assessments, and has considered all public testimony and written statements, protests and communications made or filed by interested persons. The Board of Education desires to levy and collect assessments against parcels of land within the District for the fiscal year commencing July 1, 2015 and ending June 30, 2016 (Fiscal Year 2015/2016), to pay the costs and expenses associate with the ongoing operation, maintenance, and servicing of improvements and appurtenant facilities related thereto that have been determined to be of special benefit to the properties within the District as described in the Engineer's Report.

Section 3. The Board of Education hereby approves the proposed improvements as described within the Engineer's Report. The improvements so described may include, but are not limited to the materials, equipment, utilities, labor, contract services and incidental expenses necessary for the ongoing maintenance,

operation and servicing of recreational improvements and appurtenant facilities within the District that provide special benefits to properties therein.

Section 4 The maintenance, operation and servicing of improvements shall be performed pursuant to the Act, and for Fiscal Year 2015/2016, the County Auditor of Orange shall enter on the County Assessment Roll opposite each parcel of land the amount of levy established by the Engineer's Report, and such levies shall be collected at the same time and in the same manner as the County taxes are collected. After collection by the County, the net amount of the levy shall be paid to the District.

Section 5 . Lots or parcels of land within the proposed District that are owned or used by any county, city, city and county, special district or any other local governmental entity, the State of California, or the United States shall be assessed unless the School District demonstrates by clear and convincing evidence that such lots or parcels receive no special benefit from the proposed improvements.

Section 6 The adoption of this Resolution constitutes the levy and collections of assessments within the District for the fiscal year commencing July 1, 2015 and ending June 30, 2016, as described in the Engineer's Report and adopted by the Board of Education.
