

**Introduction:**

**LEA:** Irvine Unified School District **Contact (Name, Title, Email, Phone Number):** Alan Schlichting, Director, [alanschlichting@iusd.org](mailto:alanschlichting@iusd.org), 949-936-5069 **LCAP Year:** 2015-16

### ***Local Control and Accountability Plan and Annual Update Template***

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

## State Priorities

*The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.*

### **A. Conditions of Learning:**

**Basic:** *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

**Implementation of State Standards:** *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

**Course access:** *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

**Expelled pupils (for county offices of education only):** *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

**Foster youth (for county offices of education only):** *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

### **B. Pupil Outcomes:**

**Pupil achievement:** *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

**Other pupil outcomes:** *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

### **C. Engagement:**

**Parental involvement:** *efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

**Pupil engagement:** *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

**School climate:** *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

## Section 1: Stakeholder Engagement

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

### Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>Irvine Unified School District developed a four-phase process of developing our 2015-16 LCAP:</p> <ol style="list-style-type: none"> <li>1) Educating our stakeholders on LCFF and LCAP and reviewing current LCAP</li> <li>2) Gathering input and suggestions from our stakeholder groups</li> <li>3) Providing an opportunity for stakeholders to provide feedback and suggestions on our draft LCAP</li> <li>4) Utilizing the feedback to develop and write a plan. (See detailed outline below.)</li> </ol>	<p>Through the process of gathering input from our stakeholders, the IUSD Cabinet developed a "Priority List" outlining potential goals, programs, and activities to include in the updated LCAP. The "Priority List" was updated weekly at cabinet meetings as staff determined the actions that would support high academic achievement for our students through continued focus on meeting the four goals developed in 2014 for our original LCAP. During these weekly discussions, the group considered all new feedback it received while continuing to modify the "Priority List".</p>

The process included:

- a Power Point presentation of common information to the stakeholder groups
- offering stakeholder groups multiple opportunities to share feedback
- a “Priority List” developed by the cabinet that was continually updated based on feedback

The IUSD 2015-16 LCAP continues to support the four goals developed for our original three-year LCAP 2014-17

Goal #1: Ensure all students attain proficiency in the current content standards.

Goal #2: Ensure access to rigorous and relevant learning tools, resources and skills for all staff and students.

Goal #3: Cultivate a positive school culture and system of supports for student personal and academic growth.

Goal #4: Communicate effectively and form strategic alliances to secure the support and resources necessary to deliver our vision.

These goals were developed in alignment with our district Strategic Initiative Plan, Program Improvement Plan, LEA Plan Addendum, and Title III Program Improvement Plan.

The IUSD School Board is highly invested in the process of creating the LCAP. Developing an inclusive model comprised of all stakeholders has been a priority. To meet that goal, each site and district department performed the following actions:

- 1) Shared a Power Point presentation providing information about the LCFF and LCAP with their staff, PTA and School Site Council (as applicable) to inform them of the process and how they can provide input.
- 2) Engaged their SSC, PTA, staff and students (as applicable) in discussions about needs of the district
- 3) Collected feedback from each group
- 4) Summarized and shared the collected information with the district for consideration in developing the final LCAP.

Stakeholders were also provided with two opportunities to submit feedback

In January and February 2015, sites and departments shared information and gathered input on suggestions for updating our LCAP. See Attachments B, C & D for an overview of the number of stakeholders that were involved in site meetings and data from the original online survey.

Key Stakeholder groups:

Irvine Unified Council PTA: 42 members attended

District English Learner Advisory Committee: 21 members attended

Departments:

Staff participating in the presentation and discussion: 176

Sites:

Parents in PTA participating in the presentation and discussion: 675

Parents in School Site Council participating in the presentation and discussion: 299

Students participating in the presentation and discussion: 6,504

Staff participating in the presentation and discussion: 1,620

Community Survey #1

Responses and input from stakeholders: 158

Based on the responses from sites, departments and the online survey - cabinet identified five focus areas in categorizing actions for updating the LCAP. These areas included:

1. Direct student instructional support
2. Mental health support
3. Increase school site funding
4. California standards aligned materials
5. Equity and safety

Stakeholder responses were the basis for developing our draft 2015-16 LCAP.

In March, April and May 2015, a document containing the five focus areas and the draft LCAP actions to support them was shared with stakeholder groups and feedback was received.

(See Attachment F)

online via computerized surveys. The first survey gathered information on evaluating our original LCAP and suggestions on developing the 2015-16 update. The second survey asked for input on five focus areas that were comprised of groups of new actions proposed in the draft 2015-16 LCAP that were created in response to the information collected from the first community survey, stakeholder, site and department input.

Below is a summary of the steps taken by Irvine Unified School District to provide an opportunity to hear the input from all stakeholders and to ensure that their voice is a part of our final Local Control Accountability Plan. This year an additional emphasis was made to make sure we recorded student voice in the collection of input on future LCAP actions.

##### PHASE II – GATHERING INPUT AND SUGGESTIONS FROM STAKEHOLDER GROUPS

After presenting the draft LCAP/Focus Area document to our School Board, PTA Presidents, DELAC and at our board study session, several comments were received. As outlined in the Education Code, Superintendent Walker responded to all comments and questions. These responses were shared with our stakeholders by email and communicated across our district by openly posting the statements, comments and responses on our district website.

In general, stakeholder's responses were positive and they were interested in hearing more information and clarification on the new actions proposed in our 2016-16 draft LCAP. Responses indicated that stakeholders could see their original suggestions reflected in the draft document. We were impressed with the number of stakeholders that responded to our second community online survey. 1949 stakeholders, including parents, teachers, students, staff and community members, responded between April 20 and May 15. In general, draft actions received medium or high support. (See Attachment G) Narrative responses from all stakeholders were shared with Cabinet.

##### IMPACT:

Based on the Phase II responses from sites, departments and the online survey - Cabinet identified five focus areas in categorizing actions for updating the LCAP. These areas included:

1. Direct student instructional support
2. Mental health support
3. Increase school site funding
4. California standards aligned materials
5. Equity and safety

Cabinet developed a priority document that outlined suggested actions identified by the different stakeholder groups and identified the impact the actions would have on IUSD metrics. The information was discussed at the Cabinet level and actions were funded that reflected stakeholder input, fiscal impact, ability to meet our intended goals and ability to fund. The final product of this work was a draft LCAP that was summarized and reviewed with stakeholders via School Site Council (SSC) meetings, Parent Teacher Association (PTA) meetings, staff meetings, department meetings and key stakeholder meetings including Irvine Unified Council Parent Teacher Association (IUCPTA) and District English Learner Advisory Committee (DELAC).

Student Participation and Input:

In January-March 2015, the district reached out to students to engage them in the process of creating the LCAP. Initially, principals met to discuss ideas on how to engage students in a meaningful way. Several principals worked together to develop a unique on-line student survey. Individual sites adjusted the survey to individualize for their school. Then, the sites were given the opportunity to utilize the survey created and they also employed other methods to inform and engage the students. Some sites chose to poll all students and they compiled summaries of feedback to share with the district office. Others used one class from each grade to survey. Some site Principals met directly with students or student leadership to educate them about the process and to collect their feedback in an open forum. Students were

This information was reviewed by Cabinet and adjustments were made to the LCAP. Comments received from stakeholders indicated that the items that they suggested were addressed in the draft LCAP including: increased technology infrastructure, mental health support, increased site level funding and increased resources for students. Feedback also suggested that stakeholders would like to see the district move faster in implementing class size reduction, has strong concerns about equity between older facilities and newly constructed sites, needs a better understanding of how the Common Core will effect instruction and a high interest in on-line learning and on-line resources for students and parents.

As a result on the feedback received during Phase III the following changes were made to the final IUSD 2015-16 LCAP:

- 1) Confirmed that our five focus areas have provided a strong base in developing our 2015-16 LCAP
- 2) Increased site funding through student allocations, VAPA restoration of funds and emergency preparation materials and resources
- 3) Increased staffing to support technology infrastructure and training teachers to use existing technology resources
- 4) Targeted communication with stakeholders to better understand how Teachers on Special Assignment (TOSAs) are supporting the implementation of the Common Core
- 5) Exploring ways to reduce the impact of rapid growth
- 6) District developed a plan to use \$11,000,000 of CFD and Fund 40 monies to complete comprehensive network upgrades at all schools to address access and equity

To help our stakeholders have a better understanding of key terms and different acronyms, the district has created a "LCFF and LCAP Key Terms" document.

(See Attachment A)

encouraged to talk to other students about the process and share more feedback. Some sites used a big buddy/little buddy process in order to include the youngest students in the process. High schools took the opportunity to discuss the process with ASB officers and leadership groups. Although many processes were used to obtain feedback, all sites summarized the feedback collected from students and shared with the district office. That feedback was then noted by school site and added to a feedback document that also contained feedback from the site parent groups and site staff. Through Cabinet, this feedback of students was given proper consideration in the process of determining new actions for the 2015-16 LCAP. Sites reported that they enjoyed the process and by opening the lines of communication with students, they were able to gain valuable feedback which helped the sites improve to enhance the students' learning environment.

The metrics in the existing LCAP were adjusted to reflect all required metrics and additional metrics were added that the district wished to use to reflect our unique goals. In developing the LCAP for 2015-16 the adjusted metrics have been carried through and enhanced.</p> <p>We want our stakeholders to make informed suggestions on what should be part of the LCAP based on data. However, we realized from stakeholder feedback that we did not have an effective tool for collecting a wide variety of data, a process for sites to use in gathering the data and a format for sharing the data effectively with our stakeholders.</p> <p>As a result the district has developed a series of attachments that have been added to the current LCAP that reflect the data from 2013-14 and data as of May 15, 2015. In order to better collect data and share with our sites, our Informational Technology department has invested significant resources in developing a "principal dashboard" where sites can quickly access "live data". In the fall of 2015, IUSD will be training administrators on using this tool to support development of the Single Plan for Student Achievement (SPSA) and for working with stakeholders on making informed recommendations for enhancing our LCAP.</p> <p>(See Attachment H, IUSD Data Analysis)</p>

## Section 2: Goals, Actions, Expenditures, and Progress Indicators

### Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

**Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.**

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the schoolsite level. The LEA may identify which schoolsites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or schoolsite.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the schoolsites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for schoolsites and specific subgroups, including pupils with disabilities, both at the LEA level and at the schoolsite level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Action/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the schoolsites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual schoolsites been evaluated to inform the development of meaningful district and/or individual schoolsite goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

Identified Need :	(Metric A) Increase student proficiency on annual CELDT assessment. (Metric B) Increase number of students reclassified to fluent English proficient. (Metric C) Students will increase proficient scores on the universal screeners. (Metric D) Increase proficiency of students scoring proficient or advanced on CAASPP assessment and establish new baseline using the Academic Performance Index. (Metric E) Increase student pass rate on English Language Arts California High School Exit Exam (CAHSEE) for identified sub-groups. (Metric F) Increase student pass rate on Math California High School Exit Exam (CAHSEE) for identified sub-groups. (Metric G) Implement the Common Core State Standards (CCSS) for all students at all sites and train all teachers (Metric H) The district will increase the number of students in all subgroups that are demonstrating college going behaviors. (Metric I) The district will increase the use of Common Formative Assessments (CFA).		
Goal Applies to:	Schools: (Metric A, B, D, G) All (Metric C) Grades K-2 (Metric E, F) Grade 10 (Metric H) Grades 7-12	Applicable Pupil Subgroups: (Metric A, B, C, D, G, H, I) All (Metric E, F) ELL, SWD, SED, African-American, Hispanic	

## LCAP Year 1: 2015-16

Expected Annual Measurable Outcomes:	<p>(Metric A) Increase student proficiency on annual CELDT assessment. 87% of English Learner students will demonstrate annual progress in learning English with the growth of one performance level in each of the four skill areas (AMAO 1). The district will increase by 5% the number of long-term EL students attaining English proficiency to 75% (AMAO 2).</p> <p>(Metric B) Increase number of students reclassified to fluent English proficient. 20% of English learner students will be reclassified to Fluent English Proficient based on the required criteria (AMAO 3).</p> <p>(Metric C) Students will increase proficient scores on the universal screeners.</p> <ol style="list-style-type: none"> <li>1. ## Annual Update

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

### Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific schoolsites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Expected Annual Measurable Outcomes:	(METRIC A) Increase student proficiency on annual CELDT assessment. 85% of English Learner students will demonstrate annual progress in learning English with the growth of one performance level in each of the four skill areas.  (METRIC B) Increase number of students reclassified to fluent English proficient. 18% of English learner students will be reclassified to Fluent English Proficient based on the required criteria.  (METRIC C) Increase student proficiency of Literary Performance Assessment in grades K-2. Increase student proficiency of Literary Performance Assessment.  (METRIC D) Increase proficiency of students scoring proficient or advanced on SBAC. Establish baseline of SBAC with results of 2014-15 administration. Continue to have a high Academic		Actual Annual Measurable Outcomes:	(METRIC A) Although English learner students in IUSD continue to demonstrate steady growth in English language development at a higher rate than the State average, only 80% of English Learner students demonstrated annual progress in learning English with the growth of one performance level on the CELDT in 2013-14. We did not meet the metric of 85% based on these results. Students continue to meet and surpass the required targets for AMAO2 with 70% of long-term EL students attaining English proficiency.  While results are not conclusive – the ability to place students at their home school and provide increased professional learning, TOSA support, increased funding for materials is providing us the opportunity to better meet the needs of English language students.  (See Attachment Priority #4 – Pupil Achievement)

## Performance Index.

(METRIC E) Increase student pass rate on English Language Arts California High School Exit Exam (CAHSEE) for identified sub-groups. CAHSEE pass rate will increase by 2% in ELA.

(METRIC F) Increase student pass rate on Math CAHSEE for identified sub-groups. CAHSEE pass rate will increase by 1% in Math.

(METRIC G) Implement the Common Core State Standards (CCSS) for all students at all sites. Provide all ELA and Math teachers professional development in implementation of CCSS. Programs and services will be provided to enable ELL learners to access the CCSS and ELD standards.

(METRIC H) Each student completes a college and/or career preparatory course of study. Provide college and career preparatory courses in 7-12 and appropriate supports to ensure students can both access and succeed in their course work. Student participation rate in AP examinations and students scoring a 3, 4 or 5 will continue to increase. Percent of students in all subgroups will increase demonstrating college preparedness.

(METRIC I) Measure proficiency at the district and site level through increased use of Common Formative Assessments (CFA). Establish baseline CFA with results of 2014-15 collection.

(METRIC B) In 2013-14, 15.9% of identified English learner students were reclassified (AMAO 3). As of May 15, 2015, 538 English learner students (11%) have been reclassified. Using interim reclassification criteria, district staff members are determining the eligibility of another 1506 students for reclassification. We expect to meet this metric by the end of the school year.

Funding in the LCAP which enhances the allocations that were originally part of the Economic Impact Aid (EIA) categorical program have allowed for increases in professional learning opportunities, staffing, TOSAs, extending targeted classroom settings and Professional Learning Communities for ELL teachers. These actions have assisted in our ability to increase reclassification rates.

(See Attachment Priority #4 – Pupil Achievement)

(METRIC C) 86.8% of K-2 students were proficient on the Literacy Performance Assessment in 2013-14. At mid-year, 85.8% of students were proficient on the Literacy Performance Assessment. We expect to meet this metric by the end of the school year.

2014/15 final data is not available. Actions are helping IUSD to develop better data collection tools to target students that need additional support. Intervention lead teachers and district TOSAs are helping to develop plans to target students on-watch or at-risk.

(See Attachment Priority #4 – Pupil Achievement)

(METRIC D) Smarter Balance Assessment base line data will be developed using Spring 2015 assessments.

Baseline data is not available. Actions have focused on building site infrastructure and having technology available for students to take the assessment. Upgrades have resulted in the ability for IUSD to successfully implement the CAASPP assessment in Spring 2015 with no interruptions due to infrastructure or technology. The addition of TOSAs and other staff are helping students transition to the new testing format.

		<p>(See Attachment Priority #4 – Pupil Achievement)</p> <p>(METRIC E) 93.3% of all 10th graders and 90.4% of all high school students passed the ELA CAHSEE assessment in 2013/14. What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		<p>Common Core funding and additional LCAP Base and Supplemental funding have been significant factors in IUSD's ability to prepare teachers to implement the Common Core State Standards (CCSS). A number of revisions were made to the metrics to: Bring them in alignment with state requirements, add additional data points to better measure our progress, and make them more meaningful to the stakeholders.</p> <ul style="list-style-type: none"> <li>o Metric C: Addition of Star Renaissance ELA and easyCBM math data for 2015/16.</li> <li>o Metric D: Addition of district API scores.</li> <li>o Metric G: Specific information on ELA/ELD standards and implementation.</li> <li>o Metric H: Addition of AP examinations and other college-going behaviors.</li> <li>o Metric I: Adjusted language to make the data measurable.</li> </ul> <p>To continue to successfully implement the CCSS and successfully impact student achievement, the district utilized stakeholder input and added the following actions to the 2015-16 LCAP:</p> <ul style="list-style-type: none"> <li>• Additional professional learning days funded with Common Core monies removed from LCAP and added to calendar via negotiations.</li> <li>• Funding to expand summer school programs.</li> <li>• Fully-fund elementary science programs with on-going money.</li> <li>• Funding to support implementation of integrated math pathways that will allow district teachers to cultivate curriculum.</li> <li>• Funding to provide stipends to current IUSD teachers to serve as mentors</li> </ul>

Goal Applies to: Schools: All Applicable Pupil Subgroups: All				
Expected Annual Measurable Outcomes:	(METRIC J) Students have access to technology at all sites. Establish baseline using Speak Up Survey to measure use of and access to programs, technology, and training that support learning and skill development.  (METRIC K) Students continue to have access to textbooks and relevant learning materials. All students will continue to have access to textbooks and materials. Teachers will be appropriately assigned and school facilities will be in good repair.		Actual Annual Measurable Outcomes:	(METRIC J) Students will have access to technology at all sites. Speak Up Survey used to measure use of and access to programs, technology and training that support skill development. Survey results show that students have overall access to technology. Teachers: <ul style="list-style-type: none"> <li>• All have a desktop</li> <li>• 15% have access to a laptop</li> <li>• 24% have access to a tablet</li> </ul> Students: <ul style="list-style-type: none"> <li>• 59% of students in grades 3-5 have access to computers</li> <li>• 18% of students in grades 6-8 have access to a laptop or tablet</li> <li>• 7% of students in grades 9-12 have access to a laptop or tablet</li> </ul> (See Attachment Priority #1 - Basic)  (METRIC K) All students will have access to textbooks and learning materials. We met this goal in 2014-15.  Actions added to the LCAP have allowed IUSD to maintain the ability to meet Williams requirements --Teachers are appropriately assigned, students have access to textbooks and school facilities are in good repair.  (See Attachment Priority #1 - Basic)

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>LCAP and Common Core funding have allowed the district to move forward with infrastructure projects. It also provided the ability to provide district and site staffing to support technology tools and to train staff on the implementation of technology resources. Spring 2015 CAASPP assessment has been successful across the district due to the ability of IUSD to fund the projects and support identified in the LCAP. A number of revisions were made to the metrics to: bring them in alignment with state requirements, add additional data points to better measure our progress, and make them more meaningful to the stakeholders.</p> <p>o Metric K: In addition to monitoring student access to learning materials the district is also monitoring that teachers are</p>		

appropriately assigned and that facilities are in good repair.

To continue to successfully implement the CCSS, the district needs to assess students online using the CAASPP assessment, have varied core and supplemental learning materials and have staff to support implementation. The district utilizing stakeholder input has added the following actions to the 2015/16 LCAP:

- Equity and ability for sites to complete CAASAP and universal screeners by increasing amount of money in computer matching.
- Centralization of replacement of projector bulbs and emergency replacement equipment to prevent interruptions of instruction.
- New systems and tools to allow more access to programs for teachers and students including a data warehouse, document management tool, updated website, calendar system and online intervention/remediation resources.
- Staffing to support and train teachers on new technology tools and programs.
- After elimination of IMF funds, ensuring adequate funding for purchasing text books for upcoming adoptions in ELA, Science and Social Studies.
- Increased amount of funds available to sites via Computer Matching Program

Goal Applies to:	Schools:	All Applicable Pupil Subgroups: (Metric L) All and ELL, SWD, SED, African-American, Hispanic (Metric M, N, O, P, Q, R, S, T) All		
Expected Annual Measurable Outcomes:	(METRIC L) Maintain high graduation rates. Continue to maintain high graduation rates. Decrease achievement gap in identified sub-groups by 1-2%.  (METRIC M) Increase % of students completing UC/CSU course requirements. Increase the number of students completing UC/CSU course requirements by 2%.  (METRIC N) Increased participation and completion of Career Technical Education pathways (CTE). Establish baseline data on CTE enrollment and capstone course completion.  (METRIC O) Successfully implement PBIS with fidelity at each school site. Increase the number of sites that achieve 80% or more on PBIS site assessment. Engage stakeholders through surveys to elicit feedback on LCAP, school safety, connectedness and implementation of the Common Core.  (METRIC P) Decrease the number of expulsions. Decrease the number of expulsions to .12% of student population.  (METRIC Q) Decrease out of school suspensions. Decrease the number of suspensions to 2.25% of student population.  (METRIC R) Decrease dropout rate. Decrease the overall dropout rate by decreasing sub-group rates by 2% per year. (Students 7-12)		Actual Annual Measurable Outcomes:	(METRIC L) In 2013-14 98.5% of students graduated. The achievement gap was very small between all subgroups.  IUSD continues to have high graduation rates. Actions in the LCAP such as lowered student-to-counselor ratio and increased administration provide support and ensure make that all students reach graduation goals and to reduce the gap between subgroups.  (See Attachment Priority 5 – Pupil Engagement)  (METRIC M) 57.3% of students completed UC/CSU course requirements. As of May 15, 2015, this data is not available. We expect to meet this metric by the end of the school year.  (See Attachment Priority #4 – Pupil Achievement)  (METRIC N) Goal to increase participation and completion of Career Technical Education pathways (CTE). Baseline data reflects strong participation and sites are increasing the number of available pathways. Metric for 2015-16 will measure students participating in a career technical course or pathway and receiving a passing grade.  (See Attachment Priority #4 – Pupil Achievement)  (METRIC O) Using the PBIS Self-Assessment Survey (SAS), 13 of 23 schools were above 80% implementation average for the

(METRIC S) Decrease % of students chronically absent. Decrease the % of chronically absent students to 5% of student population. Maintain high attendance rates and reduce truancy rates.

(METRIC T) Create and maintain a balanced budget that meets the needs of our diverse student population in a rapidly growing district.

2013-14 school year. 19 of 35 IUSD schools have achieved or surpassed an 80% implementation average for the 2014-15 school year. Metric has been met for year.

Surveys conducted by the district have provided feedback used by sites and district to improve.

1. LCAP online survey to gather stakeholder feedback:
  - a. Winter – Input on 14/15 LCAP and suggestions on improving the plan for 15/16.
  - b. Spring – Feedback on draft LCAP plan
  - c. Student LCAP survey provided sites with student connectedness to school, school communication with parents and favorite subjects along with other information.
2. Winter - Continuous Improvement Efforts: Survey of parents, teachers and students on the implementation of Common Core and determination of focus areas for implementation.
3. Healthy Kids Survey
4. Site Surveys – schools on a bi-yearly schedule. Survey results summarized and graphed by Hanover Research Group.

(See Attachment Priority 6 – School Climate)

(METRIC P) 17 students were expelled in 2013-14 which was 0.1% of the overall student population. As of May 15, 2015, 8 students were expelled or 0.0% of the student population for the current school year. We expect to meet this metric by the end of the school year.

Continued focus on implementation of PBIS, alternative to suspension and implementation of current state mandates have resulted in a reduced number of expulsions.

(See Attachment Priority 6 – School Climate)

(METRIC Q) 512 students or 1.7% of students had out of school suspensions in 2013-14. As of May 15, 2015, 499 or 1.6% of student population had out of school suspensions. We expect to meet this metric by the end of the school year.

Continued focus on implementation of PBIS, alternative to suspension and implementation of current state mandates have resulted in low suspension rates.

		<p>(See Attachment Priority 6 – School Climate)</p> <p>(METRIC R) In 2013-14 the Annual Adjusted Grade 9-12 dropout rate was 0.7%. The two subgroups with the highest percent of dropouts were Hispanic – 1.4% and White – 0.9%. In middle school our Adjusted Dropouts were 4 students. Our current data shows we will reduce dropout percentage for 2014-15.</p> <p>(See Attachment Priority 5 – Pupil Engagement)</p> <p>(METRIC S) In 2013-14, 5.5% of students were chronically absent. Goal is to reduce chronically absent to 5% of student population. As of May 15, 2015, 5.2% of student population is chronically absent. We expect to not meet this metric by the end of the school year.</p> <p>(See Attachment Priority 5 – Pupil Engagement)</p> <p>(METRIC T) Create and maintain balanced budget. As of May 15, 2015, budget is balanced. We expect to meet this metric by the end of the school year.</p>

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?		A focus of LCAP funding has been to support schools in developing a positive school culture and safe learning environment. The city of Irvine prides itself on being one of the safest cities in America and IUSD is extremely proud to have a safe learning environment for students and a safe work environment for staff. Actions in our current LCAP have helped to improve conditions at our sites and have had a positive impact on our metrics for pupil engagement, school climate and parent involvement. A number of revisions were made to the metrics to: bring them in alignment with state requirements, add additional data points to better measure our progress, and make them more meaningful to the stakeholders. o Metric O: In future years, implementation of PBIS will use both the Self-Assessment Survey (SAS and the Tiered Fidelity Inventory (TFI). The district will also be including information from a variety of district surveys to measure involvement in the LCAP process, school connectedness, implementation of the Common Core and school safety. o Metric R: This metric will now measure both middle school and high school dropout rates. o Metric S: Attendance will remain the focus of this metric with goals for improving attendance levels and reducing the number of chronically absent students.  Additional actions in the 2015/16 LCAP will continue to build on improving the climate at our schools for students, staff and parents. These actions include: • Through our mental health collaborative, IUSD developed a plan to support students across the district with the addition of five mental health specialists. The new specialists will support mental health programs targeting our high schools in 2015-16.

Original GOAL 4 from prior year LCAP:	Communicate effectively and form strategic alliances to secure the support and resources necessary to deliver our vision.		Related State and/or Local Priorities: 1 <input checked="" type="checkbox"/> 2 <input type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input checked="" type="checkbox"/> 6 <input checked="" type="checkbox"/> 7 <input type="checkbox"/> 8 <input checked="" type="checkbox"/>  COE only: 9 <input type="checkbox"/> 10 <input type="checkbox"/>  Local : Specify
Goal Applies to:	Schools:	All  Applicable Pupil Subgroups: (Metric U, V, W) ELL, low income, and foster youth	
Expected Annual Measurable Outcomes:	<p>(METRIC U) Increase the % of parent involvement activities. Active parent involvement activities for students and their families will increase. IUSD will explore various methods of involving parents in the process of formulating future actions and prioritizing proposed actions in the Local Control Accountability Plan.</p> <p>(METRIC V) Increase the % of parents attending activities. Participation and or attendance at both district and site levels will increase. IUSD will increase efforts to promote parent participation in programs for unduplicated pupils and pupils with exceptional needs.</p> <p>(METRIC W) Improve communication to stakeholder groups through media and website. Establish baseline by using surveys and monitoring parent and staff access to modes of communication. (e.g. School Messenger, Canvas, Aeries.net and Parent Portal)</p>		<p>Actual Annual Measurable Outcomes:</p> <p>(METRIC U) Goal to improve number of parent involvement activities in 2014-15 and create a baseline level. As of May 15, 2015, active involvement in the Local Control Accountability Plan by parents students and other subgroups have increased in 2014-15. We expect to meet this metric by the end of the school year.</p> <p>(See Attachment Priority #3, Parent Involvement)</p> <p>(METRIC V) Goal to improve % of parents attending activities focusing on our programs for unduplicated pupils (EL, low income and foster youth) and pupils with exceptional needs (Special Education and Gifted).</p> <p>When examining the required metrics from the state it was determined that this metric would be adjusted to focus on programs for unduplicated pupils (EL, low income and foster youth) and pupils with exceptional needs (Special Education and Gifted). The district will use the data from 2014-15 as a baseline for building participation from these groups in future years.</p> <p>(See Attachment Priority #3, Parent Involvement)</p> <p>(METRIC W) Goal to improve communication to stakeholder groups through media and website. With changes in our process and efforts to communicate with our stakeholders, we expect to meet this metric by the end of the school year.</p> <p>(See Attachment Priority #3, Parent Involvement)</p>

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>Irvine Unified School District is pleased to have an extremely active parent community. It supports the actions of the district, provides support by volunteering in our schools, participates in PTA, SSC and ELAC committees, and supports our schools financially. We also have wonderful partnerships with the City of Irvine, The Irvine Company and the Irvine Public School Foundation that provide a variety of supports for the district. A number of revisions were made to the metrics to: bring them in alignment with state requirements, add additional data points to better measure our progress, and make them more meaningful to the stakeholders.</p> <ul style="list-style-type: none"> <li>o Metric U: Adjusted to reflect parent involvement in the LCAP process.</li> <li>o Metric V: Modified to focus on district efforts to include unduplicated students (low income, foster youth and English learners) as well as students with exceptional needs (GATE and Special Education).</li> <li>o Metric W: Focus on improving communication systems with parents and community.</li> </ul>

### Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$9,446,842
<p>Irvine Unified School District is expending Local Control Funding Formula (LCFF) funds to target the unique needs of our supplemental learners including English language learners, foster youth and low income students. Our unduplicated count of students represents 27.6% of our total enrollment. The district solicited feedback and input from stakeholder groups and shared disaggregated academic achievement and perception data in order to identify services, actions and corresponding expenditures. Stakeholder input collected from site meetings, district meetings, and online surveys led to the decisions found in the IUSD Local Control Accountability Plan (LCAP).</p> <p>IUSD's population of unduplicated students is distributed across the district, in order to best serve and meet the needs of the students in a meaningful way many actions were funded district-wide. The district has determined that using supplemental funding to provide research based, targeted, school-wide and district-wide services addresses the needs of our unduplicated students. Decisions to incorporate actions into the LCAP are based on a number of research based programs and the IUSD "Continuous Improvement Efforts" (CIE). The CIEs, illustrate our core mission to develop essential capacities within our students and our staff, and to evaluate, each day, the impact of our teaching on student learning. Additional research based programs include:</p> <ul style="list-style-type: none"> <li>• Response to Intervention (RTI)</li> <li>• Multi-Tier Systems of Support (MTSS)</li> <li>• Positive Behavior Interventions and Supports (PBIS)</li> <li>• Universal Design for Learning (UDL)</li> </ul> <p>The following represents examples of the actions recommended to support English learners, students re-designated as fluent English proficient, long term English learners, low income, foster youth, and students with disabilities:</p> <ul style="list-style-type: none"> <li>• Provide professional learning opportunities on implementation of the Common Core. Focused on supplemental learners: English learners, low income and foster youth.</li> </ul> <p>*****Supports Priority #2 and #4</p> <ul style="list-style-type: none"> <li>• Professional learning for teachers on integration of ELA Common Core and ELD standards</li> </ul> <p>*****Supports Priority #2 and #4</p> <ul style="list-style-type: none"> <li>• Hire Teachers on Special Assignment to assist in professional learning opportunities for teachers of English language learners.</li> </ul> <p>*****Supports Priority #2 and #4</p> <ul style="list-style-type: none"> <li>• Review, pilot, and implement use of research-based supplemental materials to support ELL learners' access to the core curriculum.</li> </ul> <p>*****Supports Priority #4 and #7</p> <ul style="list-style-type: none"> <li>• Provide all sites funding to support research-based intervention programs before, during and after school.</li> </ul> <p>*****Supports Priority #4</p> <ul style="list-style-type: none"> <li>• Implement Positive Behavioral Intervention Systems (PBIS) and Multi-Tiered Systems of Support (MTSS) across the district with fidelity. Intended outcomes are: Building a positive school environment, increasing attendance and reducing negative behaviors.</li> </ul>	

\*\*\*\*\*Supports Priority #6

- Host summer school programs that target supplemental learners: English learners, low income and foster youth.

\*\*\*\*\*Supports Priority #4

- Build and develop a stronger counseling program to help students meet graduation and A-G requirements. Continue to fund a reduced ratio of students to counselors at 450:1 resulting in greater attention, on-going monitoring and increased number of college-ready students. Train counselors in strategies that will focus additional support on our ELL, low-income and foster youth to increase college-going rates.

\*\*\*\*\*Supports Priority #4, #5 and #6

- Provide administrative, assessment, and professional learning staff to support supplemental learners – ELL, foster youth and low income students.

\*\*\*\*\*Supports Priority #4

- Clustering English Language Learners in a structured English Language Learner environment allowing for students to be taught at their home school, in a reduced classroom environment focusing on English acquisition and transitioning to a mainstream classroom

\*\*\*\*\*Supports Priority #4

- Allocate funding to sites to support unique needs of English learners, low income and foster youth.

\*\*\*\*\*Supports Priority #4 and #6

- Support existing pathways and expand pathways for Career Technical Education programs in our high schools.

\*\*\*\*\*Supports Priority #4

- Maintain funding to our continuation high school to provide support programs to keep students continuously enrolled.

\*\*\*\*\*Supports Priority #4

- Increased funding from 50-100% Coordinator of Mental Health and the addition of five credentialed staff to support a district-wide initiative to address mental health issues of students.

\*\*\*\*\*Supports Priority #4, #5 and #6

- Parent trainings, workshops and activities

\*\*\*\*\*Supports Priority #3

Irvine Unified School District has outlined broad goals in the district Strategic Initiatives:

OUR VISION:

A commitment to excellence is the hallmark of the Irvine Unified School District. As a school and community partnership, our promise is to provide the highest quality educational experience we can envision. To that end, we are dedicated to:

- The joy of learning for all
- Respect for each individual's worth and uniqueness
- A celebration of diversity
- An environment that nurtures the quest for quality
- A culture founded on relationship and inclusion

OUR MISSION:

We will leverage our collective resources in order to make a meaningful difference in today's and tomorrow's world by:

- Nurturing the diverse gifts and capabilities within each individual
- Challenging every student and adult learner to persevere for excellence
- Developing competent, resourceful, resilient, and empowered learners prepared to meet the challenges of a complex future
- Enhancing the human capacity for courage, compassion, and contribution

**OUR VALUES:**

As a district, we weave our core values into all that we do. Lived individually and exhibited organizationally, they are:

- Integrity
- Collaboration
- Learning
- Empowerment
- Trustworthiness

IUSD believes that using supplemental funding to provide research based, targeted, school-wide and district-wide services supports our vision to “provide the highest quality educational experience we can envision” for at-risk students. The actions listed above will ensure that our supplemental students receive high quality academic and social-emotional support resulting in developing competent, resourceful, resilient and empowered learners prepared to meet the challenges of a complex future.

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

4.14	%
------	---

Irvine Unified School district has met the proportional percentage by increasing the level of services for low income students, foster youth and English Language Learners on a district-wide basis. The increase in services reflects increased student populations, additional programs and services including the following:

- Increased TOSA support for English language learners
- Additional support for research based intervention programs
- Increased access to technology through site level purchases targeting English learners, low income and foster youth as well as district-wide programs.
- Increased access to online learning opportunities and benefitting from districtwide investments in technology infrastructure to support implementation of online learning for English learners, low income and foster youth.
- Funding for extended learning opportunities including increased funding for summer school
- Increased funding to support mental health needs of students

**LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX**

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:

- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

(c) "High school dropout rate" shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(d) "High school graduation rate" shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).

(f) "Expulsion rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
