PURPOSE OF PROJECT

The objective of this project is to determine if a reasonable relationship exists between new residential, commercial, and industrial development and the need for new and/or reconstructed school facilities in the Milpitas Unified School District. The study will be documented to provide the District with the justification necessary to levy developer fees as authorized by Education Code Section 17620. The report will comply with any new legislative requirements to date, including SB 1693 and AB 3081 requirements.

PROJECT METHODOLOGY

The project that Jack Schreder & Associates, Inc. is proposing will be comprised of the following separate components:

- Component A:** Projection of the residential, commercial, and industrial development.
- Component B:** Identification of student yield factors for residential, commercial, and industrial development.
- Component C:** Generation of enrollment projections based on natural growth and new residential development.
- Component D:** Identification of existing facility capacity, facility needs, and facility costs based on enrollment projections. Class size reduction implementation may affect District capacity.
- Component E:** Preparation of documentation in compliance with current developer fee law.

COMPONENT A

In order to identify the projected student impact of residential, commercial, and industrial development, it is necessary to assess the impact of development. This component of the study will identify the level of future residential, commercial, and industrial development anticipated to occur in the District.

As required to justify developer fees, the specific steps in this component are:

- Identify approved and tentative development projects on file with the county and city planning departments where applicable.
- Identify development potential for vacant and under-developed land.
- Identify city building densities, current zoning, and master plan designations to establish build-out potentials.
- Provide development projections for single family residential and multiple family residential development. Provide projections of commercial and industrial development by category.
- Determine the development impact on the District when pre-existing dwelling units are demolished and replaced by reconstructed dwelling units as it occurs within the District boundaries.
- Project fee revenues for residential, commercial and industrial based on the current maximum fee.

District responsibility: Provide information regarding current and future projected residential development known to the District.

COMPONENT B

State default student yields will be utilized or student generation rates (SGR's) will be calculated to project the student impact of future development. The commercial/industrial SGR's will address employee generation factors, as provided by the San Diego Traffic Generation documentation (17621(e)(1)(B)).

COMPONENT C

Enrollment projections for the District will be provided which are based on the levels of new residential development identified in Component A and the SGR's identified in Component B. The enrollment projections will utilize a cohort survival methodology and proposed residential development where applicable.

District responsibility: Provide demographic information, including CBEDS enrollment for the current school year. Enrollments must be provided by grade level.

COMPONENT D

Once the enrollment projections are established, the District's ability to house future enrollments will be analyzed. The capacity of the District facility will be identified and future enrollments will be "loaded" into the facilities to determine if, and when, the capacity at each grade level organization will be exceeded. The effects of class size reduction program implementation will be determined. Costs for providing new facilities will be provided on a per dwelling unit, per student, and per square foot basis.

In addition to establishing the District's future facility needs and costs, the available facility funding sources will be identified.

District responsibility: Provide a schematic fire drill map or SP1A of each District site, including any closed or unused sites. The schematic should include current class use, District loading policy, and any limitation to housing additional students (classroom use or school site size.) Portable classrooms must be identified for each site, including use, and ownership; if they are leased, terms of lease must be provided.

COMPONENT E

The information and conclusions identified in Components A through D will be included in a report to be delivered to the District upon completion of the project. The report will comply with the requirements of Education Code Section 17620.

CONSULTING FEES

Jack Schreder & Associates, Inc. will provide analysis in the form of a final report for the district. One (1) draft copy of the report will be made available for review to the district. After district review, ten (10) copies of the final report will be provided to the district. Jack Schreder & Associates, Inc. will provide step-by-step instructions to implement the fees. Model resolutions and Board policies for the public hearing process and the establishment of developer fees will also be provided.

Milpitas Unified School District

Price

Developer Fee Justification Study

\$5,763

Note: Education Code Section 17620(a)(5) provides that developer fee revenues may be used to pay for the cost of preparing developer fee justification documentation.

As a courtesy at **no cost to the District**, Jack Schreder & Associates, Inc. will provide a template for your District's 5-year plan as required by Government Code Sections 66006 and 66001. This plan is updated each year and must be available for public review by December 26th (180 days after close of previous fiscal year).

Upon the District's request, Jack Schreder & Associates, Inc. will assist the District with completing the plan. The cost for such assistance is \$165/hour, not to exceed 16 hours.

Additional Considerations

- The quoted price does not include attendance at the Board meeting when the report is presented; this is an additional optional cost for the District.
- Visitations to the district following the completion of the draft will be reimbursed to the Consultant in the amount of \$165 an hour including travel time.
- Reproduction costs of the draft and final reports will be reimbursed to the Consultant. At the District's request, a "camera-ready" copy can be provided.
- Express mail expenses will be documented and reimbursed to the Consultant.

TIME SCHEDULE

The draft report which will include baseline data regarding District capacity, student yield information, classroom loading policies and class size reduction will be determined within 60 days of a signed agreement and receipt of requested information. The final report will be completed 15 days after receipt of the final draft from the District.

This agreement is between the Milpitas Unified School District and Jack Schreder & Associates, Inc.

Cheryl Jordan
Superintendent
Milpitas Unified School District

PROFESSIONAL QUALIFICATIONS

Dr. Jack S. Schreder **President**

As a Government Relations and School Facilities Consultant for the past thirty years, Dr. Schreder has used his expertise to assist school districts with their facility and financial concerns. Dr. Schreder's knowledge of educational facilities and finance has been augmented by his experience working within various California school districts. As a former president of the Associates of California School Administrators (ACSA Region 1), former lobbyist for ACSA, San Diego City Schools, and several private entities, he has developed the skills necessary to develop a process which results in meaningful solutions to resolving impact issues.

Dr. Schreder is a graduate of Stanford University (Ph.D. - Education and Business), San Francisco State University (M.A. - School Administration) and Michigan State University (B.A. Economics).

Kristen G. Schreder **President, School Facilities Division**

Kristen Schreder is a specialist on issues relating to State Allocation Board regulations and the Office of Public School Construction policies. She represents over eighty school districts on matters related to the LeRoy Greene School Facility Program. She is an experienced lobbyist in both Louisiana and California.

Ms. Schreder is an honors graduate of Chico State University (Social Science, 1978) and is a graduate of the National Center for Paralegal Training, Atlanta, Georgia, 1982.

Cheryl A. King **Senior Associate**

Ms. King has worked extensively with school districts throughout Illinois, Michigan, Colorado and California for over 20 years. Her diverse career includes teaching at both the secondary and university level and developing curriculum and outreach programs at both levels. She also administered programs as an Administrative Assistant for the Michigan Department of Education where she worked in conjunction with 20 school districts statewide to obtain state funding for projects in their districts, including follow-up evaluation procedures.

Her work in California includes extensive grant writing, development and management of programs countywide for Butte County, consultant work with various school districts and Director of a State Local Partnership Program for the California Arts Council. Ms. King has also worked in the areas of legislative analysis and educational law as a legal assistant in the Sacramento area.

Elona Cunningham
Senior Associate

Ms. Cunningham received her BS in Business Administration with a Minor in Spanish from Menlo College and her English/Spanish Bilingual Multiple Subject Teaching Credential from the University of San Francisco. Her work experience includes five years as a bilingual elementary school teacher in California. Before joining Jack Schreder and Associates in 1997, Ms. Cunningham worked at the corporate offices of J. Crew in New York and the Gap in San Francisco.

Ms. Cunningham has over 14 years of experience in the school facility arena. Her experience includes all areas of school facility planning while specializing in securing facilities funding for school districts throughout the State of California. In order to maximize State funding, district's needs are evaluated and all available facility funding options are considered to maximize funding. Over the course of 14 years she has secured facilities funding for over 100 school districts totaling in excess of \$1 billion in facility funding. In order to secure facility funding, regular interaction with relevant State agencies is critical. Through regular communication and a presence in Sacramento, Ms. Cunningham has developed strong relationships with the Department of the State Architect, California Department of Education, and the Office of Public School Construction.

In addition, Ms. Cunningham prepares Level I Developer Fee Justification Studies and Level II School Facility Needs Assessments to assist with the impact of additional students generated from development projects.

Tamara Caspar
Associate

Ms. Caspar joined our firm in 1998. Ms. Caspar is responsible for tracking and assisting districts with determining new construction and modernization eligibility. Ms. Caspar serves as a liaison between school districts, architects, and State agencies to secure funding for eligible projects in a timely manner.

Jamie M. Iseman
GIS Director

Ms. Iseman received her B.S. in Geography from California State University, Sacramento and her M.S. in Geography with an emphasis in Demographics and Planning from the University of South Carolina. Ms. Iseman worked as a GIS Analyst with the State Department of Health and Environmental Control while in South Carolina and also served as a research assistant for the South Carolina Geographic Alliance, developing computer programs to assist the teaching of Geography to K-12 students.

Since 2001 she has been utilizing Geographic Information Systems (GIS), a powerful computer mapping tool, in the preparation of Demographic Analyses and Master Plans for over 18 California school districts to assist them in analyzing current and historic student populations, the migration of students and community populations, optimizing attendance boundaries, consolidation of current schools, location of new schools, and other geographic area specific analyses for long range planning. She works closely with District staff and oversight committees to develop specific criteria for optimizing current and future facility usage.

Evelyn Shafer
Associate

Ms. Shafer has worked in the School Facility Program since 1999 preparing SFP applications for all programs and working closely with districts to maximize funding opportunities. She also prepares Level I and Level II studies.
