Board Self-Evaluation

BB 9400

Board Bylaws

Effective and efficient Governing Board operations are an integral part of creating a successful educational program. In order to measure progress towards its stated goals and objectives, the Board may annually schedule a time and place at which all its members may participate in a formal self-evaluation.

The Board, if its members decide on a formal evaluation process, shall be evaluated as a whole and not as individuals. The evaluation will focus on the internal operations and performance of the Board. Any self-evaluation instrument will be based on these goals and objectives, which shall be consistent with district goals identified in its strategic plan.
