

CAMPBELL
SCHOOL OF
INNOVATION

Campbell Union School District
Governing Board presentation
October 26, 2017

Boundary Community Input Meeting

We had 21 community members at the input meeting

Information was provided, including the proposed boundary changes

A process was done to allow for questions and comments as well as to offer glows

We will be placing the prominent questions and responses on our FAQs on the website

Campbell School of Innovation Design Team

- Three teachers have been selected for the team to further design the program for CSI
- The team met with the district support team and our STEAM and tech Teacher On Special Assignment (TOSA) to discuss the plans
- Logo/Website design are in development and will be completed by Nov. 10
- The architects provided proposed plans to the team for input

SEEK. LEARN. LEAD

“We are a community that seeks to understand, learn through design, and lead with innovation to create a better world.”

Seek = We seek to understand our community, be empathetic, tolerant, reflective, curious and inquisitive.

Learn = We learn for a purpose.
Learning is authentic, relevant, and public.

Lead = We take action to innovate, inspire and design.

Core Values

- Learning must be authentic
- All students will grow academically and socially
- We are all designers
- Students are at the center
- We learn together
