2017-2018 Goals

- **Support the WASC Accreditation Process in 2017-2019**
- **Begin evaluation process for IB Five Year Program Evaluation**
- **Investigate offering new IB English Language and Literature SL course in 2018-2019**
- **Development of new IB Mathematics courses for 2019-2020**
- **Support new IB teachers in IB English Year 2 and IB Visual Arts**
- **Maintain training program**

IB and Common Core

- IB standards were selected as one of five benchmarks to compare CCSS against
- CCSS standards for practice in ELA and Mathematics are strongly aligned with IB.
- IB and CCSS focus on college and career readiness, depth of understanding, analysis, and interdisciplinary teaching and learning
- IB schools are already well positioned for transition to CCSS
- A K-11 Common Core will enhance the IB Program in grades 11 and 12

IB and Common Core

- **IB Aims are broader than CCSS in that the IB incorporates international-mindedness and the IB Learner Profile**
- **IB Diploma program assessment objectives are very closely reflected in the CCSS practices**
- **Integrated mathematics in all IB Math courses**
- **www.ibo.org/iba/commoncore for further documentation**
