My signature below means that I have a current California teaching credential and that I am meaningfully interested in teaching at the Campbell School of Innovation, a public charter school that will serve students in grades K through 8, beginning in the 2018-2019 school year. A copy of the charter petition to establish the Campbell School of Innovation was attached to this Signature Page and was made available to me to review prior to my signing below. My signature and printed name (first, middle, last), as it appears on this Signature Page, are the same as my name appears on the website of the California Commission on Teacher Credentialing.
