Above is the distribution of ISPE according to student use. The majority of students are using ISPE to provide an opportunity for an additional elective. There are also students in for whom ISPE allows them to take an elective in addition to a program-specific course, including Immersion, AVID and Special Education. There are 30 students who take only five classes on campus in addition to ISPE.

There are 442 electives being taken by the 221 students taking two electives. It isn't possible to know how limiting the option for a second elective would impact demand for courses, since it isn't possible to know which elective students would choose as their first priority. The distribution of the electives is listed above.
