Barriers to Consider regarding Program Enrollment

- Seaside enrollment numbers in the Extended Day have not materialized (e.g. 5 students with 1 teacher and 1 assistant for 3 additional hours each day)
- Seaside is a full day (6 hour) program, yet we receive state funding for only 3 hours of each day for families with subsidy (the district supplements the rest)
- Team teaching, though powerful, immediately doubles the cost of the program (Seaside Cabrillo, Seaside Edison, Seaside Grant, Washington West)
- Sites that are not directly connected to an elementary school have fewer enrolled students (Adams preschool, Pine Street preschool)
- Perception about teaching expectations varies from site to site

Ways to Grow Stronger!

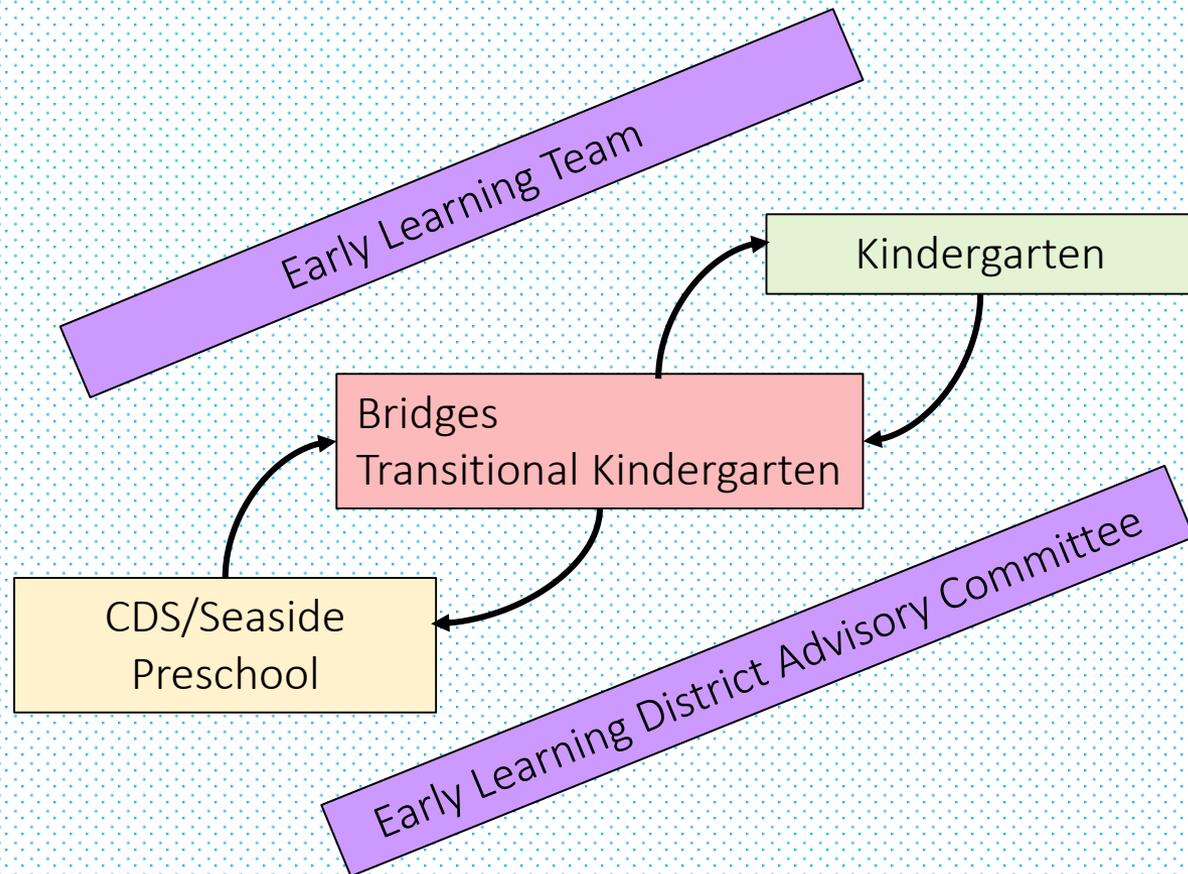

- Professional Development
- Collegial Connections
- Public Relations

Our Vision of the Early Learning Pathway

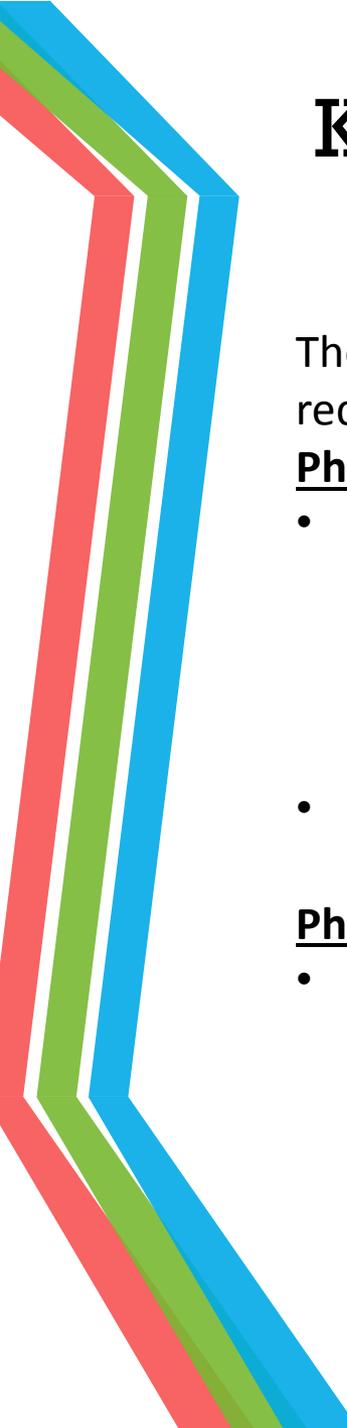

Goals of the Early Learning Team

- Focus conversations on vertical alignment from Preschool through Kindergarten
- Assessment Discussions
- Develop the vision for the Early Learning Continuum

Kindergarten Readiness Assessment First 5 LA Grant

- Working with the Youth and Families Division in the City of Santa Monica and Connections for Children
- The overarching vision for this pilot program is to use families and educators' insights and recommendations to achieve the following long-term goals:
 - Implement identified family and community engagement strategies around the EDI
 - Develop an early warning indicators system for community-wide preschools to screen and link children to supports
 - Ensure children experience supported progression from early childhood education and care to kindergarten through the expansion of transitional practices between preschool teachers/early child care providers and kindergarten teachers

Kindergarten Readiness Assessment

First 5 LA Grant

The Santa Monica Community EDI Engagement Plan is a long-term vision that requires multiple phases to reach the identified goals.

Phase One

- Build the foundation of EDI efforts through **facilitated discussion between SMMUSD preschool, transitional kindergarten, and kindergarten teachers.**
 - Preschool, transitional kindergarten, and kindergarten teachers in both general and special education will work together to review where students are scoring on the DRDP in preschool and EDI in kindergarten.
- This dialogue will then develop the approach taken to **vertically-align curriculum and pathways from preschool through kindergarten.**

Phase Two

- In the future, the intent is to expand the community EDI engagement plan to include an **Early Learning Systems Alignment Tool Kit.** The purpose of the tool kit will be to **sustain conversations between preschool teachers, kindergarten teachers, and families in private and public, informal and formal settings.**

I. Welcome and Introductions

- a. Just Like Me Activity

II. Building a Common Understanding of School Readiness

- a. Yardsticks Activity - What should students know and be able to do?

III. Why Early Learning?

- a. "Who are we" Powerpoint

IV. EDI and DRDP Information session

- a. First 5LA shares

V. EDI and DRDP Crosswalk Activity

- a. Focus on Social Emotional Development (SED), Cognition Including Math and Science (COG), and Language and Literacy Dev (LLD)

VI. Let's Create Together!

- a. The Color Monster Book (or El Monstruo de los Colores)
- b. Consider conversation entry points at PK, TK, and K
- c. Find the Domain that best suits your needs
- d. Develop expectations for what to bring back in August

VII. Next Steps and Next Year

VIII. Process Check, Reflection and Closure

EARLY LEARNING TEAM
DRAFT Agenda for Vertical Alignment Conversations
May 1st, May 2nd, May 8th

Next Steps....

- **RGK/Reissa Foundation Grant – At Convocation and throughout 2018-2019**
 - Enabled us to work on a STEAM-based curriculum with materials
 - Additional provocation lessons will be developed and shared among staff
- **Early Learning Team – Meeting Monthly with 14 staff!**
 - Continued work on the vision of early learning
 - Team members will serve as core support for the development of our vertical alignment conversations
- **Early Learning DAC – Continuing with Charges and Serving as an Advisory**
 - Determine who is eligible but not attending preschool
 - Consider the assessments in the early learning pathway to determine how to best support student success
- **Kindergarten Readiness Assessment – Vertical Alignment PD Day in May!**
 - Set up pathway meetings among all PreK, TK and Kindergarten teachers
 - Begin the crosswalk talk from DRDP data to EDI data

Thank you –

For your commitment to and
continued work with

Early Learning!
