			assessments
C&I	Scaffolding Critical Thinking	Aug. 7 and 8	This class will present explicit strategies to help students make relationships, connect concepts and develop analysis skills for reading complex text . Participants will have time to plan and develop lessons using these strategies.
Supports for Students to Meet a-g			
C&I	Math Boost	July 5 - 25	Rising freshmen attend a two week boost program to focus on skills and content that are needed to bridge middle school to high school. These skills and content are aligned to common core standards and provide students additional time in certain areas to boost their learning and deepen their confidence.
C&I	ELA Boost	July 5 - 25	
C&I	Mike Hauser Academy	June 11 - 29	Rising freshmen are introduced to STEM Careers. Content of course is focused on math and science and relevant critical thinking problems related to the business at hand.
C&I	Algebra 1 for Cook MS students going on to Elsie Allen HS	June 11 - July 26	Algebra 1 is being offered to Cook MS students as there was not Algebra 1 during the school year. Students who pass this course will start their freshman year in Geometry providing even greater opportunity to meet the new math graduation requirement.
C&I	Project Make	June 12 to 30	Students in grades 4 - 7 are involved in hands on activities and become a "maker" of practical, imaginative and creative hands-on projects including such things as robots, clothing, food, rockets and much more!
C&I	Science Camp	July 5 - 25	For the last four years, in a collaboration between the Luther Burbank Center for the Arts and SRCS, we have held a three week Mariachi and Art camp at Cook Middle School for students age 9-17.. This year the program includes dance, science, and extra music instruction.The science program is a project-based science program that will support science standards.
C&I	Visual Arts Camp	July 5 - 25	

C&I	EXCEL for Youth	June 12 - 30	<p>This program is offered in partnership with Sonoma State. EXCEL for Youth serves students entering grades 3-7 by offering courses that foster and develop essential 21st Century and STEAM skills such as problem-solving, critical thinking, creativity and collaboration. This is done through hands-on, interactive and fun activities provided through a variety of courses.</p>
