14. ACTION ITEMS - REGULAR AGENDA

1. Campbell Union School District Local Control Accountability Plans (LCAP) for 2018 through 2019-2020 School Years

Rationale: Assembly Bill (AB) 97 (Chapter 47, Statutes of 2013), as amended by Senate Bill (SB) 97 (Chapter 357, Statutes of 2013), enacted the Local Control Funding Formula (LCFF). According to the California Department of Finance, the LCFF was designed to address funding inequities and to reform the overly complex and inequitable revenue limit and categorical funding system that allocated state funding to California's local educational agencies (LEAs) school districts, county offices of education, and charter schools. The goal of the LCFF is to reduce state bureaucracy and increase flexibility and accountability at the local level so those closest to the pupils can make the decisions and ensure that pupil needs are met. The formula primarily consists of base, supplemental, and concentration grant funding that focuses resources based on an LEA's pupil demographics. In addition to changing the way that funding is provided to LEAs, LCFF also requires LEAs to prepare a Local Control and Accountability Plan (LCAP) prior to the submission of LEA budgets to oversight agencies. LEAs must also prepare and submit an annual update to the LCAP. The LCAP must describe annual goals for each identified state priority, describe specific actions necessary to achieve those goals, and list and describe annual expenditures implementing the specific actions. The specific priorities are outlined in Education Code sections 52060(d), 52066(d), or 47605(b)(5)(B).

The new rates that were approved in January 2018 by the State Allocation Board set the rate for residential at \$3.79, \$0.61 for commercial, and \$0.08 for mini-storage.
