MARIACHI PROGRAM

BUDGET OVERVIEW

Instrumentation

Recommendations for the purchase of instruments are based on the following standards for mariachi ensembles.

Middle School Beginning Mariachi, Mariachi Ensemble I and Mariachi Ensemble II

Instrumentation for the classes in Middle School Beginning Mariachi, Mariachi Ensemble I, and Mariachi Ensemble II are each made up of 12 violins, 6 trumpets, 12 guitars, 6 vihuelas and 6 guitarrones. This number of instruments will serve 30-35 students per class allowing for a few extra instruments of each type so that students may choose their preferred instrument of study.

Armonia

Instrumentation for the Armonia class (one of two entry level mariachi courses at the middle level) is made up of 20 guitars, 9 vihuelas and 9 guitarrones serving 30-35 students per class allowing for a few extra instruments of each type so that students may choose their preferred instrument of study.

Melodia

Instrumentation for the Melodia class (the second of two entry level mariachi courses at the middle level) is made up of 18 violins and 9 trumpets thus serving up to 27 students per class.

Advanced Mariachi (III) Ensemble

Instrumentation for the Advanced Mariachi (III) Ensemble is made up of 9 violins, 6 trumpets, 2 guitars, 2 vihuelas and 2 guitarrones. This is a highly-selective ensemble which will serve up to 21 students.

Textbooks and Musical Material

As in all performance classes, a method book is the optimum way in which students learn to play in the ensemble setting so a specific standards-based beginning mariachi method published by Northeastern Music Publications is recommended. Also recommended is the companion book that contains ten beginning mariachi selections based on the skills taught in the method book. Quality student assessment materials as well as lesson plans are provided. Both resources will see the beginning level courses through their entire first year of instruction.

Supplies

Minimum recommendations for supplies are based on the chart below.

Sets of Violin Strings	1 set ordered annually for every two violins in the inventory
Shoulder Rests	1 ordered for each new violin at time of purchase plus 25% additional to have extras on-hand
Sets of Guitar Strings	1 set ordered annually for every two guitars in the inventory
Sets of Vihuela Strings	1 set ordered annually for every two vihuelas in the inventory
Sets of Guitarron Strings	1 set ordered annually for every two guitarrones in the inventory
Bottles of Valve Oil	1 bottle ordered annually for every two trumpets in the inventory
Guitar/Vihuela Straps	1 ordered annually for each guitar and vihuela plus 50% additional to have extras on-hand
Bass Guitar Straps	1 ordered annually for each guitarron in the inventory plus 25% additional to have extras on-hand
Finger Picks for Vihuelas	3 ordered annually for each vihuela in the inventory
Heavy Guitar Picks	100 ordered for each school annually

Uniforms

The moño is the characteristic tie of the mariachi performer and is instantly recognizable as such. It is recommended that students work their way up to the honor of wearing the full traje (the mariachi suit). Students are thus encouraged to provide a long-sleeved white shirt, black pants, black socks and shoes in the early years. The budget provides for new moños to be purchased annually for each student participating in the program.

The full traje may be purchased when ready to premiere that first Advanced Mariachi (III) ensemble at the high school level. The Advanced Mariachi (III) students at the middle school should be outfitted in

Basic Mariachi Uniform

Middle School Advanced Charro Shirts

High School Advanced Full Traje (Mariachi Suit)

Education Foundation

Ongoing Professional Development

The annual National Mariachi Workshops for Educators® (NMWE) is co-sponsored by West Music, Inc., Yamaha Corporation, and Wenger Corporation with graduate credit offered through VanderCook College of Music. It will be held the week of July 8, 2018, in Las Vegas, Nevada, and will provide three (3) distinct levels of study. These levels are defined by the specific mariachi styles to be studied which progress from easy to difficult along the continuum. In each of the three levels, there will be a great deal of concentration on the playing of secondary and tertiary instruments as determined by the need of the attendee. All participants will, however, have the opportunity to perform on their primary instruments to sharpen characteristic stylistic nuances as required by the various mariachi styles. Classes on care and repair of the mariachi instruments will also be provided. The week will close with a concert performance featuring all participants playing mariachi arrangements of the various styles studied.

Maestro Jose Hernandez, Director of Mariachi Sol de Mexico will serve as a featured presenter. VanderCook College of Music will handle registration for all participants. Three (3) graduate credits are being offered as an option for those who may be interested.
