Student Survey Data

Are you able to access a computer outside of school when you need to?

Monroe: Are you able to access a computer outside of school when you need to?

- No, I am not able to — 26.8%
- Yes, I am always able to — 43.4%
- Sometimes I am unable — 29.8%

Rolling Hills: Are you able to access a computer outside of school when you need to?

- No, I am not able to — 5.2%
- Sometimes I am unable — 25.0%
- Yes, I am always able to — 69.8%

Student Survey Comments

Student Voices:

- ☐ "Most of the teachers now can assign homework online, so it would be helpful to have a computer to finish the homework. Also it helps save trees."

- ☐ "It helps me. When I don't understand something I just search it up."

- ☐ "Having a device outside of school is important. It allows you to do your homework, listen to music while you work, watch Youtube videos to calm down, and play games to have fun."

- ☐ "The majority of my homework relies on a computer."

- ☐ "I can do homework outside of school and it would allow me to do it straight when I go back home instead of waiting till 9:00 at night to do all my homework."

Web-to-One Empower!

Goals:

- Increase student engagement and self direction
- Empower students to build our Portrait of a Graduate skills and competencies
- Close the technology access gap
- Develop student engagement related to real-world issues
- Promote meaningful collaborative team development

Benefits:

- Authentic learning
- Supports digital learning environments
- Learning is not limited to the classroom, supports diverse time and place
- Supports student engagement
- Provides student/teacher feedback more quickly
- Cost savings, more efficient use of technology

Logistics

Devices:

- Primarily use existing devices

- Move with students through grade levels

- Graduating devices returned to replenish End of Life devices

- Most efficient way to maximize Chromebook use

Repairs:

- Chromebook treated as an instructional material

- Parents liable for "willful"* damage to instructional material

- Optional Insurance Plan for $33 per year

Teacher Expectations

- Assignments and lesson information posted in Google Classroom
- Textbooks remain in the classroom if materials are available online

Goal: More meaningful, innovative, and interactive learning experiences that push past classroom walls and increase student voice and choice.

Teacher Support

- Google Level One Certification
- Blended Learning Professional Dev.
  - Hyperdocs
  - Eduprotocols
- Digital Tool Resource Page
- Coaching Support
- Targeted mini PDs - Personalized Learning for Teachers, site based needs

Current Online Curriculum

- Math - HMH
  - Offline mode also available
- ELA - HMH
  - Offline mode also available
- Science - online component that is available (new adoption in the near future)
- History - Researching online component
