1. LIMITED WARRANTY: (a) WHAT IS COVERED: For one year parts and ninety (90) days labor; after we complete the installation, we will repair or replace any defective part of the System without charge to you. We can use new or used parts of the same quality. **(b) HOW TO GET SERVICE:** Call 1-800-470-1000. **(c) WHAT IS NOT COVERED:** Repair of the System is our only duty. This warranty does not include batteries or labor associated with the replacement of batteries. This warranty does not include disposable items such as access control entry cards, telephone cords, camera film or video tape. We make no other express warranty including any warranty of merchantability of the System or its fitness for any special purpose. All the implied warranties of merchantability or fitness for any special purpose are limited to the duration of this expressed limited warranty. We do not warrant that the System will always detect, or help prevent any burglary, fire, holdup or other such event. We do not warrant that the System cannot be defeated or compromised or that it will always operate. This warranty does not cover repairs that are needed because of an accident, acts of God, your failure to properly use the System, or if someone other than us attempts to repair or change the System, or any other reason except a defect in the equipment. We are not liable for consequential or incidental damages. You agree that this is our only warranty and we have given you no other warranty for the System. **(d) STATE LAW:** Some states do not allow the exclusion or the limitation of consequential or incidental damages or a limitation on the duration of implied warranties, so the above limitations or exclusions may not apply to you. The warranty gives you specific legal rights and you may also have other rights which may vary from state to state.

2. ADDITIONAL COSTS: User agrees to pay Bay's standard rate for past due or carrying charges and collection costs if payments are not made on time or if installation charge is paid on a periodic payment plan or progress billing. A reconnect charge is to be paid by User if the System is disconnected because of a past due balance and User desires it reconnected. User will receive no credit if System is temporarily disconnected or out of service for any reason. Bay assumes no liability for failure to perform because of labor disputes, riots, floods, fires, acts of God or any catastrophe or condition beyond our control and is not required to perform work while any such condition exists. If it becomes necessary for Bay to institute legal proceedings to collect any charges as set forth herein, the unsuccessful party shall pay to the successful party reasonable attorney's fees and actual court cost wherein permitted by law. If User fails to pay any obligations under this agreement when due, upon ten (10) days' written notice, Bay may disconnect the System. A re-connection fee in addition to all past due amounts, will be required prior to reactivating System.

3. BAY IS NOT AN INSURER, LIQUIDATED DAMAGES, LIMITATION OF LIABILITY: For all Systems and services provided, User acknowledges that it is impractical and extremely difficult to fix the actual damages if any, which may proximately result from Bay's negligence, a failure by Bay to perform any of the obligations herein, including but not limited to, installation, monitoring, warranty repair, repair service or other services, or the failure of the System to properly operate with resulting loss to User because of, among other things; a) The uncertain amount or value of User's property or the property of others kept on the premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the System or service is designed to detect or avert; b) The uncertainty of the response time of any police or fire department should they be notified as a result of a signal from or at premises or notified of an audible device sounding; c) The inability to ascertain in advance what portion, if any, of any personal injury, death or property loss would be proximately caused by Bay's failure to perform or by its equipment to operate; d) a CCTV or access control system may not observe, detect or prevent an unauthorized intrusion or entry onto the premises; e) The nature of the service to be performed by Bay. **User understands and agrees that if Bay should be found liable for loss or damage due to failure of Bay to perform any of the obligations herein, including but not limited to installation, repair services, monitoring, fire inspections, or the failure of the System equipment in any respect whatsoever, or Bay's negligence then, Bay's liability shall be limited to a sum equal to the total of one half the annual payment or Fifteen Hundred Dollars (\$1,500.00), whichever is the lesser, as liquidated damages and not as a penalty and this liability shall be exclusive; and that the provisions of this paragraph shall apply if loss or damage, irrespective of cause or origin, results directly or indirectly to persons or property, from performance or nonperformance of the obligations imposed by this agreement, or from negligence of Bay, its agents, assigns or employees.** User may obtain a limitation of liability from Bay for a higher limitation of liability in lieu of the liquidated damages set forth above by paying an additional fee to Bay. If User elects this option, a rider will be added to this agreement which will set forth the amount of the limitation of liability and the amount of the fee. Agreeing to the limitation of liability does not mean that Bay is an insurer.

4. THIRD PARTY INDEMNIFICATION: When User, in the ordinary course of business, has the property of others in its/his custody, or the System extends to protect property of others, User agrees to and shall indemnify, defend and hold harmless Bay, its employees and agents for and against all claims brought by parties, other than the parties to this agreement. This provision shall apply to all claims regardless of cause including Bay's performance or failure to perform and including defects in products, design, installation, monitoring, repair, service, operation or non-operation of the System whether based upon negligence, warranty, contribution, indemnification, strict or product liability on the part of Bay, its employees or agents, but this provision shall not apply to claims for loss or damage which occur while an employee or agent of Bay is on User's premises and are solely and directly caused by such employee or agent.

5. SUBROGATION: So far as it is permitted by User's property insurance coverage, User hereby releases, discharges and agrees to hold Bay harmless from any and all claims, liabilities, damages, losses or expenses, arising from or caused by any hazard covered by insurance in or on the User's premises whether said claims are made by User, his agents, or insurance company or other parties claiming under or through User. User agrees to indemnify Bay against, defend and hold Bay harmless from, any action for subrogation which may be brought against Bay by any insurer or insurance company or its agents or assigns including the payment of all damages, expenses, costs and attorney's fees. User shall notify his insurance carrier of the terms of this provision.

6. USER DUTIES: You will instruct all other persons who may use the System on its proper use. You will test the System's protective devices and send test signals to our Central Station in accordance with our instructions at least monthly. If the System includes space protection (i.e. microwave, infrared, photo-beams, or other such detectors) you will turn off, control, or remove all things such as air conditioning systems and heaters that might interfere with such devices when they are turned on. If a problem in the System occurs you will notify us. Authorities may not respond to an alarm, and/or you may be subject to a fine or penalty unless you have all necessary permits and licenses for the use of the System. You agree that we may disclose the information of the instructions to any governmental agency having jurisdiction over the use and operation of the System. In the case of a fire alarm System, you will notify us in writing of any change in your fire rating bureau or agency. You are solely responsible for issuing and controlling access control cards and programming changes to the remote access system.

7. INSTALLATION: User will permit Bay to install the System during Bay's normal business hours and will give Bay uninterrupted access to User's premises. User agrees to compensate Bay for any additional installation/service visits required as a result of cancellation, readiness or unavailability at Bay's current prevailing rate. User has approved the locations

of where the control panel, audible devices and all protective devices will be installed. User has the affirmative duty to inform Bay, prior to beginning of installation, of every location at the premises where we should not (because of concealed obstructions or hazards such as pipes, wires or asbestos) enter or drill holes. Upon request, User will repair the premises (including fixing broken or loose doors and windows) reasonably necessary to facilitate the installation and operation of the System. If asbestos or other health hazardous material is encountered during installation, Bay will cease work until User has, at User's sole expense, obtained clearance from a licensed asbestos removal or hazardous material contractor that continuation of work will not pose any danger to Bay's personnel. In no case shall Bay be liable for discovery or exposure of hidden asbestos or other hazardous material, and User shall indemnify and hold Bay and its employees harmless from any claims brought against Bay and/or its employees by third parties for damages, personal injury, death, emotional injury, whether actual or prospective allegedly caused by the presence, spread, ingestion or inhalation of any substance/vapor on or originating from User's premises. If the System includes an exterior audible bell, horn or siren, it is designed to shut-off after sounding for not more than fifteen (15) minutes. User will provide non-switched electrical outlets for the System's transformers. Bay is not responsible if the installation is delayed because of bad weather, labor disputes, unavailability of electrical power or telephone service, Acts of God or other reasons beyond Bay's control. After the completion of the System, User and a Bay representative will inspect it. If something is missing or not properly installed you the User will notify Bay within ten (10) days, otherwise the System will have been accepted by User.

8. CHARGES, TAXES, RATE INCREASES: All charges set forth herein are based upon existing federal, state and local taxes and utility charges, including telephone company charges, if any. Bay shall have the right at any time to increase the monthly charges provided herein, to reflect any additional taxes, fees or charges provided herein, or charges which hereafter may be imposed on Bay by any utility or governmental agency relating to the service(s) provided under the terms of this agreement and User agrees to pay the same. So that Bay may properly adjust its rates to meet changing service costs and notwithstanding the terms and conditions set forth herein after the expiration of one (1) year from the date of completion of installation and not more often than once each twelve (12) months, Bay may increase the monthly service charge by up to 1.5 times the current Bureau of Labor Statistics Consumer Price Index for all urban consumers (related areas) or if this index is discontinued a comparable index as measured from the date of this agreement to the effective date of the increase upon giving User notice in writing. The billing invoice setting forth the new charge shall be sufficient notice of the increase. Notwithstanding any other terms and conditions set forth in this agreement, so that Bay may properly adjust periodic charges to recover increases in its services costs which are not recovered by increase pursuant to paragraph above, at any time after the expiration of one (1) year from date of installation, Bay may increase the monthly service charge to an amount exceeding the charge provided in paragraph above upon giving the User notice in writing. The billing invoice setting forth the new charge shall be sufficient notice of the increase. If User is unwilling to pay such additional monthly charges imposed pursuant to this sub-paragraph and Bay is unwilling to rescind the additional amount, User may terminate this agreement upon giving written notice to Bay within ten (10) days from the effective date of the increase. User's failure to notify Bay within said ten (10) days shall constitute User's consent to the increase pursuant to this sub-paragraph.

9. ASSIGNEES/SUBCONTRACTORS OF BAY: Bay may transfer or assign this agreement to any other person or entity including any financial institution or alarm company. User may not transfer this agreement to someone else (including someone who purchases or rents User's premises) unless Bay approves the transfer in writing. Bay may use subcontractors to provide installation, repair or monitoring services. This Agreement, and particularly paragraphs 3, 4 and 5, shall apply to the work or services Bay's assignees or subcontractors provide, and shall apply to them and protect Bay's assignees and subcontractors in the same manner as it applies to and protects Bay.

10. MONITORING SERVICE: When a signal from the System is received in Bay's Central Station, Bay will try to telephone the proper police or fire department or other emergency personnel and the first available person on the Emergency Notification List User gives us. You will notify us in writing of any changes in the instructions. User agrees that Bay, at its discretion, may respond to alarms using Bay personnel in addition to or in lieu of police or User's representative. To avoid false alarms, Bay may (a) use the "listen-in" device of the System, if one has been provided, or (b) call User's premises first to determine if an actual emergency exists before Bay calls any authorities. If Bay has reason to believe that no actual emergency exists, Bay may choose not to place such notification calls. Bay may discontinue any part of this service if required to do so by governmental or insurance authorities. User acknowledges and agrees that both User and Bay are required to comply with all laws, rules and regulations regarding monitoring and alarm response enacted or adopted by the governmental authorities having jurisdiction over the System. If such authorities, now or in the future, require physical or visual verification or multi-telephone verification (e.g. two-call verification or ECV) of any emergency condition before responding to a request for assistance, you agree to subscribe with us for such service, and you agree to pay an additional monthly fee for such service that will be added to the current monthly fee. User consents to the tape recording of all telephonic communications between Bay's Central Station and User's premises. Bay may charge User for non-emergency signals, use of premises keys or alarm response by Bay personnel. If Bay holds premises keys, it is hereby authorized to enter and make a visual inspection of the interior of the premises or protected area. User understands and agrees that Bay's response agents do not have special arrest or law enforcement powers and may act only as ordinary citizens. User acknowledges that if Bay utilizes a digital communicator for the purpose of sending alarm signals from User's premises to Bay's Central Station, that the signals from User's System are sent over User's plain old telephone service to Bay's Central Station and other telephone calls cannot be made when the System is activated including 911 emergency operator calls; and in the event User's telephone service is out of order, disconnected, placed on vacation or otherwise interrupted, signals from User's System will not be received in Bay's Central Station during any such interruption and the interruption will not be known to Bay. User further acknowledges and agrees that signals are sent over telephone company lines which are wholly beyond the control and jurisdiction of Bay and are maintained and serviced by the applicable telephone company. User agrees to pay all charges for all telephone services connecting User's protected premises and Bay. User acknowledges that if Wireless Transmission becomes inoperative for any reason, signals will not be received in Bay's Central Station. User acknowledges that Wireless Transmission transmission may be impaired or interrupted by atmospheric conditions, including electrical storms, power failures or other conditions beyond the control of Bay.

11. EXCESSIVE ALARMS: In the event an excessive number of false alarms or service calls are caused by User or in the event User in any manner misuses or abuses the System, Bay may, in its sole discretion, deem same to be a material breach of contract on the part of User and, at its option, be excused from further performance upon the giving of ten (10) days written notice to User. Bay's excuse from performance shall not affect its right to recover damages from User. **In the event Bay dispatches an agent to respond to an alarm originating from User's premises where User intentionally, accidentally, or negligently has activated the alarm signal and no emergency exists, or if Bay makes any service call caused by the inadvertence or negligence of User, User shall pay Bay a service charge at Bay's then prevailing rates. User represents he fully understands that the equipment, because of its sensitivity and nature, is subject to the influence of external events which are not within the control of Bay and which may cause the alarm to activate.** In the event a fine, penalty or fee is assessed against Bay or User by any governmental or municipal agency as a result of any alarm originating from User's premises, User agrees to be responsible for payment of all assessments and/or reimburse Bay for Bay assessments. Any or all such alarms shall not excuse any of the obligations of User as set forth in the agreement.

TERMS AND CONDITIONS ARE CONTINUED ON THE NEXT PAGE

12. DISCONNECT POLICY: User hereby authorizes Bay to manually or automatically disconnect System if so ordered by a public official or regulation or for nuisance or electrical reasons or if Bay is unable to notify User at emergency numbers listed or if User declines or fails to arrive at premises within thirty (30) minutes after notification. User agrees to hold Bay harmless and to indemnify Bay for any damage, loss, or liability which may result from the turning off of the System.

13. CONTROL COMMUNICATOR: The control communicator is owned by Bay. User acknowledges and agrees that Bay reserves the right to access the digital control communicator by way of remote programming in order to perform diagnostics, change and/or update information, or disconnect service upon the termination or expiration of this agreement.

14. RENEWAL; ENTIRE AGREEMENT: This agreement shall automatically, without action by either party, extend and renew itself under the same terms and conditions for successive periods of two (2) years each, after the initial period unless either party gives to the other at least thirty (30) days written notice, prior to expiration date, or its intention to terminate this agreement upon its original or any renewed expiration date. It is understood and agreed by and between the parties hereto, that if there is any conflict between this agreement and User's purchase order or any other document or Bay literature, this agreement will govern, whether such purchase order or other document is prior or subsequent to this agreement unless expressly superceded or replaced by a subsequent agreement. In the event any provisions or parts of this agreement shall be unenforceable, the parties understand and agree that the remaining provisions and parts shall continue in full force and effect. There are no verbal understandings changing or modifying this agreement. If User cancels agreement before installation begins, User agrees to pay an administrative charge. We retain ownership in the System until the sales price is paid in full. 15. GOVERNING LAW: This writing is intended by the parties as a final expression of their agreement and as a complete and exclusive statement of the terms thereof. This agreement supersedes all prior representations, understandings or agreements of the parties; and the parties rely only upon the contents of this agreement in executing it. This agreement can only be modified in writing signed by the parties or their duly authorized agent. 16. LEGAL WAIVERS; JUDICIAL REFERENCE: Both parties hereby agree that no suit or action that relates in any way to this agreement (whether based upon contract, negligence or otherwise) shall be brought against the other more than one (1) year after the accrual of the cause of action therefore. Both parties agree that no law suit or any other legal proceeding connected with this Agreement shall be brought or filed more than one year after the incident giving rise to the claim occurred. Any controversy, dispute, or claim between the parties arising out of or relating to this Agreement, (other than actions brought by Bay in small claims court to collect amounts due under this Agreement) will be settled by a reference proceeding in Contra Costa County California, in accordance with the provisions of Sections 638, et seq and 641 through 645.1, and of the California Code of Civil Procedure, or their successor sections, which shall constitute the exclusive remedy for the resolution of any controversy, dispute, or claim concerning this Agreement, including whether such controversy, dispute, or claim is subject to the reference proceeding. The referee shall be appointed to sit as a temporary Judge with all of the powers of a temporary Judge authorized by law.
