RE: Request for Qualifications and Proposals for DSA project inspection

General Information

Mr. Dan Zaich,

We are pleased to provide you with the enclosed Statement of Qualifications and Proposal to provide DSA Inspection Services for the SRCS projects. Production Technical Services, Inc. (PTS Inc.) is a company that specializes in Inspection Construction Consulting services.

Our "hands-on", "in-field" background and expertise gives us an excellent record of excellence for the project Inspection Services for your project needs. Stephen R. Cayson has an exemplary record of successful WCCUSD projects and working with the Office of Public School Construction (OPSC), the Division of State Architect (DSA), the Department of Toxic Substances (DTSC), the Uniform Building Code (UCB), Title 24 of the California Code of Regulations and dozens more Agencies and jurisdictions.

As an experienced DSA Inspector for WCCUSD for the past 19 years, Stephen Cayson has also been involved and provided Inspection Services with other Unified School Districts

Stephen Cayson is experienced in Construction Type II-A, Type II-1 and Type II-B building construction also experienced in Central Plant, Site Work, Project Plans, Contractor Submittals, Temporary Facilities and Schedules.
