An act to amend Sections 2000 and 2101 of the Elections Code, relating to elections.

LEGISLATIVE COUNSEL'S DIGEST

AB 2517, as introduced, Thurmond. Voting age: school district governing board elections.

Existing law requires a person to be at least 18 years of age at the time of the next election, among other qualifications, to be eligible to register and vote.

Existing law provides for the amendment of a city or city and county charter, and requires a charter amendment proposed by a charter commission for a city or city and county to be submitted to the voters at an established statewide general, statewide primary, or regularly scheduled municipal election, as specified.

This bill would authorize a city or city and county to propose an amendment to its charter that would allow a person who is at least 16 years of age at the time of the next election to vote in a school district governing board election, as specified, in which he or she would be qualified to vote based on residence. The bill would, in the event that a city or city and county amends its charter as described, authorize a person who is at least 16 years of age at the time of the next election, and who is otherwise qualified, to register to vote for the limited purpose of voting in a school district governing board election. If a city or city and county amends its charter as described above, this bill would require the city or city and county to enter into an agreement, as specified, with

the county elections official providing for payment by the city, city or county, or school district of all costs necessary to implement the charter amendment or, alternatively, require that the city, city or county, or school district perform any or all duties necessary to implement the charter amendment, unless prohibited by law.

This bill would provide that specified provisions shall become operative only if the Secretary of State certifies that the state has a statewide voter registration database that complies with the requirements of the federal Help America Vote Act of 2002 (52 U.S.C. Sec. 20901 et seq.).

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

*The people of the State of California do enact as follows:*

- 1 SECTION 1. (a) The Legislature finds and declares all of the
- 2 following:
- 3 (1) Voting, especially at the local level, is the cornerstone of
- 4 democracy. However, voter turnout has declined consistently in
- 5 recent decades. In the most recent general election conducted in
- 6 November 2014, voter turnout was only 42 percent of eligible
- 7 voters, representing a historic low.
- 8 (2) Research shows that early voting experiences are important
- 9 determinants of future voting behavior. The formation of voting
- 10 habits begins when individuals reach voting age and experience
- 11 their first elections.
- 12 (3) Local political decisions have great influence on the lives
- 13 of 16 and 17 year olds. As such, 16 and 17 year olds deserve to
- 14 vote, and research shows they are mature enough to do so.
- 15 (4) Lowering the voting age for certain local elections will
- 16 provide an opportunity to engage young voters on issues that
- 17 directly affect them and will lead to increased voter turnout, thereby
- 18 strengthening our democracy. As an example, Norway and Austria
- 19 recently permitted 16 and 17 year olds to vote in certain elections
- 20 and research shows that voter turnout for 16 and 17 year olds was
- 21 much higher than older first-time voters.
- 22 (5) Lowering the voting age will also increase the demand for
- 23 better civics education in schools, thereby significantly increasing
- 24 political engagement.

1 (6) It is unclear whether existing state law permits charter cities  
2 to lower the voting age for local elections. Therefore, this bill seeks  
3 to provide legal certainty to those local governments considering  
4 this issue.

5 (b) Therefore, it is the intent of the Legislature that:

6 (1) Charter cities and charter cities and counties be permitted,  
7 and not required, to authorize 16 year olds to vote in school district  
8 governing board elections as a means of increasing voter turnout  
9 and civil participation.

10 (2) This section does not create a state-mandated local program  
11 because any costs imposed by this act shall be paid for by the  
12 charter city or charter city and county or the school district.

13 SEC. 2. Section 2000 of the Elections Code, as enacted by  
14 Section 2 of Chapter 920 of the Statutes of 1994, is amended to
