An abstract graphic consisting of several overlapping, flowing blue waves. The waves originate from the top left, curve downwards and to the right, then curve back down and to the left, creating a dynamic, fluid shape that occupies the right side of the slide. The waves are rendered in various shades of blue, from light to dark, with some areas appearing more solid and others more translucent, giving a sense of depth and movement.

Alpine County Office of Education  
Alpine Unified School District  
43 Hawkside Drive  
Markleeville, CA 96120-9522

Dear Superintendent Traynor, Ph.D.:

Subject: 2018–19 County Office of Education and School District Budgets

Pursuant to California *Education Code* (EC) sections 1622(b) and 42127(i), we have examined your budgets to determine whether they comply with the Criteria and Standards for fiscal stability adopted by the State Board of Education, allow your county office and school district to meet their financial obligations during the fiscal year, and are consistent with a financial plan that will enable them to satisfy their multiyear financial commitments. Based on our review, your July 1 budgets meet the above specified criteria and are approved.

✓ We note that 2018–19 negotiations with the classified bargaining unit were not settled at the time the budgets were adopted. To the extent that collective bargaining agreements result in additional ongoing costs, we advise you that such increased costs should be supported by additional ongoing revenues or ongoing reduction of expenditures. Further, the Criteria and Standards specify that upon settlement, the county office of education must provide the California Department of Education with an analysis of the cost of the settlement and its impact on the operating budget. The public disclosure documents prepared in compliance with *Government Code* Section 3547.5 can be used to satisfy this requirement.

Pursuant to *Government Code* Section 3547.5(b), a school district superintendent and its chief business official must certify in writing that the costs incurred under a negotiated bargaining agreement can be met by the school district during the term of the agreement. Upon settlement, please provide our office with a copy of the certification and an itemization of the budget revisions needed to implement the agreement.

We remind you that EC sections 1622(e) and 42127(h) specify that a county office of education or a school district must, no later than 45 days after the Governor signs the

Budget Act, make available for public review any revisions in revenues and expenditures made to its budget to reflect the funding made available by that Budget Act.

We appreciate the submission of your budgets and await your First Interim Reports, which must be filed with our office no later than December 17, 2018. If you have any questions or concerns, please contact our office by phone at 916-322-1770.

**ALPINE COUNTY OFFICE OF EDUCATION**  
**SCHEDULE OF FINDINGS AND QUESTIONED COSTS**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

---

**SECTION III - STATE AWARD FINDINGS AND QUESTIONED COSTS**

**2018 - 001 / 40000**

**EDUCATOR EFFECTIVENESS**

Criteria: In accordance with Senate Bill 103, Section 8 of the Budget Act of 2015, as a condition of receiving Educator Effectiveness funds, a school district, county office of education, charter school, or state special school is required to:

1. Develop and adopt a plan delineating how the Educator Effectiveness funds will be spent. The plan must be explained in a public meeting of the governing board of the school district or county board of education, or governing body of the charter school, before its adoption in a subsequent public meeting.
2. On or before July 1, 2018, report detailed expenditure information to the California Department of Education (CDE), including, but not limited to, specific purchases made and the number of teachers, administrators, or paraprofessional educators that received professional development.

For standardized account code structure coding, the California Department of Education instructed districts and county offices of education to use resource code 6264 to record the revenues and expenditures of the Educator Effectiveness program.

Condition: The County Office developed and adopted a plan and reported detailed expenditures information to the CDE in accordance with both requirements in the criteria. The County Office however, reported expenditures to the CDE on the Educator Effectiveness Final Expenditures Report for Expenditures Between July 1, 2015 and June 30, 2018, of \$2,346 when they actually expended \$0 through June 30, 2018 in resource code 6264.

Subsequent to submitting the final expenditures report to CDE, the County Office discovered \$1,449 of expenditures that should have been recorded to the Educator Effectiveness resource.

 Questioned Costs: \$897. The amount not expended through June 30, 2018, which includes the \$1,449 expenditures discussed above.

Context: Expenditures reported on the Educator Effectiveness Final Expenditures Report for Expenditures Between July 1, 2015 and June 30, 2018 were submitted to the CDE on June 29, 2018.

Effect: The County Office overstated Educator Effectiveness funds expenditures reported to the CDE as of June 30, 2018.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2018

**SECTION III - STATE AWARD FINDINGS AND QUESTIONED COSTS (CONCLUDED)**

EDUCATOR EFFECTIVENESS (CONCLUDED)

Cause: The County Office was under the impression that the Educator Effectiveness funds were expended as of June 30, 2018.

Recommendation: The County Office should contact the CDE to determine the procedure for returning the unspent funds.

County Response: The County Office agrees with the audit finding. It appears after the County Office developed and adopted plans for expending the funds in 2015/16, delays in program implementation along with subsequent grants received to fund similar expenditures led to not all the Educator Effectiveness Funds being spent. The County Office believed all the funds had been spent at the time of reporting expenditures to CDE and upon subsequent examination of detailed documentation realized that was not the case.

1. Develop and adopt a plan delineating how the Educator Effectiveness funds will be spent. The plan must be explained in a public meeting of the governing board of the school district or county board of education, or governing body of the charter school, before its adoption in a subsequent public meeting.
2. On or before July 1, 2018, report detailed expenditure information to the California Department of Education (CDE), including, but not limited to, specific purchases made and the number of teachers, administrators, or paraprofessional educators that received professional development.

For standardized account code structure coding, the California Department of Education instructed districts and county offices to use resource code 6264 to record the revenues and expenditures of the Educator Effectiveness program.

Condition: The District developed and adopted a plan and reported detailed expenditures information to the CDE in accordance with both requirements in the criteria. The District however, reported expenditures of \$21,265 to the CDE on the Educator Effectiveness Final Expenditures Report for Expenditures Between July 1, 2015 and June 30, 2018, when they actually expended \$10,459 as of June 30, 2018 in resource 6264.

Subsequent to submitting the final expenditures report to CDE, the District discovered \$1,520 of additional expenditures that should have been recorded to the Educator Effectiveness resource.

 Questioned Costs: \$9,286. The amount not expended as of June 30, 2018, which includes the \$1,520 expenditures discussed above.

Context: Expenditures reported on the Educator Effectiveness Final Expenditures Report for Expenditures Between July 1, 2015 and June 30, 2018 were submitted to the CDE on June 29, 2018.

Effect: The District overstated Educator Effectiveness funds expenditures reported to the CDE as of June 30, 2018.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS  
FOR THE FISCAL YEAR ENDED JUNE 30, 2018**

**SECTION III - STATE AWARD FINDINGS AND QUESTIONED COSTS (CONCLUDED)**

**EDUCATOR EFFECTIVENESS (CONCLUDED)**

Cause: The District was under the impression that the Educator Effectiveness funds were expended as of June 30, 2018.

Recommendation: The District should contact the CDE to determine the procedure for returning the unspent funds.

District Response: The District agrees with the audit finding. It appears after the District developed and adopted plans for expending the funds in 2015/16, delays in program implementation along with subsequent grants received to fund similar expenditures led to not all the Educator Effectiveness Funds being spent. The District believed all the funds had been spent at the time of reporting expenditures to CDE and upon subsequent examination of detailed documentation realized that was not the case.
